# PREFACE

This is the final version of the computerized Bill Status and Subject Index used during the 2009 legislative session.

The 61st Legislative Assembly met in regular session from Tuesday, January 6, 2009, through Monday, May 4, 2009.

This book is not a substitute for the House and Senate journals and should not be considered a legal or official source for legislative action. It is simply an aid in discovering legislative action on bills and resolutions. The information in this report describes measures at various stages of the legislative process. The titles of bills in the Action Report are of measures as voted on in the house of origin. The Century Code Sections Affected Report identifies sections as introduced. The Subject Index entries refer to the measures as introduced.

There were 1,128 bills and resolutions introduced during the 2009 legislative session and 697 passed. Out of the total 1,128 bills and resolutions, there were 1,021 bills, 104 concurrent resolutions, and 3 memorial resolutions.

Of the 1,021 bills introduced, there were 577 introduced in the House and 444 introduced in the Senate. Of these, 630 bills passed: 322 House bills and 308 Senate bills. Thirty-nine of the House concurrent resolutions and 25 of the Senate concurrent resolutions passed both houses. All three memorial resolutions (one House and two Senate) passed.

Of the 630 bills presented for his consideration, the Governor signed 630 bills into law. He vetoed five bills. The vetoes were all item vetoes that did not affect the entire bill. Thus, 630 bills will, or have, become law.

The "HJ" and "SJ" references in this report are to the pages in the House and Senate journals where a particular action can be found.
