2. **Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

The North Dakota Board of Medical Examiners has no connection with any acupuncturists. We have no information about this bill so it is difficult to provide any meaningful response. It appears there is no fiscal effect on the state because the Board of Medical Examiners receives no funding from the state. If this bill passes there will obviously be a negative impact on the Board's budget as there can't be more than a handful of acupuncturists in the state and therefore their fees will generate almost no funds for the Board.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*
