

SECOND ENGROSSMENT

Sixty-third
Legislative Assembly
of North Dakota

REENGROSSED HOUSE BILL NO. 1358

Introduced by

Representatives Skarphol, Brandenburg, Froseth, Rust, Steiner, Glassheim, J. Kelsh

Senators Andrist, Wanzek, Wardner, Murphy, Triplett

1 A BILL for an Act to create and enact a new section to chapter 23-01 and two new subsections
2 to section 57-51-01 of the North Dakota Century Code, relating to definitions under the oil and
3 gas gross production tax; to amend and reenact sections 57-51-15 and 57-62-05 of the North
4 Dakota Century Code, relating to oil and gas gross production tax allocation and the impact aid
5 program; to provide a continuing appropriation; to provide appropriations; to provide a
6 statement of legislative intent; to provide an effective date; and to declare an emergency.

7 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

8 **SECTION 1.** A new section to chapter 23-01 of the North Dakota Century Code is created
9 and enacted as follows:

10 **Emergency medical service and fire protection district funding committee - Funding**
11 **assistance requests and approval.**

12 The emergency medical service and fire protection district funding committee consists of
13 the chairman of the legislative management, or the chairman's designee; two members of the
14 legislative assembly, appointed by the chairman of the legislative management; the chairmen of
15 the house of representatives and senate appropriations committees, or their designees; the
16 minority leaders of the house of representatives and senate, or their designees; four nonvoting
17 members, two of whom are a member of the governing body of a city or county in an
18 oil-producing county, appointed by the president of the North Dakota emergency medical
19 services association and two of whom are a member of the governing body of a city or county in
20 an oil-producing county, appointed by the president of the North Dakota firefighters' association;
21 and one nonvoting member who is a member of the advisory board appointed by the board of
22 university and school lands to advise on oil and gas impact grant award applications, who shall
23 be appointed by the board of university and school lands. The chairman of the legislative
24 management shall designate the chairman from among the voting members of the committee.

1 The state department of health shall provide administrative services for the committee. The
2 emergency medical services advisory council established under section 23-46-02 shall provide
3 advisory assistance to the emergency medical service and fire protection district funding
4 committee as requested.

5 Applications for funding assistance from the oil-producing counties emergency medical
6 service and fire protection district grant fund or funds provided by legislative appropriation may
7 be submitted to the committee by the governing body of a city or county on behalf of emergency
8 medical service providers or fire protection districts providing service in one or more
9 oil-producing counties that received five million dollars or more of allocations under
10 subsection 2 of section 57-51-15 in the most recently completed state fiscal year. Funding
11 under this section may be provided only for that portion of the service area of emergency
12 medical service providers or fire protection districts within one or more oil-producing counties
13 that received five million dollars or more of allocations under subsection 2 of section 57-51-15 in
14 the most recently completed state fiscal year. The committee shall notify the state treasurer of
15 awarded grants from available funds and the state treasurer shall transfer the grant awards to
16 the recipients.

17 In consideration of circumstances in which a grant award application indicates a need for a
18 staffing increase or other funding need that appears to create an ongoing need for funding
19 assistance, the committee may make a commitment of future grant funding as determined
20 appropriate. The committee shall develop policies of best practices for efficient and effective
21 use of grant award funds for full-time, part-time, and volunteer staffing of emergency medical
22 service and fire protection district service providers.

23 **SECTION 2.** Two new subsections to section 57-51-01 of the North Dakota Century Code
24 are created and enacted as follows:

25 "Hub city" means a city with a population of twelve thousand five hundred or more,
26 according to the last official decennial federal census, which has more than one
27 percent of its private covered employment engaged in the mining industry, according
28 to data compiled by job service North Dakota.

29 "Hub city school district" means the school district with the highest student enrollment
30 within the city limits of a hub city.

1 **SECTION 3. AMENDMENT.** Section 57-51-15 of the North Dakota Century Code is
2 amended and reenacted as follows:

3 **57-51-15. Gross production tax allocation.**

4 The gross production tax must be allocated monthly as follows:

5 1. First the tax revenue collected under this chapter equal to one percent of the gross
6 value at the well of the oil and one-fifth of the tax on gas must be deposited with the
7 state treasurer who shall:

8 a. Allocate to each hub city a monthly amount that will provide a total allocation of
9 five~~seven~~ hundred fifty thousand dollars per fiscal year ~~to each city in an~~
10 ~~oil-producing county which has a population of seven thousand five hundred or~~
11 ~~more and more than two percent of its private covered employment engaged in~~
12 ~~the mining industry, according to data compiled by job service North Dakota. The~~
13 ~~allocation under this subdivision must be doubled if the city has more than seven~~
14 ~~and one-half percent~~for each full or partial percentage point of its private covered
15 employment engaged in the mining industry, according to data compiled by job
16 service North Dakota;

17 b. Allocate to each hub city school district a monthly amount that will provide a total
18 allocation of two hundred fifty thousand dollars per fiscal year for each full or
19 partial percentage point of the hub city's private covered employment engaged in
20 the mining industry, according to data compiled by job service North Dakota;

21 c. From each allocation to a hub city school district under subdivision b, the state
22 treasurer retain seventy-five percent of the allocation and deposit that amount in
23 a special account established for that school district. Up to fifty percent of the
24 funds deposited in the special account under this subdivision may be released by
25 the state treasurer to the school district to provide equal matching funds for funds
26 provided by the school district for a school construction project. Any funds in the
27 special account that are not committed or expended for school construction
28 projects may be released to the school district by the state treasurer upon
29 application by the school district and approval by the hub city school impact
30 committee for an extraordinary expenditure that would mitigate negative effects of
31 oil development impact affecting that school district. Any unexpended and

1 unobligated funds remaining in the hub city school district's special account at the
2 end of the biennium may be carried over to the ensuing biennium but any funds
3 that would be allocated to that special account under this subdivision during the
4 ensuing biennium, up to the amount carried over, must be withheld and allocated
5 instead under subsection 3.

6 The hub city school impact committee consists of the chairman of the
7 legislative management, or the chairman's designee; two members of the
8 legislative assembly, appointed by the chairman of the legislative management;
9 the chairmen of the house of representatives and senate appropriations
10 committees, or their designees; the minority leaders of the house of
11 representatives and senate, or their designees; two nonvoting members, each of
12 whom is either a school superintendent or school district business manager of a
13 school district in an oil-producing county, appointed by the superintendent of
14 public instruction; and two nonvoting members who are members of the advisory
15 board appointed by the board of university and school lands to advise on oil and
16 gas impact grant award applications, who shall be appointed by the board of
17 university and school lands. The chairman of the legislative management shall
18 designate the chairman from among the voting members of the committee. The
19 energy infrastructure and impact office shall provide administrative services for
20 the hub city school impact committee;

21 d. For each fiscal year beginning after June 30, 2014, adjust the fiscal year dollar
22 amounts in subdivisions a and b as determined for the previous fiscal year by
23 one-third of the percentage change in total tax collections under this chapter
24 during that previous fiscal year;

25 e. Credit revenues to the oil and gas impact grant fund, but not in an amount
26 exceeding one hundred fifty million dollars per biennium;

27 f. Allocate one million seven hundred fifty thousand dollars in each fiscal year to be
28 added by the county treasurer to the allocations to school districts under
29 subdivision c of subsection 4 for each county that has received five million dollars
30 or more of allocations under subsection 2 during the preceding state fiscal year;

31 and

- 1 e.g. Allocate the remaining revenues under subsection 3. If there are no remaining
2 revenues and revenues under this subsection are insufficient to make the
3 allocations and transfers under subdivisions a through f, the state treasurer shall
4 transfer from the strategic investment and improvements fund an amount
5 necessary to fully fund the allocations and transfers under subdivisions a
6 through f.
- 7 2. After deduction of the amount provided in subsection 1, annual revenue collected
8 under this chapter from oil and gas produced in each county must be allocated as
9 follows:
- 10 a. The first ~~two~~five million dollars is allocated to the county.
11 b. Of the next ~~one~~four million dollars, seventy-five percent is allocated to the county.
12 c. Of the next ~~one~~three million dollars, fifty percent is allocated to the county.
13 d. Of the ~~next fourteen million dollars~~ all remaining annual revenue, twenty-five
14 percent is allocated to the county.
15 e. Of ~~all annual revenue exceeding eighteen million dollars~~, ~~ten percent is allocated~~
16 ~~to the county.~~
- 17 3. After the allocations under subsections 1 and 2, the amount remaining is allocated first
18 to provide for deposit of thirty percent of all revenue collected under this chapter in the
19 legacy fund as provided in section 26 of article X of the Constitution of North Dakota
20 and the remainder must be allocated to the state general fund. If the amount available
21 for a monthly allocation under this subsection is insufficient to deposit thirty percent of
22 all revenue collected under this chapter in the legacy fund, the state treasurer shall
23 transfer the amount of the shortfall from the state general fund share of oil extraction
24 tax collections and deposit that amount in the legacy fund.
- 25 4. ~~The amount to which each county is entitled under subsection 2 must be allocated~~
26 ~~within the county so the first five million three hundred fifty thousand dollars is~~
27 ~~allocated under subsection 5 for each fiscal year and any amount received by a county~~
28 ~~exceeding five million three hundred fifty thousand dollars is credited by the county~~
29 ~~treasurer to the county infrastructure fund and allocated under subsection 6.~~

1 5. For a county that received five million dollars or more of allocations under subsection 2
2 in the most recently completed state fiscal year, revenues allocated to that county
3 under subsections 1 and 2 must be credited by the county treasurer as follows:

4 a. ~~Forty-five~~Sixty percent of all revenues allocated to any county for allocation under
5 this subsection must be credited by the county treasurer to the county general
6 fund. However, the allocation to a county under this subdivision must be credited
7 to the state general fund if ~~during that fiscal year~~in a taxable year after 2012 the
8 county ~~does not levy~~is not levying a total of at least ten mills for combined levies
9 for county road and bridge, farm-to-market and federal aid road, and county road
10 purposes.

11 b. ~~Thirty-five~~ percent of all revenues allocated to any county for allocation under this
12 subsection must be apportioned by the county treasurer no less than quarterly to
13 school districts within the county on the average daily attendance distribution
14 basis, as certified to the county treasurer by the county superintendent of
15 schools. However, no school district may receive in any single academic year an
16 amount under this subsection greater than the county average per student cost
17 multiplied by seventy percent, then multiplied by the number of students in
18 average daily attendance or the number of children of school age in the school
19 census for the county, whichever is greater. Provided, however, that in any county
20 in which the average daily attendance or the school census, whichever is greater,
21 is fewer than four hundred, the county is entitled to one hundred twenty percent
22 of the county average per student cost multiplied by the number of students in
23 average daily attendance or the number of children of school age in the school
24 census for the county, whichever is greater. Once this level has been reached
25 through distributions under this subsection, all excess funds to which the school
26 district would be entitled as part of its thirty-five percent share must be deposited
27 instead in the county general fund. The county superintendent of schools of each
28 oil-producing county shall certify to the county treasurer by July first of each year
29 the amount to which each school district is limited pursuant to this subsection. As
30 used in this subsection, "average daily attendance" means the average daily

1 attendance for the school year immediately preceding the certification by the
2 county superintendent of schools required by this subsection.

3 The countywide allocation to school districts under this subdivision is subject
4 to the following:

5 (1) The first three hundred fifty thousand dollars is apportioned entirely among
6 school districts in the county.

7 (2) The next three hundred fifty thousand dollars is apportioned seventy-five
8 percent among school districts in the county and twenty-five percent to the
9 county infrastructure fund.

10 (3) The next two hundred sixty-two thousand five hundred dollars is
11 apportioned two-thirds among school districts in the county and one-third to
12 the county infrastructure fund.

13 (4) The next one hundred seventy-five thousand dollars is apportioned fifty
14 percent among school districts in the county and fifty percent to the county
15 infrastructure fund.

16 (5) Any remaining amount is apportioned to the county infrastructure fund
17 except from that remaining amount the following amounts are apportioned
18 among school districts in the county:

19 (a) Four hundred ninety thousand dollars, for counties having a
20 population of three thousand or fewer.

21 (b) Five hundred sixty thousand dollars, for counties having a population
22 of more than three thousand and fewer than six thousand.

23 (c) Seven hundred thirty-five thousand dollars, for counties having a
24 population of six thousand or more.

25 e. Twenty percent of all revenues allocated to any county for allocation under this
26 subsection must be apportioned no less than quarterly by the state treasurer to
27 the incorporated cities of the county. A hub city must be omitted from
28 apportionment under this subdivision. Apportionment among cities under this
29 subsection must be based upon the population of each incorporated city
30 according to the last official decennial federal census. In determining the
31 population of any city in which total employment increases by more than two

1 hundred percent seasonally due to tourism, the population of that city for
2 purposes of this subdivision must be increased by eight hundred percent. If a city
3 receives a direct allocation under subsection 1, the allocation to that city under
4 this subsection is limited to sixty percent of the amount otherwise determined for
5 that city under this subsection and the amount exceeding this limitation must be
6 reallocated among the other cities in the county.

7 c. Five percent plus any amount allocated to school districts of the county under
8 subdivision f of subsection 1 must be apportioned no less than quarterly by the
9 county treasurer to the school districts of the county on the average daily
10 attendance distribution basis for kindergarten through grade twelve students
11 residing within the county, as certified to the county treasurer by the county
12 superintendent of schools. However, a hub city school district must be omitted
13 from apportionment under this subdivision.

14 d. Seven and one-half percent to the organized and unorganized townships of the
15 county in the proportion that township road miles in the township bears to the
16 total township road miles in the county, with the board of county commissioners
17 retaining and using the funds available for the maintenance and improvement of
18 roads in unorganized townships. An organized township is not eligible for an
19 allocation, and must be excluded from the calculation of township road miles, if
20 that township has one hundred thousand dollars or more in uncommitted reserve
21 funds on hand or if that township in a taxable year after 2012 is not levying at
22 least ten mills for township purposes.

23 e. Two and one-half percent must be allocated by the board of county
24 commissioners to or for the benefit of the county sheriff's department to offset oil
25 and gas development impact causing a need for increased sheriff's department
26 services staff, funding, equipment, coverage, and personnel training.

27 f. Two and one-half percent must be deposited by the state treasurer in the
28 oil-producing counties emergency medical service and fire protection district
29 grant fund and available for grants by the emergency medical service and fire
30 protection district funding committee for an extraordinary expenditure that would

1 mitigate negative effects of oil development impact affecting emergency medical
2 services providers providing service in oil-producing counties.

3 g. Two and one-half percent must be deposited by the state treasurer in the
4 oil-producing counties emergency medical service and fire protection district
5 grant fund and available for grants by the emergency medical service and fire
6 protection district funding committee for an extraordinary expenditure that would
7 mitigate negative effects of oil development impact affecting fire protection
8 districts providing service in oil-producing counties.

9 h. Funds deposited in the oil-producing counties emergency medical service and
10 fire protection district grant fund shall be paid out by the state treasurer upon
11 approval by the emergency medical service and fire protection district funding
12 committee for an extraordinary expenditure that would mitigate negative effects of
13 oil development impact affecting emergency medical services providers or fire
14 protection districts providing service in counties that received five million dollars
15 or more of allocations under subsection 2 in the most recently completed state
16 fiscal year.

17 5. For a county that did not reach a level of five million dollars of allocations under
18 subsection 2 in the most recently completed state fiscal year, revenues allocated to
19 that county must be credited by the county treasurer as follows:

20 a. Forty-five percent must be credited by the county treasurer to the county general
21 fund. However, the allocation to a county under this subdivision must be credited
22 to the state general fund if in a taxable year after 2012 the county is not levying a
23 total of at least ten mills for combined levies for county road and bridge,
24 farm-to-market and federal aid road, and county road purposes.

25 b. Thirty-five percent must be apportioned by the county treasurer no less than
26 quarterly to school districts within the county on the average daily attendance
27 distribution basis for kindergarten through grade twelve students residing within
28 the county, as certified to the county treasurer by the county superintendent of
29 schools. However, a hub city school district must be omitted from apportionment
30 under this subdivision. The total annual apportionment to school districts under
31 this subsection is limited to one million five hundred thousand dollars.

1 c. Twenty percent must be apportioned no less than quarterly by the state treasurer
2 to the incorporated cities of the county. A hub city must be omitted from
3 apportionment under this subdivision. Apportionment among cities under this
4 subsection must be based upon the population of each incorporated city
5 according to the last official decennial federal census. In determining the
6 population of any city in which total employment increases by more than two
7 hundred percent seasonally due to tourism, the population of that city for
8 purposes of this subdivision must be increased by eight hundred percent.

9 6. a. ~~Forty-five percent of all revenues allocated to a county infrastructure fund under~~
10 ~~subsections 4 and 5 must be credited by the county treasurer to the county-~~
11 ~~general fund. However, the allocation to a county under this subdivision must be~~
12 ~~credited to the state general fund if during that fiscal year the county does not~~
13 ~~levy a total of at least ten mills for combined levies for county road and bridge,~~
14 ~~farm-to-market and federal aid road, and county road purposes.~~

15 b. ~~Thirty-five percent of all revenues allocated to the county infrastructure fund~~
16 ~~under subsections 4 and 5 must be allocated by the board of county~~
17 ~~commissioners to or for the benefit of townships in the county on the basis of~~
18 ~~applications by townships for funding to offset oil and gas development impact to~~
19 ~~township roads or other infrastructure needs or applications by school districts for~~
20 ~~repair or replacement of school district vehicles necessitated by damage or~~
21 ~~deterioration attributable to travel on oil and gas development impacted roads. An~~
22 ~~organized township is not eligible for an allocation of funds under this subdivision~~
23 ~~unless during that fiscal year that township levies at least ten mills for township~~
24 ~~purposes. For unorganized townships within the county, the board of county~~
25 ~~commissioners may expend an appropriate portion of revenues under this~~
26 ~~subdivision to offset oil and gas development impact to township roads or other~~
27 ~~infrastructure needs in those townships. The amount deposited during each~~
28 ~~calendar year in the county infrastructure fund which is designated for allocation~~
29 ~~under this subdivision and which is unexpended and unobligated at the end of~~
30 ~~the calendar year must be transferred by the county treasurer to the county road~~
31 ~~and bridge fund for use on county road and bridge projects.~~

1 e. ~~Twenty percent of all revenues allocated to any county infrastructure fund under~~
2 ~~subsections 4 and 5 must be allocated by the county treasurer no less than~~
3 ~~quarterly to the incorporated cities of the county. Apportionment among cities~~
4 ~~under this subsection must be based upon the population of each incorporated~~
5 ~~city according to the last official decennial federal census. If a city receives a~~
6 ~~direct allocation under subsection 1, the allocation to that city under this~~
7 ~~subsection is limited to sixty percent of the amount otherwise determined for that~~
8 ~~city under this subsection and the amount exceeding this limitation must be~~
9 ~~reallocated among the other cities in the county.~~

10 7.6. Within thirty days after the end of each calendar year, the board of county
11 commissioners of each county that has received an allocation under this section shall
12 file a report for the calendar year with the commissioner, in a format prescribed by the
13 commissioner, including:

- 14 a. The county's statement of revenues and expenditures; and
15 b. ~~The amount available in the county infrastructure fund for allocation~~allocated to
16 or for the benefit of townships ~~or school districts~~, the amount allocated to each
17 organized township ~~or school district~~ and the amount expended from each such
18 allocation by that township ~~or school district~~, the amount expended by the board
19 of county commissioners on behalf of each unorganized township for which an
20 expenditure was made, and the amount available for allocation to or for the
21 benefit of townships ~~or school districts~~ which remained unexpended at the end of
22 the fiscal year.

23 Within fifteen days after the time when reports under this subsection were due, the
24 commissioner shall provide the reports to the legislative council compiling the
25 information from reports received under this subsection.

26 **SECTION 4. AMENDMENT.** Section 57-62-05 of the North Dakota Century Code is
27 amended and reenacted as follows:

28 **57-62-05. Powers and duties of energy infrastructure and impact office director.**

29 The energy infrastructure and impact office director shall:

- 1 1. Develop a plan for the assistance, through financial grants for services and facilities, of
2 counties, cities, school districts, and other political subdivisions in coal development
3 and oil and gas development impact areas.
- 4 2. Establish procedures and provide proper forms to political subdivisions for use in
5 making application for funds for impact assistance as provided in this chapter.
- 6 3. Make grants disbursements to counties, cities, school districts, and other taxing
7 districts for grants awarded by the board of university and school lands pursuant to
8 chapter 15-01, as provided in this chapter and within the appropriations made for such
9 purposes. In determining the amount of impact grants for which political subdivisions
10 are eligible, the consideration must be given to the amount of revenue to which such
11 political subdivisions will be entitled from taxes upon the real property of coal and oil
12 and gas development plants and from other tax or fund distribution formulas provided
13 by law must be considered.
- 14 4. Receive and review applications for impact assistance pursuant to this chapter.
- 15 5. Make recommendations, not less than once each calendar quarter, to the board of
16 university and school lands on grants to counties, cities, school districts, and other
17 political subdivisions in oil and gas development impact areas based on identified
18 needs, and other sources of revenue available to the political subdivision.
- 19 ~~6. Make recommendations to the board of university and school lands providing for the~~
20 ~~distribution of thirty-five percent of moneys available in the oil and gas impact fund to~~
21 ~~incorporated cities with a population of ten thousand or more, based on the most~~
22 ~~recent official decennial federal census, that are impacted by oil and gas development.~~
23 ~~The director may not recommend that an incorporated city receive more than sixty~~
24 ~~percent of the funds available under this subsection.~~
- 25 ~~7. Make recommendations to the board of university and school lands providing for the~~
26 ~~distribution of sixty-five percent of moneys available in the oil and gas impact fund to~~
27 ~~cities not otherwise eligible for funding under this section, counties, school districts,~~
28 ~~and other political subdivisions impacted by oil and gas development.~~

29 **SECTION 5. APPROPRIATION - JOB SERVICE NORTH DAKOTA.** There is appropriated
30 out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum
31 of \$150,000, or so much of the sum as may be necessary, to job service North Dakota for the

1 purpose of upgrading collection and use of employment data to correctly identify all employees
2 who should be included for statistical purposes in oil and gas-related employment, including
3 employees of refineries and gas plants and oil and gas transportation services, for the biennium
4 beginning July 1, 2013, and ending June 30, 2015.

5 **SECTION 6. APPROPRIATION - STATE TREASURER - STRATEGIC INVESTMENT AND**
6 **IMPROVEMENTS FUND.** There is appropriated out of any moneys in the strategic investment
7 and improvements fund in the state treasury, not otherwise appropriated, the sum of
8 \$190,000,000, or so much of the sum as may be necessary, to the state treasurer for the
9 purpose of allocation among oil-producing counties, for the period beginning May 1, 2013, and
10 ending June 30, 2015. The amounts available for allocation under this section must be allocated
11 on May 1, 2013, and May 1, 2014, in the amount of \$95,000,000 each year, among the counties
12 that received five million dollars or more of allocations under subsection 2 of section 57-51-15 in
13 the most recently completed state fiscal year. Projects to be funded under this section must
14 comply with American association of state highway and transportation officials pavement design
15 procedures and department of transportation local government requirements. The allocation
16 shares of the counties that qualify for a share of funds available under this section must be
17 determined by prorating available funds among those counties on the basis of barrels of oil
18 production within the county compared to barrels of oil production among all counties that
19 qualify for a share of funds available under this section in the most recently completed state
20 fiscal year.

21 **SECTION 7. APPROPRIATION - DEPARTMENT OF TRANSPORTATION.** There is
22 appropriated out of any moneys in the general fund in the state treasury, not otherwise
23 appropriated, the sum of \$150,000,000, or so much of the sum as may be necessary, to the
24 department of transportation for the purpose of allocation in equal amounts in each fiscal year
25 of the biennium among counties that did not receive \$5,000,000 or more of allocations under
26 subsection 2 of section 57-51-15 in the most recently completed state fiscal year, for the period
27 beginning May 1, 2013, and ending June 30, 2015. The amounts available for allocation under
28 this section must be allocated in the amount of \$45,000,000 on or before May 1, 2013, and in
29 the amount of \$105,000,000 on or before May 1, 2014. Allocations among counties under this
30 section must be prorated among eligible counties on the basis of miles of road in the county
31 road system. Projects to be funded under this section must comply with American association of

1 state highway and transportation officials pavement design procedures and department of
2 transportation local government requirements.

3 **SECTION 8. APPROPRIATION - STATE TREASURER.** There is appropriated out of any
4 moneys in the general fund in the state treasury, not otherwise appropriated, the sum of
5 \$8,760,000, or so much of the sum as may be necessary, to the state treasurer for allocation to
6 counties for allocation to or for the benefit of townships in oil-producing counties, for the period
7 beginning May 1, 2013, and ending June 30, 2015. The funding provided in this section must be
8 distributed in equal amounts on or before May 1, 2013, and May 1, 2014. The state treasurer
9 shall distribute the funds provided under this section as soon as possible to counties and the
10 county treasurer shall allocate the funds to or for the benefit of townships in oil-producing
11 counties through a distribution of \$15,000 each year to each organized township and a
12 distribution of \$15,000 each year for each unorganized township to the county in which the
13 unorganized township is located. If any funds remain after the distributions provided under this
14 section, the state treasurer shall distribute eighty percent of the remaining funds to counties and
15 cities in oil-producing counties pursuant to the method provided in subsection 4 of section
16 54-27-19 and shall distribute twenty percent of the remaining funds to counties and townships in
17 oil-producing counties pursuant to the method provided in section 54-27-19.1. An organized
18 township is not eligible for an allocation of funds under this subdivision if that township has
19 uncommitted reserve funds on hand exceeding \$100,000 or if in a taxable year after 2012 that
20 township is not levying at least ten mills for township purposes. For unorganized townships
21 within the county, the board of county commissioners may expend an appropriate portion of
22 revenues under this subdivision for township roads or other infrastructure needs in those
23 townships. A township is not eligible for an allocation of funds under this section if the township
24 does not maintain any township roads. For the purposes of this section, an "oil-producing
25 county" means a county that received an allocation of funding under section 57-51-15 of more
26 than \$500,000 but less than \$5,000,000 for the preceding state fiscal year.

27 **SECTION 9. APPROPRIATION - STATE DEPARTMENT OF HEALTH.** There is
28 appropriated out of any moneys in the general fund in the state treasury, not otherwise
29 appropriated, the sum of \$6,250,000, or so much of the sum as may be necessary, to the state
30 department of health for allocations by the emergency medical services advisory council for the
31 purpose of state financial assistance under chapter 23-46 to emergency medical service

1 providers for that portion of the emergency medical service provider's service area in counties
2 that did not receive \$5,000,000 or more of allocations under subsection 2 of section 57-51-15 in
3 the most recently completed state fiscal year, for the biennium beginning July 1, 2013, and
4 ending June 30, 2015. Allocations of the amount appropriated in this section may not exceed
5 \$3,125,000 for each year of the biennium.

6 **SECTION 10. APPROPRIATION - COMMISSIONER OF UNIVERSITY AND SCHOOL**
7 **LANDS - OIL AND GAS IMPACT GRANT FUND.** There is appropriated out of any moneys in
8 the oil and gas impact grant fund in the state treasury, not otherwise appropriated, the sum of
9 \$5,000,000, or so much of the sum as may be necessary, to the commissioner of university and
10 school lands for the purpose of providing distributions to eligible counties experiencing new oil
11 and gas development activities, for the biennium beginning July 1, 2013, and ending June 30,
12 2015. As determined by the director of the department of mineral resources, a county is eligible
13 for a distribution under this section if the county produced fewer than one hundred thousand
14 barrels of oil for the month of November 2012 and after November 2012 the number of active oil
15 rigs operating in the county in any one month exceeds four rigs. Upon the determination by the
16 director of the department of mineral resources that a county is eligible for a distribution under
17 this section, the commissioner of university and school lands shall provide \$1,250,000 to the
18 county for defraying expenses associated with oil and gas development impacts in the county.
19 The county, in determining the use of the funds received, shall consider and, to the extent
20 possible, address the needs of other political subdivisions in the county resulting from the
21 impact of oil and gas development.

22 **SECTION 11. APPROPRIATION - DEPARTMENT OF COMMERCE - STRATEGIC**
23 **INVESTMENT AND IMPROVEMENTS FUND.** There is appropriated out of any moneys in the
24 strategic investment and improvements fund in the state treasury, not otherwise appropriated,
25 the sum of \$6,000,000, or so much of the sum as may be necessary, to the department of
26 commerce for the purpose of administering a grant program for nursing homes, basic care
27 facilities, and providers that serve individuals with developmental disabilities located in
28 oil-producing counties to address the effects of oil and gas and related economic development
29 activities, for the biennium beginning July 1, 2013, and ending June 30, 2015. The department
30 of commerce shall allocate funding in January of each year of the biennium, based on the
31 number of full-time equivalent positions of each nursing home, facility, or provider as determined

1 by the department of human services. The annual allocation for each full-time equivalent
2 position may not exceed \$90 per month. When setting rates for the entities receiving grants
3 under this section, the department of human services shall exclude grant income received
4 under this section as an offset to costs. This funding is considered one-time funding for the
5 2013-15 biennium. The department of commerce shall report to the legislative management
6 during the 2013-14 interim and to the appropriations committees of the sixty-fourth legislative
7 assembly on the use of this one-time funding. For purposes of this section, an "oil-producing
8 county" means a county that received an allocation of funding under section 57-51-15 for the
9 preceding state fiscal year.

10 **SECTION 12. APPROPRIATION - DEPARTMENT OF HUMAN SERVICES - STRATEGIC**
11 **INVESTMENT AND IMPROVEMENTS FUND.** There is appropriated out of any moneys in the
12 strategic investment and improvements fund in the state treasury, not otherwise appropriated,
13 the sum of \$10,000,000, or so much of the sum as may be necessary, to the department of
14 human services for the purpose of administering a grant program for critical access hospitals in
15 oil-producing counties and in counties contiguous to an oil-producing county to address the
16 effects of oil and gas and related economic development activities, for the biennium beginning
17 July 1, 2013, and ending June 30, 2015. The department of human services shall develop
18 policies and procedures for the disbursement of the grant funding and may not award more than
19 \$5,000,000 during each year of the biennium. The department of human services shall allocate
20 funding in January of each year of the biennium. This funding is considered one-time funding for
21 the 2013-15 biennium. The department of human services shall report to the legislative
22 management during the 2013-14 interim and to the appropriations committees of the
23 sixty-fourth legislative assembly on the use of this one-time funding. For the purposes of this
24 section, an "oil-producing county" means a county that received an allocation of funding under
25 section 57-51-15 of more than \$500,000 for the preceding state fiscal year.

26 **SECTION 13. LEGISLATIVE INTENT.** It is the intent of the sixty-third legislative assembly
27 that this Act is the initiation of a ten-year plan.

28 **SECTION 14. EFFECTIVE DATE.** Sections 2 and 3 of this Act are effective for taxable
29 events occurring after June 30, 2013.

30 **SECTION 15. EMERGENCY.** Sections 6, 7, and 8 of this Act are declared to be an
31 emergency measure.
