18 initiate the project within its 2013-15 biennium appropriation for the information technology
19 division or field services division.

20 **SECTION 17. APPROPRIATION - DEPARTMENT OF COMMERCE.** There is appropriated

23 private gifts and grants, the sum of \$150,000, or so much of the sum as may be necessary, to
24 the department of commerce for the purpose of funding the activities of the health care
25 consortium under section 18 of this Act, as part of the North Dakota 2020 and beyond initiative,
26 for the biennium beginning July 1, 2013, and ending June 30, 2015. The department of
27 commerce may spend funding from the general fund only to the extent special funds from
28 private gifts and grants are received on a dollar-for-dollar basis.

29 **SECTION 18. HEALTH CARE CONSORTIUM - REPORT TO LEGISLATIVE**
30 **MANAGEMENT AND GOVERNOR.**

- 1 1. The governor shall appoint a consortium that includes a broad scope of private sector

4 Dakota and the university of North Dakota school of medicine and health sciences
5 advisory council. The consortium shall receive and review information provided by the
6 statewide vision and strategy partnership for a healthier North Dakota and the
7 university of North Dakota school of medicine and health sciences advisory council,
8 including the second annual report of the council. The consortium shall provide direct
9 input to the legislative management interim committee that conducts the study
10 provided for under House Bill No. 1034, as approved by the sixty-third legislative
11 assembly. The consortium shall focus its efforts on addressing the immediate needs
12 and challenges of the North Dakota health care delivery system, implementing the
13 healthy North Dakota initiative, examining medicaid reform, and developing a plan for
14 a private health care model that will comply with federal health care reform in a
15 manner that will provide high quality, accessible, and affordable care for North Dakota
16 citizens.
- 17 2. In developing the model health care system, the health care consortium shall:
 - 18 a. Consider population shifts, facility needs, personnel needs, rural access,

 - 20 b. Determine the scope of the weaknesses in the current health care system and
21 the scope of the model health care system.
 - 22 c. Take into account the ongoing impact that federal health care reform under the
23 federal Affordable Care Act is having on state delivery of health care and on state
24 delivery of medicaid.
 - 25 d. Work to forge partnerships with federal payers and regulators in order to work
26 toward addressing medical reimbursement system reform.
- 27 3. The department of commerce shall contract with a consultant to assist the health care
28 consortium in developing a model health care system as required under subsection 2.
- 29 4. The health care consortium shall report to the budget section of the legislative
30 management on the status of funding available and anticipated uses of the funding for
31 the consortium during the 2013-14 interim. Before June 1, 2014, the health care

1 consortium shall report to the governor and to the legislative management on the
2 status of the development of the model health care system as well as any
3 recommendations.
