If a disabled veteran co-owns the homestead property with someone other than the disabled veteran's spouse, the credit is limited to that disabled veteran's interest in the fixtures, buildings, and improvements of the homestead, to a maximum amount calculated by multiplying fivenine thousand four-hundred-dollars of taxable valuation by the disabled veteran's percentage of interest in the homestead property and multiplying the result by the applicant's certified disability percentage.
- 3. A disabled veteran or unremarried surviving spouse claiming a credit under this section for the first time shall file with the county auditor an affidavit showing the facts herein required, a description of the property, and a certificate from the United States department of veterans' affairs, or its successor, certifying to the amount of the disability. If the calculation for the refund is less than five dollars, a minimum of five dollars must be sent to the qualifying applicant.
- c. Individuals who reside together, as spouses or when one or more is a dependent of another, are entitled to only one refund between or among them under this subsection. Individuals who reside together in a rental unit, who are not spouses or dependents, are each entitled to apply for a refund based on the rent paid by that individual.

The tax commissioner may grant an extension of time to file an application for good cause. The tax commissioner shall issue refunds to qualified applicants.
- e. This subsection does not apply to rents or fees paid by an individual for any living quarters, including a nursing home licensed under section 23-16-01, if those living quarters are exempt from property taxation and the owner is not making a payment in lieu of property taxes.
- f. An individual may not receive a refund under this section for a taxable year in which that individual received an exemption under subsection 1.
- 5. For purposes of this section, and except as otherwise provided in this section, "homestead" has the meaning provided in section 47-18-01 except that it also applies to a person who otherwise qualifies under the provisions of this section whether the person is the head of the family and "income" has the meaning provided in section 57-02-08.1.
- 5.6. This section does not reduce the liability of a person for special assessments levied upon property.
- 6.7. The board of county commissioners may cancel the portion of unpaid taxes that represents the credit calculated in accordance with this section for any year in which the qualifying owner has held title to the homestead property. Cancellation of taxes for any year before enactment of this section must be based on the law that was in effect for that tax year.
- 7.8. Before the first of March of each year, the county auditor of each county shall certify to the tax commissioner on forms prescribed by the tax commissioner the name and address of each person for whom the property tax credit for homesteads of disabled veterans was allowed for the preceding year, the amount of credit allowed, the total of the tax mill rates of all taxing districts, exclusive of any state mill rates, that was applied to other real estate in the taxing districts for the preceding year, and such other information as may be prescribed by the tax commissioner.
- 8.9. On or before the first of June of each year, the tax commissioner shall audit the certifications, make the required corrections, and certify to the state treasurer for payment to each county the sum of the amounts computed by multiplying the credit allowed for each homestead of a disabled veteran in the county by the total of the tax mill rates, exclusive of any state mill rates that were applied to other real estate in the taxing districts for the preceding year.

"SECTION 8. STATE EMPLOYEE COMPENSATION ADJUSTMENTS - LEGISLATIVE INTENT - GUIDELINES. It is the intent of the sixty-third legislative assembly that 2013-15 biennium compensation adjustments for classified state employees are to be in a range of 2 to 4 percent for each year of the biennium based on documented performance. Increases for classified state employees are not to be the same percentage increase for each employee. The performance increases are to be given beginning with the month of July 2013, to be paid in August 2013, and beginning with the month of July 2014, to be paid in August 2014. An additional compensation adjustment of up to two percent for the first year of the biennium may be provided for a classified state employee whose salary is in the first quartile of the employee's assigned salary range to address market equity. The market equity increases are to be given beginning with the month of July 2013, to be paid in August 2013.

It is the intent of the sixty-third legislative assembly that the goal of the classified state employee compensation program be a compensation ratio of 95 percent of the market policy point used by the office of management and budget for establishing the grade and salary range structure for fiscal year 2013. The office of management and budget may not adjust the market policy point based on an estimated inflationary factor during the 2013-15 biennium. The office of management

and budget shall develop guidelines for use by state agencies for providing compensation adjustments for regular classified employees in accordance with provisions of this section and section 54-44.3-01.2.

Compensation adjustments for regular nonclassified state employees are to be in a range of 2 to 4 percent for each year of the biennium based on market and documented performance and are not to be the same percentage increase for each employee. The market and performance increases are to be given beginning with the month of July 2013, to be paid in August 2013, and beginning with the month of July 2014, to be paid in August 2014.

It is the intent of the legislative assembly that retirement contribution percentages provided by the state and the employee to the public employees retirement system not be changed during the 2013-15 biennium from the percentages in effect at the end of the 2011-13 biennium.

Probationary employees are not entitled to the market and performance increases. However, probationary employees may be given all or a portion of the increases upon completion of probation, at the discretion of the appointing authority. Employees whose overall documented performance level does not meet standards are not eligible for any salary increase.

SECTION 9. ACCRUED LEAVE PAYMENTS LINE ITEM - LINE ITEM TRANSFERS - EMERGENCY COMMISSION APPROVAL. The accrued leave payments line item included in agency appropriation bills, as approved by the sixty-third legislative assembly, includes funding for paying accrued annual leave and sick leave for eligible employees resigning, retiring, or otherwise discontinuing employment with the agency. The emergency commission may approve agency requests for line item transfers from the accrued leave payments line item to the salaries and wages line item or other line item that includes salaries and wages funding subject to the agency providing documentation justifying the need for the funding transfer for the biennium beginning July 1, 2013, and ending June 30, 2015."

"**SECTION 11.** A new subsection to section 54-44.1-18 of the North Dakota Century Code is created and enacted as follows:

The governing body of each political subdivision may submit the annual budget adopted by the governing body to the director of the budget for inclusion in the state budget database website. The director of the budget shall include in the budget database website any information submitted by any participating governing body of a political subdivision. The official who submits the annual budget to the director of the budget may not submit any information that is confidential under state or federal law. In lieu of submitting the annual budget adopted by the governing body to the director, any participating governing body may provide to the director a publicly accessible internet link on which the annual budget adopted by the participating governing body is available.

SECTION 12. LEGISLATIVE MANAGEMENT STUDY - STATE AGENCY FACILITY NEEDS. During the 2013-14 interim, the legislative management shall study the facility needs of state agencies located in the Bismarck area, including an evaluation of current and projected facility needs of state agencies, facilities on the capitol grounds currently being used by state agencies, and facilities owned or leased by state agencies that are not located on the capitol grounds. As part of the study, the legislative management shall determine if additional facilities are needed for the operations of state agencies. If it is determined that additional space is needed, the legislative management shall review the most economical options for increasing the amount of facilities space available, including options for renovating or expanding existing buildings on the capitol grounds, options for constructing new buildings on the capitol grounds, and options for building or leasing facilities that are not located on the capitol grounds. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-fourth legislative assembly.

SECTION 13. LEGISLATIVE MANAGEMENT STUDY - SALARIES AND WAGES APPROPRIATIONS - CLASSIFICATION SYSTEM. The legislative management shall consider studying, during the 2013-14 interim, the process of appropriating funds for salaries and wages and the state's classification system. The study, if conducted, must consider the feasibility and desirability of appropriating a lump sum amount to each agency for salaries and wages, without identifying specific purposes for the funding and allowing the agency head the flexibility to use the funding as necessary to accomplish the duties and responsibilities of the agency. The study must also include the effect of this change on the state's classification and benefits system and on the process of reporting by the agency on its use of the funds to the legislative assembly. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-fourth legislative assembly.

SECTION 14. LEGISLATIVE MANAGEMENT STUDY - STATE EMPLOYEE HEALTH INSURANCE PREMIUMS. The legislative management shall consider studying, during the 2013-14 interim, the feasibility and desirability of establishing a maximum state contribution to the cost of state employee health insurance premiums. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-fourth legislative assembly.

SECTION 15. EFFECTIVE DATE. Section 11 of this Act becomes effective on January 1, 2014."
