For compensation earned after August 1, 2009, all employee contributions required under subsection 1, and not otherwise paid under subsection 2, must be paid by the state in lieu of contributions by the member. All contributions paid by the state under this subsection must be treated as employer contributions in determining tax treatment under this code and the federal Internal Revenue Code. Contributions paid by the state under this subsection may not be included as gross income of the member in determining tax treatment under this code and the Internal Revenue Code until the contributions are distributed or made available.

Contributions paid by the state in accordance with this subsection must be treated for the purposes of this chapter in the same manner and to the same extent as member contributions made before the date the contributions were assumed by the state. The state shall pay these member contributions from the same source of funds used in paying compensation to the members. The state shall pay these contributions by effecting an equal cash reduction in the gross salary of the employee. The state shall continue making payments under this section unless otherwise specifically provided for under the agency's biennial appropriation or by law.

SECTION 2. AMENDMENT. Section 39-03.1-10 of the North Dakota Century Code is amended and reenacted as follows:

39-03.1-10. Contributions by the state.

The state shall contribute to the fund a sum equal to sixteen and seventy-hundredths percent of the monthly salary or wage of a participating member. State contributions increase by one percent of the monthly salary or wage of a participating member beginning with the monthly reporting period of January 2012, and with an additional increase of one percent, beginning with the reporting period of January 2013, and with an additional increase of one percent, beginning with the monthly reporting period of January 2014. If the member's contribution is paid by the state under subsection 2 of section 39-03.1-09, the state shall contribute, in addition, an amount equal to the required member's contribution. The state shall pay the associated employer contribution for those members who elect to exercise their rights under subsection 3 of section 39-03.1-10.1.

SECTION 3. A new section to chapter 39-03.1 of the North Dakota Century Code is created and enacted as follows:

The required increase in the amount of member and employer contributions under sections 1 and 2 of this Act must be reduced to the rate in effect on the effective date of this Act effective on the July first that follows the first valuation of the highway patrolmen's retirement plan showing a ratio of the actuarial value of assets to the actuarial accrued liability of the highway patrolmen's retirement plan that is equal to or greater than one hundred percent."

"SECTION 5. AMENDMENT. Section 54-52-02.9 of the North Dakota Century Code is amended and reenacted as follows:

54-52-02.9. Participation by temporary employees.

A temporary employee may elect, within one hundred eighty days of beginning employment, to participate in the public employees retirement system and receive credit for service after enrollment. The temporary employee shall pay monthly to the fund an amount equal to eight and twelve-hundredths percent times the temporary employee's present monthly salary. The amount required to be paid by a temporary employee increases by two percent times the temporary employee's present monthly salary beginning with the monthly reporting period of January 2012, and with an additional two percent increase, beginning with the reporting period of January 2013, and with an additional increase of two percent, beginning with the monthly reporting period of January 2014. The temporary employee shall also pay the required monthly contribution to the retiree health benefit fund established under section 54-52.1-03.2. This contribution must be recorded as a member contribution pursuant to section 54-52.1-03.2. An employer may not pay the temporary employee's contributions. A temporary employee may continue to participate as a temporary employee in the public employees retirement system until termination of employment or reclassification of the temporary employee as a permanent employee. A temporary employee may not purchase any additional credit, including additional credit under section 54-52-17.4 or past service under section 54-52-02.6.

SECTION 6. AMENDMENT. Section 54-52-05 of the North Dakota Century Code is amended and reenacted as follows:

54-52-05. Membership and assessments - Employer payment of employee contributions.

1. Every eligible governmental unit employee concurring in the plan must so state in writing and all future eligible employees are participating members. An employee who was not enrolled in the retirement system when eligible to participate must be enrolled immediately upon notice of the employee's eligibility, unless the employee waives in writing the employee's right to participate for the previous time of eligibility, to avoid contributing to the fund for past service. An employee who is eligible for normal retirement who accepts a retirement benefit under this chapter and who subsequently becomes employed with a participating employer other than the employer with which the employee was employed at the time the employee retired under this chapter may, before reenrolling in the retirement plan, elect to permanently waive future participation in the retirement plan and the retiree health program and maintain that employee's retirement status. An employee making this election is not required to make any future employee contributions to the public employees retirement system nor is the employee's employer required to make any further contributions on behalf of that employee.
2. Each member must be assessed and required to pay monthly four percent of the monthly salary or wage paid to the member, and such assessment must be deducted and retained out of such salary in equal monthly installments commencing with the first month of employment. Member contributions increase by one percent of the monthly salary or wage paid to the member beginning with the monthly reporting period of January 2012, and with an additional increase of one percent, beginning with the monthly reporting period of January 2013, and with an additional increase of one percent, beginning with the monthly reporting period of January 2014.
3. Each employer, at its option, may pay all or a portion of the employee contributions required by subsection 2 and sections 54-52-06.1, 54-52-06.2, 54-52-06.3, and 54-52-06.4 or the employee contributions required to purchase service credit on a pretax basis pursuant to subsection 5 of section 54-52-17.4. Employees may not receive the contributed amounts directly once the employer has elected to pay the employee contributions. The amount paid must be paid by the employer in lieu of contributions by the employee. If the state determines not to pay the contributions, the amount that would have been paid must continue to be deducted from the employee's compensation. If contributions are paid by the employer, they must be treated as employer contributions in determining tax treatment under this code and the federal Internal Revenue Code. If contributions are paid by the employer, they may not be included as gross income of the employee in determining tax treatment under this code and the Internal Revenue Code until they are distributed or made available. The employer shall pay these employee contributions from the same source of funds used in paying compensation to the employee or from the levy authorized by subsection 5 of section 57-15-28.1. The employer shall pay these contributions by effecting an equal cash reduction in the gross salary of the employee or by an offset against future salary increases or by a contribution of a reduction in gross salary and offset against future salary increases. If employee contributions are paid by the employer, they must be treated for the purposes of this chapter in the same manner and to the same extent as employee contributions made prior to the date on which employee contributions were assumed by the employer. An employer exercising its option under this subsection shall report its choice to the board in writing.

4. For compensation earned after August 1, 2009, all employee contributions required under section 54-52-06.1 and the job service North Dakota retirement plan, and not otherwise paid under subsection 3, must be paid by the employer in lieu of contributions by the member. All contributions paid by the employer under this subsection must be treated as employer contributions in determining tax treatment under this code and the Internal Revenue Code. Contributions paid by the employer under this subsection may not be included as gross income of the member in determining tax treatment under this code and the Internal Revenue Code until the contributions are distributed or made available. Contributions paid by the employer in accordance with this subsection must be treated for the purposes of this chapter in the same manner and to the same extent as member contributions made before the date the contributions were assumed by the employer. The employer shall pay these member contributions from the same source of funds used in paying compensation to the employee. The employer shall pay these contributions by effecting an equal cash reduction in the gross salary of the employee. The employer shall continue making payments under this section unless otherwise specifically provided for under the agency's biennial appropriation or by amendment to law.

SECTION 7. AMENDMENT. Section 54-52-06 of the North Dakota Century Code is amended and reenacted as follows:

54-52-06. Employer's contribution to retirement plan.

Each governmental unit shall contribute an amount equal to four and twelve-hundredths percent of the monthly salary or wage of a participating member. Governmental unit contributions increase by one percent of the monthly salary or wage of a participating member beginning with the monthly reporting period of January 2012, and with an additional increase of one percent, beginning with the reporting period of January 2013, and with an additional increase of one percent, beginning with the monthly reporting period of January 2014. For those members who elect to exercise their rights under section 54-52-17.14, the employing governmental unit, or in the case of a member not presently under covered employment the most recent employing governmental unit, shall pay the associated employer contribution. If the employee's contribution is paid by the governmental unit under subsection 3 of section 54-52-05, the employer unit shall contribute, in addition, an amount equal to the required employee's contribution. Each governmental unit shall pay the contribution monthly, or in the case of an election made pursuant to section 54-52-17.14 a lump sum, into the retirement fund from its funds appropriated for payroll and salary or any other funds available for these purposes. Any governmental unit failing to pay the contributions monthly, or in the case of an election made pursuant to section 54-52-17.14 a lump sum, is subject to a civil penalty of fifty dollars and, as interest, one percent of the amount due for each month of delay or fraction thereof after the payment became due. In lieu of assessing a civil penalty or one percent per month, or both, interest at the actuarial rate of return may be assessed for each month the contributions are delinquent. If contributions are paid within ninety days of the date they became due, penalty and interest to be paid on delinquent contributions may be waived. An employer is required to submit contributions for any past eligible employee who was employed after July 1, 1977, for which contributions were not made if the employee would have been eligible to become vested had the employee participated and if the employee elects to join the public employees retirement system. Employer contributions may not be assessed for eligible service that an employee has waived pursuant to subsection 1 of section 54-52-05. The board shall report to each session of the legislative assembly the contributions necessary, as determined by the actuarial study, to maintain the fund's actuarial soundness.

State contributions increase by one percent of the monthly salary of a supreme or district court judge who is a participating member of the system beginning with the monthly reporting period of January 2012, and with an additional increase of one percent, beginning with the monthly reporting period of January 2013, and with an additional increase of one percent, beginning with the monthly reporting period of January 2014. If the judge's contribution is paid by the state under subsection 3 of section 54-52-05, the state shall contribute, in addition, an amount equal to the required judge's contribution.

Participating member entities may be required to pay dues or water sale income to the authority, as determined by the bylaws and future resolutions of the authority. Participating member entities may not withdraw from the authority or fail or refuse to pay any water sale income to the authority if the twenty-five million dollar zero interest loan from the state water commission has not been repaid until the state-guaranteed loans have been repaid.

The provisions of subsections 1 through 5 of section 61-35-02.1 apply if the authority's board of directors unanimously votes to convert to a water district.
