BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

21. "Health care provider" ~~means~~includes a doctor, qualified nurse, pharmacist, audiologist, speech language pathologist, or naturopath or any recognized practitioner providing skilled services pursuant to the prescription of, or under the supervision or direction of, ~~a doctor~~ any of these individuals.

SECTION 2. AMENDMENT. Subsection 1 of section 65-01-15.1 of the North Dakota Century Code is amended and reenacted as follows:

1. Any condition or impairment of health of a full-time paid firefighter or law enforcement officer caused by lung or respiratory disease, hypertension, heart disease, or an exposure to a bloodborne pathogen as defined by section 23-07.5-01 occurring in the course of employment, or occupational cancer in a full-time paid firefighter, ~~resulting in total or partial disability or death~~ is presumed to have been suffered in the line of duty. The presumption may be rebutted by clear and convincing evidence the condition or impairment is not work-related.

SECTION 3. AMENDMENT. Section 65-05-10 of the North Dakota Century Code is amended and reenacted as follows:

65-05-10. Partial disability - Weekly benefit.

If the injury causes temporary partial disability resulting in decrease of earning capacity, the disability benefit is sixty-six and two-thirds percent of the difference between the injured employee's average weekly wages before the injury and the employee's wage-earning capacity after the injury in the same or another employment. Partial disability benefits are subject to a maximum of one hundred twenty-five percent of the average weekly wage in the state. The combined partial disability benefits, dependency allowance, and postinjury wage-earning capacity may not exceed ninety percent of the preinjury weekly wage of the employee after deductions for social security and federal income tax.

1. The benefits provided by this section are available to any otherwise eligible worker, providing the loss of earning capacity occurs after July 1, 1989. Partial loss of earning capacity occurring prior to July 1, 1989, must be paid at a rate to be fixed by the organization.
2. Benefits must be paid during the continuance of partial disability, not to exceed a period of five years. The organization may waive the five-year limit on the duration of partial disability

benefits in cases of catastrophic injury as defined in section 65-05.1-06.1 or when the injured worker is working and has long-term restrictions verified by clear and convincing objective medical and vocational evidence that limits the injured worker to working less than twenty-eight hours per week because of the compensable work injury. This subsection is effective for partial loss of earnings capacity occurring after June 30, 1991.

3. The employee's earnings capacity may be established by expert vocational evidence of a capacity to earn in the statewide job pool where the worker lives. Actual postinjury earnings are presumptive evidence of earnings capacity if the job employs the employee to full work capacity in terms of hours worked per week, and if the job is in a field related to the employee's transferable skills. The presumption may be rebutted by competent evidence from a vocational expert that the employee's actual earnings do not fairly reflect the employee's earnings capacity in the statewide job pool, considering the employee's capabilities, education, experience, and skills.
