1 A BILL for an Act amend and reenact subsection 1 of section 57-38-30.3 of the North Dakota  
2 Century Code, relating to an individual income tax rate reduction; to provide an effective date;  
3 and to provide an expiration date.

4 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

5 **SECTION 1. AMENDMENT.** Subsection 1 of section 57-38-30.3 of the North Dakota  
6 Century Code is amended and reenacted as follows:

7 1. A tax is hereby imposed for each taxable year upon income earned or received in that  
8 taxable year by every resident and nonresident individual, estate, and trust. A taxpayer  
9 computing the tax under this section is only eligible for those adjustments or credits  
10 that are specifically provided for in this section. Provided, that for purposes of this  
11 section, any person required to file a state income tax return under this chapter, but  
12 who has not computed a federal taxable income figure, shall compute a federal  
13 taxable income figure using a pro forma return in order to determine a federal taxable  
14 income figure to be used as a starting point in computing state income tax under this  
15 section. The tax for individuals is equal to North Dakota taxable income multiplied by  
16 the rates in the applicable rate schedule in subdivisions a through d corresponding to  
17 an individual's filing status used for federal income tax purposes. For an estate or  
18 trust, the schedule in subdivision e must be used for purposes of this subsection.

19 a. Single, other than head of household or surviving spouse.

20 If North Dakota taxable income is:

29	f. For an individual who is not a resident of this state for the entire year, or for a			
30	nonresident estate or trust, the tax is equal to the tax otherwise computed under			
31	this subsection multiplied by a fraction in which:			

- 1           (1) The numerator is the federal adjusted gross income allocable and  
2                     apportionable to this state; and  
3           (2) The denominator is the federal adjusted gross income from all sources  
4                     reduced by the net income from the amounts specified in subdivisions a and  
5                     b of subsection 2.

6           In the case of married individuals filing a joint return, if one spouse is a resident  
7           of this state for the entire year and the other spouse is a nonresident for part or  
8           all of the tax year, the tax on the joint return must be computed under this  
9           subdivision.

10          g. The tax commissioner shall prescribe new rate schedules that apply in lieu of the  
11             schedules set forth in subdivisions a through e. The new schedules must be  
12             determined by increasing the minimum and maximum dollar amounts for each  
13             income bracket for which a tax is imposed by the cost-of-living adjustment for the  
14             taxable year as determined by the secretary of the United States treasury for  
15             purposes of section 1(f) of the United States Internal Revenue Code of 1954, as  
16             amended. For this purpose, the rate applicable to each income bracket may not  
17             be changed, and the manner of applying the cost-of-living adjustment must be  
18             the same as that used for adjusting the income brackets for federal income tax  
19             purposes.

20          h. The tax commissioner shall prescribe an optional simplified method of computing  
21             tax under this section that may be used by an individual taxpayer who is not  
22             entitled to claim an adjustment under subsection 2 or credit against income tax  
23             liability under subsection 7.

24          **SECTION 2. EFFECTIVE DATE - EXPIRATION DATE.** This Act is effective for the first two  
25          taxable years beginning after December 31, 2014, and is thereafter ineffective.
