

**SENATE BILL NO. 2236**

Introduced by

Senator J. Lee

Representative Porter

1 A BILL for an Act to create and enact a new subdivision to subsection 2 of section 12-60-24, a  
2 new subsection to section 43-17-02, and a new chapter to title 43 of the North Dakota Century  
3 Code, relating to the regulation and licensure of technical personnel who perform medical  
4 imaging procedures and radiation therapy treatments; to provide a penalty; and to provide an  
5 appropriation.

6 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

7 **SECTION 1.** A new subdivision to subsection 2 of section 12-60-24 of the North Dakota  
8 Century Code is created and enacted as follows:

9 The North Dakota medical imaging and radiation therapy board of examiners for  
10 licensure and licensees under section 3 of this Act, except that criminal history  
11 record checks for licensees need not be made unless required by the board.

12 **SECTION 2.** A new subsection to section 43-17-02 of the North Dakota Century Code is  
13 created and enacted as follows:

14 An individual duly licensed to practice medical imaging or radiation therapy in this  
15 state under section 3 of this Act.

16 **SECTION 3.** A new chapter to title 43 of the North Dakota Century Code is created and  
17 enacted as follows:

18 **Definitions.**

19 1. "Board" means the North Dakota medical imaging and radiation therapy board of  
20 examiners.

21 2. "Certification organization" means a national certification organization that specializes  
22 in the certification and registration of certification of medical imaging and radiation  
23 therapy technical personnel and which has programs accredited by the national  
24 commission for certifying agencies, American national standards institute or the

1 international organization for standardization, or other accreditation organization  
2 recognized by the board.

3 3. "Licensed practitioner" means a licensed physician, surgeon, chiropractor, dentist, or  
4 podiatrist.

5 4. "Licensee" means an individual licensed by the board to perform medical imaging or  
6 radiation therapy procedures and operate medical imaging or radiation therapy  
7 equipment, including a nuclear medicine technologist, radiation therapist,  
8 radiographer, radiologist assistant, or sonographer.

9 5. "Medical imaging" means the performance of any diagnostic or interventional  
10 procedure or operation of medical imaging equipment intended for use in the  
11 diagnosis or visualization of disease or other medical conditions in human beings,  
12 including fluoroscopy, nuclear medicine, sonography, or x-rays.

13 6. "Medical physicist" means an individual who is certified by the American board of  
14 radiology, American board of medical physics, American board of science in nuclear  
15 medicine, or Canadian college of physics in medicine in radiological physics or one of  
16 the subspecialties of radiological physics.

17 7. "Radiation therapy" means the performance of any procedure or operation of radiation  
18 therapy equipment intended for use in the treatment of disease or other medical  
19 conditions in human beings.

20 8. "Radiation therapist" means a nonphysician licensed by the board to perform radiation  
21 therapy procedures and operate radiation therapy equipment.

22 **License required.**

23 After December 31, 2015, an individual may not perform or offer to perform medical imaging  
24 or radiation therapy procedures on humans for diagnostic or therapeutic purposes as defined in  
25 this chapter or otherwise indicate or imply that the individual is licensed to perform medical  
26 imaging or radiation therapy unless that individual is licensed under this chapter.

27 **Exemptions.**

28 This chapter does not apply to the following:

29 1. A licensed practitioner performing medical imaging or radiation therapy.

30 2. A dental assistant or dental hygienist licensed under chapter 43-20.

- 1       3. A student enrolled in and attending a school or college of medicine, medical imaging,  
2       or radiation therapy who performs medical imaging or radiation therapy procedures on  
3       humans while under the supervision of a licensed practitioner or a radiographer,  
4       radiation therapist, nuclear medicine technologist, radiologist assistant, or  
5       sonographer holding a license in the medical imaging or radiation therapy modality  
6       which the student is enrolled or attending under this chapter.
- 7       4. An individual administering medical imaging or radiation procedures and who is  
8       employed by the United States government when performing duties associated with  
9       that employment.
- 10      5. A nurse licensed under chapter 43-12.1 who performs sonography on a focused  
11      imaging target to assess specific and limited information about a patient's immediate  
12      medical condition or to provide real-time visual guidance for another procedure.
- 13      6. A limited x-ray machine operator who meets the requirements of rules adopted by the  
14      state department of health under section 23-20.1-04.

15      **North Dakota medical imaging and radiation therapy board of examiners.**

- 16      1. The governor shall appoint a state board of medical imaging and radiation therapy  
17      medical examiners consisting of nine members including:
  - 18      a. Five medical imaging or radiation therapy professionals, one each from the areas  
19      of radiography, radiation therapy, nuclear medicine technology, sonography, and  
20      medical imaging or radiation therapy education;
  - 21      b. One radiologist;
  - 22      c. One medical physicist;
  - 23      d. One physician from a rural area; and
  - 24      e. One public member.
- 25      2. Each medical imaging or radiation therapy member of the board must:
  - 26      a. Be a practicing medical imaging or radiation therapy licensee of integrity and  
27      ability.
  - 28      b. Be a resident of and currently licensed in the member's medical imaging or  
29      radiation therapy modality in this state.
  - 30      c. Be currently certified by a nationally recognized certification organization in the  
31      member's medical imaging or radiation therapy modality.

1           d. Have been engaged in the active practice of the medical imaging or radiation  
2           therapy profession within this state for a period of at least five years.

3        3. Each public member of the board must:

4           a. Be a resident of this state.

5           b. Be at least twenty-one years of age.

6           c. Not be affiliated with any group or profession that provides or regulates health  
7           care.

8        4. The radiologist, medical physicist, and physician members of the board must:

9           a. Be a practicing radiologist, medical physicist, or physician of integrity and ability.

10          b. Be a resident of and be licensed to practice as a physician or registered as a  
11          medical physicist in this state.

12        5. An individual appointed to the board shall qualify by taking the oath required of civil  
13        officers.

14        **Term of office.**

15        The term of office of each member of the board is four years and until a successor is  
16        appointed and qualified. The terms must be so arranged that no more than four terms expire on  
17        the thirty-first of July of each year. The governor shall fill all vacancies by appointment. In case  
18        of a vacancy before the expiration of a term, the appointment must be for the residue of the  
19        term. A member of the board may not serve on the board for more than two successive  
20        four-year terms.

21        **Removal of members of the board.**

22        The governor for good cause shown and upon the recommendation of three-fourths of the  
23        members of the board may remove any member of the board for misconduct, incapacity, or  
24        neglect of duty.

25        **Officers of the board.**

26        The board shall elect a president and vice president from its members and a secretary-  
27        treasurer. The secretary-treasurer need not be a member of the board. The secretary-treasurer  
28        must be the general administrative and prosecuting officer of the board.

29        **Meetings of the board.**

30        The board shall hold at least two meetings each year to conduct business and to review the  
31        standards and rules for improving the administration of medical imaging or radiation therapy.

1 procedures. The board shall establish the procedures for calling, holding, and conducting  
2 regular and special meetings. A majority of board members constitutes a quorum.

3 **Powers of the board.**

4 In addition to any other powers, the board may:

5 1. Administer this chapter.

6 2. Issue interpretations of this chapter.

7 3. Adopt rules as may be necessary to carry out this chapter.

8 4. Employ and fix the compensation of personnel the board determines necessary to  
9 carry into effect this chapter and incur other expenses necessary to effectuate this  
10 chapter.

11 5. Issue, renew, deny, suspend, or revoke licenses and carry out any disciplinary actions  
12 authorized by this chapter.

13 6. Set fees for licensure, license renewal, and other services deemed necessary to carry  
14 out the purposes of this chapter.

15 7. Conduct investigations for the purpose of determining whether violations of this  
16 chapter or grounds for disciplining licensees exist.

17 8. Develop standards and adopt rules for the improvement of the administration of  
18 medical imaging or radiation therapy procedures in this state.

19 9. Employ or contract with one or more certification organizations known to provide  
20 acceptable examinations leading to certification of technical personnel performing  
21 medical imaging or radiation therapy procedures.

22 10. Impose sanctions, deny licensure, levy fines, or seek appropriate civil or criminal  
23 penalties against anyone who violates or attempts to violate examination security,  
24 anyone who obtains or attempts to obtain licensure by fraud or deception, or anyone  
25 who knowingly assists in that type of activity.

26 11. Require information on an applicant's or licensee's fitness, qualifications, and previous  
27 professional record and performance from recognized data sources, licensing and  
28 disciplinary authorities of other jurisdictions, certification organizations, professional  
29 education and training institutions, liability insurers, health care institutions, and law  
30 enforcement agencies be reported to the board. The board or its investigative panels  
31 may require an applicant for licensure or a licensee who is the subject of a disciplinary

1 investigation to submit to a statewide and nationwide criminal history record check.

2 The nationwide criminal history record check must be conducted in the manner

3 provided by section 12-60-24. All costs associated with the criminal history record

4 check are the responsibility of the licensee or applicant.

5 12. Require the self-reporting by an applicant or a licensee of any information the board

6 determines may indicate possible deficiencies in practice, performance, fitness, or

7 qualifications.

8 13. Establish a mechanism for dealing with a licensee who abuses or is dependent upon

9 or addicted to alcohol or other addictive chemical substances, and enter an agreement

10 with a professional organization possessing relevant procedures and techniques the

11 board has evaluated and approved for the organization's cooperation or participation.

12 14. Issue a cease and desist order, obtain a court order, or an injunction to halt unlicensed

13 practice, a violation of this chapter, or a violation of the rules of the board.

14 15. Issue a conditional, restricted, or otherwise circumscribed license as the board

15 determines necessary.

16 **Conflict of interest.**

17 A member of the board may not participate in the making of any decision or the taking of

18 any action by the board or a board committee which affects the member's personal,

19 professional, or pecuniary interest, or that of a known relative or business or professional

20 associate.

21 **Records of the board.**

22 The board shall keep a record of its proceedings and applications for licensure. An

23 application record must be preserved for at least six years beyond the disposition of the

24 application or the last annual registration of the licensee, whichever is later.

25 **Biennial report.**

26 The board may submit a biennial report to the governor and the secretary of state in

27 accordance with section 54-06-04.

28 **Compensation - Expenses of board.**

29 A member of the board is entitled to receive for each day during which the member actually

30 is engaged in the performance of the duties of the member's office per diem as determined by

31 the board and mileage as provided in section 54-06-09. The secretary of the board is entitled to

1 receive salary or other compensation and allowance for clerical and other expenses of the  
2 board as the board determines.

3 **License requirements.**

4 1. The board may issue a license to any applicant who has submitted satisfactory  
5 evidence, verified by oath or affirmation, that the applicant:

6 a. At the time of the application is at least eighteen years of age.

7 b. Has successfully completed a four-year course of study in a secondary school  
8 approved by the state board of higher education or passed an approved  
9 equivalency test.

10 2. In addition to the requirements of subsection 1, an individual seeking to obtain a  
11 license for a specific modality of medical imaging or radiation therapy shall comply  
12 with the following requirements:

13 a. Provide satisfactory completion of a course of study in radiography, radiation  
14 therapy, nuclear medicine technology, radiologist assistant, or sonography, or its  
15 equivalent to be determined by the board. The curriculum for each course of  
16 study may not be less stringent than the standards approved by the joint review  
17 committee on education in radiologic technology, joint review committee on  
18 nuclear medicine technology, commission on accreditation of allied health  
19 education programs, or any other appropriate accreditation agency approved by  
20 the board, provided the standards are not in conflict with board policy.

21 b. Pass a certification examination established or approved by the board given by a  
22 certification organization recognized by the board.

23 c. Show evidence of compliance with continuing education or recertification  
24 requirements required for registration of certification by a certification  
25 organization recognized by the board.

26 3. The board, upon application and payment of proper fees, may grant a license to an  
27 individual who has been licensed, certified, or registered to perform or administer  
28 medical imaging or radiation therapy procedures in another jurisdiction if that  
29 jurisdiction's standards of licensure are substantially equivalent to those provided in  
30 this chapter in accordance with rules adopted by the board.

1       **Scope of practice.**

- 2       1. The board shall establish licensure standards for the following medical imaging and  
3       radiation therapy modalities:
- 4       a. Nuclear medicine technologist.  
5       b. Radiation therapist.  
6       c. Radiographer.  
7       d. Radiologist assistant.  
8       e. Sonographer.
- 9       2. An individual holding a license under this chapter may perform medical imaging or  
10       radiation therapy procedures on humans for diagnostic or therapeutic purposes only  
11       by written, facsimile, electronic, or verbal prescription of an individual authorized by  
12       this state to prescribe medical imaging or radiation therapy procedures and under the  
13       supervision of a licensed practitioner.
- 14       3. An individual holding a license under this chapter may perform medical imaging and  
15       radiation therapy procedures on humans for diagnostic or therapeutic purposes only  
16       within the scope of that license as specified under the rules adopted by the board.

17       **Fees.**

- 18       1. The board shall set all fees by rules adopted under this chapter. All fees payable to the  
19       board must be deposited in the name of the board in financial institutions designated  
20       by the board as official depositories and must be used to pay all expenses incurred in  
21       carrying out the purposes of this chapter.
- 22       2. The board may issue a temporary license to an individual whose licensure or license  
23       renewal may be pending or if issuance is for the purpose of providing medical imaging  
24       or radiation therapy services to medically underserved areas as determined by the  
25       board. A temporary license may be issued only if the board finds it will not violate the  
26       purpose of this chapter or endanger the public health and safety. A temporary license  
27       expires when the determination is made either to issue or deny the applicant a regular  
28       license. A temporary license may not be issued for a period longer than one hundred  
29       eighty days.

1       **Renewal.**

- 2       1. A license issued under this chapter must be renewed before January second every  
3       two years. The license must be renewed upon the payment of a renewal fee if the  
4       licensee is not in violation of this chapter and has complied with any continuing  
5       education requirements adopted by rule of the board.  
6       2. The board shall notify a licensee at least thirty days in advance of the expiration of the  
7       licensee's license. The licensee shall inform the board of any change of the licensee's  
8       address. Each licensee is responsible for renewing the licensee's license before the  
9       expiration date. A license that is not renewed automatically lapses.  
10      3. The board may provide for the late renewal of an automatically lapsed license upon  
11      the payment of a reinstatement fee.

12      **Disciplinary action.**

13      The board may take disciplinary action against a licensee by any of the following means:

- 14      1. Revocation of license.  
15      2. Suspension of license.  
16      3. Probation.  
17      4. Imposition of stipulations, limitations, or conditions relating to the performance of  
18      medical imaging or radiation therapy procedures.  
19      5. Letter of censure.  
20      6. Imposition of a penalty, not to exceed one thousand dollars for any single disciplinary  
21      action.

22      Any fines collected by the board must be deposited in the state general fund.

23      **Grounds for disciplinary action.**

24      Disciplinary action may be imposed against a licensee upon any of the following grounds:

- 25      1. The use of any false, fraudulent, or forged statement or document, or the use of any  
26      fraudulent, deceitful, dishonest, or immoral practice, in connection with any of the  
27      licensing requirements.  
28      2. The conviction of any misdemeanor determined by the board to have a direct bearing  
29      upon an individual's ability to serve the public as a licensee or of any felony. A license  
30      may not be withheld contrary to chapter 12.1-33.  
31      3. Habitual use of alcohol or drugs.

- 1       4. Physical or mental disability materially affecting the ability to perform the duties of a  
2       medical imaging or radiation therapy professional in a competent manner.
- 3       5. The performance of any dishonorable, unethical, or unprofessional conduct likely to  
4       deceive, defraud, or harm the public.
- 5       6. Aiding or abetting the performance of medical imaging or radiation therapy by an  
6       unlicensed, incompetent, or impaired individual.
- 7       7. The violation of any provision of this chapter or any rule of the board, or any action,  
8       stipulation, limitation, condition, or agreement imposed by the board or its investigative  
9       panels.
- 10      8. The performance of medical imaging or radiation therapy under a false or assumed  
11      name.
- 12      9. The willful or negligent violation of the confidentiality between medical imaging or  
13      radiation therapy professional and patient, except as required by law.
- 14      10. Gross negligence in the performance of medical imaging or radiation therapy.
- 15      11. Sexual abuse, misconduct, or exploitation related to the licensee's performance of  
16      medical imaging or radiation therapy.
- 17      12. The use of any false, fraudulent, or deceptive statement in any document connected  
18      with the performance of medical imaging or radiation therapy.
- 19      13. The failure to maintain in good standing, including completion of continuing education  
20      or recertification requirements, a certification from a nationally-recognized certification  
21      organization recognized by the board for the medical imaging or radiation therapy  
22      modality for which a license has been issued by the board.
- 23      14. The imposition by another state, jurisdiction, or certification organization recognized by  
24      the board of disciplinary action against a license, certification, or other authorization to  
25      perform medical imaging or radiation therapy based upon acts or conduct by the  
26      medical imaging or radiation therapy professional which would constitute grounds for  
27      disciplinary action under this section. A certified copy of the record of the action taken  
28      by the other state, jurisdiction, or certification organization is conclusive evidence of  
29      that action.
- 30      15. The failure to furnish the board or the investigative panel or investigators or  
31      representatives of the board or investigative panel information legally requested by the

1           board or the investigative panel. The board shall keep a record of its proceedings in a  
2           disciplinary action or refusal to issue a license, together with the evidence offered.

3           **Costs of prosecution - Disciplinary proceedings.**

4           In any order or decision issued by the board in resolution of a disciplinary proceeding in  
5           which disciplinary action is imposed against a medical imaging or radiation therapy  
6           professional, the board may direct any medical imaging or radiation therapy professional to pay  
7           the board a sum not to exceed the reasonable and actual costs, including reasonable attorney's  
8           fees, incurred by the board and its investigative panels in the investigation and prosecution of  
9           the case. When applicable, the medical imaging or radiation therapy professional's license may  
10          be suspended until the costs are paid to the board. A medical imaging or radiation therapy  
11          professional may challenge the reasonableness of any cost item in a hearing under chapter  
12          28-32 before an administrative law judge. The administrative law judge may approve, deny, or  
13          modify any cost item, and the determination of the judge is final. The hearing must occur before  
14          the medical imaging or radiation therapy professional's license may be suspended for  
15          nonpayment.

16          **Practicing without a license - Violation of chapter - Penalty.**

17          An individual who performs medical imaging or radiation therapy in this state without  
18          complying with this chapter, and any individual who violates any provision of this chapter for  
19          which another penalty is not specified is guilty of a class B misdemeanor. In addition to the  
20          criminal penalties provided, the civil remedy of injunction is available to restrain and enjoin  
21          violations of any provision of this chapter without proof of actual damages sustained by any  
22          person.

23          **SECTION 4. APPROPRIATION - REPAYMENT.** There is appropriated out of any moneys in  
24          the general fund in the state treasury, not otherwise appropriated, the sum of \$50,000, or so  
25          much of the sum as may be necessary, to the North Dakota medical imaging and radiation  
26          therapy board of examiners for the purpose of establishing the board, adopting rules, and  
27          funding the licensure program, for the biennium beginning July 1, 2015, and ending June 30,  
28          2017.

29          After the first three full fiscal years after the board is established, and every three years  
30          thereafter, if a surplus of funds exists which is greater than two years budgeted operating  
31          expense for the board, the funds must be transferred to the general fund.
