- 2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

HB 1285 provides for an optional residential property tax freeze for qualifying residents age 65 and older, who are permanently disabled, or a qualified disabled veteran.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Section 1 of HB 1285 allows homeowners who qualify for the homestead or disabled veteran property tax credit programs to choose to freeze their true and full value at the current assessment level. If enacted, HB 1285 will shift some property tax burden onto other property owners in the jurisdiction by freezing the value of the property owners that qualify and choose the valuation freeze. The bill will also provide some restriction on the level of growth of the homestead credit and disabled veterans credit programs, which are state paid property tax credits. The amount of the shift of property tax burden, and the amount of savings from restricted growth in the homestead and disabled veteran property tax credit programs cannot be determined because the provisions of the bill are optional.

Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.*
