- (2) After August 31, 2019, the state treasurer shall allocate four percent of the amount available under this subsection to the abandoned oil and gas well plugging and site reclamation fund, but not in an amount exceeding seven million five hundred thousand dollars per fiscal year and not in an amount that would bring the balance in the fund to more than one hundred million dollars.
- g. For the period beginning September 1, 2017, and ending August 31, 2019, the state treasurer shall allocate the remaining revenues in the following order:
 - (1) Up to twenty-five million dollars to the oil and gas impact grant fund.
 - (2) Any remaining revenues under subsection 3.
- h. After August 31, 2019, the state treasurer shall allocate the remaining revenues in the following order:
 - (1) Up to five million dollars per biennium to the oil and gas impact grant fund. For purposes of this paragraph, "biennium" means the period beginning September first of each odd-numbered

calendar year and ending August thirty-first of the following odd-numbered calendar year.

- (2) Any remaining revenues under subsection 3.
- i. For purposes of this subsection, "fiscal year" means the period beginning September first and ending August thirty-first of the following calendar year.
2. a. During the period beginning September 1, 2017, and ending August 31, 2019, for counties that received less than five million dollars of total allocations under this subsection in the most recently completed even-numbered fiscal year, then after deduction of the amount provided in subsection 1, the state treasurer shall allocate revenue collected under this chapter from oil and gas produced in each county as follows:
 - (1) The first five million dollars of collections received each fiscal year is allocated to the county.
 - (2) The remaining revenue collections received each fiscal year are allocated thirty percent to the county and seventy percent to the state for allocations under subsection 3.
- b. During the period beginning September 1, 2017, and ending August 31, 2019, for counties that received five million dollars or more of total allocations under this subsection in the most recently completed even-numbered fiscal year, then after deduction of the amount provided in subsection 1, the state treasurer shall allocate revenue collected under this chapter from oil and gas produced in each county as follows:
 - (1) The first five million dollars of collections received each fiscal year is allocated to the county. From the first five million dollars allocated to the county, the state treasurer shall allocate an amount from each county to the energy impact fund to provide a total allocation of two million per fiscal year to the fund. The amount allocated from each county to the energy impact fund under this paragraph must be proportional the county's monthly oil and gas gross production tax revenue collected relative to the total monthly oil and gas gross production tax revenue collected from all the counties under this subdivision. The state treasurer shall allocate the amount remaining from this paragraph to the county under subsection 5. For the purposes of determining the counties that received five million dollars or more of total allocations under this subsection in the most recently completed even-numbered fiscal year under this section, any amounts withheld from the county for allocations to the energy impact are considered allocations to the county.
 - (2) The remaining revenue collections received each fiscal year are allocated thirty percent to the county and seventy percent to the state for allocations under subsection 3.
- c. After deduction of the amount provided in subsection 1, annual revenue collected under this chapter from oil and gas produced in each county must be allocated after August 31, 2019, as follows:
 - a-(1) The first five million dollars is allocated to the county.
 - b-(2) Of all annual revenue exceeding five million dollars, thirty percent is allocated to the county.

- d. For purposes of this subsection, "fiscal year" means the period beginning September first and ending August thirty-first of the following calendar year.
3. After the allocations under subsections 1 and 2, the amount remaining is allocated first to provide for deposit of thirty percent of all revenue collected under this chapter in the legacy fund as provided in section 26 of article X of the Constitution of North Dakota and the remainder must be allocated to the state general fund. If the amount available for a monthly allocation under this subsection is insufficient to deposit thirty percent of all revenue collected under this chapter in the legacy fund, the state treasurer shall transfer the amount of the shortfall from the state general fund share of oil extraction tax collections and deposit that amount in the legacy fund.
4. For a county that received less than five million dollars of allocations under subsection 2 in ~~state~~the most recently completed even-numbered fiscal year 2014, revenues allocated to that county must be distributed at least quarterly by the state treasurer as follows:
- a. Forty-five percent must be distributed to the county treasurer and credited to the county general fund. However, the distribution to a county under this subdivision must be credited to the state general fund if in a taxable year after 2012 the county is not levying a total of at least ten mills for combined levies for county road and bridge, farm-to-market and federal aid road, and county road purposes.
- b. Thirty-five percent must be distributed to school districts within the county on the average daily attendance distribution basis for kindergarten through grade twelve students residing within the county, as certified to the state treasurer by the county superintendent of schools. However, a hub city school district must be omitted from distributions under this subdivision.
- c. Twenty percent must be distributed to the incorporated cities of the county. A hub city must be omitted from distributions under this subdivision. Distributions among cities under this subsection must be based upon the population of each incorporated city according to the last official decennial federal census. In determining the population of any city in which total employment increases by more than two hundred percent seasonally due to tourism, the population of that city for purposes of this subdivision must be increased by eight hundred percent.
- d. For purposes of this subsection, "fiscal year" means the period beginning September first and ending August thirty-first of the following calendar year.
5. For a county that received five million dollars or more of allocations under subsection 2 in ~~state~~the most recently completed even-numbered fiscal year 2014, revenues allocated to that county must be distributed at least quarterly by the state treasurer as follows:
- a. Sixty percent must be distributed to the county treasurer and credited to the county general fund. However, the distribution to a county under this subdivision must be credited to the state general fund if in a taxable year after 2012 the county is not levying a total of at least ten mills for combined levies for county road and bridge, farm-to-market and federal aid road, and county road purposes.
- b. Five percent must be distributed to school districts within the county on the average daily attendance distribution basis for kindergarten through grade twelve students residing within the county, as certified to the state treasurer by the county superintendent of schools.

However, a hub city school district must be omitted from distributions under this subdivision.

- c. Twenty percent must be distributed to the incorporated cities of the county. A hub city must be omitted from distributions under this subdivision. Distributions among cities under this subsection must be based upon the population of each incorporated city according to the last official decennial federal census. In determining the population of any city in which total employment increases by more than two hundred percent seasonally due to tourism, the population of that city for purposes of this subdivision must be increased by eight hundred percent.
 - d. Three percent must be allocated among the organized and unorganized townships of the county. The state treasurer shall allocate the funds available under this subdivision among townships in proportion to each township's road miles relative to the total township road miles in the county. The amount allocated to unorganized townships under this subdivision must be distributed to the county treasurer and credited to a special fund for unorganized township roads, which the board of county commissioners shall use for the maintenance and improvement of roads in unorganized townships.
 - e. Three percent must be allocated among the organized and unorganized townships in all the counties that received five million dollars or more of allocations under subsection 2 in the most recently completed ~~state~~even-numbered fiscal year. The amount available under this subdivision must be allocated by the state treasurer in an equal amount to each eligible organized and unorganized township. The amount allocated to unorganized townships under this subdivision must be distributed to the county treasurer and credited to a special fund for unorganized township roads, which the board of county commissioners shall use for the maintenance and improvement of roads in unorganized townships.
 - f. Nine percent must be distributed among hub cities. Sixty percent of funds available under this subdivision must be distributed to the hub city receiving the highest percentage of allocations to hub cities under subdivision a of subsection 1 for the quarterly period, thirty percent of funds available under this subdivision must be distributed to the hub city receiving the second highest percentage of such allocations, and ten percent of funds available under this subdivision must be distributed to the hub city receiving the third highest percentage of such allocations. Hub cities, which are located in a county that did not receive an allocation under subsection 2 in the most recently completed even-numbered fiscal year, must be excluded from the allocations under this subsection. If fewer than three hub cities are eligible for the allocations under this subdivision, the state treasurer shall allocate the available funds in proportion to the amounts the eligible hub cities received under subdivision a of subsection 1.
 - g. For purposes of this subsection, "fiscal year" means the period beginning September first and ending August thirty-first of the following calendar year.
6. Within thirty days after the end of each calendar year, the board of county commissioners of each county that has received an allocation under this section shall file a report for the calendar year with the commissioner, in a format prescribed by the commissioner, including:
 - a. The county's statement of revenues and expenditures;
 - b. The county's ending fund balances;

- c. The amounts allocated under this section to the county's general fund, the amounts expended from these allocations, and the purposes of the expenditures; and
- d. The amounts allocated under this section to or for the benefit of townships within the county, the amounts expended from these allocations, and the purposes of the expenditures.

Within fifteen days after the time when reports under this subsection are due, the commissioner shall provide the reports to the legislative council compiling the information from reports received under this subsection.

- 7. Within thirty days after the end of each fiscal year ended June thirtieth, each school district that has received an allocation under this section shall file a report for the fiscal year ended June thirtieth with the commissioner, in a format prescribed by the commissioner, including:
 - a. The school district's statement of revenue and expenditures;
 - b. The school district's ending fund balances; and
 - c. The amounts allocated under this section to the school district, the amounts expended from these allocations, and the purposes of the expenditures.

Within fifteen days after the time when reports under this subsection are due, the commissioner shall provide the reports to the legislative council compiling the information from reports received under this subsection.

- 4. ~~If the balance of the fund exceeds ten million dollars on March first of each odd-numbered year, within thirty-one days, the state treasurer shall allocate all moneys in the fund to eligible political subdivisions in oil-producing counties based on each political subdivision's oil and gas gross production tax allocations under subsection 4 or subsection 5 of section 57-51-15 in the most recently completed formula allocation year. The allocation to each eligible political subdivision must be proportional to each political subdivision's total oil and gas gross production tax allocation under subsection 4 or subsection 5 of section 57-51-15 in the most recently completed formula allocation year relative to the combined total of all oil and gas gross production tax allocations under subsection 4 and subsection 5 of section 57-51-15 in the most recently completed formula allocation year. For purposes of this subsection, "formula allocation year" means the period beginning September first of an~~

SECTION 19. REPEAL. Section 57-51.1-07.6 of the North Dakota Century Code is repealed.

SECTION 20. LEGISLATIVE INTENT - ENCOURAGEMENT OF ENERGY INFRASTRUCTURE INVESTMENT - COMMISSIONER OF UNIVERSITY AND SCHOOL LANDS - USE OF TERMS. It is the intent of the sixty-fifth legislative assembly that the state of North Dakota encourage the continued development of energy infrastructure that will help reduce instances of natural gas flaring and increase the market value received for oil and gas produced within the state generally and from state-owned lands specifically which will increase the value of royalties paid to the funds under the control of the board of university and school lands. Consistent with this intent, the commissioner of university and school lands shall continue to interpret the terms "gross production," "market value," and "gross proceeds of sale" in its lease form to mean a value determined at the producing well or associated production facility, or in the surrounding field or area, where the oil and gas was produced, before any post-production activities undertaken by the lessee, operator, or purchaser after the oil and gas has been transported from the producing well and associated production facility. These values must be determined by the amount received by the lessee in an arm's length contract, or in the absence of an arm's length contract, either a comparable sales method or a work-back calculation methodology consistent with state law.

SECTION 21. STUDY OF OIL AND GAS VALUATION - REPORT TO ENERGY DEVELOPMENT AND TRANSMISSION COMMITTEE.

1. During the 2017 18 interim, the tax department, in consultation with the board of university and school lands, the industrial commission, and other state agencies as necessary, shall study the valuation of oil and gas as used to determine mineral royalty payments and tax liability. The study must include consideration of the following:
 - a. The methods used to calculate the value of oil and gas, including changes in custody, the basis for the value, any deductions or incentives applied to the value, and the point at which the value is determined.
 - b. The impact of state and federal regulations, including gas capture requirements.
 - c. The market competition for gas processing, including the possibility of rate setting by the public service commission.
 - d. The reporting of any deductions or incentives applied to the value as included on mineral royalty statements and tax reporting documents.

2. The tax department shall report to the energy development and transmission committee by September 30, 2018, regarding the results and recommendations of the study.

SECTION 22. LEGISLATIVE MANAGEMENT STUDY - OIL AND GAS TAX REVENUE ALLOCATIONS TO HUB CITIES AND HUB CITY SCHOOL DISTRICTS.

1. During the 2017-18 interim, the legislative management shall consider studying oil and gas tax revenue allocations to hub cities and hub city school districts. The study must include consideration of the following:
 - a. The current and historical oil and gas tax revenue allocations to hub cities and hub city school districts.
 - b. Other state funding provided to hub cities and hub city school districts, including grants from the oil and gas impact grant fund, distributions from the strategic investment and improvements fund, state school aid payments, and payments from the state aid distribution fund and highway tax distribution fund.
 - c. Local taxing and revenue levels in hub cities compared to cities in non-oil-producing counties, including mill levies, property tax values, local sales and use taxes, and other revenue sources.
 - d. The appropriate level of oil and gas tax revenue allocations to hub cities and hub city school districts based on infrastructure and other needs.
 - e. The estimated fiscal impact to hub cities, hub city school districts, other political subdivisions, and the state if the oil and gas tax revenue allocation formula would be changed to transition hub cities and hub city school districts from allocations under subsection 1 of section 57-51-15 to allocations under subsections 4 and 5 of section 57-51-15.
 - f. The estimated fiscal impact to hub cities, hub city school districts, other political subdivisions, and the state if the oil and gas tax revenue allocation formula would be changed to discontinue the allocations to hub cities and hub city school districts under subsection 1 of section 57-51-15.
2. The membership of the committee assigned the responsibility of the study must proportionately reflect the state's population distribution between oil-producing counties and non-oil-producing counties and must include members from the finance and taxation committees and the appropriations committees.
3. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-sixth legislative assembly.

SECTION 23. EFFECTIVE DATE. Sections 15 and 16 of this Act are effective for taxable events occurring after June 30, 2017. Section 19 of this Act becomes effective September 1, 2017. House Bill No. 1300, as approved by the sixty-fifth legislative assembly, becomes effective January 1, 2018."

¹ Funding for employee health insurance is adjusted to reflect the updated premium amount of \$1,241 per month.

² Funding of \$206,550 is removed for a project manager position. The House removed \$406,655 for a geographic information system position (\$200,105) and for a project manager position (\$206,550), both of which were included in the Senate version.

³ One-time funding of \$25 million is added from the oil and gas impact grant fund for grants to the Williston airport (\$20 million) and the Dickinson airport (\$5 million). One-time funding of \$15 million is added from the energy impact fund for a grant to the Williston airport. The House provided the same level of funding but did not use funding from the energy impact fund.

⁴ Funding is reduced by \$1.65 million to provide \$3.6 million for an information technology project. Of the \$3.6 million, \$1.8 million is available only upon approval of the Budget Section pursuant to Section 9 of the bill. The Senate included \$5.25 million, and the House removed the funding for the project.

⁵ Funding is removed for the Energy Infrastructure and Impact Office because the funding is a duplication of the funding authorized for administrative expenses from the continuation of unspent 2015-17 biennium appropriation authority as identified in Section 11.

This amendment also provides the following changes related to the Department of Trust Lands:

- Identifies the health insurance increase.
- Removes a section to provide line item transfer authority.
- Provides an exemption to allow an unspent grant to a flood-impacted political subdivision to be available in the 2017-19 biennium, the same as the House.

- Identifies \$25 million from the oil and gas impact grant fund for an oil impact grant of \$20 million to the Williston airport and a grant of \$5 million to the Dickinson airport. This funding is available to the Williston airport only when any related federal funding is committed and available to be spent on the new airport construction project. The House also included this funding designation.
- Identifies \$15 million from the energy impact fund for a grant to the Williston airport. This funding is available to the Williston airport only when any related federal funding is committed and available to be spent on the new airport construction project. The House provided \$15 million from the strategic investment and improvements fund and included the federal funding commitment provisions.
- Removes a section added by the House to add two advisory members that are appointed by the Speaker of the House and the President Pro Tempore to the board of university and school lands.
- Amends the oil and gas tax revenue allocation formulas (see the table below) and provides an effective date related to the formula changes.
- Removes a section added by the House to provide that the city of Williston use the proceeds from the sale of the existing airport, up to \$27.5 million, to repay the Department of Trust Lands for the state's financial assistance provided for the new airport.
- Removes a section added by the House to provide a statement of legislative intent that hub cities not issue new bonds during the 2017-19 biennium based on anticipated future hub city oil tax revenue allocations.
- Provides a statement of legislative intent regarding efficiencies within the Department of Trust Lands, the same as the House.
- Provides a statement of legislative intent regarding the calculation of mineral royalties, the same as the House.
- Provides for a study by the Tax Department and other state agencies regarding the valuation of oil and gas for mineral royalties and tax liability.
- Provides for a Legislative Management study regarding the oil and gas tax revenue allocations to hub cities and hub city school districts. The House also included the study.

VETO MEASURE

April 25, 2017

Honorable Larry Bellew
Speaker of the House
North Dakota House of Representatives
State Capitol
Bismarck, ND 58505

Dear Speaker Bellew:

Pursuant to Article V, Section 9 of the North Dakota Constitution, I have vetoed House Bill 1004 and return it to the House unsigned.

HB 1004 was amended in conference committee. The critical details of the amendment, as shown in the Statement of Purpose of Amendment, eliminate a position held by an identifiable, classified employee (position number 00000510-1) in the State Auditor's office.

We support HB 1004's appropriation and FTE levels and we support the State Auditor's rights and responsibilities to manage personnel and performance in his office. We ask that the Auditor's appropriations be passed at the identical levels of dollars and FTEs but without reference in the Statement of Purpose of Amendment to an employee-specific position number.

The responsibility for execution and administration of state business lies within the executive branch. Each state agency, through its elected or appointed executive officer, is charged with administering the business of that agency. This responsibility includes the administration of personnel decisions, including filling vacant positions, coaching employees, administering discipline appropriately and, as necessary, terminating employees. An agency with classified employees must handle personnel issues pursuant to NDCC Chapter 54-44.3 and NDAC Article 4-07.

The elimination of an identified employee in the Auditor's office, on the Statement of Purpose of Amendment, violates the separation of powers and the fundamental due process rights afforded to all classified employees in the State of North Dakota.

Sincerely,

Doug Burgum
Governor

MOTION

THE HOUSE RECONVENED pursuant to recess taken, with Speaker Bellew presiding.

ANNOUNCEMENT

SPEAKER BELLEW ANNOUNCED that Rep. Kempenich will replace Rep. Vigesaa on the Conference Committee on HB 1001.

COMMUNICATION FROM GOVERNOR DOUG BURGUM

This is to inform you that on April 26, 2017, I have signed the following: HB 1006, HB 1008, HB 1010, HB 1014, HB 1018, and HB 1040.

VETO MEASURE

April 26, 2017

The Honorable Larry Bellew
 Speaker of the House
 House Chambers
 State Capitol
 Bismarck, ND 58505

Re: Veto of HB 1201

Dear Speaker Bellew:

Pursuant to Article V, Section 9 of the North Dakota Constitution, I have vetoed House Bill 1201 and return it to the House of Representatives unsigned.

An important principal of America's success as a nation is the principal of individual responsibility.

While carbon monoxide represents a very small, yet measurable life safety risk in residential rental property, this risk can and should be managed by local building codes, property owners and renters themselves, rather than more burdensome statewide regulations.

There are simple, low-cost non-governmental solutions to this risk, including the use of carbon monoxide monitors available at local retail stores.

For these reasons, I have vetoed House Bill 1201.

Sincerely,

Doug Burgum
Governor

VETO MEASURE

April 25, 2017

The Honorable Lawrence Bellew
Speaker of the House
House Chambers
State Capitol
Bismarck, ND 58505

Re: Item Veto of HB 1019

Dear Speaker Bellew:

Pursuant to Article V, Section 9 of the North Dakota Constitution, I have vetoed Section 13 and the second sentence in Section 17 of House Bill 1019.

Section 13:

The rules anticipated under Section 13 would create an exception applicable to a limited number of individuals who rent boat slips in a state-owned marina. Additionally, these rules would conflict with existing and long-standing public safety rules governing boat traffic in designated swimming areas.

The parks and recreation department director is authorized to "adopt rules relating to the protection, care, and use of state parks, state campgrounds, state recreational areas, or reserves, and any other real or personal property administered by the director." NDCC 55-08-01.3 (7). In an appropriate exercise of this authority, rules governing state park swimming areas, boat ramps and marinas were first promulgated in 1987 and amended in 1992, 1996, 2006 and 2011. NDAC § 58-02-08-18. These regulations prohibit swimming in state parks except in designated areas and prohibit any boat, canoe or raft from entering a designated swimming area. NDAC § 58-2-08-18 (1) and (2)(c).

We have instructed our new director of parks and recreation to meet with the individual park customers renting marina slips and work toward developing local practices that balance the enjoyment of marina users, their families and guests with the interest of managing liability risk and providing safe recreational areas for all citizens of North Dakota.

Section 17:

The second sentence under Section 17 is vetoed. We have asked the President of Bismarck

State College to work in collaboration with the parks and recreation department director, the state historical society and other stakeholders to develop a plan for the optimum use or sale of the Dakota institute property as identified in Section 17.

For the reasons explained above, I have vetoed Section 13 and the second sentence in Section 17 in House Bill 1019.

Sincerely,

Doug Burgum
Governor
