SECTION 20. LEGISLATIVE INTENT - ENCOURAGEMENT OF ENERGY INFRASTRUCTURE INVESTMENT - COMMISSIONER OF UNIVERSITY AND SCHOOL LANDS - USE OF TERMS. It is the intent of the sixty-fifth legislative assembly that the state of North Dakota encourage the continued development of energy infrastructure that will help reduce instances of natural gas flaring and increase the market value received for oil and gas produced within the state generally and from state-owned lands specifically which will increase the value of royalties paid to the funds under the control of the board of university and school lands. Consistent with this intent, the commissioner of university and school lands

shall continue to interpret the terms "gross production," "market value," and "gross proceeds of sale" in its lease form to mean a value determined at the producing well or associated production facility, or in the surrounding field or area, where the oil and gas was produced, before any post-production activities undertaken by the lessee, operator, or purchaser after the oil and gas has been transported from the producing well and associated production facility. These values must be determined by the amount received by the lessee in an arm's length contract, or in the absence of an arm's length contract, either a comparable sales method or a work-back calculation methodology consistent with state law.

SECTION 21. STUDY OF OIL AND GAS VALUATION - REPORT TO ENERGY DEVELOPMENT AND TRANSMISSION COMMITTEE.

1. During the 2017 18 interim, the tax department, in consultation with the board of university and school lands, the industrial commission, and other state agencies as necessary, shall study the valuation of oil and gas as used to determine mineral royalty payments and tax liability. The study must include consideration of the following:
 - a. The methods used to calculate the value of oil and gas, including changes in custody, the basis for the value, any deductions or incentives applied to the value, and the point at which the value is determined.
 - b. The impact of state and federal regulations, including gas capture requirements.
 - c. The market competition for gas processing, including the possibility of rate setting by the public service commission.
 - d. The reporting of any deductions or incentives applied to the value as included on mineral royalty statements and tax reporting documents.
2. The tax department shall report to the energy development and transmission committee by September 30, 2018, regarding the results and recommendations of the study.

SECTION 22. LEGISLATIVE MANAGEMENT STUDY - OIL AND GAS TAX REVENUE ALLOCATIONS TO HUB CITIES AND HUB CITY SCHOOL DISTRICTS.

1. During the 2017-18 interim, the legislative management shall consider studying oil and gas tax revenue allocations to hub cities and hub city school districts. The study must include consideration of the following:
 - a. The current and historical oil and gas tax revenue allocations to hub cities and hub city school districts.
 - b. Other state funding provided to hub cities and hub city school districts, including grants from the oil and gas impact grant fund, distributions from the strategic investment and improvements fund, state school aid payments, and payments from the state aid distribution fund and highway tax distribution fund.
 - c. Local taxing and revenue levels in hub cities compared to cities in non-oil-producing counties, including mill levies, property tax values, local sales and use taxes, and other revenue sources.
 - d. The appropriate level of oil and gas tax revenue allocations to hub cities and hub city school districts based on infrastructure and other needs.
 - e. The estimated fiscal impact to hub cities, hub city school districts, other political subdivisions, and the state if the oil and gas tax revenue allocation formula would be changed to transition hub cities and hub city school districts from allocations under subsection 1 of

section 57-51-15 to allocations under subsections 4 and 5 of section 57-51-15.

- f. The estimated fiscal impact to hub cities, hub city school districts, other political subdivisions, and the state if the oil and gas tax revenue allocation formula would be changed to discontinue the allocations to hub cities and hub city school districts under subsection 1 of section 57-51-15.
- 2. The membership of the committee assigned the responsibility of the study must proportionately reflect the state's population distribution between oil-producing counties and non-oil-producing counties and must include members from the finance and taxation committees and the appropriations committees.
- 3. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-sixth legislative assembly.

SECTION 23. EFFECTIVE DATE. Sections 15 and 16 of this Act are effective for taxable events occurring after June 30, 2017. Section 19 of this Act becomes effective September 1, 2017. House Bill No. 1300, as approved by the sixty-fifth legislative assembly, becomes effective January 1, 2018."

¹ Funding for employee health insurance is adjusted to reflect the updated premium amount of \$1,241 per month.

² Funding of \$206,550 is removed for a project manager position. The House removed \$406,655 for a geographic information system position (\$200,105) and for a project manager position (\$206,550), both of which were included in the Senate version.

³ One-time funding of \$25 million is added from the oil and gas impact grant fund for grants to the Williston airport (\$20 million) and the Dickinson airport (\$5 million). One-time funding of \$15 million is added from the energy impact fund for a grant to the Williston airport. The House provided the same level of funding but did not use funding from the energy impact fund.

⁴ Funding is reduced by \$1.65 million to provide \$3.6 million for an information technology project. Of the \$3.6 million, \$1.8 million is available only upon approval of the Budget Section pursuant to Section 9 of the bill. The Senate included \$5.25 million, and the House removed the funding for the project.

⁵ Funding is removed for the Energy Infrastructure and Impact Office because the funding is a duplication of the funding authorized for administrative expenses from the continuation of unspent 2015-17 biennium appropriation authority as identified in Section 11.

This amendment also provides the following changes related to the Department of Trust Lands:

- Identifies the health insurance increase.
- Removes a section to provide line item transfer authority.
- Provides an exemption to allow an unspent grant to a flood-impacted political subdivision to be available in the 2017-19 biennium, the same as the House.

This funding is available to the Williston airport only when any related federal funding is committed and available to be spent on the new airport construction project. The House also included this funding designation.
- Identifies \$15 million from the energy impact fund for a grant to the Williston airport. This funding is available to the Williston airport only when any related federal funding is committed and available to be spent on the new airport construction project. The House provided \$15 million from the strategic investment and improvements fund and included the federal funding commitment provisions.
- Removes a section added by the House to add two advisory members that are appointed by the Speaker of the House and the President Pro Tempore to the board of university and school lands.
- Amends the oil and gas tax revenue allocation formulas (see the table below) and provides an effective date related to the formula changes.
- Removes a section added by the House to provide that the city of Williston use the proceeds from the sale of the existing airport, up to \$27.5 million, to repay the Department of Trust Lands for the state's financial assistance provided for the new airport.

FTE	0.00	0.00	6.00

¹ Funding for employee health insurance is adjusted to reflect the updated premium amount of \$1,241 per month, the same as the Senate version.

² Restores the following 5 FTE positions and related funding from the general fund--4 FTE criminal investigator positions (\$720,000), 1 FTE forensic scientist position (\$170,000), the same as the Senate version. The House removed 19 FTE positions with related funding and changed the funding source from the general fund to other funds for 8 FTE positions.

³ Adds 1 FTE identification technician position (\$65,723) and related operating expenses (\$16,277). The Senate version included funding of \$131,446 for salaries and wages and \$32,554 for operating expenses.

⁴ The funding source for \$171,000 is changed from the general fund to other funds and funding of \$184,000 from the general fund is removed for operating expenses for a total reduction of \$355,000 from the general fund.

⁵ One-time funding of \$280,000 is added from federal funds for the rewrite of the uniform crime reporting system. The Senate version provided \$280,000 from the general fund.

⁶ One-time funding of \$100,000 from the general fund is added for a DOS-based deposit system rewrite, the same as the Senate version.

⁷ One-time funding of \$315,000 is added from other funds for the statewide automated victim information and notification (SAVIN) program enhancement project. The other funds are from revenues generated through payments from political subdivisions for their share of the cost for the SAVIN program enhancement project. The enhancements will upgrade the SAVIN program so that it may provide the notifications necessary to comply with Section 25 of Article I of the Constitution of North Dakota also known as Marsy's Law, the same as the Senate version.

⁸ Contingent funding of \$500,000 from a grant from the Department of Trust Lands is added. The Attorney General plans to relocate employees into space available in the Job Service North Dakota central office building resulting in anticipated rent savings of \$500,000 that would be used for the costs of statewide automated victim information and notification program enhancements. If the move does not occur and the Attorney General does not recognize rent savings, \$500,000 from the Department of Trust Lands grant is appropriated to the Attorney General for the state's share of the SAVIN program enhancements, the same as the Senate version.

This amendment also:

- Adds a section authorizing the Attorney General to submit litigation-related expenses to the Industrial Commission to be paid from litigation funding available to the Industrial Commission for expenses incurred by the Attorney General as a result of the protests and related activities associated with the Dakota Access Pipeline project and requires the Attorney General to report to the Budget Section quarterly

regarding expenditures submitted to be paid from the Industrial Commission's litigation fund. The Senate version included a section directing the Industrial Commission to provide litigation funding to the Attorney General for litigation costs related to the Dakota Access Pipeline protest and other related activities for the 2017-19 biennium.

- Adds a section of legislative intent that the Attorney General pursue all reasonable and available options to recoup all costs and expenses incurred by the state and its political subdivisions as a result of the protests and related activities associated with the Dakota Access Pipeline project. Neither the House nor the Senate version included this section.
- Adds a section authorizing the Attorney General to use up to \$500,000 of rent savings as the result of an expected move of employees into space available in the Job Service North Dakota central office building for the SAVIN program enhancements. The section also provides a contingent appropriation of \$500,000 from a Department of Trust Lands grant for the 2015-17 biennium, if the move does not occur, the same as the Senate version.
- Adds a section directing the Attorney General to consult with the North Dakota Association of Counties and the North Dakota League of Cities to establish a cost-sharing program providing that political subdivisions share in the cost of the SAVIN program enhancement project. As a result of the completion of the SAVIN program enhancement project, the political subdivision's costs to comply with Marsy's Law are expected to be significantly reduced. The section authorizes the Attorney General to allocate \$315,000 of the cost among the political subdivisions of the state, the same as the Senate version.
- Adds a section amending North Dakota Century Code Section 27-01-10 related to fee assessments for funding crime victim and witness programs and changes the assessment of a fee from optional to mandatory, the same as the Senate version.
- Adds a section creating a new section to Chapter 53-06.1 relating to electronic pull tab device requirements. The section requires an electronic pull tab device to display an electronic pull tab and it may not directly dispense coins, cash, tokens, or anything of value. Neither the House nor the Senate version included this section.
- Adds a section requiring any person or entity requesting a criminal history record check from the Bureau of Criminal Investigation, as a result of legislation enacted by the 65th Legislative Assembly, to pay a reasonable fee as set by the Attorney General for the 2017-19 biennium. The fee is to be deposited in general fund and is anticipated to generate an estimated \$164,000 of general fund revenue for the 2017-19 biennium, the same as the Senate version.
- Amends Section 6 of the House version to provide an exemption for funding appropriated for human trafficking grants provided for the 2015-17 biennium. The Senate version did not include this change.
- Adds a section exempting \$100,000 of funding appropriated to the Attorney General for the 2015-17 biennium for contracted higher education legal fees and authorizes that funding to be used during the 2017-19 biennium in the Attorney General's litigation fees line, the same as the Senate version.
- The Conference Committee did not include 3 sections added by the Senate relating to the contingent creation of a Medicaid Fraud Control Unit.
- Adds an emergency clause for Section 5 and the SAVIN program enhancements. The Senate version provided an emergency clause related to the SAVIN program enhancements only.
