4 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

- 5 **SECTION 1. AMENDMENT.** Section 17-04-01 of the North Dakota Century Code is amended and reenacted as follows:
- 7 17-04-01. Wind option agreement Definition Termination.
- A wind option agreement is a contract in which the owner of property gives another the right to produce energy from wind power on that property at a fixed price within a time period not to exceed five years on agreed terms.
 - 2. A wind option agreement is void and terminates if the following have not occurred with respect to the property that is the subject of the wind option agreement within five years after the wind option agreement commences:
- 14 <u>1. a.</u> A certificate of site compatibility or conditional use permit has been issued, if required; and
- 16 2. b. A transmission interconnection request is in process and not under suspension.
- 17 3. If the requirements of subsection 2 are not met by the owner of the wind option
 18 agreement, the owner of the energy rights may provide to the owner of the wind option
 19 agreement a notice of termination, by certified mail or other personal delivery, and file
 20 the notice with the county recorder in the county in which the real property is located.
 21 Termination of the wind option agreement is effective five years after the wind option
 22 commences.
- 23 **SECTION 2. AMENDMENT.** Section 17-04-03 of the North Dakota Century Code is amended and reenacted as follows:

1	17-0	04-03	Wind easements - Creation - Term - Development required.	
2	<u>1.</u>	Ар	perty owner may grant a wind easement in the same manner and with the sam	е
3		effe	as the conveyance of an interest in real property.	
4	<u>2.</u>	The	easement runs with the land benefited and burdened and terminates upon the	
5		cor	tions stated in the easement. However, the, however:	
6		<u>a.</u>	The easement is void if the following have not occurred with respect to the	
7			property that is the subject of the easement within five years after the easemen	t
8			commences:	
9	1.		(1) A certificate of site compatibility or conditional use permit has been issued	l, if
10			required; and	
11	2.		(2) A transmission interconnection request is in process and not under	
12			suspension.	
13		<u>b.</u>	A wind easement is presumed to be abandoned if a period of thirty-six	
14			consecutive months has passed with no construction or operation of the wind	
15			farm facility. If the operator of the wind farm facility does not file a plan with the	
16			public service commission outlining the steps and schedule for continuing	
17			construction or operation of the facility within the thirty-six month period, the	
18			owner of the energy rights may provide, by certified mail or other personal	
19			delivery to the owner of the wind easement, a sixty-day written notice of the inte	<u>ent</u>
20			to terminate the easement. If, within sixty days of the receipt of the notice of the	<u>}</u>
21			intent to terminate, the owner of the easement fails to provide a written objection	<u>n</u>
22			to the notice by certified mail or other personal delivery, the owner of the energ	<u>y</u> _
23			rights may file a notice of termination with the county recorder in the county in	
24			which the real property is located. Termination of the easement becomes	
25			effective when the notice of termination is filed and recorded with the county	
26			recorder.	
27	SEC	стю	3. AMENDMENT. Section 17-04-05 of the North Dakota Century Code is	
28	amende	d an	reenacted as follows:	

- 1 17-04-05. Wind energy leases Termination.
 - 1. A lease for wind energy purposes is void and terminates if the following have not occurred with respect to the property that is the subject of the lease within five years after the lease commences:
 - a. A certificate of site compatibility or conditional use permit has been issued, if required; and
 - 2. b. A transmission interconnection request is in process and not under suspension.
 - 2. A wind lease is presumed to be abandoned if a period of thirty-six consecutive months has passed with no construction or operation of the wind farm facility. If the operator of the wind farm facility does not file a plan with the public service commission outlining the steps and schedule for continuing construction or operation of the facility within the thirty-six month period, the owner of the energy rights may provide, by certified mail or other personal delivery to the owner of the wind easement, a sixty-day written notice of the intent to terminate the lease. If, within sixty days of the receipt of the notice of the intent to terminate, the owner of the lease fails to provide a written objection to the notice by certified mail or other personal delivery, the owner of the energy rights may file a notice of termination with the county recorder in the county in which the real property is located. Termination of the easement becomes effective when the notice of termination is filed and recorded with the county recorder.
