The 2019-21 biennium compensation adjustments for permanent state employees are to average 2 percent with a minimum of \$120 per month and a maximum of \$200 per month per eligible employee for the first year of the biennium and are to average 2.5 percent for the second year. The increases for the first year of the biennium are to be given beginning with the month of July 2019, to be paid in August 2019, and for the second year of the biennium are to be given beginning with the month of July 2020, to be paid in August 2020. Except for minimum and maximum amounts, increases for eligible state employees are to be based on documented performance and are not to be the same percentage increase for each employee.
2. Agencies may use salaries and wages funding available due to vacant positions and employee turnover to provide additional salary increases for selected employees to address salary compression issues or to enhance merit-based increases for employees essential to the effective

operations of the agency. The biennial cost of any additional salary increases must be within the agency's current salaries and wages funding level. An agency may not request any additional funding for the 2021-23 biennium to continue the additional salary increases.

3. The office of management and budget shall develop guidelines for use by state agencies for providing compensation adjustments for classified state employees. The guidelines must follow the compensation philosophy statement under section 54-44.3-01.2.
4. Probationary employees are not entitled to the increases. However, at the discretion of the appointing authority, probationary employees may be given all or a portion of the increases effective in July, paid in August, or upon completion of probation. Employees whose overall documented performance level does not meet standards are not eligible for any salary increase.

SECTION 14. A new section to chapter 21-10 of the North Dakota Century Code is created and enacted as follows:

Recognition of legacy fund earnings for budget purposes.

For purposes of the development of the state budget, the legislative assembly shall recognize legacy fund earnings transferred to the general fund at the end of each biennium in accordance with section 26 of article X of the Constitution of North Dakota as part of the general fund beginning balance for the subsequent biennium rather than as revenue of the biennium in which the transfer is made at the end of the biennium.

SECTION 15. AMENDMENT. Section 48-10-02 of the North Dakota Century Code is amended and reenacted as follows:

48-10-02. Capitol building fund to be administered by the capitol grounds planning commission - Continuing appropriation - Procedure for expenditure of certain funds.

The board of university and school lands or its designee, on the commission's behalf, shall see to the investment and management of the capitol building fund and its interest and income fund and shall account to the commission concerning these funds at the commission's request.

Provided further, all moneys and other property in the capitol building fund, except as otherwise appropriated, are hereby dedicated and reserved to the exclusive purpose of the construction of an addition to the legislative wing of the state capitol building, and the capitol grounds planning commission shall take necessary steps to accumulate and conserve the money and property in the capitol building fund for such purpose.

The commission may, during any biennium, expend from the interest and income fund of the capitol building fund a sum not to exceed fifty percent of the unencumbered balance on the first day of any biennium, and such amount is hereby appropriated to the capitol grounds planning commission. The expenditure may be made, after consideration of the capitol grounds master plan, for projects or planning but may not exceed ~~one hundred seventy-five thousand~~ two hundred fifty thousand dollars per biennium. The expenditure may only be made upon approval by two-thirds of the total membership of the commission. The expenditure must be made upon a voucher, or vouchers, prepared by the office of management and budget at the direction of the commission.

SECTION 16. AMENDMENT. Section 48-10-03 of the North Dakota Century Code is amended and reenacted as follows:

48-10-03. Powers and duties of the commission - Authority to accept gifts - Continuing appropriation.

The capitol grounds planning commission shall confer with the state council on the arts with respect to the artistic value of monuments, memorials, or works of art to be constructed on the capitol grounds and with qualified consultants retained by it to select sites for buildings, facilities, monuments, memorials, or works of art to be constructed on the capitol grounds. The commission shall develop and modify long-term plans for the development of the capitol grounds. The commission shall approve or disapprove the basic style and exterior construction of any building, facility, monument, memorial, or work of art constructed on the capitol grounds. Except as otherwise provided by this section, the commission has exclusive authority to accept or reject gifts of any type or class of property for exterior placement on the capitol grounds or for the improvement of the exterior construction of any building or facility on the capitol grounds, including landscaping and improvements to the capitol grounds. Any gifts of money accepted pursuant to this section must be deposited in the capitol building fund and are appropriated on a continuing basis to the commission for purposes consistent with this section. No construction or placement of an item on the capitol grounds may be undertaken without the approval of the commission, unless the construction or placement is authorized by the legislative assembly. If the legislative assembly by law or resolution authorizes the construction or placement of an item on the capitol grounds, the commission shall approve the site, basic style, and exterior construction of the item within a reasonable period of time.

The commission shall advise the director of the office of management and budget and the legislative council on matters relating to the physical and aesthetic features of the interior of all buildings on the capitol grounds. The commission must be called in and shall meet whenever major interior changes, including new construction, remodeling, or renovation of any kind, are proposed or considered for the buildings or facilities on the capitol grounds. The commission must be consulted before the purchase or installation of furniture or fixtures in public areas of the capitol and other buildings on the capitol grounds. The commission shall perform any other duties as may be prescribed by law.

2. APrior to July 1, 2019, a state employee may submit a recommendation or proposal to reduce expenditures within the employee's agency to a suggestion incentive committee. The suggestion incentive committee shall administer the employee suggestion incentive program created under this section and review all recommendations or proposals for reduction of expenditures. The suggestion incentive committee may consider whether the recommendation or proposal to reduce expenditures within the employee's agency applies to any other state agency. The suggestion incentive committee shall notify the office of management and budget of any recommendation that affects an agency other than the employing agency. The governor shall appoint five state agency heads to the suggestion incentive committee for four-year staggered terms to commence on August first in the year of appointment and to continue until the successors are appointed."
