- 18 c. Additional charges may be assessed as part of a loan extension or deferment of  
19 payment agreed to by the parties within the agreement. However, a licensee may  
20 not contract for or receive charges in excess of one hundred dollars for these

14       **SECTION 4. AMENDMENT.** Section 13-08-12 of the North Dakota Century Code is  
15 amended and reenacted as follows:

16       **13-08-12. Fees for service - Deferred presentment service transaction procedures -**  
17 **Penalty.**

- 18       1. Before disbursing funds under a deferred presentment service transaction, a licensee
- 19       shall provide to the customer a clear and conspicuous printed notice indicating:
  - 20       a. That a deferred presentment service transaction is not intended to meet
  - 21       long-term financial needs.
  - 22       b. That the customer should use a deferred presentment service transaction only to
  - 23       meet short-term cash needs.
  - 24       c. That the customer will be required to pay additional fees if the deferred
  - 25       presentment service transaction is renewed rather than paid in full when due. If
  - 26       the transaction is renewed, any amount paid in excess of the fee applies to the
  - 27       payoff amount.
  - 28       d. A schedule of fees charged for deferred presentment service.
  - 29       e. Any information required under federal law.
  - 30       f. No property, titles to any property, or mortgages may be received or held directly
  - 31       or indirectly by the licensee as a condition of a deferred presentment service

1                    transaction or as a method of collection on a defaulted deferred presentment  
2                    service transaction without proper civil process.

3            2.    A licensee may charge a fee for the deferred presentment service, not to exceed  
4            twenty percent of the amount paid to the customer by the licensee. This fee may not  
5            be deemed interest for any purpose of law. No other fee or charge may be charged for  
6            the deferred presentment service, except that a fee, not to exceed the cost to the  
7            licensee, may be charged for registering a transaction on a database administered or  
8            authorized by the commissioner. No property, titles to any property, or mortgages may  
9            be received or held directly or indirectly by the licensee as a condition of a deferred  
10           presentment service transaction or as a method of collection on a defaulted deferred  
11           presentment service transaction without proper civil process.

12           3.    A licensee may not disburse more than five hundred dollars to the customer in a  
13           deferred presentment service transaction.

14           4.    A licensee may not engage in a deferred presentment service transaction with a  
15           customer who has an aggregate value of all outstanding obligations from any one  
16           customer exceeding six hundred dollars which is payable to the same or any other  
17           licensee. A licensee may not enter a new deferred presentment service transaction  
18           with a customer within three business days of that customer's completion of a previous  
19           deferred presentment service transaction. A licensee may rely on a written or  
20           electronic representation of a customer regarding the existence of any outstanding  
21           obligations for deferred presentment held by a licensee other than the licensee  
22           receiving the representation until the database provided for under this subsection is in  
23           operation, and after that time may not rely on a customer's representation but must  
24           verify the fact using the database. However, if a licensee has multiple locations, that  
25           licensee may not rely on the representation of a customer regarding the existence of  
26           any outstanding obligation for deferred presentment held by that licensee, or one of  
27           the licensee's multiple locations, unless the licensee and the licensee's multiple  
28           locations use a point of sale registry or some other accounting system to attempt to  
29           prevent violations of this subsection. The commissioner shall administer or authorize  
30           the development of a database in which each transaction must be recorded for the

1           purpose of preventing violations of this section. The commissioner shall adopt rules  
2           governing the creation, structure, and use of the database.

3           5. Before a licensee may negotiate or present a check for payment, the check must be  
4           endorsed with the actual name under which the licensee is doing business.

5           6. Each deferred presentment service transaction, including a renewal, must be  
6           documented by a written agreement signed or similarly authenticated by the customer.

7           The original agreement must contain the name of the licensee; the transaction date;

8           the amount of the obligation; a statement of the total amount of fees charged,

9           expressed as a dollar amount and as an annual percentage rate; the name and

10          signature of the individual who signs the agreement on behalf of the licensee; the

11          name and address of the check maker; the transaction number assigned by the

12          database; the date of negotiation of the check; the signature of the check maker; a

13          statement that a licensee may not renew a transaction more than once; a statement

14          that the renewal fee may not exceed twenty percent of the amount being renewed; a

15          statement that the maximum term of the transaction, including the renewal, may not

16          exceed sixty calendar days; a statement that the term of the renewal period may not

17          be less than fifteen calendar days; and a statement containing the right of rescission

18          printed immediately above the signature line of the written agreement in a minimum of

19          ten-point font and providing a space for the check maker to initial that the notice to the

20          right of rescission was received. The original agreement may not include a hold

21          harmless clause; a confession of judgment clause; any assignment of or order for

22          payment of wages or other compensation for services; a provision in which the check

23          maker agrees not to assert any claim or defense arising out of the agreement; a

24          waiver of any provision of this chapter; any representation from the check maker as to

25          the sufficiency of funds regarding any past deferred presentment service transactions;

26          or any statement regarding criminal prosecution with respect to the agreement. A

27          renewal agreement must be contained in a separate section, as part of the original

28          written agreement or in other form as approved by the commissioner. The renewal

29          agreement must restate the original transaction date, the renewal transaction date, the

30          amount of the check paid to the check maker, the fee charged in dollars, and the

31          maturity date. The agreement must authorize the licensee to defer presentment or

- 1 negotiation of the check, or electronic debit of the customer's account, until a specified  
2 date. The maker of a check may redeem the check from the licensee at any time  
3 before the negotiation or presentment of the check by making payment to the licensee.  
4 A customer agreeing to an electronic deferred presentment service transaction may  
5 repay the obligation at any time before the agreed-upon date. A customer may rescind  
6 any transaction by the close of the business day following the day on which the  
7 customer receives payment from the licensee at no cost. If a customer agreeing to an  
8 electronic deferred presentment service transaction rescinds the transaction, the  
9 licensee must facilitate the repayment of the funds through the same electronic means  
10 the licensee used to deliver the funds to the customer.
- 11 7. If a check or electronic debit is returned to the licensee from a payer financial  
12 institution due to insufficient funds, closed account, or a stop payment order, the  
13 licensee has the right to all civil remedies available to collect the obligation. The  
14 licensee may contract for and collect a returned check or electronic debit charge not to  
15 exceed the collection fees and costs authorized in subdivision c of subsection 2 of  
16 section 6-08-16. No other fee or charge may be collected as a result of a returned  
17 check or electronic debit or as a result of default by the customer in timely payment to  
18 the licensee.
- 19 8. A customer who has authority to make a check or authorize an electronic debit and  
20 enters a deferred presentment service agreement is not subject to a criminal penalty  
21 relating to the check, electronic debit, or the deferred presentment service agreement  
22 unless the customer's account was closed on the original date of the transaction. At  
23 the time of entering a transaction involving a written check, a licensee shall verify that  
24 the account on which the check is written is open. A licensee may not pursue or  
25 threaten to pursue criminal penalties against a customer for criminal penalties  
26 prohibited by this subsection.
- 27 9. A licensee may not engage in unfair or deceptive acts, practices, or advertising in the  
28 conduct of a deferred presentment service business.
- 29 10. The amount paid to the customer by the licensee in a deferred presentment service  
30 transaction must be paid in the form of cash, check, or an electronic credit to the  
31 customer's account.

- 1        11. Each licensee must conspicuously post in the licensee's licensed location a notice of  
2        the fees imposed for the deferred presentment service. A licensee that engages in a  
3        deferred presentment service transaction via the internet shall require its customers to  
4        acknowledge the fees imposed using a click-through or other method that prevents  
5        customers from completing the transaction without reviewing the licensee's fees.
- 6        12. AExcept as provided under subsection 13, a licensee may not renew a deferred  
7        presentment service transaction more than once. A licensee's renewal fee may not  
8        exceed twenty percent of the amount being renewed. The renewal fee must be paid in  
9        cash, money order, or cashier's check. The total period of deferral, including the initial  
10       deferral and one renewal, may not exceed sixty days. An individual renewal period  
11       may not be less than fifteen days. After sixty days the renewed deferred presentment  
12       service transaction must be paid off in cash, money order, electronic payment, or  
13       cashier's check by the customer or, if a check is used, the check must be deposited by  
14       the licensee.
- 15       13. A licensee may enter a workout agreement with the borrower if the borrower believes  
16       financial hardship prevents the borrower from paying off the deferred presentment  
17       service transaction at the end of the original agreement or following any renewal. The  
18       workout agreement must outline the repayment terms in writing and must require  
19       weekly, biweekly, or monthly even installments not to exceed twelve months. An  
20       additional interest or fee may not be charged as part of this workout, the deferred  
21       presentment service provider shall continue to report the transaction as an outstanding  
22       deferred presentment service transaction on any database administered by the  
23       commissioner, and entering a workout agreement is voluntary on the part of the  
24       deferred presentment service provider and the borrower.
- 25       14. A licensee may not renew, repay, refinance, or consolidate a deferred presentment  
26       service transaction with the proceeds of another deferred presentment service  
27       transaction with that licensee by the same maker or customer. It is presumed that a  
28       deferred presentment service transaction initiated within three business days before  
29       completion of a deferred presentment service transaction is a violation of this  
30       subsection.

1 ~~14.15.~~ A licensee may not conduct another business, other than a bona fide pawnbroking  
2 business, within the same office, suite, room, or place of business at which the  
3 licensee engages in deferred presentment service transactions unless the  
4 commissioner provides written authorization after a determination the other business  
5 is not contrary to the best interests of consumers.

6 ~~15.16.~~ A licensee shall provide a notice in a prominent place on each deferred presentment  
7 service agreement in no less than ten-point type in substantially the following form:

8 State law prohibits this business from allowing customers to have outstanding at  
9 any one time, deferred presentment service transactions totaling more than six  
10 hundred dollars.

11 ~~16.17.~~ A licensee or any agent of a licensee who willfully violates this section is guilty of a  
12 class A misdemeanor.

13 **SECTION 5. REPEAL.** Section 13-04.1-09.2 of the North Dakota Century Code is repealed.
