¹ Salaries and wages funding is adjusted for 2021-23 biennium salary increases of 1.5 percent on July 1, 2021, with a minimum monthly increase of \$100 and 2 percent on July 1, 2022. The Senate provided salary adjustments of 2 percent with a minimum monthly increase of \$80 and a maximum monthly increase of \$300 on July 1, 2021, and 2 percent on July 1, 2022.

² Science, technology, engineering, and mathematics (STEM) funding of \$100,000 from the general fund is transferred from the secondary grants line item to a newly created science, technology, engineering, and mathematics initiative line item. The Senate transferred this funding from the operating expenses line item to the secondary grants line item.

³ Funding for the cost to continue career and technical education course cost reimbursement rates for schools (27 percent) and area career and technical centers (40 percent) is reduced by \$500,000 from the general fund to provide a total of \$1,000,000. The Senate approved \$1,500,000 from the general fund.

⁴ Funding of \$50,000 is restored for the Marketplace for Kids program to provide a total of \$300,000 from the general fund, the same as provided during the 2019-21 biennium. The Senate provided \$250,000 from the general fund.

⁵ Funding for the adult farm management program is reduced by \$50,000, to provide a total of \$1,706,138 from the general fund. The Senate reduced funding for the program by \$138,111 to provide a total of \$1,756,138 from the general fund. The additional \$50,000 reduction approved by the House results in a total reduction of \$188,111 from the 2019-21 biennium appropriation of \$1,894,249 from the general fund.

⁶ Funding of \$100,000 is restored for workforce training to provide a total of \$2,000,000 from the general fund, the same as provided for the 2019-21 biennium. The Senate approved a

reduction of \$100,000 to provide a total of \$1,900,000 from the general fund.

⁷ One-time funding of \$45,000,000 from bond proceeds for competitive workforce development grants to build career academies approved by the Senate is removed by the House. This amendment also removes Section 2 from the bill related to one-time funding, which was added by the Senate.

This amendment also adds a section of legislative intent that school districts use federal funds available from the elementary and secondary school emergency relief fund to effectively benefit students, develop plans to provide for any future operating and maintenance costs relating to new or expanded programs resulting from the expenditure of these federal funds, and develop plans to provide increased local support for area career and technical centers since state secondary grant funding is limited and the share of state assistance for these programs may decrease if new or expanded programs are established.

HOUSE AMENDMENTS TO ENGROSSED SENATE BILL NO. 2230

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 57-51.1 of the North Dakota Century Code is created and enacted as follows:

Straddle well distribution.

1. By August 1, 2021, and on or before April thirtieth of each subsequent fiscal year, the industrial commission shall certify to the tax commissioner the on-reservation acreage ratio for each reservation with on-reservation spacing unit acreage. For each reservation, the on-reservation acreage ratio is calculated by dividing the on-reservation spacing unit acreage by the total spacing unit acreage. The on-reservation acreage ratio for each reservation is effective for taxable production each fiscal year beginning July first. By August 1, 2021, and on or before June first of each subsequent fiscal year, the tax commissioner shall publish the on-reservation acreage ratio for each reservation.
2. The tax commissioner shall certify to the state treasurer the total oil and gas gross production and oil extraction taxes attributable to production from straddle wells. Before allocation of the state's share of oil and gas tax revenues under section 57-51.1-07.5, the state treasurer shall allocate monthly to the governing body of a tribe associated with a reservation that has on-reservation spacing unit acreage, an amount equal to fifty percent of the taxes certified under this section multiplied by the on-reservation acreage ratio calculated under subsection 1 for that reservation.
3. For purposes of this section:

- a. "On-reservation spacing unit acreage" means the surface acreage located within the exterior boundaries of a reservation in this state from all spacing units with one or more straddle wells.
- b. "Straddle well" means an oil and gas well located outside the exterior boundaries of a reservation which has one or more laterals penetrating a reservation boundary.
- c. "Total spacing unit acreage" means the total surface acreage from all spacing units with one or more straddle wells.

SECTION 2. APPLICATION. This Act applies to oil and gas tax revenue collections allocated by the state treasurer after September 1, 2021."
