If an employer decides not to pay the contributions, the amount that would have been paid will continue to be deducted from compensation. If contributions are paid by the employer, they must be treated as employer contributions in determining income tax treatment under this code and the federal Internal Revenue Code. If contributions are paid by the employer, they may not be included as gross income of the teacher in determining tax treatment under this code and the Internal Revenue Code until they are distributed or made available. The employer shall pay these teacher contributions from the same source of funds used in paying compensation to the teachers. - c. All tier two members who have earned five years of teaching service credit and who have attained the age of sixty-five years.
 - d. All tier two members who have earned five years of teaching service credit and who have a combined total of years of service credit and years of age which equals or exceeds ninety.
2. The amount of retirement benefits is two percent of the final average monthly salary of the member multiplied by the number of years of credited service. For the purposes of this subsection, final average monthly salary for a tier one member means one thirty-sixth of the total of the member's highest annual salaries earned between July first of a calendar year and June thirtieth of the subsequent calendar year for any three years of service credit under the fund. For purposes of this subsection, final average monthly salary for a tier two member means one sixtieth of the total of the member's highest annual salaries earned between July first of a calendar year and June thirtieth of the subsequent calendar year for any five years of service credit under the fund.
 3. Notwithstanding any other provision of this section, no member who retired on July 1, 1993, or after and is eligible to receive benefits under former chapter 15-39, chapter 15-39.1, or section 15-39.2-02, may receive benefits which are less than:

15-39.1-10.1. Postretirement adjustments. Every person receiving monthly benefits from the fund on an account on which benefits were being paid on June 30, 1983, shall receive an increase in benefits beginning July 1, 1983, equal to fifteen percent of the person's present annuity. The percentage must be adjusted, if necessary, so that the maximum increase would be no more than forty-five dollars per month. The fifteen percent increase in benefits must be adjusted in percentage so that no person receives less than one dollar per month per year of teaching credit.

15-39.1-10.2. Postretirement adjustments. Every person receiving monthly benefits from the fund on an account on which benefits were being paid on June 30, 1985, shall receive an increase in benefits beginning July 1, 1985, equal to one percent for each year the person has been retired under the fund. No member may receive more than a ten percent or more than a forty dollar per month increase in benefits under this section.

15-39.1-10.3. Multiple plan membership - Eligibility for benefits - Amount of benefits.

1. a. For the purpose of determining vesting of rights and eligibility for benefits under this chapter, a teacher's years of service credit is the total of the years of service credit earned in the fund and the years, with twelve months of compensation equal to a year, of service employment earned in any number of the following alternate plans:
 - (1) The public employees retirement system.

(2) The highway patrolmen's retirement system.

Service credit may not exceed one year of service in any fiscal year in determining vesting and benefit eligibility.

- b. If a teacher terminates eligible employment under the fund, if that teacher has not received a refund of member contributions, and if that teacher begins eligible employment in a plan described in paragraph 1 or 2 of subdivision a, that teacher may elect to remain an inactive member of the fund without refund of contributions. The board shall terminate the inactive status of a teacher under this subdivision if the teacher gains eligible employment under this chapter or if the teacher terminates eligible employment under a plan described in paragraph 1 or 2 of subdivision a.
 - c. Pursuant to rules adopted by the board, a teacher who has service credit in the fund and in any number of the alternate plans described in paragraphs 1 and 2 of subdivision a is entitled to benefits under this chapter.
 - (1) A tier one member may elect to have benefits calculated using the benefit formula in subsection 2 of section 15-39.1-10 under either of the following calculation methods:
 - (a) Using the three highest certified fiscal year salaries of this plan in the computation of final average salary and all service credit earned in this plan; or
 - (b) Using the three highest certified fiscal year salaries of this plan combined with the alternate plan in the computation of final average salary and service credit not to exceed one year in any fiscal year when combined with the service credit earned in the alternate retirement plan.
 - (2) A tier two member may elect to have benefits calculated using the benefit formula in subsection 2 of section 15-39.1-10 under either of the following calculation methods:
 - (a) Using the five highest certified fiscal year salaries of this plan in the computation of final average salary and all service credit earned in this plan; or
 - (b) Using the five highest certified fiscal year salaries of this plan combined with the alternate plan in the computation of final average salary and service credit not to exceed one year in any fiscal year when combined with the service credit earned in the alternate retirement plan.
2. a. If a teacher, who is eligible to participate in this fund, is also eligible to participate in an alternate retirement system, the employee is a member of the teachers' fund for retirement for duties covered under this fund, and the employee is also a member of the public employees retirement system or highway patrolmen's retirement system for duties covered by those alternate retirement systems. The employers shall pay the member and employer contributions at the rates currently existing for the applicable system.
- b. If a teacher described in subdivision a was employed prior to August 1, 2003, and has dual member rights, the teacher may elect to begin participation in the alternate plan pursuant to the plan provisions on August 1, 2003, or may continue participation pursuant to the plan provisions in effect on July 31, 2003. A plan participation election is required by five p.m. on October 31, 2003. If an

election is not received by the retirement plan, the participation and benefit calculation requirements of this chapter as of July 31, 2003, continue to be in effect for the teacher.

3. Under rules adopted by the board, an individual whose service credit was canceled when that individual received a refund of assessments at termination of employment under this chapter may, while that individual participates in a plan described in paragraph 1 or 2 of subdivision a of subsection 1, repurchase that service credit that was canceled.

15-39.1-10.4. Postretirement adjustments. An individual who, on June 30, 1987, is receiving benefits from the fund on an account paid under former chapter 15-39 is entitled to a monthly increase in that individual's annuity. The monthly increase is fifteen dollars plus one dollar and fifty cents for every year benefits have been drawn from the fund, but cannot exceed an increase of seventy-five dollars per month. An individual who, on June 30, 1987, is receiving benefits from the fund on an account paid under this chapter is entitled to a monthly increase of one dollar and fifty cents for every year benefits have been drawn from the fund.

15-39.1-10.5. Postretirement adjustments. An individual who on June 30, 1989, is receiving monthly benefits from the fund on an account paid under this chapter or under former chapter 15-39 is entitled to receive an increase in benefits equal to five cents times the individual's number of years of service credit under the fund times the number of years the individual has drawn benefits from the fund.

15-39.1-10.6. Benefit limitations. Benefits with respect to a member participating under former chapter 15-39 or chapter 15-39.1 or 15-39.2 may not exceed the maximum benefits specified under section 415 of the Internal Revenue Code [26 U.S.C. 415] in effect on August 1, 2009, for governmental plans. The maximum dollar benefit applicable under section 415(b)(1)(A) of the Internal Revenue Code must reflect any increases in this amount provided under section 415(d) of the Internal Revenue Code subsequent to August 1, 2009. If a member's benefit is limited by these provisions at the time of retirement or in any subsequent year, the benefit paid in any following calendar year may be increased to reflect all cumulative increases in the maximum dollar limit provided under section 415(d) of the Internal Revenue Code for years after the year payments commenced, but not to more than would have been payable in the absence of the limits under section 415 of the Internal Revenue Code. If an annuitant's benefit is increased by a plan amendment, after the commencement of payments, the member's benefit may not exceed the maximum dollar benefit under section 415(b)(1)(A) of the Internal Revenue Code, adjusted for the commencement age and form of payment, increased as provided by section 415(d) of the Internal Revenue Code. If this plan must be aggregated with another plan to determine the effect of section 415 of the Internal Revenue Code on a member's benefit, and if the benefit must be reduced to comply with section 415 of the Internal Revenue Code, then the reduction must be made pro rata between the two plans, in proportion to the member's service in each plan.

15-39.1-10.7. Postretirement adjustments. An individual who on June 30, 1991, is receiving monthly benefits from the fund on an account paid under this chapter or under former chapter 15-39 is entitled to receive three dollars per month multiplied by the individual's number of years of credited service for individuals who retired before 1980, two dollars per month multiplied by the individual's number of years of credited service for individuals who retired after 1979 and before 1984, or one dollar per month multiplied by the individual's number of years of credited service for individuals who retired after 1983 and who retire before July 1, 1991, or an increase of ten percent in the individual's currently payable annuity, whichever is greater. The minimum monthly increase under this section is five dollars and the maximum monthly increase under this section is seventy-five dollars.

15-39.1-10.8. Postretirement adjustments. An individual who on June 30, 1993, is receiving monthly benefits from the fund on an account paid under this chapter or under former chapter 15-39 is entitled to receive three dollars per month multiplied by the individual's number of years of credited service for individuals who retired before 1980, two dollars and fifty cents per month multiplied by the individual's number of years of credited service for individuals who retired

after 1979 and before 1984, or one dollar per month multiplied by the individual's number of years of credited service for individuals who retired after 1983 and who retire before July 1, 1993, or an increase of ten percent in the individual's currently payable annuity, whichever is greater. The minimum monthly increase under this section is five dollars and the maximum monthly increase under this section is one hundred dollars.

15-39.1-10.9. Postretirement adjustment. An individual who on June 30, 1997, is receiving monthly benefits from the fund on an account paid under this chapter or under former chapter 15-39 is entitled to receive an increase of thirty dollars per month.

15-39.1-10.10. Postretirement adjustment. An individual who on June 30, 1999, is receiving monthly benefits from the fund on an account paid under this chapter or under former chapter 15-39 is entitled to receive a monthly increase equal to an amount determined by taking two dollars per month multiplied by the member's number of years of service credit plus one dollar per month multiplied by the number of years since the member's retirement.

15-39.1-10.11. Postretirement adjustments. An individual who on June 30, 2001, is receiving monthly benefits from the fund on an account paid under this chapter or under former chapter 15-39 is entitled to receive a monthly increase equal to an amount determined by taking two dollars per month multiplied by the member's number of years of service credit plus one dollar per month multiplied by the number of years since the member's retirement. In addition, an individual who is receiving monthly benefits from the fund on an account paid under this chapter or under former chapter 15-39 is entitled to receive a seventy-five hundredths of one percent increase of the individual's current monthly benefit with the increased benefit payable each month thereafter beginning on July 1, 2001. An individual who on June 30, 2002, is receiving monthly benefits from the fund on an account paid under this chapter or under former chapter 15-39 is entitled to receive a seventy-five hundredths of one percent increase of the individual's current monthly benefit with the increased benefit payable each month thereafter beginning on July 1, 2002. This annual benefit adjustment is conditioned on an actuarial test performed annually by the board's actuarial consultant to determine the actuarial adequacy of the statutory contribution rate. The board shall report the results of the actuarial test annually to the employee benefits programs committee. If the actuarial valuation indicates a shortfall between the actuarially determined benchmark contribution rate and the statutory rate, the board may reduce or suspend the conditional annual benefit adjustment. The actuarial adequacy test fails if one or more of the following are true:

1. The shortfall is greater than six-tenths of one percent in any year; or
2. The shortfall is greater than three-tenths of one percent in any two consecutive years.

15-39.1-10.12. Supplemental retiree benefit payment. An individual who retired before January 1, 2009, and is receiving monthly benefits from the fund on an account paid under this chapter or under former chapter 15-39 on December 1, 2009, is entitled to receive a supplemental payment from the fund. The supplemental payment is equal to an amount determined by taking twenty dollars multiplied by the member's number of years of service credit plus fifteen dollars multiplied by the number of years since the member's retirement as of January 1, 2009. The supplemental payment may not exceed the greater of ten percent of the member's annual annuity or seven hundred fifty dollars. The board shall make the supplemental payment in December 2009.

15-39.1-11. Vesting of rights. When a tier one member has paid assessments and earned three years of service credit in this state, that member has a vested right to a retirement annuity but is not entitled to payments under this chapter until the member meets the requirements set forth in section 15-39.1-10 or 15-39.1-12. When a tier two member has paid assessments and earned five years of service credit in this state, that member has a vested right to a retirement annuity but is not entitled to payments under this chapter until the member meets the requirements set forth in section 15-39.1-10 or 15-39.1-12.

15-39.1-12. Early retirement. A tier one member who has acquired a vested right to a retirement annuity as set forth in section 15-39.1-11 and who has attained age fifty-five may retire prior to the normal retirement age as set forth in section 15-39.1-10 but the benefits to which the member is then entitled must be reduced to the actuarial equivalent of the benefit credits earned to the date of early retirement from the earlier of age sixty-five or the age at which current service plus age equals eighty-five. A tier two member who has acquired a vested right to a retirement annuity as set forth in section 15-39.1-11 and who has attained age fifty-five may retire prior to the normal retirement age as set forth in section 15-39.1-10 but the benefits to which the member is then entitled must be reduced to the actuarial equivalent of the benefit credits earned to the date of early retirement from the earlier of age sixty-five or the age at which current service plus age equals ninety.

15-39.1-12.1. Partial service retirement. Repealed by S.L. 1999, ch. 175, § 9.

15-39.1-12.2. Benefit payments to alternate payee under domestic relations order.

1. The board shall pay retirement benefits in accordance with the applicable requirements of any qualified domestic relations order. The board shall review a domestic relations order submitted to it to determine if the domestic relations order is qualified under this section and under rules established by the board for determining the qualified status of domestic relations orders and administering distributions under the qualified orders. Upon determination that a domestic relations order is qualified, the board shall notify the teacher and the named alternate payee of its receipt of the qualified domestic relations order.
2. A "qualified domestic relations order" for purposes of this section means any judgment, decree, or order, including approval of a property settlement agreement, which relates to the provision of child support, spousal support, or marital property rights to a spouse, former spouse, child, or other dependent of the teacher, which is made pursuant to a North Dakota domestic relations law, and which creates or recognizes the existence of an alternate payee's right to, or assigns to an alternate payee the right to, receive all or a part of the benefits payable to the teacher. A qualified domestic relations order may not require the board to provide any type or form of benefit, or any option, not otherwise provided under the fund, or to provide increased benefits as determined on the basis of actuarial value. However, a qualified domestic relations order may require the payment of benefits at the early retirement date notwithstanding that the teacher has not terminated eligible employment. A qualified domestic relations order must specify:
 - a. The name and last-known mailing address of the teacher and the name and mailing address of each alternate payee covered by the order;
 - b. The amount or percentage of the teacher's benefits to be paid by the board to each alternate payee;
 - c. The number of payments or period to which the order applies; and
 - d. Each retirement plan to which the order applies.

15-39.1-13. Exemptions from legal process. Repealed by S.L. 1987, ch. 386, § 2.

15-39.1-14. Retirement not mandatory. Nothing in this chapter may be construed as requiring retirement at any specific age. If the teacher elects to teach beyond age sixty-five, the teacher continues to earn credits at the same rate as prior to the age of sixty-five.

15-39.1-15. Withdrawal from fund - Return to teaching. A teacher who has withdrawn from the fund as set forth in this chapter may, by returning to teach in a public school or state institution of this state, regain service credit for prior teaching by making the required payment. The required payment, if made within five years of returning to teach in covered employment, is

the amount that was withdrawn with interest. In all other cases, the purchase cost must be on an actuarial equivalent basis. If the teacher returns to teach in covered employment after June 30, 2008, the teacher becomes a tier two member regardless of whether the teacher repurchases service credit earned while the teacher was a tier one member.

15-39.1-16. Option of teachers eligible to receive annuities. The board shall adopt rules providing for the receipt of retirement benefits in the following optional forms:

Option one. Upon the death of the teacher, the reduced retirement allowance must be continued throughout the life of, and paid to, the teacher's designated beneficiary named at the time of retirement. If the person designated to receive the teacher's reduced retirement allowance predeceases the teacher, the reduced retirement allowance must be converted to a single life retirement annuity under which benefit payments, if the person designated died prior to July 1, 1989, must begin on July 1, 1989, or, if the person designated dies on or after July 1, 1989, must begin on the first day of the month following the death of the person designated.

Option two. Upon the death of the teacher, one-half of the reduced retirement allowance must be continued throughout the life of, and paid to, the teacher's designated beneficiary named at the time of retirement. If the person designated to receive the teacher's reduced retirement allowance predeceases the teacher, the reduced retirement allowance must be converted to a single life retirement annuity under which benefit payments, if the person designated died prior to July 1, 1989, must begin on July 1, 1989, or, if the designated beneficiary dies on or after July 1, 1989, must begin on the first day of the month following the death of the person designated.

Option three. Upon the death of the teacher within twenty years of the commencement of annuity payments, the payments must be continued for the remainder of the twenty-year period to the teacher's designated beneficiary. This payment option is available to teachers who retire after July 31, 2003.

Option four. Upon the death of the teacher within ten years of the commencement of annuity payments, the payments must be continued for the remainder of the ten-year period to the teacher's designated beneficiary.

Option five. Level retirement income with social security option, which is available to teachers retiring before social security is payable.

Option six. Partial lump sum distribution option. A member who is eligible for an unreduced service retirement annuity under section 15-39.1-10 and who retires after July 31, 2003, may make a one-time election to receive a portion of the retirement annuity paid in a lump sum distribution upon retirement, pursuant to rules adopted by the board.

1. The eligible member may select a standard service retirement annuity or an optional service retirement annuity described in this section, together with a partial lump sum distribution. The partial lump sum distribution option is not available to members who have selected option five, the level income retirement option. This option is not available to disabled members or beneficiaries of deceased members. The partial lump sum distribution option may be elected only once by a member and may not be elected by a retiree.
2. The amount of the partial lump sum distribution under this section is twelve months of a standard service retirement annuity computed under section 15-39.1-10 and payable at the same time that the first monthly payment of the annuity is paid.
3. The service retirement annuity selected by the member must be actuarially reduced to reflect the partial lump sum distribution option selected by the member.
4. Before a retiring member selects a partial lump sum distribution under this section, the fund shall provide a written notice to the member of the amount by which the member's annuity will be reduced because of the selection.

The amount of the reduced retirement allowance payable upon the exercise of any of these options must be computed upon an actuarial basis through the use of standard actuarial tables and based upon the ages of the teacher and the teacher's designated beneficiary. A member's spouse, if designated as beneficiary, must consent in writing to the member's choice of benefit payment option for any benefit payments commencing after June 30, 1999. The board may rely on the member's representations about that person's marital status in determining the member's marital status. The spouse's written consent must be witnessed by a notary or a plan representative. If the spouse does not consent, or cannot be located, the member's annuity benefit must be paid using option two, the fifty percent joint and survivor option.

15-39.1-17. Death of member.

1. If the death of a member who has not acquired a vested interest should occur prior to retirement, a refund of the member's assessments accumulated with interest must be made to the member's beneficiary, or, if there is no beneficiary, the same must be paid to the surviving children, or if none, to the member's estate; provided, however, that if no probate proceedings have been instituted within thirty days of the death of the member, then to the heirs at law who file claim with the fund within one hundred fifty days of the death of the member.
2. If the death of a member who has acquired a vested interest should occur prior to retirement, then the member's beneficiary may apply for a refund of the member's assessments accumulated with interest. If there is no beneficiary, then the same must be paid to the surviving children, or if none, to the member's estate; provided, however, that if no probate proceedings have been instituted within thirty days of the death of the member, then to the heirs at law who file claim with the fund within one hundred fifty days of the death of the member. In lieu of a refund, the beneficiary may elect either to receive a monthly annuity in accordance with option one under section 15-39.1-16, with the amount of the annuity being determined as though the deceased member had retired under the option on the day benefits commence to the beneficiary; or the beneficiary may elect to receive for sixty months an amount equal to the monthly annuity the member would have received if the member had attained age sixty-five and retired, based on the member's credited service to date of death. If any member under this section has not paid into the fund assessments equal to the amounts required to be paid under section 15-39.1-09, the applicant shall pay any deficiency into the fund before receiving the annuity.
3. If a member who has received annuity payments other than a reduced retirement allowance as provided in section 15-39.1-16 dies prior to receiving accumulated annuity payments which exceed the assessments paid by the member to the fund plus interest, or a member who has elected a reduced retirement allowance under option one or two in section 15-39.1-16 dies and the person who was nominated to receive that member's reduced allowance also dies prior to receiving, together, accumulated annuity payments which exceed the assessments paid by the member to the fund plus interest, the member's beneficiary shall receive a final payment equal to the assessments the member paid to the fund plus interest as provided in section 15-39.1-20 less the amount of the annuity payments made.

15-39.1-18. Disability retirements.

1. Any member may also retire and receive a disability annuity if, after a period of at least one year of service as a member in this state, the member suffers from total disability as determined by the board.
2. The amount of the disability annuity is the greater of the amount computed by the retirement formula in section 15-39.1-10 without consideration of age or the amount computed by that formula without consideration of age but assuming the member had twenty years of credited service. A member determined eligible for a disability annuity under this section may elect to receive an annuity under any of the options

allowed in section 15-39.1-16, except the level retirement income with social security option or the partial lump sum option.

3. The disability annuity continues until the death or prior recovery of the disabled annuitant. The board shall ascertain by periodic medical examinations the continued disability status of a disabled annuitant.
4. If a disabled annuitant recovers and returns to active teaching, that annuitant is entitled to the retirement benefit credits which the annuitant earned prior to the time of disablement, and the credits which the annuitant earned after returning to active teaching must be added to those earned prior to disablement.

15-39.1-19. Annuities discontinued on resumption of teaching. Repealed by S.L. 1979, ch. 236, § 2.

15-39.1-19.1. Annuities discontinued on resumption of teaching.

1. a. Except as otherwise provided in section 15-39.1-19.2, a retired teacher who is receiving a retirement annuity under chapter 15-39, 15-39.1, or 15-39.2 may not return to covered employment until thirty calendar days have elapsed from the member's retirement date. A retired member may then return to covered employment under an annual hour limit and continue receiving a monthly retirement benefit. The annual hour limit is based on the length of the reemployed retiree's contract as follows:
 - (1) Retiree reemployment of nine months or less, annual limit is seven hundred hours;
 - (2) Retiree reemployment of ten months, annual limit is eight hundred hours;
 - (3) Retiree reemployment of eleven months, annual limit is nine hundred hours; or
 - (4) Retiree reemployment of twelve months, annual limit is one thousand hours.
 - b. Employment as a noncontracted substitute teacher does not apply to the annual hour limit. Professional development and extracurricular duties do not apply to the annual hour limit.
 - c. The retired member and the retired member's employer must notify the fund office in writing within thirty days of the retired member's return to covered employment. Should the retired member's employment exceed the annual hour limit, the retired member must immediately notify the fund office in writing. Failure to notify the fund office results in the loss of one month's annuity benefit. The retired member's monthly benefit must be discontinued the first of the month following the date the member reaches the annual hour limit.
 - d. A retired member who returns to teaching shall pay the member contributions required by section 15-39.1-09 on those earnings received by the retired member after reaching the annual hour limit.
 - e. A participating employer who employs a retired member under this section shall pay the employer contributions required by section 15-39.1-09 on the salary of the retired member both before and after the retired member reaches the annual hour limit.
2. Upon the retired teacher's subsequent retirement, the member's benefit must be resumed as follows:

- a. If the teacher subsequently retires with less than two years of additional earned credited service, the teacher's contributions paid to the fund must be refunded in accordance with section 15-39.1-20 and the teacher is entitled to receive the discontinued annuity, plus any postretirement benefit adjustments granted during the period of reemployment, the first day of the month following the teacher's re-retirement.
- b. If the teacher subsequently retires with two or more but less than five years of additional earned credited service, the retired person's annuity is the greater of the sum of the discontinued annuity, plus an additional annuity computed according to this chapter based upon years of service and average salaries earned during the period of reemployment plus any postretirement benefit adjustments granted during the period of reemployment, or a recalculated annuity computed according to this chapter based on total years of service credit earned during both employment periods offset by the actuarial value of payments already received. The new annuity is payable the first day of the month following the member's re-retirement.
- c. If the teacher subsequently retires with five or more years of additional earned credited service, the retired person's annuity is the greater of the sum of the discontinued annuity plus an additional annuity based upon years of service and average salaries earned during the period of reemployment plus any postretirement benefit adjustments granted during the period of reemployment, or a recalculated annuity based on all years of service computed under subsection 2 of section 15-39.1-10. The new annuity is payable the first day of the month following the member's re-retirement.

15-39.1-19.2. Retired teachers return to active service - Critical shortage areas and disciplines - Rules.

1. A retired teacher who is receiving a retirement annuity under chapter 15-39, 15-39.1, or 15-39.2 may elect to return to teaching without losing any benefits under the provisions of this section or elect to return to teaching under the provisions of section 15-39.1-19.1. To return to teaching under this section, a retired teacher must:
 - a. Return to teach in a critical shortage geographical area or subject discipline as determined by the education standards and practices board by rule;
 - b. If retired after January 1, 2001, have been receiving a retirement annuity for at least one year. A retired teacher may perform noncontracted substitute teaching duties but may not engage in full-time or part-time teaching duties during the one-year separation from service; and
 - c. Notify the fund office in writing within thirty days of the retired member's return to covered employment. The retired member's employer must also notify the fund office in writing within thirty days of the retired member's return to covered employment.
2. A retired teacher who returns to teaching under this section is not required to pay the employee assessment required by section 15-39.1-09. A retired teacher who returns to teaching under the provisions of this section must be treated as retired for all other purposes under this chapter. A retired teacher may not earn any additional service during the period of reemployment. The retired teacher's benefits may not be adjusted to reflect changes in the retired teacher's age or final average monthly salary at the end of the period of reemployment, any optional form of payment elected under section 15-39.1-16 remains effective during and after the period of reemployment, and additional benefits normally available to an active member, such as disability benefits, are not available to a retired teacher reemployed under this section.

3. A participating employer who employs a retired member under this section shall pay the employer contributions required by section 15-39.1-09 on the salary of the retired member.

15-39.1-20. Withdrawal from fund. When a member of the fund ceases to be eligible under the terms of this chapter to participate in the fund, the member may, after a period of one hundred twenty days, withdraw from the fund and is then entitled to receive a refund of assessments accumulated with interest. The one-hundred-twenty-day requirement may be waived by the board when it has evidence the teacher will not be returning to teach in North Dakota. The refund is in lieu of any other benefits to which the member may be entitled under the terms of this chapter, and by accepting the refund, the member is waiving any right to participate in the fund under the same provisions that existed at the time the refund was accepted regardless of whether the member later repurchases refunded service credit. A member may elect, at the time and under rules adopted by the board, to have any portion of an eligible rollover distribution paid directly in a direct rollover to an eligible retirement plan specified by the member as allowed under section 401(a)(31) of the Internal Revenue Code in effect on August 1, 2009.

15-39.1-21. Effect on existing obligations. Nothing herein contained may be construed to affect existing retirement benefits and all obligations of the teachers' insurance and retirement fund existing on July 1, 1971, must be assumed and paid from the teachers' fund for retirement. Amounts which persons retired on July 1, 1971, are receiving must be frozen as of that date and may not be deemed increased by this chapter.

15-39.1-22. Annual audit. The board shall conduct an annual audit of the fund for the fiscal year ending the preceding June thirtieth.

15-39.1-23. Penalties for failure to make required reports and payments. Except for unintentional reporting errors, an employing body failing to file reports required by the board or failing to pay over for credit to the fund the amounts required to be paid by this chapter is subject to a civil penalty of two hundred fifty dollars and, as interest, one percent of the amount due for each month of delay or fraction thereof after the report was required to be filed or the payment became due. The board, if satisfied the delay or underpayment was unintentional and excusable, may waive, or if paid, refund all or part of the two hundred fifty dollar penalty and may reduce the interest rate charge to the investment return rate used in the most recent actuarial valuation, compounded annually, but may not waive the entire amount of the interest. The penalty must be paid to the fund and deposited in the same manner as other receipts under this chapter.

In addition, a school district, multidistrict special education unit, area career and technology center, and regional education association may not share in the apportionment of any money from the state for any year unless the school district, multidistrict special education unit, area career and technology center, or regional education association has made the reports required by the board as permitted by this chapter, and has paid over for credit to the fund the amounts required to be paid under this chapter.

15-39.1-24. Purchase of additional credit. Prior to retirement a teacher who provides proof of eligibility under rules adopted by the board may purchase additional credit for use toward retirement in the following instances and manner:

1. A teacher may purchase service credit for years of elementary or secondary teaching service at an accredited out-of-state public, private, or parochial school.
2. A teacher not qualified to receive military credit under the Uniformed Services Employment and Reemployment Rights Act of 1994 [Pub. L. 103-353; 108 Stat. 3150; 38 U.S.C. 4301-4307] or Veterans' Reemployment Rights Act of 1991 [Pub. L. 93-508; 88 Stat. 3150] who has received an honorable discharge from military service of the United States of America may purchase military credit for no more than four years of active service, upon filing application and proof with the board.

3. A teacher may purchase service credit for credit lost while on an approved leave of absence from teaching duties.
4. A teacher may purchase service credit for the time during each legislative session spent serving as a member of the legislative assembly while holding eligible employment under this chapter. As an alternative to a teacher purchasing service credit under this subsection, a teacher and the governmental body employing the teacher may enter into an agreement by which payment for service credit for time spent during each legislative session by the teacher serving as a member of the legislative assembly is made pursuant to section 15-39.1-09. The agreement must provide that contributions made pursuant to section 15-39.1-09 are calculated based on the teacher's annual salary without reduction for a leave of absence taken by the teacher during the legislative session.
5. A teacher may purchase credit for years of elementary or secondary teaching service if employed by an agency of the United States government.
6. A teacher who is elected president of a professional educational organization recognized by the board and who serves in a full-time capacity in lieu of teaching may purchase service credit for the time spent serving as president. As an alternative to purchasing service credit under this subsection, a teacher and the governmental body employing the teacher may enter into an agreement under which payment for service credit for the time spent as president of the professional educational organization is made pursuant to section 15-39.1-09. The agreement must provide that contributions made pursuant to section 15-39.1-09 are calculated based on the teacher's annual salary as president.
7. A teacher may purchase service credit for years of elementary or secondary teaching service in an accredited North Dakota private or parochial school.
8. A teacher who has at least five years of teaching service credit in the fund may purchase credit not based on service for use toward retirement eligibility and benefits. The purchase of service credit for such nonqualified service as defined under section 415(n) of the Internal Revenue Code is limited to an aggregate of five years.
9. A teacher who had that person's North Dakota teaching service interrupted by military service in any branch of the United States armed forces and received an honorable discharge may receive credit for military service pursuant to applicable federal veterans' rights acts including the Uniformed Services Employment and Reemployment Rights Act of 1994 [Pub. L. 103-353; 108 Stat. 3150; 38 U.S.C. 4301-4307] or the Veterans' Reemployment Rights Act of 1991 [Pub. L. 93-508; 88 Stat. 3150].
10. With the exception of military service, purchased service credit is not eligible for credit if the years claimed also qualify for retirement benefits from another retirement system.
11. The fund may accept eligible rollovers, direct rollovers, and trustee-to-trustee transfers from eligible retirement plans specified under Internal Revenue Code section 402(c)(8)(B) to purchase refunded service credit under section 15-39.1-15 and to purchase additional service credit under section 15-39.1-24. The board shall adopt rules to ensure that the rollovers and transfers comply with the requirements of the Internal Revenue Code and internal revenue service regulations. The total amount rolled over or transferred into the fund may not exceed the amount due to purchase service credit.
12. The amount of additional service eligible to be purchased under this section must be credited to the teacher when the teacher has made the required payment. Except

as provided in subsections 4, 6, and 9, the purchase cost must be on an actuarial equivalent basis.

15-39.1-25. Certain rights and obligations fixed. Except as otherwise provided in chapter 15-39.2, the laws pertaining to the teachers' fund for retirement, as contained in chapter 15-39.1, apply to teachers, superintendents, assistant superintendents, principals, assistant principals, special teachers, supervisors of instruction and other supervisors, presidents, deans, school librarians, and registrars employed by any state institution under the supervision and control of the state board of higher education and the commissioner of higher education, only in the form and substance as chapter 15-39 existed as of July 1, 1967, and all such persons have only such rights, benefits, and privileges as provided in chapter 15-39 as it existed on July 1, 1967. Such persons are responsible or liable for only those costs or assessments provided for in chapter 15-39 as such laws and chapter existed on July 1, 1967. The state board of higher education or any institution under the supervision or control of the state board of higher education is not liable for any costs, assessments, or payments under the provisions of chapter 15-39 in excess of that provided or required under the provisions of chapter 15-39 as such laws and chapter existed on July 1, 1967. It is hereby declared to be the intent of the legislative assembly to freeze the rights, benefits, privileges, assessments, payments, and obligations of the persons, offices, and institutions specified in this section to those rights, benefits, privileges, assessments, payments, and obligations as they existed under the provisions of chapter 15-39 as such laws and chapter existed in form and substance as of July 1, 1967, and that all legislative enactments subsequent to such date do not affect or apply to those persons, offices, and institutions specified in this section or their rights, benefits, privileges, assessments, payments, and obligations as fixed by this section.

15-39.1-26. Investment of moneys in fund - Interest and earnings attributable to fund. Investment of the fund is under the supervision of the state investment board in accordance with chapter 21-10. The moneys must be placed for investment only with a firm or firms whose endeavor is money management, and only after a trust agreement or contract has been executed. Investment costs may be paid directly from the fund, and are hereby appropriated for that purpose, in accordance with section 21-10-06.2. All interest and earnings on funds administered by the board must be credited to the fund.

15-39.1-27. Computation of years of service. In computing the terms of service of a member under this chapter, for a member employed full time, a year is deemed to be one hundred seventy-five days of compensation. Employment less than one hundred seventy-five days of compensation is not deemed to be a full year but only as the proportion of a year as the number of hours employed in each year of service bears to seven hundred hours.

15-39.1-28. Tax levy for teachers' retirement. Any school district by a resolution of its school board may levy a tax pursuant to subdivision b of subsection 1 of section 57-15-14.2, the proceeds to be used for the purposes of meeting the district's contribution to the fund arising under this chapter and to provide the district's share, if any, of contribution to the fund for contracted employees of either a multidistrict special education board or another school district where the contracted employees are also providing services to the taxing school district.

15-39.1-29. Fraud against fund - Penalty. Any person who knowingly makes a false statement, or falsifies or permits to be falsified any record or records of this retirement fund in any attempt to defraud such fund as a result of such act, is guilty of theft, and is punishable therefor under the laws of the state of North Dakota. Should any change or error in records result in any person receiving from the fund more or less than that person would have been entitled to receive had the records been correct, then, on the discovery of any such error, the board shall correct such error, and, as far as practicable, shall adjust the payments in such a manner that the actuarial equivalent of the benefit to which such person was correctly entitled is paid.

15-39.1-30. Confidentiality of records. All records relating to the retirement benefits of a member or a beneficiary under this chapter are confidential and are not public records. The information and records may be disclosed, under rules adopted by the board, only to:

1. A person to whom the teacher has given written consent to have the information disclosed.
2. A person legally representing the teacher, upon proper proof of representation, and unless the teacher specifically withholds consent.
3. A person authorized by a court order.
4. A member's participating employer, limited to information concerning the member's years of service credit, years of age, employer and employee contribution amounts, and salary. The board may share other types of information as needed by the employer to validate the employer's compliance with existing state or federal law. Any information provided to the member's participating employer under this subsection must remain confidential except as provided in subsection 6.
5. The administrative staff of the public employees retirement system for purposes relating to membership and benefits determination.
6. State or federal agencies for the purpose of validating member eligibility or employer compliance with existing state or federal law.
7. Member interest groups approved by the board, limited to information concerning the member's death.
8. A government child support enforcement agency for purposes of establishing paternity or establishing, modifying, or enforcing a child support obligation of the member.
9. The member's spouse or former spouse, that individual's legal representative, and the judge presiding over the member's dissolution proceeding for purposes of aiding the parties in drafting a qualified domestic relations order under section 15-39.1-12.2. The information disclosed under this subsection must be limited to information necessary for drafting the order.
10. Beneficiaries designated by a participating member or a former participating member to receive benefits after the member's death, but only after the member's death. Information relating to beneficiaries may be disclosed to other beneficiaries of the same member.
11. The general public, but only after the board has been unable to locate the member for a period in excess of two years, and limited to the member's name and the fact that the board has been unable to locate the member.
12. Any person if the board determines disclosure is necessary for treatment, operational, or payment purposes, including the completion of necessary documents.
13. A person if the information relates to an employer service purchase, but the information must be limited to the member's name and employer, the retirement program in which the member participates, the amount of service credit purchased by the employer, and the total amount expended by the employer for that service credit purchase. Information identified under this subsection may only be obtained from the member's employer.

15-39.1-31. Correction of errors - Adjustment to actuarial equivalent. If any change or error in the records of the fund or any participating employer or error in any calculation results in any person receiving from the fund more than that person would have been entitled to receive had the records been correct, the board shall correct the error and, as far as practicable, adjust the payment in such a manner that the actuarial equivalent of the benefit to which the person was

entitled is paid or the board may offset the amount of the overpayment from the amount of future retirement benefit payments. However, if the person agrees to repay the fund for the cost of the error upon terms acceptable to the board, no actuarial adjustment to the person's retirement benefit need be made.

15-39.1-32. Correction of errors - Lump sum payment. If any change or error in the records of the fund or any participating employer or any error in calculation results in any person receiving less from the fund than that person would have been entitled to receive had the records been correct, the board shall correct the error and adjust the payment in such a manner that the benefit to which the person was correctly entitled is paid. In addition, the board shall remit payment to the person in a lump sum to compensate that person for the difference between what was paid and what should have been paid. No interest may be assessed against the fund for providing payment for the correction of any loss of benefits.

15-39.1-33. Employer service purchases. A participating employer may purchase additional service credit on behalf of a member under the following conditions:

1. The member may not be given the option to choose between an employer service purchase and an equivalent amount paid in cash.
2. The member must meet one of the following conditions at the time the purchase is made:
 - a. The tier one member's age plus service credit must be equal to or greater than seventy-seven;
 - b. The tier one member's age must be at least fifty-five and the member must have at least three years of service credit;
