4. At the time of renewal the board shall require each applicant to present satisfactory evidence that the applicant has completed the continuing education requirements specified by the board.

2. Violating rules set by the board.
3. Violating a provision of this chapter.
4. Violating the professional code of conduct as adopted by the board.

5. Being adjudged guilty of an offense determined by the board to have a direct bearing on an applicant's or holder of the license's ability to serve the public as an addiction counselor or being adjudged guilty of any offense and being insufficiently rehabilitated as determined by the board under section 12.1-33-02.1.

One year from the date of the revocation, the licenseholder may make application for initial licensure.

#### **43-45-07.2. Reporting obligations.**

1. A person who has knowledge of any conduct constituting grounds for discipline under this chapter may report the violation to the board.
2. The hospital, clinic, or other health care institution, facility, or organization shall report to the board any action taken by the hospital, clinic, or other health care facility, institution, or organization to revoke, suspend, restrict, or condition an addiction counselor's privilege to practice or treat patients in the hospital, clinic, or other health care facility or institution, or as part of the organization, any denial of privileges or any other disciplinary action.

2. The board may investigate a complaint on its own motion, without requiring the identity of the complainant to be made a matter of public record, if the board concludes that good cause exists for preserving the confidentiality of the complainant.
3. An addiction counselor who is the subject of an investigation by the board shall cooperate fully with the investigation. Cooperation includes responding fully and promptly to any reasonable question raised by or on behalf of the board relating to the subject of the investigation, and providing copies of patient records when reasonably requested by the board and accompanied by the appropriate release.
4. In order to pursue the investigation, the board has the power to subpoena and examine witnesses and records, including patient records, and to copy, photograph, or take samples. It may require the licensed addiction counselor to give statements under oath, to submit to a physical or mental examination, or both, by a physician or physicians and other qualified evaluation professionals selected by the board if it appears to be in the best interest of the public that this evaluation be secured. A written request from the board constitutes authorization to release information. The patient records that are released to the board are not public records.
5. Unless there is a patient release on file allowing the release of information at the public hearing, all data and information, including patient records, acquired by the board in its investigation are confidential and closed to the public. All board meetings wherein patient testimony or records are taken or reviewed are confidential and closed to the public.
