# Shift happening in education

- One week of NYT more info than encountered in an 18<sup>th</sup> century lifetime
- China soon to be #1 English-speaking country
- India more honors students than America has students
- Top 10 jobs in 2010 didn't exist in 2004
- Today's learner will have 10-14 jobs by 38
- Student getting 4-year tech degree has learned outdated info by 3<sup>rd</sup> year

# Shift happening in education

- **Faculty preparing students for:**
  - ▣ *Jobs that don't yet exist*
  - ▣ *Using technology that hasn't been invented*
  - ▣ *To solve problems that we don't yet know are problems*

# Last big shift in education

- **1970s -- college was for best students**
  - ▣ *Philosophy was to weed out*
  - ▣ *Less than half of HS graduates went to college*
- **Middle-class jobs for HS graduates disappeared**
- **Post-secondary became a must-have**
- **Now 2/3 of HS graduates go to college**
- **Colleges adapting, swapping sink-or-swim for different instructional techniques**

# Pathways to Student Success

- ❑ P-20 conversation
- ❑ Access vs. open enrollment
- ❑ Guidance
- ❑ Preparation
- ❑ Self-confidence
- ❑ Graduate on time
- ❑ Graduate with less debt

# What gets measured, gets done

- **Grade-point averages and ACT scores don't necessarily define a successful student**
- **Graduation and retention rates don't necessarily define a successful institution**
- ***BUT* -- Improvements will help us measure our success in positively impacting student outcomes**

# American Dream 2.0

- ***“The oil industry threw out its business model and adopted new ways to invest in operations and drill for oil. With so much power waiting to be tapped, it reinvented itself to make the most of the opportunity.*”**

***“The parallels to higher education are obvious. There are millions of Americans who represent hidden reserves that can power the country. What if we adopted a new business model to tap into those reserves?”***

# Enhancing education is a journey, we're developing the roadmap

- **SBHE committed to doing it right**
- **Partnering with K-12**
- **Confident transition from HS to HE**
- **Win-win**
  - ▣ **Students**
  - ▣ **Institutions**
  - ▣ **State**
