

Interim Judiciary Committee
 Thursday, January 23, 2014
 Testimony of Mike Reitan

24/7 survey numbers

Cass County reported less than 40 during the summer months of 2013 now approaching 150 per day. On Monday of this week the numbers were approximately 60 on scam bracelets; 30 on drug patch; 40 doing twice a day breathe testing.

Burleigh County reported between 50 and 60 during the summer of 2013 and now approaching 155. The majority of the increase has been mainly in the drug patches, followed by the scam bracelets and twice a day breathe testing up about 10 over the 50 or 60 seen during the summer.

Williams County reported 13 twice a day breath testing on March 27 2013 and 27 twice a day breathe testing on January 16 2014. No one is participating in the drug patch or scam bracelet.

The paperwork associated with the program is reported as cumbersome. Court ordered testing registration is being completed by the 24/7 coordinating staff at the jail. ND DOT administrative testing registration is being done at the state level. Individual test must be logged into the system 24/7 failures are required to be reported to the court and/ or DOT. Drug patches are sent for analysis and results tracked by 24/7 coordinating staff.
