of Days Electronic Monitoring Services Were Provided

A.D.A.P.T. Inc.
Changing Lifestyles

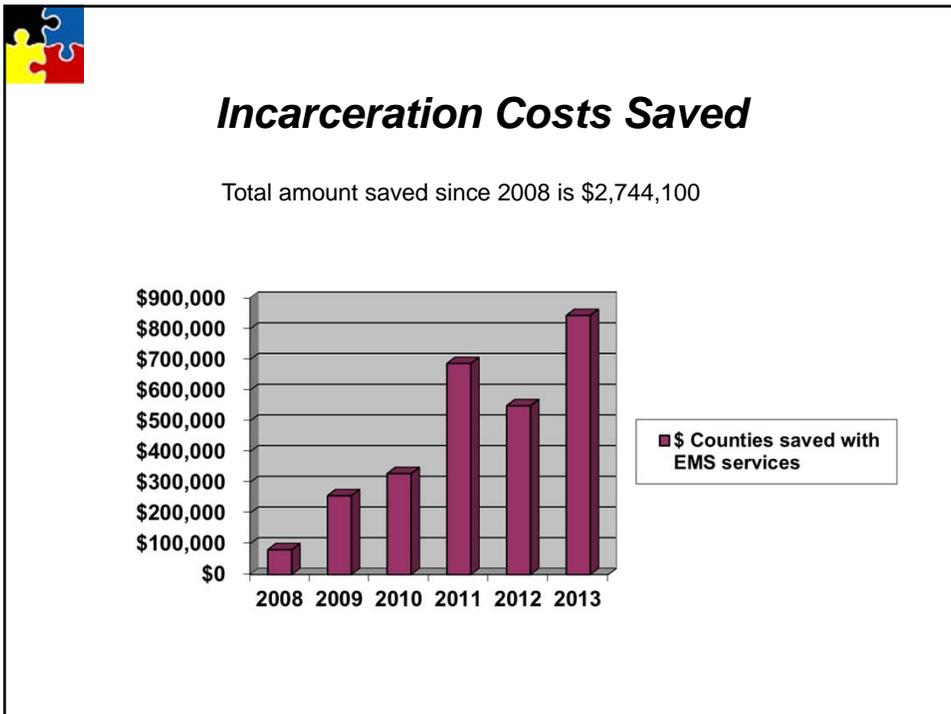

Benefits of Electronic Monitoring

- Since offenders are capable of being closely monitored 24/7 while avoiding incarceration, they are able to remain active in family functioning and maintain employment.
- This allows clients to be capable of paying for their own costs that are created as a result of their actions instead of society being financially responsible for their actions.

Multi-State Statistics

The average conservative cost of jail time/incarceration per day is \$100.00.

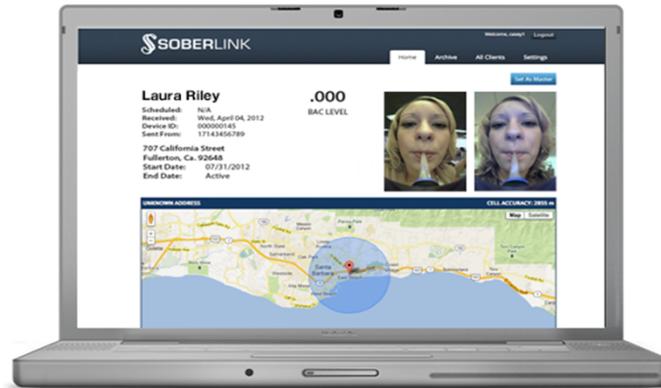

Soberlink

Dimensions	5" x 2.8" x 1.4"
Weight	8.4 oz (238 grams)
Sensor Technology	Deep lung, Dart fuel cell sensor
Battery Type	Lithium-ion rechargeable battery
Battery Life	5+ days
Breath Sample Duration	4 seconds
Operating Temperature	32°F–122°F (0°C–50°C)
Sensor Accuracy	±.005 BAC
Detection Range	.000 - .400% BAC
Transmission	Cellular, approx. 60 seconds after test
Cellular Carrier	Verizon Private Network
Calibration	Every 1500 tests, proprietary cal station available
GPS Hardware	Telit Wireless Solutions
Location ID	GPS or Cell Tower fix, displayed with Google Maps
Display	LCD, digital
Camera	Color, digital, infrared technology
Testing	Random or scheduled, programmable
Participant Alerts	Text message to participant's cell phone
Agency Alerts	Text message or email
Test Data	BAC, Time of test, location and photo
Firmware Updates	Over-the-air
Components	Breathalyzer, mouthpiece, charger, carrying case
Hosting	Two independent locations with Tier 1 hosting
Manufactured	United States, ISO 9001, 14001, 13485, AS9100, and OHSAS 18001
Warranty	1 year

Example of a Soberlink Alcohol Test

GPS one piece system

GPS capabilities

- Multiple tamper detection mechanisms
- Back-up location detection using LBS
- Continued tracking and zTwo-way communication with offender through LED lights and vibrating alerts
- User configurable alerts and program rules
- Functionality status indications
- Compact and lightweight -170gr/6oz
- Hypoallergenic, waterproof and tamper resistant
- Securely fits on offender's ankle using an adjustable, easy to install strap
- 24-hour battery life

GPS Inclusion Zone

Position History for: [redacted] from 5/3/2014 12:00:00 AM to 5/3/2014 11:59:59 PM
