

Dear Rich Wardner, Chairman of the Energy Development & Transmission Committee,

We are pleased to present you with this petition affirming this statement:

"Local zoning control at risk - Pete Wolla, Tioga, ND

My neighbors and I have been fighting a proposal for a landfill less than half a mile from my home. We have been successful in getting two proposals for the same landfill denied at the county level. We had more than 50 opposed at the township hearing and about 20 opposed at the county level.

Now, I see there is a proposed measure in committee in the state to end local votes on landfill proposals. Tim Dawson, who drafted the proposal, says this will end the not-in-my-backyard opposition to landfills. The proposed landfill isn't in his backyard; it is in mine. I believe my neighbors and I should have a bigger voice in these matters than someone who may drive by on the highway at 70 mph once in a while.

This countywide vote on zoning proposals has only been used once in North Dakota. That was in Bowman County on a landfill proposal and it passed the countywide vote. So what is this proposal going to solve, or is it to get the bill introduced then change it in committee to further restrict local control of issues? The committee hearing on this will be held at 8:30 a.m.

Oct. 16 in the Lewis and Clark/Maximilian/Stevens Rooms of the University of North Dakota Energy and Environmental Research Center in Grand Forks."

Attached is a list of individuals who have added their names to this petition, as well as additional comments written by the petition signers themselves.

Sincerely,
T. Heinle

This is a continued effort to take control away for the local residents and dictate all things out of Bismarck.

Landfills and other infra-structure facilities affect property values of the surrounding area - the local people should have a say in any zoning changes.

Oct 9, 2014

How many more of our rights will we let those representing us, take away from us. This issue has been on going. Fighting to keeping our lands, our families and our rights safe should be a priority for everyone. These landfills will affect generations to come. I believe not in a good way.

Leave PRIVATE property alone ! Bad enough you zone in commercial next to residential to get your way,
this is ENOUGH !!

Steve / Pat Eide

We have lived here all our lives and want SOME things we hold sacred to stay that way - OUR LAND!! We have the right to vote on what happens in our BACKYARD!!

Joanne Ulven
Tioga, ND 58852
Oct 7, 2014

We need to keep local control on local issues, and this is definitely a local issue. That is why we have Township Boards, Planning Commissions and County Commissioners.

Keep control at County level, not state level. County already voted this down, that where it should end!

neal nelson
Tioga, ND 58852
Oct 7, 2014

This is the worst idea ever, we need local control, we live here and know what is best and where it should and should not be locatrd for safety and future safety

Rena Iverson
White Earth, ND 58794
Oct 7, 2014

I'm opposed to the state having control of waste landfills in ND. It's our local boards that have the knowledge of what the land can handle along with knowledge to homes farm land!!!!
