

One-call issues discussed by stakeholder group (as reported March 17, 2016)

Consensus to recommend change:

1. Board composition
2. Prudent digging practice
3. Culpability language
4. Positive Response-location
5. PSC process streamline, if necessary
6. Site identification
7. Survey Ticket creation
8. Burden of proof when no excavation has occurred
9. Cost of location for non-locatable facilities
10. Cost of location for abusive, repeated location requests
11. Window for locates to be completed
12. Size of ticket

Consensus to recommend no change:

1. Protection and maintenance of flags
2. Enforcement language for improper flag removal
3. License revocation
4. Escalating fines
5. Defining excavation for purposes of fee collection
6. Assigning cost of location for dealing with reportable offense
7. Ticket length
8. Long term project management
9. Submitting information to OCC for new facilities

Discussed with no consensus for change:

- A. Minimum Fines
- B. Positive response-excavation
- C. Standardized communications forms
- D. Landowner notification
