Continued Large IT Projects 2017-19

Functional Consolidation N.D.C.C. 15-10-44.1

- Planning to be completed December 2016
- Implementation begins 2016
- Policy development underway

Predictive Analytics Reporting & Early Alert

- PAR implementation will be complete January 2017
- Ongoing research and data analysis throughout 2017-19
- Early Alert implementation is in implementation/completion phase for 8 of 11 campuses

Potential Large IT Projects 2017-19

Systemwide Learning Management System

- On June 24, 2016 the State Board of Higher Education directed all campuses to deploy a unified learning management system. Advantages include:
 - Single login and interface for all students across the system
 - Streamlined helpdesk
 - Complies with functional consolidation
 - Reduced licensing costs
- Deployment begins fall of 2016
 - Four campuses are using Blackboard LMS
 - Three campuses will migrate from their existing Pearson LMS
 - Four campuses using Moodle will migrate as resources become available

Unified online course catalog

- Presently, four campuses utilize Courseleaf online catalog software, expand to all
- Licensing costs can be reduced by a unified upload of all campus catalogs
