

## North Dakota Department of Health Fiscal Note

### Measure No. 5 Medical Use of Marijuana

### September 22, 2016

#### Summary of Measure

The measure creates an Act providing for the medical use of marijuana by *registered qualified patients* for defined debilitating medical conditions through *registered designated caregivers* and *compassion centers*, or by growing their own marijuana. A qualified patient who does not grow their own could be dispensed up to three ounces of usable marijuana. Qualified patients and designated caregivers are allowed to have up to eight marijuana plants and compassion centers are allowed 1,000 plants. Depending on growing conditions, the amount of usable marijuana obtained from each plant varies greatly.

The Act would create procedures for monitoring, inventorying, dispensing, cultivating and growing marijuana, all of which would be regulated and enforced by the Department of Health (DoH). The Act provides for the registration of qualified patients, designated caregivers and compassion centers by DoH and requires revenue to be deposited into the compassionate care fund administered by the DoH.

Qualified patients and designated caregivers are required to give local law enforcement officials notice of intent to grow marijuana. Compassion Centers are required to conduct comprehensive inventories of all medical marijuana and monthly inventories of stored, usable marijuana and must notify the DoH and appropriate local law enforcement authorities within twenty-four hours of discovery of any inventory discrepancy.

#### Fiscal Impact Sections of the Measure

Below is a brief description of the sections of the measure which have fiscal impact, and assumptions and comments related to the fiscal impact. Three characteristics significantly impact the cost to implement the measure.

- The measure does not limit the total number of qualified patients, designated caregivers or compassion centers that would be allowed to use, grow, cultivate, dispense, and sell medical marijuana in the state. This affects the number of permits that will have to be issued and tracked, the number of inspections that will need to be done, and the amount of testing that will be needed, all of which have to be done by the NDDoH. Some medical marijuana laws in other states significantly limit the number of allowed dispensaries/sellers, or allow none at all and require users to purchase the product out of state, thus reducing their costs.
- The measure allows for numerous methods to introduce medical marijuana into the human body (19-24-02(12)); legal methods of medical marijuana will include inhalation, including both smoking and vaporizing, edibles, oils, tinctures and so forth. Each of these methods and any future methods will need to be regulated by the NDDoH. Some medical marijuana laws in other states significantly limit the methods

of consumption that are allowed. For example, some states allow only cannabidiol oil, which significantly decreases the implementation costs.

- The measure allows medical marijuana to be used to treat a broad range of symptoms and diseases, such as chronic back pain and intractable, or hard to treat, nausea. Some states limit use to only one or a few diseases, thereby limiting the number of patients that qualify for medical marijuana. This means that, relative to other states, the NDDoH will be processing more applications, issuing and managing more permits, conducting more compliance checks of growers, and so forth.

### **19-24-03. Qualifying patient identification card application requirements.**

This section requires issuance of a registry identification card to applicants for the purpose of participating in the medical marijuana program and collection of an unspecified non-refundable application fee paid by personal check or cashier's check to DoH. Patient eligibility is based on submission of various documents, including physician certification of patient's debilitating medical condition and length of time the applicant has been under the care of the physician, release of medical information, physician's licensure, and information regarding the applicant's designated caregiver.

Assumptions: 1) Since the application fee amount is not stated and no other funding source is identified, fees are set to cover all costs of registration, regulation and enforcement. 2) An annual renewal process is described but a fee is not stated; revenue estimates assume the renewal fee is equal to the application fee. 3) 19-24-03 (2.g) requires information on applicant's "primary caregiver(s)" which is not defined in the measure and has other legal definitions; considering the measure in total it appears that, and we made the assumption that, "primary caregiver" means the designated caregiver which is defined in the measure. 4) Administrative overhead costs are allocated equally to qualified patient/designated caregiver processes and the compassion center processes.

Based on statistics from Colorado when their laws allowed medical marijuana only, we estimated North Dakota would have 16,500 qualified patients. The annual registration fee would be set at \$117 for both qualified patients and designated caregivers to cover costs at the estimated number of participants (qualified patients and designated caregivers). If the actual number of participants is less than estimated, an additional funding source will be needed to cover fixed costs.

### **19-24-04. Designated caregiver registry identification card application requirements.**

This section provides for issuance of a registry identification card to applicants for the purpose of managing the well-being of one to five qualified patients, including themselves, and collection of an unspecified non-refundable application fee paid by personal check or cashier's check to DoH. Eligibility is based on the submission of a certified copy of birth record, copy of driver's license or comparable state or federal issued photo identification card, approval of the qualified patient authorizing responsibility for managing their well-being with respect to use of marijuana, criminal history screening background check and other information.

Assumptions: 1) Since the application fee amount is not stated and no other funding source is identified, fees are set to cover all costs of registration, regulation and enforcement. 2) An annual renewal process is described but a fee is not stated; revenue estimates assume the renewal fee is equal to the application fee. 3) While the title of section 19-24-04 relates to designated caregiver registry application, throughout the section the term “primary caregiver” is used, which is not defined in the measure and has other legal definitions; considering the measure in total and this section, it appears that, and we made the assumption that, “primary caregiver” means the designated caregiver which is defined in the measure. 4) Administrative overhead costs are allocated equally to qualified patient/designated caregiver processes and the compassion center processes.

Based on statistics from Colorado when their laws allowed medical marijuana only, we estimated North Dakota would have 8,300 designated caregivers. The annual registration fee would be set at \$117 for both qualified patients and designated caregivers to cover costs at the estimated number of participants (qualified patients and designated caregivers). If the actual number of participants is less than estimated, an additional funding source will be needed to cover fixed costs.

**19-24-06. Addition of debilitating medical conditions.**

A citizen may petition the DoH to add conditions or treatments to the list of debilitating medical conditions listed in subsection 7 of section 19-24-02, where debilitating medical condition is defined. The process to consider additional conditions will require considerable staff and legal resources.

**19-24-07. Registration and operation of compassion centers.**

This section consists of sixteen pages of criteria for operation of a compassion center, which must be reviewed by the DoH before a compassion center may operate. Requirements include criminal history screening background checks for principal officers, board members, agents, volunteers, and employees, collection of \$125 non-refundable application or renewal fee, collection of a compassion center application fee of \$5,000 and a certification fee of \$25,000 after DoH has reviewed and approved them as having met the requirements.

**Additional significant cost drivers** are the DoH’s responsibility in subsection 2.g.(2) to ensure center’s compliance with requirements contained in subsections 2 and 3. These include compliance checks for conducting inventory, requirements for an operations manual, security, operating as a not-for-profit entity, training, packaging that indicates the marijuana is free of contaminants and the levels of active ingredients in the product within plus or minus error of five percentage points, along with additional requirements.

Assumptions: 1) The revenue provided in this section is not sufficient to cover the costs related to the licensure and regulation of compassion centers and no alternative source is provided, so a general fund appropriation would be needed to comply with this section. 2) Administrative overhead costs are allocated equally to qualified patient/designated caregiver processes and the compassion center processes.

Based on the numerous requirements to become a certified compassion center, DoH estimates only two centers would operate in the first full biennium.

### 19-24-09. On-site visits/interviews.

DoH may perform on-site visits and interviews to determine qualified patient or designated caregiver eligibility for the program. Additional responsibilities include reporting, referral and corrective action related to violations and involvement in suspension, revocation and appeal and hearing processes.

## Financial Impact Summary

See Attached.

## Other Fiscal Impacts

- **Tax Revenue:** The Office of the State Tax Commissioner has indicated that the revenue from sales of medical marijuana under this measure would be taxable because the revenue is not from prescribed drugs. The role of the physician is only to certify that the individual has one of the qualifying medical conditions and how long the individual has been under the physician's care.

The official statement from the Office of the State Tax Commissioner is "The initiated measure does not impose any state taxes. However, under existing law, the state sales tax of 5% would apply to the retail purchase price of all medical marijuana products sold in the state, including seeds and plants for "grow your own" usage, as well as products sold in final form. An estimate of the potential sales tax revenue from medical marijuana sales in North Dakota cannot be determined, as consumption estimates vary widely, making an assumption of the taxable value of the products likely to be sold in North Dakota unknown."

- **Implementation Start-up:** By law, measures passed by voters must be implemented within 30 days from approval by the voters, which in this instance would be December 8, 2016. Significant funding and FTE are needed to implement the measure. **The NDDoH does not have the funding, appropriation authority or authorized FTE to implement the measure in the current biennium.** Funding from the measure will come in as qualifying patients and designated caregivers apply for registration. However, before this occurs, staff need to be hired and an information technology system needs to be developed to process and track the registrations. In one state it took 18 months to implement a similar law. **One-time start-up costs, such as equipment, facility remodel and an IT system, are estimated at \$1,372,931. In addition, salary and operating costs during start-up are estimated at \$100,000 to \$200,000 per month.**

## Other State Agency Impacts

- *North Dakota Department of Human Services*

The North Dakota Department of Human Services estimates no fiscal impact as a result of the initiated measure for legalized medical marijuana. Although there could be a fiscal impact to the broad field resulting from an increase for assessments of potential addictions, one could also argue it may decrease the request for assessment of potential addictions. This is because we would expect a decrease in referrals in situations where someone would be using marijuana for medical reasons as they would no longer be referred (through courts or CPS) for an assessment.

- ***North Dakota Attorney General***

The Attorney General’s Office is not able to accurately estimate the fiscal impact because the measure is so broad. According to the Attorney General’s office, the measure likely will result in a significant increase in workload for the Crime Laboratory division, Criminal & Regulatory division and also its Licensing section, the Fire Marshal division, the Bureau of Criminal Investigation (BCI) and its Criminal History Record section and State & Local Intelligence Center (SLIC).

The agency provided the following example of a potential fiscal impact to its BCI division, based on Colorado’s model and using DoH estimates:

One criminal history FTE can process approximately 2,000 record checks per year. Based on the Health Department’s estimates, the BCI will need **5 additional FTE positions** to process the required criminal history record checks. **The cost of a criminal history FTE is \$149,311. The measure provides that the applicant must pay for the background check, so this amount will be billable to the applicants.**

If the BCI will be tasked with conducting compliance checks, additional BCI agent FTEs will be required, including a Chief Agent and a Supervisory Agent. The number of agent FTEs needed would depend on the number of growers, distribution points, compassion care centers and medical cards issued or allowed by legislation and/or admin rules. Adding agent FTEs will require an increase in information processing staff. For every six additional agents, the BCI estimates 1 FTE position for Information Processing (IP). **One BCI agent FTE salary/benefits is \$278,040.** An increase in FTE positions at BCI will necessitate increased office space, which is worked into the cost of the new FTEs.

Based on the estimates:

6 new BCI agent FTEs	\$1,668,240	
1 Chief Agent	\$29,000	(Difference between Special Agent and Chief Agent salary/benefits)
1 Supervisory Agent	\$12,000	(Difference between Special Agent and Supervisory Agent)
1 IP FTE	\$144,512	
5 Criminal History FTEs	\$746,555	
1 SLIC analyst	\$186,278	

**Estimated cost/biennium  
for the BCI division      \$2,786,585**

This estimated cost does not take into account current BCI staffing shortages as a result of the required 2.5% budget reduction, or the cost of additional FTEs for the other divisions within the agency that may be required as a result of the measure.

- ***North Dakota Highway Patrol***

The North Dakota Highway Patrol estimates no fiscal impact at this time. If a law passed and marijuana-related criminal activity or crashes noticeably increased as a result, it could potentially lead to our agency requesting additional sworn officers, but the offense of driving under the influence of alcohol/drugs is something the NDHP works hard to enforce every day. The NDHP may also have some training-related costs for canines and drug recognition officers as a result of legalizing marijuana, but those costs would be fairly minimal.

- ***North Dakota Workforce Safety Insurance***

Should this initiated measure pass, there will most certainly be effects felt within WSI.

While WSI pays medical expenses related to workplace injuries, we pay pharmaceuticals within our adopted formularies as priced within our fee schedules. For the foreseeable future it seems highly unlikely marijuana will meet the guidelines to make our formulary.

The foreseeable fiscal impact for us is anticipated as increased claim costs and administrative expenses generated by injured workers securing prescriptions for medical marijuana, using, and then testing positive, thereby preventing return to work after a work related injury. Many employers in North Dakota have mandatory drug testing. These positions would likely be eliminated as return to work options for our Vocational Rehabilitation team. Should the measure pass, additional legislation would likely be necessary to provide further clarification.

We are unable to complete a full actuarial analysis within the time constraints proposed, but even within the rather vague parameters, it is possible the impact may become material, depending on the pervasiveness of use.

We anticipate numerous injured workers to qualify for treatment under the conditions of

1. Fibromyalgia;
2. Spinal stenosis or chronic back pain including neuropathy or damage to the nervous tissue of the spinal cord with objective neurological indication of intractable spasticity;
3. Severe debilitating pain that has not responded to previously prescribed medication or surgical measures for more than three months or for which other treatment options produced serious side effects.

We know the analysis is not as complete as we would like, but, again, we anticipate economic effects, both administratively as well as in the amount of benefits paid.

- *North Dakota Department of Corrections*  
None

## **Local Agency Impacts**

Only one response was received from local agencies.

- *West Fargo Police*  
The West Fargo Police Department is unable to provide a reliable estimate as the most comprehensive data regarding impacts related to medical marijuana (obtained from Colorado) does not distinguish marijuana-only operators of a motor vehicle from alcohol and other drug-operators, prior to legalization of recreational marijuana.

Additional costs will be associated with the following:

- DUI arrests and motor vehicle crashes, including investigation and reconstruction of more serious accidents, providing additional safety at the scene, and time spent in court
- Medical first response related to accidental ingestion, poisoning, or mental health related issues
- Response to alarms at Compassion Care Centers
- Administrative tracking of notification of intent to grow
- Investigation into reports of lost inventory
- Assisting or escorting Department of Health inspectors
- Investigation of violations of this chapter

## **Qualifying Statement:**

*Because of the many assumptions that had to be made and the limited reliable data on which to base estimates, the department's confidence in the numbers is not high and the state could have additional or less financial risk and impact.*

PETITION TITLE

This initiated measure would add a new chapter to Title 19 of the North Dakota Century Code creating an Act providing for the medical use of marijuana for defined debilitating medical conditions, such as cancer, AIDS, hepatitis C, ALS, glaucoma, and epilepsy. To participate in the program, the Act would create identification cards with specific criteria before they can be issued by the Department of Health for patients, caregivers, compassion centers and other facilities. The Act would create procedures for monitoring, inventorying, dispensing, and cultivation and growing of marijuana to be regulated and enforced by the Department of Health. A qualified patient could be dispensed up to three ounces of usable marijuana. For violations, the Act would authorize the Department of Health to provide for corrective action, suspension, revocation, appeal, hearings, and referral for criminal prosecution. The Act would require the Department of Health to submit an annual report to the legislature regarding program statistics.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF NORTH DAKOTA:

SECTION 1. CHAPTER 19-24 OF THE NORTH DAKOTA CENTURY CODE IS CREATED AND ENACTED AS FOLLOWS:

19-24-01. Title.

This Act may be cited as the "North Dakota Compassionate Care Act".

19-24-02. Definitions.

The following words and terms, when used in these regulations, should have the following meaning, unless the context clearly indicates otherwise:

1. "Act" means the North Dakota Compassionate Care Act.
2. "Adulterated" means made impure or inferior by adding extraneous ingredients. Goods that are prepared in food establishments that are licensed facilities in response and that contain marijuana for medical use by a registered patient are not considered to be adulterated.
3. "Advisory board" means a nine-member committee established, chaired, and appointed by the governor, in conjunction with the attorney general, to evaluate and make recommendations to the state legislature and the Department.
4. "Applicant" means any person applying to participate in the North Dakota Compassionate Care Act.
5. "Cardholder" means a registered patient of any age or a registered designated caregiver who has been issued and possesses a valid registry identification card.
6. "Compassion center agent" means a principal officer, board member, employee, or agent of a registered compassion center who is twenty-one years of age or older and has not been convicted of an excluded felony offense, and has not been convicted of a drug misdemeanor within five years.
7. "Debilitating medical condition" means one or more of the following:

- a. Cancer and its treatments;
  - b. Positive status for human immunodeficiency virus (HIV);
  - c. Acquired immune deficiency syndrome (AIDS);
  - d. Decompensated cirrhosis (Hepatitis C);
  - e. Amyotrophic lateral sclerosis (ALS or Lou Gehrig's disease);
  - f. Post-traumatic stress disorder (PTSD);
  - g. Agitation of Alzheimer's disease, dementia, or the treatment of these conditions;
  - h. Crohn's disease or Fibromyalgia;
  - i. Spinal stenosis or chronic back pain including neuropathy or damage to the nervous tissue of the spinal cord with objective neurological indication of intractable spasticity;
  - j. Glaucoma;
  - k. Epilepsy;
  - l. A chronic or debilitating disease medical condition or its treatment that produces one or more of the following: cachexia or wasting syndrome; severe debilitating pain that has not responded to previously prescribed medication or surgical measures for more than three months or for which other treatment options produced serious side effects; intractable nausea; seizures; or severe and persistent muscle spasms, including but not limited to those characteristic of multiple sclerosis;
  - m. Any other medical condition or its treatment added by the North Dakota Department of Health.
8. "Department" means the North Dakota Department of Health.
9. "Designated caregiver" means a person who:
- a. Is at least twenty-one years of age;
  - b. Has agreed to assist with a patient's medical use of marijuana;
  - c. Has not been convicted of a felony offense; and
  - d. Assists no more than five qualifying patients with their medical use of marijuana.

10. "Incidental amount of marijuana" means marijuana seeds, stalks and roots of the plant that are not included when calculating the allowable amounts of marijuana specified in these rules. This includes the weight of any non-marijuana ingredients combined with marijuana, such as ingredients added to prepare a topical ointment, food or drink.
11. "Marijuana", also known as cannabis, is an annual, dioecious, flowering herb that produces a group of chemicals called cannabinoids.
12. "Marijuana paraphernalia" is limited to equipment, products and materials that are ordinarily used in planting, propagating, cultivating, growing, harvesting, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, ingesting, inhaling or otherwise introducing marijuana into the human body. It includes:
- a. Scales and balances;
  - b. Separation qins and sifters, used or intended for use in removing twigs and seeds from, or in otherwise cleaning or refining, marijuana;
  - c. Envelopes and other containers used or intended for use in packaging small quantities of marijuana for medical use;
  - d. Containers and other objects used or intended for use in storing medical marijuana; and
  - e. Objects used or intended for use in ingesting, inhaling or otherwise introducing marijuana into the human body, including but not limited to:
    - (1) Metal, wooden, acrylic, glass, stone, plastic or ceramic pipes with or without screens, permanent screens, hashish heads or punctured metal bowls;
    - (2) Water pipes;
    - (3) Carburetion tubes and devices;
    - (4) Smoking and carburetion masks;
    - (5) Roach clips, meaning objects used to hold burning marijuana cigarettes that have become too small or too short to be held in the hand;
    - (6) Chamber pipes;
    - (7) Carburetor pipes;
    - (8) Electric pipes;
    - (9) Air-driven pipes;

- (10) Chillums;
- (11) Bongs designed for marijuana and not for cocaine; or
- (12) Ice pipes or chillers.

- 13. "Medical use" means the acquisition, possession, use, delivery, transfer or transportation of marijuana or paraphernalia relating to the administration of marijuana to treat or alleviate a registered patient's debilitating medical condition or symptoms associated with the registered patient's debilitating medical condition.
- 14. "Onsite assessment" means a visit by an employee of the Department for the purpose of ensuring compliance with the requirements of these rules.
- 15. "Physician" means a properly licensed physician in the state of North Dakota. If the qualifying patient's debilitating medical condition is Post-Traumatic Stress Disorder, the physician must also be a licensed psychiatrist.
- 16. "Post-Traumatic Stress Disorder" means that a patient meets the diagnostic criteria for Post-Traumatic Stress Disorder (PTSD), per DSM-5 or subsequent current edition, including symptoms of intense physical reactions such as tachycardia, shortness of breath, rapid breathing, muscle tension, and sweating.
- 17. "Qualifying patient" means a person who has been diagnosed by a physician as having a debilitating medical condition.
- 18. "Registry identification card" means a document issued by the Department that identifies a person as a registered patient or registered designated caregiver.
- 19. "Tincture" means a mixture created from a concentrated extract of marijuana.
- 20. "Topical treatment" means a mixture or extract of marijuana made into a balm, lotion, ointment or rubbing alcohol solution that is applied transcutaneously.
- 21. "Usable amount of medical marijuana for medical use" means three ounces or less of usable marijuana as defined below.
- 22. "Usable marijuana" means the dried leaves and flowers of the marijuana plant, and any mixture or preparation of those dried leaves and flowers, including but not limited to tinctures, ointments, and other preparations. It does not include the weight of any non-marijuana ingredients combined with marijuana, such as ingredients added to prepare a topical administration, food, or drink.
- 23. "Verification system" means a phone or web-based system established and maintained by the Department that is available to law enforcement personnel and compassion center agents on a twenty-four-hour basis for verification of registry identification cards.
- 24. "Written certification" means a document dated and signed by a physician, stating that in the physician's opinion the patient is likely to receive therapeutic or palliative benefit from the medical use of marijuana to treat or alleviate the patient's debilitating medical condition or symptoms associated with the debilitating medical condition. A written certification shall be made only in the course of a bona fide physician-

patient relationship where the qualifying patient is under the physician's care for the qualifying patient's primary care or for the qualifying patient's debilitating condition after the physician has completed an assessment of the qualifying patient's medical history and current medical condition. The bona fide physician-patient relationship may not be limited to authorization for the patient to use medical marijuana or consultation for that purpose. The written certification shall specify the qualifying patient's debilitating medical condition.

**19-24-03. Qualifying patient identification card application requirements.**

1. The Department shall issue a registry identification card to an applicant for the purpose of participating in the medical marijuana program upon the written certification of the applicant's physician, supporting application documents and a non-refundable application fee with a personal check or a cashier's check made out to "North Dakota Department of Health, compassionate care program". The following information shall be provided in the participant enrollment form submitted to the Department in order for a registry identification card to be obtained and processed.
2. An attached original written certification for patient eligibility form shall contain:
  - a. The name, address and telephone number of the applicant's physician;
  - b. The physician's clinical licensure;
  - c. The patient applicant's name and date of birth;
  - d. The medical justification for the physician's certification of the patient's debilitating medical condition;
  - e. The physician's signature and date;
  - f. The name, address and date of birth of the applicant;
  - g. The name, address and date of birth of the applicant's primary caregiver(s), if any;
  - h. A reasonable photographic copy of the applicant's North Dakota driver's license or comparable state of North Dakota or federal issued photo identification card verifying North Dakota residence; state of North Dakota issued identification card must be available for inspection/verification. Should the applicant be a minor, a certificated copy of a birth record will meet the identification requirement;
  - i. The length of time the applicant has been under the care of the physician providing the medical provider certification for patient eligibility;
  - j. The applicant's or guardian's signature and date; and
  - k. A signed consent for release of medical information related to the patient's debilitating medical condition, on a form provided by the North Dakota Department of Health.

**19-24-04. Designated caregiver registry identification card application requirements.**

1. The Department shall issue a registry identification card to a primary caregiver applicant for the purpose of managing the well-being of one to five qualified patients, including themselves if the caregiver is a qualified patient, in response to the requirements of this rule upon the completion and approval of the primary caregiver application form, available from the medical marijuana program, and a non-refundable application fee, in the form of a personal check or a cashier's check made out to "North Dakota Department of Health, compassionate care program". In order for a registry identification card to be obtained and processed, the following information shall be submitted to the medical marijuana program:
  - a. A certified copy of a birth record verifying that the applicant is at least twenty-one years of age;
  - b. A reasonable photographic copy of the applicant's North Dakota driver's license or comparable state of North Dakota or federal issued photo identification card verifying North Dakota residence; state of North Dakota issued identification card must be available for inspection/verification;
  - c. Written approval by the qualified patient(s) authorizing responsibility for managing the well-being of a qualified patient(s) with respect to the use of marijuana;
  - d. The name(s), address(es), telephone number(s) and date of birth of the qualified patient(s);
  - e. The name, address, and telephone number for each of the qualified patient's physicians;
  - f. The name, address, and telephone number of the applicant; and
  - g. The applicant's signature and date.
2. Designated caregiver application requirements:
  - a. Criminal history screening requirements:
    - (1) All designated caregiver applicants are required to consent to a nationwide and statewide criminal history screening background check. All applicable application fees associated with the nationwide and statewide criminal history screening background check shall be paid by the primary caregiver applicant.
    - (2) Individuals convicted of an excluded felony offense are prohibited from serving as a designated caregiver. The applicant and qualified patient shall be notified by registered mail of his or her disqualification from being a designated caregiver.

**19-24-05. Registry identification cards.**

1. Department inquiry:
  - a. The Department may verify information on each application and accompanying documentation by the following methods:

- (1) Contacting each applicant by telephone, mail, or if proof of identity is uncertain, the Department shall require a face-to-face meeting and the production of additional identification materials;
  - (2) Contacting the North Dakota Board of Medicine to verify that the physician is licensed to practice medicine in North Dakota and is in good standing; and
  - (3) Contacting the physician to obtain further documentation that the applicant's medical diagnosis and medical condition qualify the applicant for enrollment in the compassionate care program.
2. Upon verification of the information contained in an application submitted in response to this subsection, the Department shall approve or deny an application within forty-five calendar days of receipt.
3. Department registry identification card: The Department shall issue a registry identification card within thirty calendar days of approving an application. A registry identification card shall contain a ten-digit alphanumeric identification, maintained by the Department, which identifies the qualified patient or primary caregiver. Unless suspended or revoked, or if the physician stated in the written certification that the qualifying patient would benefit from marijuana until a specified earlier date, a registry identification card shall be valid for a period of one year from the date of issuance and shall expire at midnight on the day indicated on the registry identification card as the expiration date.
4. Supplemental requirement:
  - a. A registered qualifying patient or registered designated caregiver who possesses a registry identification card shall notify the Department of any of the following within ten calendar days of the change. An extension shall be granted by the medical marijuana program upon the showing of good cause.
    - (1) A change in card holder's name or address;
    - (2) Knowledge of a change that would render the patient no longer qualified to participate in the program, such as a cure of the debilitating condition causing the need for medical marijuana;
    - (3) Knowledge of a change that renders the patient's physician no longer a qualified "physician" as defined in subsection 15 of section 19-24-02 of these regulations; or
    - (4) Knowledge of a change that renders the patient's caregiver no longer eligible as defined in these regulations.
  - b. Before a registered qualifying patient changes his or her designated caregiver, the qualifying patient must notify the Department in writing.
  - c. If a cardholder loses his or her registry identification card, he or she shall notify the Department in writing within ten days of becoming aware the card has been lost. Upon notification, the Department shall issue a new registry identification card. Unless documentation in the initial application has changed, the qualified patient or designated caregiver shall not be required to submit a new application.

- d. When a cardholder notifies the Department of items listed in subsection 4 but remains eligible, the Department shall issue the cardholder a new registry identification card with a new random ten-digit alphanumeric identification number within ten days of receiving the updated information and the cardholder shall pay a twenty-five dollar fee. If the person notifying the Department is a registered qualifying patient, the Department shall also issue his or her registered designated caregiver, if any, a new registry identification card within ten days of receiving the updated information.
  - e. If a registered qualifying patient ceases to be a registered qualifying patient or changes his or her registered designated caregiver, the Department shall promptly notify the designated caregiver by certified, registered mail. The registered designated caregiver's protections under this chapter as to that qualifying patient shall expire fifteen days after notification by the Department.
  - f. A cardholder who fails to make a notification to the Department that is required by subsection 4 is subject to a civil infraction, punishable by a penalty of no more than one hundred fifty dollars and is also subject to the immediate revocation of the registry identification card and all lawful privileges provided under the Act.
  - g. If the registered qualifying patient's certifying physician notifies the Department in writing that either the registered qualifying patient has ceased to suffer from a debilitating medical condition or that the physician no longer believes the patient would receive therapeutic or palliative benefit from the medical use of marijuana, the card shall become null and void. However, the registered qualifying patient shall have fifteen days to dispose of the patient's marijuana.
5. Registry identification card application denial: The state health officer or designee shall deny an application if the applicant fails to provide the information required, if the Department determines that the information provided is false, or if the patient does not have a debilitating medical condition eligible for enrollment in the program, as determined by the state health officer. A person whose application has been denied shall not reapply for six months from the date of the denial, unless otherwise authorized by the Department, and is prohibited from all lawful privileges provided by this rule and Act.
6. The Department shall deny an application or renewal of a qualifying patient's registry identification card if the applicant:
- a. Did not provide the required information and materials;
  - b. Previously had a registry identification card revoked; or
  - c. Provided false or falsified information.
7. The Department shall deny an application or renewal for a designated caregiver chosen by a qualifying patient whose registry identification card was granted if:
- a. The designated caregiver does not meet the requirements of subsection 2 of section 19-24-04;
  - b. The applicant did not provide the information required;
  - c. The designated caregiver previously had a registry identification card revoked; or
  - d. The applicant or the designated caregiver provides false or falsified information.

8. The department shall notify the qualifying patient who has designated someone to serve as his or her designated caregiver if a registry identification card will not be issued to the designated caregiver.
9. Denial of an application or renewal is considered a final department action, subject to judicial review. Jurisdiction and venue for judicial review are vested in the district court.
10. Registry identification card renewal application: Each registry identification card issued by the department is valid in accordance with subsection 2 of section 19-24-03. A qualified patient or primary caregiver shall apply for a registry identification card renewal no less than forty-five calendar days prior to the expiration date of the existing registry identification card in order to prevent interruption of possession of a valid (unexpired) registry identification card.
11. Non-transferable registration of registry identification card: A registry identification card shall not be transferred, by assignment or otherwise, to other persons or locations. Any attempt shall result in the immediate revocation of the registry identification card and all lawful privileges provided by this rule and Act.
12. Automatic expiration of registry identification card by administrative withdrawal: Upon request the qualified patient or designated caregiver shall discontinue the medical marijuana program by an administrative withdrawal. A qualified patient or designated caregiver that intends to seek an administrative withdrawal shall notify the licensing authority in writing no less than thirty calendar days prior to withdrawal.

#### **19-24-06. Addition of debilitating medical conditions.**

1. Any citizen may petition the Department to add conditions or treatments to the list of debilitating medical conditions listed in subsection 7 of section 19-24-02.
2. The Department shall not add a condition or treatment to the list of debilitating medical conditions unless it finds that (1) the medical condition or treatment is debilitating and (2) marijuana is more likely than not to have the potential to be beneficial to treat or alleviate the debilitation associated with the medical condition or treatment.
3. Contents of the petition: In connection with any petition to add conditions or treatments to the list of debilitating medical conditions listed in subsection 7 of section 19-24-02, a petitioner shall provide the following information to the Department:
  - a. The extent to which the condition is generally accepted by the medical community and other experts as a valid, existing debilitating medical condition;
  - b. If one or more treatments of the condition, rather than the condition itself, are alleged to be the cause of the patient's suffering, the extent to which the treatments causing suffering are generally accepted by the medical community and other experts as valid treatments for the condition;
  - c. The extent to which the condition or treatments cause severe suffering, such as severe or chronic pain or severe nausea or vomiting, or otherwise severely impair the patient's ability to carry on activities of daily living;

- d. The ability of conventional medical therapies other than those that cause suffering to alleviate suffering caused by the condition or treatment;
- e. The extent to which evidence that is generally accepted among the medical community and other experts supports a finding that the use of marijuana alleviates suffering caused by the condition or treatment; and
- f. Letters of support from physicians or other licensed health care professionals knowledgeable about the condition or treatment.

4. Evaluation of a petition.

- a. Upon review of materials submitted in response to subsection 3 above, the Department shall make a determination as to whether the petition has merit.
- b. A petition will be determined to have merit if it contains all of the material required in subsection 3 above and the debilitating condition that is the subject of the petition has not been considered through this process in the prior two years, unless significant, generally accepted, scientific discoveries have been made that are substantially likely to reverse the prior decision.
- c. A decision that a petition does not have merit will be made in writing, stating the reason(s) it has been determined not to have merit and that it is the final decision, subject to judicial review.
- d. A final decision on a petition determined to have merit will be made within one hundred eighty days of receipt of the petition in response to the following process.
  - (1) The Department will post the complete petition on the department's website for a sixty-day public comment period.
  - (2) The Department will post notice of a public hearing no fewer than ten days prior to the public hearing.
  - (3) The Department will hold a public hearing within the sixty-day public comment period.
  - (4) After the public hearing and closure of the sixty-day public comment period, the Department will review the petition and comments. During this review, the Department may conduct additional research, including consultation with additional experts.
  - (5) The Department of Health will draft a written decision on whether to grant the petition and add the debilitating medical condition for review and ultimate decision by the State Health Officer. This written decision will be detailed enough to provide the specific grounds and references to support the decision. The State Health Officer will issue the final decision on the petition.
  - (6) If the petition to add a debilitating medical condition is granted, draft regulations adding the condition to subsection 7 of section 19-24-02 will be drafted and published in response to the Administrative Agencies Practice Act process.

5. The approval or denial of any petition is a final decision of the Department subject to judicial review. Jurisdiction and venue are vested in the district court.

**19-24-07. Registration and operation of compassion centers.**

1. Requirements for operation of a compassion center.

a. General requirements.

(1) No person shall operate a compassion center without a Department issued certificate of registration. The application and renewal requirements for a certificate of registration are in subsections 6 and 10 of section 19-24-07 of these regulations.

(2) A compassion center shall be operated on a not-for-profit basis. A compassion center need not be recognized as a tax-exempt organization by the Internal Revenue Service and is not required to incorporate in response to title 8; however, a compassion center shall maintain appropriate documentation of its not-for-profit status, and such documentation shall be available for inspection in response to subdivision g of subsection 2 of section 19-24-07 of these regulations.

(3) A compassion center shall not acquire, possess, cultivate, manufacture, deliver, transfer, transport, supply or dispense marijuana for any purpose except to assist registered qualifying patients with the medical use of marijuana directly or through the qualifying patient's registered designated caregiver.

(4) Use of pesticides is prohibited:

(a) There are no pesticides authorized for use on marijuana; as such, a compassion center shall not apply pesticides in the cultivation of marijuana.

(b) Prohibited pesticides include but are not limited to the following:

((1)) Organochlorines;

((2)) Organophosphates;

((3)) Cargamates; and

((4)) Insecticidal, fungicidal or growth regulatory compounds.

b. Location of a compassion center: A compassion center shall not be located within one thousand feet of the property line of a preexisting public or private school.

c. Bylaws:

- (1) A compassion center shall as part of its initial application, provide to the Department a true, correct, and current copy of its bylaws, and shall maintain such bylaws in accordance with the Act and these regulations.
  - (2) The bylaws of a compassion center shall include at a minimum:
    - (a) The ownership structure of the compassion center;
    - (b) The composition of the board of directors; and
    - (c) Such provisions relative to the disposition of revenues to establish and maintain the not-for-profit character of the compassion center.
- d. Maintenance of accurate books and records:
- (1) Registered compassion centers shall keep detailed financial reports of proceeds and expenses.
  - (2) Registered compassion centers shall maintain all inventory, sales and financial records in accordance with generally accepted accounting principles ("GAAP").
  - (3) The Department or an audit firm contracted by the Department shall at all times have access to all books and records kept by any compassion center.
2. Security requirements: A compassion center shall implement appropriate security and safety measures to deter and prevent the unauthorized entrance into areas containing marijuana and the theft of marijuana. Such measures shall include the following:
- a. Exterior of premises: With respect to the exterior of a compassion center:
    - (1) Access from outside the premises shall be kept to a minimum and be well controlled.
    - (2) The outside perimeter of the premises shall be well lighted.
    - (3) Entry into any area(s) where marijuana is held shall be limited to authorized personnel.
  - b. Alarm system:
    - (1) A compassion center shall have a fully operational security alarm system at each authorized physical address that will provide suitable protection against theft and diversion. For the purpose of these regulations, a fully operational security alarm system shall include:
      - (a) Immediate automatic or electronic notification to alert local or municipal law enforcement agencies to an unauthorized breach of security at the compassion center or at any other authorized physical address;

- (b) Immediate automatic or electronic notification to local or municipal public safety personnel of a loss of electrical support backup system; and
  - (c) When appropriate, the security system shall provide protection against theft or diversion that is facilitated or hidden by tampering with computers or electronic records.
- (2) A compassion center shall conduct a maintenance inspection/test of the alarm system for each authorized location at intervals not to exceed thirty days from the previous inspection/test. A compassion center shall promptly make all necessary repairs to ensure the proper operation of the alarm system.
- (3) In the event of a failure of the security system, due to loss of electrical support or mechanical malfunction, that is expected to exceed an eight-hour period, a compassion center shall:
  - (a) Within twenty-four hours of discovery of the event, notify the Department by telephone; and
  - (b) Provide alternative security measures approved by the Department or close the authorized physical address(es) impacted by the failure/malfunction until the security alarm system has been restored to full operation.
- (4) A compassion center shall maintain documentation in an auditable form for a period of at least twenty-four months after the event for:
  - (a) All maintenance inspections/tests conducted in response to subparagraph 2 of subdivision b of subsection 2 of section 19-24-07 of these regulations, and any servicing, modification or upgrade performed on the security alarm system. The record shall include, as a minimum, the date of the action, a summary of the action(s) performed and the name, signature and title of the individual who performed the action(s).
  - (b) Any alarm activation or other event which requires response by public safety personnel; and
  - (c) Any unauthorized breach(es) of security.
- c. Video surveillance: A compassion center shall provide an appropriate video surveillance system that includes the following areas and access to recorded surveillance.
  - (1) Video surveillance should record access areas, customer service areas, growing areas and anywhere the marijuana is handled, to include processing and packaging areas.
  - (2) Video footage will be digitally recorded and held for an appropriate time period consistent with the state Department of Health records retention policy.
- d. Inventory controls.
  - (1) Coding and computer interface: A compassion center shall:

- (a) Employ a bar coding inventory control system to track batch, strain and amounts of marijuana in inventory and amounts sold, to include patient's card registration numbers.
  - (b) Be responsible for developing and hosting a secure computer interface to receive patient card user data from the Department.
- (2) Storage of marijuana: A compassion center shall ensure that usable marijuana is stored in a locked area with adequate security. For purpose of these regulations "adequate security", at a minimum, should be assessed, established and maintained based on:
- (a) The quantity of usable marijuana that will be kept on hand at each authorized location;
  - (b) The compassion center's inventory system for tracking and dispensing usable marijuana;
  - (c) The number of principal officers, board members, agents, volunteers or employees who have or could have access to the usable marijuana;
  - (d) The geographic location of the compassion center (i.e.: high-crime or low-crime area);
  - (e) The scope and sustainability of the alarm system; and
  - (f) The root cause analysis of any breach of security and/or inventory discrepancy for usable marijuana at that location.

e. Comprehensive and monthly inventories:

- (1) A compassion center shall:
- (a) Notify the Department and local law enforcement within twenty-four hours any time there is a suspected loss of marijuana and shall cooperate fully with any investigation into the suspected loss.
  - (b) Conduct an initial comprehensive inventory of all medical marijuana, including usable marijuana available for dispensing, mature marijuana plants and unusable marijuana, at each authorized location on the date the compassion center first dispenses medical marijuana.
  - (c) Conduct the comprehensive inventory required by subdivision e of subsection 2 of section 19-24-07 of these regulations at intervals not to exceed twenty-four months from the date of the previous comprehensive inventory.
  - (d) Conduct a monthly inventory review of stored, usable marijuana.
- (2) If an inventory conducted in response to subparagraph 1 of subdivision e of subsection 2 of section 19-24-07 of these regulations identifies a discrepancy, the Department and appropriate local law enforcement authorities will be notified of the discrepancy within twenty-four hours of discovery of the event.

(3) Documentation of all inventories conducted in response to subparagraph 1 of subdivision e of subsection 2 of section 19-24-07 of these regulations shall include, as a minimum, the date of the inventory, a summary of the inventory findings and the name, signature and title of the individual(s) who conducted the inventory.

f. Maximum amount of compassion center inventory. A registered compassion center:

(1) Shall possess no more than one thousand marijuana plants irrespective of the stages of growth.

(2) Shall possess no more than three thousand five hundred ounces of usable marijuana regardless of formulation.

(3) May not purchase usable marijuana or mature marijuana plants from any person other than another registered compassion center.

g. Inspection. Compassion centers are subject to random inspection by the Department.

(1) During an inspection, the department may review the compassion center's confidential records, including its financial and dispensing records, which may track transactions according to qualifying patient's registry identification numbers to protect their confidentiality and its security protocols.

(2) The Department will review the facility to ensure compliance with subsections 2 and 3 of section 19-24-07 of these regulations.

(3) The Department will inspect the facility for the presence of pesticides listed in subparagraph 4 of subdivision a of subsection 1 of section 19-24-07, fungus and molds.

(4) The Department will collect samples for random quality sampling by a laboratory selected by the Department.

(5) Sample results will be compared to compassion center test results.

(6) The compassion center will be invoiced for the cost of random sampling testing.

h. Dispensing marijuana.

(1) Design and security features of medical marijuana containers:

(a) Marijuana shall be dispensed in sealed, tamperproof containers clearly identified as having been issued by the compassion center and that meet the requirements in subparagraph 7 of subdivision i of subsection 3 of section 19-24-07 of these regulations.

b) Patients and designated caregivers should receive written instruction that the marijuana shall remain in this container when it is not being prepared for ingestion or being ingested.

(2) No marijuana shall be dispensed unless or until the patient or caregiver identification card has been verified as valid in the computer system identified in subparagraph 1 of subdivision d of subsection 2 of section 19-24-07 of these regulations.

(3) Maximum amount of usable marijuana to be dispensed.

(a) A compassion center or principal officer, board member, agent, volunteer or employee of a compassion center:

((1)) Shall not dispense, deliver or otherwise transfer marijuana to a person other than a qualifying patient who has designated the compassion center as a primary caregiver or to such patient's other primary caregiver.

((2)) Shall not dispense more than three ounces of usable marijuana to a qualifying patient directly or through a qualifying patient's caregiver during a fourteen day period.

((3)) Shall not dispense an amount of usable marijuana to a qualifying patient or a qualifying patient's caregiver that the compassion center principal officer, board member, agent, volunteer or employee knows would cause the recipient to possess more marijuana than is permitted under the Act or these regulations.

(b) In addition to any other penalties that may be applicable under the Act or these regulations, any person found to have violated subdivision h of subsection 2 of section 19-24-07 of these regulations is not eligible to be an employee, agent, principal officer or board member of any compassion center and such person's registry identification card shall be immediately revoked.

3. Operations manual. A compassion center shall, as part of its initial application, provide to the Department a true, correct and current copy of its operating manual, and shall maintain such operating manual in accordance with the Act and these regulations. Such manual shall include, as a minimum, the following requirements:

a. Procedures for the oversight of the compassion center including, but not limited to, documentation of the reporting and management structure of the compassion center;

b. Procedures for safely dispensing medical marijuana to registered qualifying patients or their registered primary caregiver;

c. Procedures to ensure accurate record keeping, including protocols to ensure that quantities purchased do not suggest re-distribution;

d. Employee security policies;

e. Safety and security procedures, including a disaster plan with procedures to be followed in case of fire or other emergencies;

f. Personal safety and crime prevention techniques;

g. A job description or employment contract developed for all employees and a volunteer agreement for all volunteers which includes duties, responsibilities, authority, qualification and supervision;

- h. The compassion center's alcohol and drug free work place policy;
- i. A description of the compassion center's outreach activities to registered qualifying patients or their registered primary caregiver, which shall, as a minimum, include:
  - (1) Providing each new registered patient who visits the compassion center with frequently asked questions, designed by the Department, that explain the limitations on the right to use medical marijuana under state law;
  - (2) Ingestion options of usable marijuana provided by the compassion center;
  - (3) Safe smoking techniques shall be provided to registered qualifying patients; and
  - (4) Potential side effects and how this information shall be communicated.
- i. A description of the packaging of the useable marijuana that the compassion center shall be utilizing, as a minimum, include:
  - (1) Employee security policies;
  - (2) Safety and security procedures, including a disaster plan with procedures to be followed in case of fire or other emergencies;
  - (3) Personal safety and crime prevention techniques;
  - (4) A job description or employment contract developed for all employees and a volunteer agreement for all volunteers which includes duties, responsibilities, authority, qualification and supervision;
  - (5) The compassion center's alcohol and drug free work place policy;
  - (6) A description of the compassion center's outreach activities to registered qualifying patients or their registered primary caregiver, which shall as a minimum include:
    - (a) Providing each new registered patient who visits the compassion center with frequently asked questions, designed by the department, that explain the limitations on the right to use medical marijuana under state law;
    - (b) Ingestion options of usable marijuana provided by the compassion center;
    - (c) Safe smoking techniques that shall be provided to registered qualifying patients; and
    - (d) Potential side effects and how this information shall be communicated.
  - (7) A description of the packaging of the useable marijuana that the compassion center shall be utilizing which shall, as a minimum, include:

- (a) The name of the strain, batch and quantity;
- (b) The statement "this product is for medical use only, not for resale"; and
- (c) Details indicating (1) the medical marijuana is free of contaminants and (2) the levels of active ingredients in the product within plus or minus error of five percentage points.

(8) A description of the documentation that will accompany a registered compassion center agent when transporting marijuana on behalf of the registered compassion center. The documentation must specify, at least, the amount of marijuana being transported, the date the marijuana is being transported, the registry identification number of the registered compassion center, and a contact number to verify that the marijuana is being transported on behalf of the registered compassion center.

(9) Detailed procedures regarding the testing of medical marijuana. As part of its initial application, a compassion center shall provide to the Department detailed procedures regarding the testing of medical marijuana and shall adhere to such procedures in connection with the operation of the compassion center. Such procedures shall include a description of how the marijuana will be tested, including:

- (a) Whether the testing will be conducted in house or through a contracted facility;
- (b) How marijuana will be transported securely in connection with such testing;
- (c) What tests are conducted, including what testing procedures are used;
- (d) How results are tracked and how samples are disposed; and
- (e) The selection process and the number of samples tested.

4. Required training. Each compassion center shall develop, implement and maintain on the premises an on-site training curriculum, or enter into contractual relationships with outside resources capable of meeting employee, agent and volunteer training needs. Each employee, agent or volunteer, at the time of initial appointment, shall receive, as a minimum, training in the following:

- a. Professional conduct, ethics and state and federal laws regarding patient confidentiality;
- b. Informational developments in the field of medical use of marijuana;
- c. The proper use of security measures and controls that have been adopted; and
- d. Specific procedural instructions for responding to an emergency, including robbery or violent accident.

5. Personnel.

- a. Records: Each compassion center shall maintain:

- (1) A personnel record for each employee, agent or volunteer for a period of at least six months after termination of the individual's affiliation with the compassion center. The record shall include, as a minimum, the following:
    - (a) An application for employment or to volunteer;
    - (b) A record of any disciplinary action taken;
    - (c) Documentation of all required training. Documentation shall include a signed statement from the individual indicating the date, time and place of said training and topics discussed, including the name and title of presenters;
  - (2) A record of the source of any funds that will be used to open or maintain the compassion center, including the name, address and date of birth of any investor contributing more than five thousand dollars; and
  - (3) A record of any instances in which a business or not-for-profit that any of the prospective board members managed or served on the board of was convicted, fined, censured or had a registration or license suspended or revoked in any administrative or judicial proceeding.
- b. Registry identification cards and background checks for principal officers, board members, agents, volunteers or employees of a compassion center.
- (1) In response to the requirements of this rule, and upon the approval of the submitted application, the Department shall issue a registry photo identification card to each principal officer, board member, agent, volunteer or employee of a compassion center who is associated with the compassion center and meets the requirements under these regulations. In order for a registry identification card to be obtained, the following items shall be submitted to the medical marijuana program.
    - (a) A certified copy of a birth record verifying that the applicant is at least twenty-one years of age;
    - (b) A reasonable photographic copy of the applicant's North Dakota driver's license or comparable state of North Dakota or federal issued photo identification card verifying North Dakota residence; identification card must be available for inspection/verification;
    - (c) A written and signed statement from an officer or executive staff member of the compassion center stating that the applicant is associated with the compassion center and in what capacity;
    - (d) The name, address and telephone number of the applicant;
    - (e) The name, address and telephone number of the compassion center with which the agent is associated;
    - (f) The applicant's signature and date;

- (g) A non-refundable, non-returnable application or renewal fee of one hundred twenty-five dollars in the form of a check made out to "North Dakota Department of Health, compassionate care program".
  - (2) Each principal officer, board member, agent, volunteer or employee of a compassion center shall consent to a full nationwide and statewide criminal history screening background check.
    - (a) Each applicant shall submit a full state of North Dakota criminal history screening check and a full nationwide criminal history screening check to demonstrate compliance with the eligibility requirements of these regulations.
    - (b) All applicable fees associated with the required criminal history screening background checks shall be paid by the compassion center or the applicant.
    - (c) Individuals convicted of a felony offense, within five years from the date of application, are prohibited from being a compassion center agent.
  - (3) The Department may verify information on each application and the accompanying documentation as set forth in subsection 1 of section 19-24-04 of these regulations.
  - (4) The Department shall notify the compassion center in writing of the purpose for denying the registry identification card. The state health officer or designee shall deny an application if the applicant fails to provide the information required or if the department determines that the information provided is false. Denial of an application or renewal is considered a final department action, subject to judicial review. Jurisdiction and venue for judicial review are vested in the district court.
  - (5) The Department shall issue each principal officer, board member, agent, volunteer or employee of a compassion center a registry identification card within thirty days of receipt of the information required by subparagraphs 1 and 2 of subdivision b of subsection 5 of section 19-24-07. The registry identification card shall contain such information as set forth in subdivision b of subsection 5 of section 19-24-07 of these regulations.
  - (6) Each compassion center shall notify the department in writing within ten days of when a principal officer, board member, agent, volunteer or employee ceases to work at the compassion center. The individual's registry identification card shall be deemed null and void and the individual shall be liable for any other penalties that may apply to the individual's nonmedical use of marijuana.
  - c. Expiration date of registry identification cards. The registry identification card of a principal officer, board member, agent, volunteer or employee shall expire one year after its issuance or upon the expiration of the compassion center's registration certificate, whichever comes first.
6. Application for operation of a compassion center. Applicants shall only be accepted during an open application period announced by the department and shall include the following items:
- a. A non-refundable application fee, made payable to the "North Dakota department of health, compassionate care program", in the amount of five thousand dollars;

- b. The proposed legal name, articles of incorporation and bylaws of the compassion center;
- c. The proposed physical address(es) of the compassion center, including any additional address(es) to be used for the secure cultivation of medical marijuana, and with the following details:
  - (1) If precise addresses are known, evidence of compliance to the following rules shall be included:
    - (a) Compliance to the local zoning laws for each physical address to be utilized as a compassion center or for the secure cultivation of medical marijuana;
    - (b) Evidence that all of the physical addresses identified in this section are not located within one thousand feet of a property line of a preexisting public or private school.
  - (2) If precise addresses have not been determined, identification of the general location(s) where it would be sited, and when it would be established;
- d. A description of the enclosed, locked facility, meeting all requirements of subsection 2 of section 19-24-07 that would be used in the cultivation of marijuana, including steps to ensure that the marijuana production shall not be visible from the street or other public areas;
- e. Evidence of the compassion center's not-for-profit status, which can be:
  - (1) Documentation of recognition as a tax-exempt organization by the United States Internal Revenue Service; or
  - (2) Other written materials which will allow the department to determine the compassion center's ability to comply with the revenue criteria.
- f. The name, address, and date of birth of each principal officer and board member of the compassion center;
- g. A description of proposed security and safety measures, which demonstrate compliance with subsection 2 of section 19-24-07 of these regulations;
- h. A draft operations manual, which demonstrates compliance with subsection 3 of section 19-24-07 of these regulations;
- i. An example of the design and security features of medical marijuana containers which demonstrates compliance with subdivision h of subsection 2 of section 19-24-07 of these regulations;
- j. A list of all persons or business entities having direct or indirect authority over the management or policies of the compassion center;

- k. A list of all persons or business entities having five percent or more ownership in the compassion center, whether direct or indirect and whether the interest is in profits, land or building, including owners of any business entity which owns all or part of the land or building; and
  - l. The identities of all creditors holding a security interest in the premises, if any.
7. Complete application required. Only applications, which the Department has determined to be complete, shall be eligible for review.
8. Compassion center application review criteria. The Department shall evaluate applications for a compassion center registration certificate using an impartial and numerically scored competitive bidding process developed by the Department. The Department shall consider the following criteria:
- a. Documentation of not-for-profit status, consistent with subdivision e of subsection 5 of section 19-24-07 of these regulations;
  - b. The suitability of the proposed location or locations, including but not limited to compliance with any local zoning laws and the geographic convenience to patients from throughout the state of North Dakota to compassion centers if the applicant were approved;
  - c. The principal officer and board members' character and relevant experience, including any training or professional licensing related to medicine, pharmaceuticals, natural treatments, botany, food science, food safety or marijuana cultivation and preparation and their experience running business or not-for-profit entities;
  - d. The proposed compassion center's plan for operations and services, including its staffing and training plans, whether it has sufficient capital to operate and its ability to provide an adequate supply and variety of medical marijuana and medical marijuana based products to the registered patients in the state;
  - e. The sufficiency of the applicant's plans for record keeping;
  - f. The sufficiency of the applicant's plans for safety, security and the prevention of diversion, including proposed locations and security devices employed;
  - g. The applicant's plan for making medical marijuana available on an affordable basis to registered qualifying patients enrolled in Medicaid or receiving supplemental security income or social security disability insurance;
  - h. The applicant's plan for safe and accurate packaging and labeling of medical marijuana, which shall include, without limitations, these minimum requirements for packaging and labeling:
    - (1) The name of the strain, batch, and quantity of the medical marijuana;
    - (2) A statement providing that "this product is for medical use only, not for resale";
    - (3) Details indicating the medical marijuana is free of contaminants; and

- (4) Details indicating the levels of active ingredients in the product.
  - i. The applicant's plan for testing medical marijuana for contaminants and potency of active ingredients; and
  - j. The applicant's ability to grow marijuana without use of pesticides.
9. Issuance of a registration certificate authorizing operation of a compassion center. When an applicant to operate a compassion center is notified that the department has approved its application, it shall submit the following additional items to the department before the registration certificate authorizing operation of a compassion center will be issued.
- a. A certification fee, made payable to the "North Dakota Department of Health, compassion care program", in the amount of twenty-five thousand dollars;
  - b. The legal name, articles of incorporation, and bylaws of the compassion center;
  - c. The physical address of the compassion center and any additional address(es) to be used for the secure cultivation of marijuana, including:
    - (1) Evidence demonstrating the following:
      - (a) Compliance with all local zoning laws for each physical address to be utilized as a compassion center or for the secure cultivation of medical marijuana; and
      - (b) That none of the physical addresses identified in subdivision c of subsection 9 of section 19-24-08 of these regulations are located within one thousand feet of the property line of preexisting public or private schools;
    - (2) It is not necessary to resubmit any information provided in response to subparagraph 1 of subdivision c of subsection 6 of section 19-24-07 of these regulations unless there has been a change in that information;
  - d. Any updates to previously submitted information including, but not limited to, information about officers, principals, board members, agents, employees, and compliance with subsections 2 and 3 of section 19-24-08 of these regulations;
  - e. A current certificate of occupancy, or equivalent document, to demonstrate compliance with the provisions of the state fire code for each physical address to be utilized as a compassion center or for the secure cultivation of medical marijuana.
10. Expiration, termination, or renewal of a registration certificate.
- a. Expiration: A compassion center's registration shall expire two years after its registration certificate is issued. The compassion center may submit a renewal application at any time beginning ninety days prior to the expiration of its registration certificate. Such renewal application must be submitted a minimum of thirty days prior to the expiration of its registration certificate to avoid suspension of the certificate.

- b. Renewal: The department shall grant a compassion center's renewal application within thirty days of its submission if the following conditions are all satisfied.
  - (1) The compassion center submits materials required under subsection 9 of section 19-24-07 of these regulations, including a twenty-five thousand dollar fee, which shall be refunded if the renewal application is rejected;
  - (2) The department has not ever suspended the compassion center's registration for violations of the Act or these regulations;
  - (3) Inspections conducted pursuant to the Act and these regulations do not raise any serious concerns about the continued operation of the registered compassion center applying for renewal;
  - (4) The applicant continues to meet all of the requirements for the operation of a compassion center as set forth in the Act and in these regulations.
- c. Suspension: The department will suspend a registration certificate authorizing the operation of a compassion center, with or without notice, for any violation of an applicable law or regulation.
- d. Termination: Upon receipt of written notice that a registration certificate has been terminated, the compassion center has thirty business days to request, in writing, a hearing, for the purpose of review of such action. The hearing process shall follow the procedures in subsection 8 through subsection 17 of section 19-24-09 of these regulations:
  - (1) A written decision will be issued by the department within thirty days of the completion of the hearing. The decision will lift the suspension or terminate a registration certificate. The written decision will state with specificity the reasons for the decision.
  - (2) The termination of a registration certificate is a final decision of the department, subject to judicial review. Jurisdiction and venue are vested in the district court.

11. Non-transferable registration certificate authorizing operation of a compassion center.

- a. A registration certificate authorizing operation of a compassion center shall not be transferred by assignment or otherwise to other persons or locations. Unless the compassion center applies for and receives an amended registration certificate authorizing operation of a compassion center, the registration certificate shall be void and returned to the department when one or more of the following situations occur:
  - (1) A change in ownership of the compassion center;
  - (2) A change in one or more authorized physical locations; or
  - (3) The compassion center discontinues its operation.

- b. A compassion center shall provide the department with a written notice of any change described in subsection 11 of section 19-24-07 of these regulations at least sixty days prior to the proposed effective date of the change. The department may waive all or part of the required advance notice to address emergent or emergency situations.
- c. Transactions which usually do not constitute a change of ownership include the following:
  - (1) Changes in the membership of the board of directors or board of trustees; or
  - (2) Two or more legal entities merge and the entity to whom the registration certificate authorizing operation of a compassion center was issued survives.
- d. Management agreements are generally not considered a change in ownership if the entity to whom the registration certificate authorizing operation of a compassion center was issued continues to retain ultimate authority for the operation of the compassion center, however, if the ultimate authority is surrendered and transferred from the entity to whom the registration certificate authorizing operation of a compassion center was issued to a new manager, then a change of ownership has occurred.

**19-24-08. Cultivation and growing of marijuana.**

- 1. If the qualifying patient's home is located more than forty miles from the nearest compassionate care center, the qualified patient or designated caregiver may cultivate up to eight marijuana plants in an enclosed, locked facility.
- 2. The enclosed, locked facility shall not be within one thousand feet of a public school.
- 3. The qualified patient or designated caregiver must give local law enforcement officials a notice of intent to grow marijuana in an enclosed, locked facility. The notice must include qualified patient name, a copy of the written certification from the physician, and the address of the location where the marijuana will be cultivated.

**19-24-09. On-site visits/interviews.**

- 1. The Department or its designee may perform on-site interviews of a qualified patient or primary caregiver to determine eligibility for the program. The Department may enter the premises of a qualified patient or primary caregiver during business hours for purposes of interviewing a program applicant. Twenty-four hours' notice will be provided to the qualified patient or primary caregiver prior to an on-site interview.
- 2. All qualified patients or primary caregivers shall provide the Department or the department's designee immediate access to any material and information necessary for determining eligibility with these requirements.
- 3. Failure by the qualified patient or primary caregiver to provide the Department access to the premises or information may result in action up to and including the revocation of the qualified patient or primary caregiver registry identification card and referral to state law enforcement.

4. Any failure to adhere to these rules, documented by the Department during an interview, may result in sanction(s), including suspension, revocation, non-renewal or denial of licensure and referral to state or local law enforcement.
5. The Department shall refer credible criminal complaints against a qualified patient or primary caregiver to the appropriate North Dakota state or appropriate local authorities.
6. Corrective action:
  - a. If violations of these requirements are cited as a result of monitoring, the qualified patient or primary caregiver shall be provided with an official written report of the findings following the monitoring visit.
  - b. Unless otherwise specified by the Department, the qualified patient or primary caregiver shall correct the violation within five calendar days of receipt of the official written report citing the violation(s).
  - c. The violation shall not be deemed corrected until the Department verifies in writing after receiving notice of the corrective action that the corrective action is satisfactory.
  - d. If the violation has not been corrected, the department may issue a notice of contemplated action to revoke the qualified patient's or designated caregiver's registry identification card.
  - e. Suspension of registry identification card without prior hearing: If immediate action is required to protect the health and safety of the general public, the department may suspend the qualified patient or designated caregiver registry identification card without notice.
    - (1) A qualified patient or primary caregiver whose registry identification card has been summarily suspended is entitled to a record review not later than thirty calendar days after the registry identification card was summarily suspended.
    - (2) The record review requested subsequent to a summary suspension shall be conducted by the department.
    - (3) The Department shall conduct the record review on the summary suspension by reviewing all documents submitted by both card holder and the department.
    - (4) The sole issue at a record review on a summary suspension is whether the card holder's registry identification card shall remain suspended pending a final adjudicatory hearing and ruling.
    - (5) A card holder given notice of summary suspension by the Department may submit a written request for a record review. To be effective, the written request shall:
      - (a) Be made within thirty calendar days, as determined by the postmark, from the date of the notice issued by the Department;
      - (b) Be properly addressed to the medical marijuana program;

- (c) State the applicant's name, address and telephone number(s):
- (d) Provide a brief narrative rebutting the circumstances of the suspension; and
- (e) Additional documentation must be included with the request for a record review.

7. Summary suspension, Revocation and appeal process:

- a. Participation in the medical marijuana program by a qualified patient or primary caregiver does not relieve the qualified patient or primary caregiver from:
  - (1) Criminal prosecution or civil penalties for activities not authorized in this rule and Act:
  - (2) Liability for damages or criminal prosecution arising out of the operation of a vehicle while under the influence of marijuana; or
  - (3) Criminal prosecution or civil penalty for possession, distribution or transfers of marijuana or use of marijuana:
    - (a) In a school bus or public vehicle;
    - (b) On school grounds or property;
    - (c) In the workplace of the qualified patient's or primary caregiver's employment;
    - (d) At a public park, recreation center, youth center or other public place;
    - (e) To a person not approved by the department pursuant to this rule;
    - (f) Outside North Dakota or attempts to obtain or transport marijuana from outside North Dakota; or
    - (g) That exceeds the allotted amount of usable medical use marijuana.
- b. Revocation of registry identification card: Violation of any provision of this rule may result in either the summary suspension of the qualified patient's or primary caregiver's registry identification card, or a notice of contemplated action to suspend or revoke the qualified patient's or primary caregiver's registry identification card, and all lawful privileges under the Act.
- c. Grounds for revocation or suspension of registry identification card, denial of renewal application for registry identification card. A registry identification card may be revoked or suspended, and a renewal application may be denied for:
  - (1) Failure to comply with any provisions of these requirements;
  - (2) Failure to allow a monitoring visit by authorized representatives of the department;

(3) The discovery of repeated violations of these requirements during monitoring visits.

8. Request for hearing: A qualified patient or primary caregiver whose registry identification card has been summarily suspended, or who has received a notice of contemplated action to suspend or revoke, may request a hearing, in addition to a request for a record review, for the purpose of review of such action. The request for hearing shall be filed within thirty calendar days of the date the action is taken or the notice of contemplated action is received. The request shall include the following:

- a. A statement of the facts relevant to the review of the action;
- b. A statement of the provision of the Act and the rules promulgated under the Act that are relevant to the review of the action;
- c. A statement of the arguments that the qualified patient/primary caregiver considers relevant to the review of the action; and
- d. Any other evidence considered relevant.

9. Hearing process:

- a. All formal adjudicatory hearings held in response to these regulations shall be conducted by a hearing officer duly appointed by the State Health Officer.
- b. Except for telephonic hearings, hearings shall be conducted in Bismarck at the state Department of Health or, upon written request by an aggrieved person, in the place or area affected.
- c. All hearings held pursuant to this section shall be open to the public.
- d. The hearing shall be recorded on audiotape or other means of sound reproduction, or by a certified court reporter. The decision as to the type of recording shall be at the discretion of the department.
- e. Any hearing provided for in this rule may be held telephonically, in the interest of a speedy resolution.
- f. The Department shall schedule and hold the hearing as soon as practicable, however, in any event no later than sixty calendar days from the date the department receives the request for hearing. The hearing officer shall extend the sixty-day time period upon motion for good cause shown or the parties shall extend the sixty day time period by mutual agreement. The Department shall issue notice of hearing, not less than twenty days prior to the hearing, which shall include:
  - (1) A statement of the time, place and nature of the hearing;
  - (2) A statement of the legal authority and jurisdiction under which the hearing is to be held;
  - (3) A short and plain statement of the matters of fact and law asserted;

(4) Notice to any other parties to give prompt notice of issues controverted in fact or law; and

(5) All necessary telephone numbers if a telephonic hearing shall be conducted.

10. All parties shall be given the opportunity to respond and present evidence and argument on all relevant issues.

11. Record of proceeding: The record of the proceeding shall include the following:

a. All pleadings, motions and intermediate rulings;

b. Evidence received or considered;

c. A statement of matters officially noticed;

d. Questions and offers of proof, objections and rulings thereon;

e. Proposed findings and conclusions; and

f. Any action recommended by the hearing officer.

12. A party may request a transcription of the proceedings. The party requesting the transcript shall bear the cost of transcription.

13. Procedures and evidence:

a. Any party shall be represented by a person licensed to practice law in North Dakota or an individual may represent him or herself.

b. The rules of evidence as applied in the courts do not apply in these proceedings. Any relevant evidence shall be admitted and such evidence shall be sufficient in itself to support a finding if the evidence is reliable, regardless of the existence of any statutory or common law rule that shall make admission of such evidence improper in a civil action. Irrelevant, immaterial or unduly repetitious evidence shall be excluded at a party's request or on the hearing officer's own initiative.

c. Documentary evidence shall be received in evidence in the form of true copies of the original.

d. Documentary and other physical evidence shall be authenticated or identified by any reasonable means that shows that the matter in question is what the proponent claims it to be.

e. The experience, technical competence and specialized knowledge of the hearing officer, the Department or the department's staff shall be used in the evaluation of evidence.

f. Evidence on which the hearing officer shall base his or her decision is limited to the following:

- a. Any party requesting a telephonic hearing shall do so within ten business days of the date of the notice. Immediately after the parties agree to conduct the hearing by telephone, notice of the telephonic hearing shall be made to all parties and shall include all necessary telephone numbers.
- b. Any party that has agreed to a telephonic hearing, but subsequently requests an in-person hearing shall do so in writing to the hearing officer no later than ten calendar days before the scheduled date of the hearing. The decision to grant or deny the request for an in-person hearing shall be at the discretion of the hearing officer for good cause shown. The hearing officer's decision to grant or deny the hearing shall be issued in writing and shall include the specific reasons for granting or denying the request. Should the hearing officer grant the request, the hearing shall be rescheduled to a time convenient for all parties. Should the hearing officer deny the request, the telephonic hearing shall proceed as scheduled.
- c. The location or locations of the parties during the hearing shall have a speaker telephone and facsimile machine available so that all shall hear the proceedings and documents shall be transmitted between witnesses and the hearing officer.
- d. The cardholder shall initiate the telephone call. The department is responsible for ensuring the telephone number to the department's location for the telephonic hearing is accurate and the department representative is available at said telephone number at the time the hearing is to commence. Failure to provide the correct telephone number or failure to be available at the commencement of the hearing shall be treated as a failure to appear and shall subject the petitioner to a default judgment.
- e. The in-person presence of some parties or witnesses at the hearing does not prevent the participation of other parties or witnesses by telephone with prior approval of the hearing officer.

17. Recommended action and final decision:

- a. At the request of the hearing officer or upon motion by either party granted by the hearing officer, and before the hearing officer recommends action by the secretary, the parties shall submit briefs including findings of fact and conclusions of law for consideration by the hearing officer. The hearing officer holds the discretion to request briefs or grant a motion to submit briefs on any point of law deemed appropriate by the hearing officer. Briefs submitted shall include supporting reasons for any findings or legal conclusions and citations to the record and to relevant law. Should the hearing officer request briefs or grant a party's motion to submit briefs, the hearing shall be continued until the hearing officer has given the briefs sufficient consideration and brings the hearing to a close. The hearing, however, shall be completed no later than forty-five calendar days from the date of continuance.
- b. No more than thirty calendar days after completion of the hearing, the hearing officer shall prepare a written decision containing recommendation of action to be taken by the secretary. The recommendation shall propose to sustain, modify or reverse the initial decision of the department or the department's agent.
- c. The secretary shall accept, reject or modify the hearing officer's recommendation no later than ten calendar days after receipt of the hearing officer's recommendation. The final decision or order shall be issued in writing and shall include:
  - (1) A brief summary of the evidence;
  - (2) A statement of findings of fact based upon the evidence;

- (3) Conclusions and the reasons thereof, on all material issues of fact, law or discretion involved;
- (4) Any other conclusions required by law of the department; and
- (5) A concise statement of the department's specific determination or action taken to sustain, modify or reverse the initial decision of the department or the department's agent.

d. Service shall be made by registered or certified mail.

e. The final decision or order shall be public information and shall become a part of the record.

**19-24-10. Severability.**

In the event any particular clause or section of these regulations should be declared invalid or unconstitutional by any court of competent jurisdiction, the remaining portions shall remain in full effect.

**19-24-11. Privacy of the compassionate care Act records and paperwork.**

The Department cannot release any records, paperwork, or details of any applicant, card holder, compassionate care agent, or registered designated caregiver without their written permission except as necessary for authorized employees of the department to perform official duties of the department. In the event written permission is given to the department, the department is only allowed to give out the information requested for a thirty-day period.

1. Annual report. The Department shall submit to the legislature an annual report that does not disclose any identifying information about cardholders, compassionate care centers or physicians but contains at least all of the following information:

- a. The number of registry identification card applications and renewals.
- b. The number of qualifying patients and designated caregivers approved in each county.
- c. The nature of the debilitating medical condition(s) of the qualifying patients.
- d. The number of registry identification cards revoked.
- e. The number of physicians providing written certifications for qualifying patients.
- f. The number of registered nonprofit, compassionate care centers.

**19-24-12. Facility restrictions.**

1. Any nursing care institution, hospice, assisted living center, assisted living facility, assisted living home, residential care institution, adult day health care facility or adult foster care home licensed in the state of North Dakota may adopt reasonable restrictions on the use of marijuana by their residents or persons receiving inpatient services, including:
  - a. That the facility will not store or maintain the patient's supply of marijuana.
  - b. That the facility, caregivers or hospice agencies serving the facility's residents are not responsible for providing the marijuana for qualifying patients.
  - c. That marijuana can be consumed by a method other than smoking.
  - d. That marijuana is consumed only in a place specified by the facility.
2. Nothing in the section requires a facility listed in subsection 1 to adopt restrictions on the medical use of marijuana.
3. A facility listed in subsection 1 may not unreasonably limit a registered, qualifying patient's access to or use of marijuana authorized under this chapter unless failing to do so would cause the facility to lose a monetary or licensing-related benefit under federal law or regulations.

**19-24-13. Compassionate care fund - Private donations.**

1. The compassionate care fund is established consisting of fees collected, civil penalties imposed and private donations received under this chapter. The Department shall administer the fund. Monies in the fund are continuously appropriated.
2. The State Health Officer may accept and spend private grants, gifts, donations, contributions and devises to assist in carrying out the provisions of this chapter, including but not limited to providing funds for the individuals who are financially distressed for purchase of medical cannabis products.
3. Monies in the compassionate care fund do not revert to the state of North Dakota's general fund at the end of the fiscal year.
