

SUMMARY OF KEY RECOMMENDATIONS

GENERAL FUND BUDGET SUMMARY

Estimated unobligated general fund balance - July 1, 2005	\$126,707,496 ¹
Add estimated 2005-07 general fund revenues	1,890,447,500 ²
Total resources available	\$2,017,154,996
Less recommended 2005-07 general fund appropriations	2,007,001,269
Estimated general fund balance - June 30, 2007	\$10,153,727

¹This amount includes estimated agency general fund turnback of \$12,900,000 and reflects \$10,886,142 of recommended deficiency appropriations. Sections 19 and 20 of House Bill No. 1015 (2005) repeal statutory provisions which would transfer any funds in excess of \$65 million in the general fund at the end of the 2003-05 biennium to the budget stabilization fund.

²The executive budget allows the director of the Office of Management and Budget to transfer funds from the permanent oil tax trust fund to the general fund if actual 2005-07 revenues are less than projected. If the balance in the permanent oil tax trust fund is not sufficient to provide for the revenue shortfall, the director of the Office of Management and Budget may direct the Industrial Commission to transfer up to \$10 million of additional funds from the Bank of North Dakota to the general fund. Any transfers made from the Bank of North Dakota may not reduce the Bank's capital to less than \$150 million.

TOTAL APPROPRIATIONS SUMMARY

	2003-05 Legislative Appropriations	Increase (Decrease)	2005-07 Executive Budget
General fund	\$1,803,661,161	\$203,340,108	\$2,007,001,269
Estimated income	3,255,715,994 ¹	282,637,481	3,538,353,475
Total all funds	\$5,059,377,155	\$485,977,589	\$5,545,354,744

¹The amounts shown reflect \$62,241 of special funds appropriations reductions as provided for in Section 3 of House Bill No. 1505 (2003).

2005-07 GENERAL FUND REVENUES

1. Includes general fund revenues of \$2.02 billion, \$203.2 million more than the 2003-05 biennium revenues as projected at the close of the 2003 Legislative Assembly.
2. Includes an **estimated beginning general fund balance** of \$126.7 million, \$116.5 million more than the projection made by the 2003 Legislative Assembly.
3. Repeals North Dakota Century Code Section 54-27.2-02 which requires a transfer of any funds in the general fund in excess of

- \$65 million at the end of the 2003-05 biennium to the budget stabilization fund.
4. Projects state agency **general fund turnback** of \$12.9 million at the end of the 2003-05 biennium.
 5. Major areas of **revenue growth** include:
 - a. Sales and use taxes increasing by \$87.0 million or 12.9 percent.
 - b. Individual income taxes increasing by \$31.8 million or 7.3 percent.
 - c. Motor vehicle excise taxes increasing by \$7.9 million or 6.2 percent.
 6. Decreases departmental collections by \$5.3 million or 9.7 percent due to the discontinuation of the **intergovernmental transfer program** in the Department of Human Services.
 7. Reduces **transfers from special funds** by \$58.4 million, from \$155.7 million in 2003-05 to \$97.3 million in 2005-07. Major transfers and changes include:
 - a. Transfers \$60 million from the **Bank of North Dakota**, the same amount authorized for the 2003-05 biennium.
 - b. Transfers \$5 million from the **Mill and Elevator**, the same amount authorized for the 2003-05 biennium.
 - c. Transfers \$16.9 million from the **health care trust fund**, \$19.0 million less than the 2003-05 biennium transfer.
 - d. Transfers \$9 million from the interest earnings of the **student loan trust fund**, \$17.3 million less than the transfer authorized for the 2003-05 biennium.
 - e. Transfers \$5 million from the **lands and minerals trust fund**, \$3 million more than the transfer authorized for the 2003-05 biennium.
 - f. Removes the \$11.9 million transfer from the **permanent oil tax trust fund** authorized for the 2003-05 biennium. The executive budget anticipates a \$41.6 million balance in the permanent oil tax trust fund for the 2005-07 biennium.
 - g. Removes the \$10.1 million transfer from the **water development trust fund** authorized for the 2003-05 biennium.
 8. Anticipates **oil prices** to average \$32 per barrel during the first year of the 2005-07 biennium and are anticipated to decline to an average price of \$24 per barrel during the second year of the biennium. The average oil price in November 2004 for North Dakota crude oil was \$42.58 per barrel.
 9. Increases the maximum amount of **oil extraction and oil and gas production tax collections** that may be deposited in the general

fund before revenues are transferred to the permanent oil tax trust fund from \$71 million to \$84.5 million. This change results in \$13.5 million of additional general fund revenues from oil tax collections during the 2005-07 biennium.

10. Anticipates \$10 million of general fund revenues from the **North Dakota lottery**, \$8.6 million more than the amount originally projected for the 2003-05 biennium.
11. Authorizes the director of the Office of Management and Budget to **transfer funds from the permanent oil tax trust fund** to the general fund if actual 2005-07 revenues are less than projected. If the balance in the permanent oil tax trust fund is not sufficient to provide for the revenue shortfall, the director of the Office of Management and Budget may direct the Industrial Commission to transfer **up to \$10 million of additional funds from the Bank of North Dakota** to the general fund. Any transfers made from the Bank of North Dakota may not reduce the Bank's capital to less than \$150 million.

2005-07 GENERAL FUND APPROPRIATIONS

1. Includes general fund appropriations of \$2.01 billion, \$203.3 million more than the 2003-05 legislative appropriations.
2. Major general fund appropriations increases (decreases) relate to:
 - a. Department of Human Services - \$72.5 million.
 - b. Department of Public Instruction - \$29.2 million.
 - c. Higher education - \$26.7 million.
 - d. State employee salary and health insurance - \$23.9 million.
 - e. Department of Corrections and Rehabilitation - \$16.0 million.
 - f. Judicial branch - \$9.5 million.
 - g. Adjutant General - \$7 million.
 - h. State Water Commission - (\$7.4 million).

2005-07 SPECIAL FUNDS APPROPRIATIONS

1. Includes special funds (estimated income) appropriations of \$3.54 billion, \$282.6 million more than the 2003-05 legislative appropriations.
2. Major special funds appropriations increases (decreases) relate to:
 - a. Federal funds - \$168 million.
 - b. Department of Commerce - \$51 million.
 - c. Department of Transportation - \$17.2 million.
 - d. Bank of North Dakota - \$15.9 million.
 - e. Higher education - \$9.1 million.
 - f. Office of Management and Budget - \$6.9 million.

- g. Main Research Center - \$6.9 million.
- h. Industrial Commission - \$6.4 million.
- i. Department of Corrections and Rehabilitation - \$5.4 million.
- j. State Water Commission - (\$27.5 million).

2005-07 - USE OF ONE-TIME REVENUES AND FUNDING SOURCES

1. Uses \$135.8 million of revenue and funding sources that may be available only once or are of limited duration. These sources include:
 - a. The use of \$116.5 million of the estimated \$126.7 million **beginning balance** (\$10.2 million remains as an estimated ending balance).
 - b. The transfer of \$16.9 million from the **health care trust fund** to the general fund. An estimated \$3 million may be available for transfer during the 2007-09 biennium.
 - c. The transfer of \$5 million from the **lands and minerals trust fund** to the general fund. An estimated \$2 million may be available for transfer during the 2007-09 biennium.
 - d. The use of \$2.4 million from the **beginning farmers revolving loan fund** for the Ag PACE and beginning farmers program.

2005-07 ONE-TIME GENERAL FUND SPENDING

1. Includes \$15.1 million of general fund appropriations exceeding \$500,000 that are for one-time purposes. These items include:
 - a. Adjutant General - Veterans' bonuses - \$5,000,000.
 - b. Legislative Assembly - Legislative applications replacement project - \$4,200,000.
 - c. Department of Human Services - Medicaid management information system (MMIS) replacement project - \$3,700,000.
 - d. Public Service Commission - Rail rate case - \$900,000.
 - e. Information Technology Department - Criminal justice information sharing (CJIS) initiative - \$700,000.
 - f. Office of Management and Budget - ConnectND PeopleSoft modules - \$600,000.

NOTE: The \$8.3 million recommended in House Bill No. 1024 to pay the state's share of disaster costs is not included as one-time spending for the 2005-07 biennium because this amount is a deficiency appropriation which will be paid during the 2003-05 biennium and is reflected as a reduction to the June 30, 2005, general fund balance.

HIGHER EDUCATION

1. Increases **general fund** support by \$26.7 million, or 7.4 percent, compared to 2003-05 appropriations due in part to increasing funding for campus operations by approximately \$24.8 million.
2. Increases support from **special funds** by \$9.1 million, or 8.2 percent, compared to 2003-05 appropriations due to increasing major capital projects funded from special funds by approximately \$8.1 million.
3. Adjusts the authorized number of **full-time equivalent (FTE) positions** from 2,400.38 for the 2003-05 biennium to 2,196.67 for the 2005-07 biennium to adjust the number of FTE positions to the level supported by the general fund.
4. The consolidation of the **higher education institutions' operating and extraordinary repair budgets** into two line items in the University System office budget--campus operations and contingency, extraordinary repairs, and capital emergency.
5. Funding of \$6.4 million, of which \$6.2 million is from the general fund and \$172,000 is from federal funds, for the **student financial assistance grant program**. The funding includes \$2 million of funding from the general fund for a new student financial assistance grant child care component. This level of funding represents a total funds increase of \$3.5 million from the 2003-05 legislative appropriation of \$2.9 million.
6. Funding of \$7.1 million from the general fund is recommended for **contingency, extraordinary repairs, and capital emergency funding**. This represents an increase in funding of \$.4 million from the 2003-05 legislative appropriation of \$1.8 million, of which \$297,000 was from the general fund and \$1.5 million was from the water development trust fund. The funding is to be used for campus extraordinary repairs and unforeseen operations or capital asset needs and opportunities as determined by the State Board of Higher Education.
7. Funding of \$916,000 from the general fund for **board initiatives** to support University System and statewide goals linked to the State Board of Higher Education strategic plan and the Higher Education Roundtable report. The funding includes \$450,000 of funding for an economic enhancement initiative that would target out-of-state and out-of-country recruitment. This level of funding represents an increase in funding of \$744,000 from the 2003-05 adjusted appropriation of \$172,000.

ELEMENTARY EDUCATION

1. Increases funding for **state school aid** (per student, transportation, and limited English proficiency) payments by \$22.8 million, from \$489.4 million to \$512.2 million. Per student payments would increase from \$2,623 in 2004-05 to \$2,726 in 2005-06 and \$2,826 in 2006-07.
2. Increases funding for **tuition apportionment** by \$2.1 million, from \$69.5 million to \$71.6 million. The per census unit payment would increase from \$335 in 2004-05 to \$351 for both years of the 2005-07 biennium.
3. Increases funding for **special education** by \$2.6 million, from \$49.9 million to \$52.5 million.
4. Decreases funding for **teacher compensation payments** by \$942,000, from \$51.9 million to \$50.9 million to properly reflect the level of funding needed to fund the current teachers at the current level of compensation payments.
5. Provides funding of \$2 million from the general fund for providing incentives to districts participating in **joint powers agreements** that increase educational opportunities for students.
6. Increases funding for **revenue supplemental payments** by \$2.5 million from \$5 million to \$7.5 million.

HUMAN SERVICES

1. Provides a total general fund appropriation of \$490.4 million, \$88 million, or 21.9 percent, more than the \$402.4 million appropriated for the 2003-05 biennium, excluding intergovernmental transfer payments.
2. Adds \$32 million of additional state matching funds required due to changes in the state's **federal medical assistance percentage (FMAP)**. The FMAP determines the federal and state share of Medicaid expenditures. North Dakota's FMAP is decreasing from 67.49 percent in federal fiscal year 2005 to 65.85 percent in federal fiscal year 2006, to an estimated 63.23 percent in federal fiscal year 2007.
3. Adds \$16.3 million, of which \$6.1 million is from the general fund for providing **inflationary increases** to the department's service providers of 2 percent for each year of the biennium.
4. Provides \$29.2 million, of which \$3.7 million is from the general fund for rewriting the Medicaid management information system (**MMIS**) computer application.

5. Reduces funding for temporary assistance for needy families (**TANF**) benefits by \$5 million of federal and special funds to provide a total of \$24.5 million for the 2005-07 biennium. The reduction is the result of an anticipated reduction in both the number of TANF recipients and average monthly payments.
6. Adds \$1.2 million, of which \$600,000 is from the general fund for payment error rate measurement (**PERM**) eligibility reviews to comply with proposed federal Medicaid and children's health insurance program regulations that, if approved, will become effective October 1, 2005.
7. Removes \$27.5 million, of which \$8.7 million is from the general fund, relating to **intergovernmental transfer payments** due to discontinuation of the program at the federal level.
8. Provides \$107.9 million for **prescription drugs** in the medical assistance program, an increase of \$12.7 million, or 13.4 percent, compared to the 2003-05 biennium appropriation.
9. Reduces funding for **outpatient hospital services** in the medical assistance program to \$33.8 million, a \$2.5 million, or 6.8 percent, reduction compared to the 2003-05 biennium appropriation.
10. Adds \$1.3 million, of which \$446,000 is from the general fund to allow Medicaid recipients to set aside up to \$5,500 for **funeral expenses** rather than \$3,000.
11. Provides \$348.8 million for **nursing facility care**, an increase of \$30.3 million, or 9.5 percent, compared to the 2003-05 biennium appropriation of \$318.4 million. The \$30.3 million increase includes \$24.5 million for **inflationary increases required by statute**, \$8.1 million for **rebasing** nursing home costs from 1999 to 2003, \$634,000 for changing the method of calculating **nursing facility payment limits** from the percentile method to a median-plus method, and a reduction of \$3 million relating to an anticipated reduction in **nursing facility residents** on Medicaid.
12. Provides \$12.8 million for **basic care**, of which \$5.2 million is from the general fund, an increase of \$4.4 million, all of which is from the general fund compared to the 2003-05 biennium appropriation. The department is anticipating that federal funds available under the basic care personal care option will be decreasing due to certain basic care costs no longer being eligible for Medicaid reimbursement under the North Dakota basic care personal care option as approved by the federal government.
13. Provides \$206.2 million for **developmental disabilities services grants**, of which \$73.2 million is from the general fund. Compared

to the 2003-05 biennium, the 2005-07 biennium funding is an increase of \$15.7 million, of which \$11.3 million is from the general fund. The increase relates to caseload and cost increases of \$9.6 million, and the 2 percent inflationary increases referred to above of \$6.1 million.

14. Adds \$3.1 million from the general fund for increased costs and costs relating to **expanding the secure services unit** at the State Hospital from a 22-bed to a 42-bed unit. The secure services unit provides sexual offender treatment services and services to individuals that are mentally ill and dangerous.
15. Adds \$1.3 million from the general fund for State Hospital traditional services to replace an anticipated reduction in **third-party collections**.
16. Adds \$1 million from the general fund for the Developmental Center to restore the \$1 million **general fund reduction** made by the 2003 Legislative Assembly.
17. Removes \$250,000 from the general fund provided for the 2003-05 biennium as a **funding pool** to be distributed to human service centers for mental health and substance abuse services based on the needs of each region.

CAPITAL CONSTRUCTION

1. Includes a total of \$747.2 million for the following capital projects:
 - a. \$162.2 million for major capital projects.
 - b. \$11.8 million for extraordinary repairs.
 - c. \$573.2 million for other projects (including \$504,001,529 for the Department of Transportation and \$43,022,460 for the State Water Commission).

The funding sources for major capital projects and extraordinary repairs and other projects are:

	General Fund	Special Funds
Major capital projects	\$1,841,255	\$160,352,333
Extraordinary repairs	3,329,159	8,464,764
Bond payments	18,249,556	2,146,611
Other projects	334,000	552,436,152
Total	\$23,753,970	\$723,399,860

2. Authorizes the following major capital construction projects to be financed by **bonding**:

Office of Management and Budget - State Capitol fire suppression system	\$3,155,000
Attorney General - Crime lab addition and remodeling	3,632,691
North Dakota State University - Hazardous material handling and storage facility	3,500,000
Dickinson State University - Murphy Hall renovation and addition (Stage II)	4,100,557
Department of Corrections and Rehabilitation - Multipurpose building construction at the Missouri River Correctional Center and building improvements at the James River Correctional Center	3,586,510
NDSU Main Research Center - Research greenhouse complex	4,500,000
Total	\$22,474,758

STATE EMPLOYEES

1. Provides funding for **state employee salary increases** equal to 4 percent of salaries effective July 1, 2005, and 3 percent effective July 1, 2006. Agencies may provide an additional 1 percent salary increase on July 1, 2006, to the extent the increase can be paid with existing agency resources.
2. Provides funding for Supreme Court justices and district court **judges' salary increases** of 5.78 percent for the first year of the biennium and 4 percent for the second year of the biennium.
3. Continues funding for the cost of **health insurance premiums** for state employees. The executive budget provides \$559 per month for state employee health insurance premiums, an increase of \$70, or 14.3 percent, compared to the 2003-05 premium of \$489 per month.
4. Provides \$5 million to the Office of Management and Budget for **market equity** compensation adjustments for classified state employees. Of the \$5 million, \$2.5 million is from the general fund and \$2.5 million from special funds.
5. Includes a total of 10,618.15 **FTE positions**, 167.78 FTE positions fewer than the 2003-05 authorized level. This includes a reduction of 203.71 higher education FTE positions to reflect institutional reductions and to report only the number of FTE positions funded from the general fund. The net increase, excluding the higher education positions, is 35.93 FTE positions. The recommendation

includes the addition of 137.66 new FTE positions and the deletion of 101.73 FTE positions.

CORRECTIONS

1. Adds \$1 million from the general fund for a **salary equity pool** for correctional officers.
2. Provides an additional \$1.5 million from the general fund for the **Tompkins Rehabilitation and Correction Center** due to increased program costs and the expiration of the federal reentry grant.
3. Increases funding by \$2.2 million from the general fund for housing female inmates at the Dakota Women's Correctional Rehabilitation Center in **New England**.
4. Provides an additional \$1.9 million from the general fund for housing **male inmates**.
5. Authorizes the issuance of \$2 million of bonds for a **multipurpose building** at the Missouri River Correctional Center.
6. Authorizes the issuance of \$1.6 million of bonds for **building improvements** and code improvements at the James River Correctional Center in Jamestown.
7. Provides \$900,000 from the general fund for a proposed 30-bed **assessment facility** for male inmates.
8. Provides an additional \$2.3 million from the general fund for the **Bismarck Transition Center** due to the expiration of a federal grant and increases in rates and population.

INFORMATION TECHNOLOGY DEPARTMENT

1. Increases funding for operating expenses for **PeopleSoft** maintenance payments (\$1,800,000), software acquisition and consulting services for the **mainframe migration** project (\$6,000,000), expansion of network circuits and bandwidth (\$1,200,000), and the Department of Human Services Medicaid management information system (**MMIS**) rewrite project (\$6,900,000).
2. Provides capital assets funding of \$10.4 million for **information technology equipment** (\$5,000,000) and **ConnectND** bond payments (\$5,400,000).
3. Removes \$20 million of bond proceeds provided in the 2003-05 biennium for the enterprise resource planning system initiative, the ConnectND project.
4. Removes \$1.3 million from the general fund provided in the 2003-05 biennium for **Prairie Public Broadcasting**. Funding for Prairie

Public Broadcasting is being added to the Office of Management and Budget.

5. Adds \$1.3 million from the general fund to restore the \$1 million general fund undesignated budget adjustment and reflect the loss of special funds provided for the 2003-05 biennium.

ECONOMIC DEVELOPMENT

1. Provides a total of \$22.2 million from the general fund for economic development activities, a decrease of \$800,000 from the 2003-05 biennium. Major changes made include:
 - a. Adding \$5 million from the general fund to the Department of Commerce for **centers of excellence** grants.
 - b. Removing \$2.3 million from the general fund provided to the University System for **centers of excellence** during the 2003-05 biennium.
 - c. Removing \$1.55 million from the general fund for transfer to the **Development Fund** in the Department of Commerce.
 - d. Changing the source of funding from the general fund to the beginning farmers revolving loan fund for the **Ag PACE** (\$1,425,000) and the **beginning farmers** (\$950,000) programs.

TRANSPORTATION

1. Anticipates **federal highway construction funds** of \$199.7 million for each year of the 2003-05 biennium compared to \$182.5 million for each year of the 2003-05 biennium.
2. Recommends increasing the annual **motor vehicle registration fee** by \$15, the proceeds of which estimated at \$20.1 million for the 2005-07 biennium will be deposited in the state highway fund rather than the highway tax distribution fund.
3. Provides funding for **consulting engineers** of \$32.3 million compared to \$24.3 million provided for the 2003-05 biennium.

LEWIS AND CLARK BICENTENNIAL

1. Provides \$5.6 million from the general fund for Lewis and Clark Bicentennial activities and projects. The 2003 Legislative Assembly appropriated \$5.7 million, \$5.31 million of which is from the general fund for Lewis and Clark Bicentennial activities and projects for the 2003-05 biennium. Funding recommended for each agency for the 2005-07 biennium includes:
 - a. \$3.9 million from the general fund for the Tourism Division of the **Department of Commerce** for marketing and promoting Lewis and Clark Bicentennial activities in North Dakota. Of this amount, \$3 million is from the proceeds of the additional 1 percent lodging tax approved by the 2003 Legislative Assembly for marketing the Lewis and Clark Bicentennial celebration.
 - b. \$933,000 from the general fund for the **Historical Society** for Lewis and Clark Bicentennial-related programming and initiatives.
 - c. \$108,000 from the general fund for the **Council on the Arts** for grants and other costs relating to Lewis and Clark Bicentennial activities.
 - d. \$618,000 from the general fund for the **Parks and Recreation Department** for capital projects at state parks and other costs associated with Lewis and Clark Bicentennial activities.

MILITARY-RELATED PROGRAMS

1. Provides \$5 million from the general fund for a new **veterans' bonus program** which would provide bonuses to North Dakota military personnel serving in active duty after September 11, 2001.
2. Adds \$1 million from the general fund for the **National Guard tuition assistance program** to provide a total of \$2,007,500.

EXECUTIVE BUDGET RECOMMENDATIONS REQUIRING STATUTORY CHANGES OR OTHER LEGISLATIVE ACTION

In addition to general agency budget recommendations, elected officials salary increases, and capital construction bonding proposals, the following recommendations included in the executive budget require statutory changes by the 2005 Legislative Assembly to implement:

REVENUES

1. Amends North Dakota Century Code (NDCC) Section 57-51.1-07.2 to increase the amount of oil extraction and oil and gas production tax collections that may be deposited in the general fund before collections are transferred to the **permanent oil tax trust fund** by \$13.5 million per biennium, from \$71 million to \$84.5 million (Section 18 of House Bill No. 1015 (2005)).
2. Repeals NDCC Section 54-27.2-02 relating to the transfer of any funds in excess of \$65 million in the general fund at the end of a biennium to the **budget stabilization fund** (Sections 19 and 20 of House Bill No. 1015 (2005)). Allows \$126.7 million (June 30, 2005, estimated general fund balance) to be available for 2005-07 revenues.
3. Continues the \$350 biennial **pesticide registration fee** that will revert to \$300 on July 1, 2005. Revenues from the additional \$50 estimated at \$475,000 for the 2005-07 biennium are deposited in the environment and rangeland protection fund (Section 10 of House Bill No. 1009 (2005)).
4. Increases **motor vehicle registration fees** by \$15 per vehicle and deposits the collections estimated at \$20.1 million for the 2005-07 biennium in the state highway fund rather than the highway tax distribution fund (Senate Bill No. 2144 (2005)).

FUNDING TRANSFERS

1. Provides for transfers from **Bank of North Dakota profits** to the general fund of \$60 million, the same as the 2003-05 biennium (Section 12 of House Bill No. 1015 (2005)). Based on the executive budget recommendations that anticipate a \$60 million transfer from the Bank of North Dakota during the 2003-05 biennium and \$60 million during the 2005-07 biennium, the Bank's capital at the end of the 2005-07 biennium is projected to be \$169 million.
2. Provides for **contingent transfers** from the permanent oil tax trust fund and the Bank of North Dakota to provide for any general fund revenue shortfalls during the 2005-07 biennium. The contingent transfers, subject to Budget Section approval, may be

requested by the director of the Office of Management and Budget if revised revenue projections during the 2005-07 biennium indicate that general fund revenues will be less than the estimates approved by the 2005 Legislative Assembly. The transfers may not exceed the actual amount that revenues are less than estimated and the transfers are limited to the amount available in the permanent oil tax trust fund and to \$10 million from the Bank.

Any Bank transfers may not reduce the Bank's capital structure below \$150 million (Section 13 of House Bill No. 1015 (2005)). For the 2003-05 biennium, the Legislative Assembly authorized a contingent Bank of North Dakota transfer of up to \$9 million with the provision that any transfer could not reduce the Bank's capital below \$140 million.

3. Provides for transfers from **Mill and Elevator Association profits** to the general fund of \$5 million, the same as the 2003-05 biennium (Section 11 of Senate Bill No. 2014 (2005)).
4. Provides for a transfer from the **health care trust fund** to the general fund of \$16.9 million, \$19 million less than the \$35.9 million authorized for transfer during the 2003-05 biennium (as of December 27, 2004, legislation to provide for this transfer has not been introduced).
5. Provides for a transfer from the **lands and minerals trust fund** to the general fund of \$5 million, \$3 million more than the transfer authorized for the 2003-05 biennium (Section 10 of House Bill No. 1015 (2005)). The section provides that additional amounts may be transferred if available.
6. Provides for a transfer from the **student loan trust fund** to the general fund of \$9 million, \$17.3 million less than the \$26.3 million transfer authorized for the 2003-05 biennium (House Bill No. 1152 (2005)). The bill also removes the \$23 million limit on the amount of subordinate or residual bonds the Industrial Commission may issue on the student loan trust fund.

ORGANIZATIONAL CHANGES

1. Transfers **State Radio Communications** from the Office of Management and Budget to the Division of Emergency Management (House Bill No. 1015 (2005)).
2. Transfers responsibility for **State Capitol security** from the Office of Management and Budget to the Highway Patrol (Senate Bill No. 2087 (2005)).

3. Merges the **Geological Survey and the Oil and Gas Division** into a Department of Mineral Resources under the Industrial Commission (Senate Bill No. 2014 (2005)).

HOMESTEAD TAX CREDIT

Expands eligibility for the homestead tax credit program, which provides property tax and rent relief to low-income seniors and to individuals who are permanently disabled (as of December 27, 2004, legislation to implement this recommendation has not been introduced).

ELEMENTARY EDUCATION

1. Increases **per student payments** from \$2,623 being provided for the second year of the 2003-05 biennium to \$2,726 for the first year of the 2005-07 biennium and \$2,826 for the second year of the 2005-07 biennium (House Bill No. 1153 (2005)).
2. Provides for changes in the calculation of school district weighting factors used for the calculation of **weighted student units** and the distribution of state school aid, including the consolidation of school district-size categories and the increase of weighting factors so no factor is set below 1.0 (House Bill No. 1153 (2005)).
3. Continues the current level of **teacher compensation payments** of \$1,000 for first-year teachers and \$3,000 for second-year returning teachers. Each school district is to use an amount equal to at least 70 percent of all new money received for per student payments and tuition apportionment for the purpose of increasing the compensation paid to teachers (House Bill No. 1153 (2005)).
4. Increases the statutory **minimum teacher salary** by \$3,000 per year, from \$21,500 to \$24,500 per year (as of December 27, 2004, legislation to make this change has not been introduced).
5. Provides that any state school aid funds remaining unspent at the end of the 2005-07 biennium will be distributed as follows:
 - a. The first \$900,000 as reorganization bonus payments to school districts pursuant to NDCC Section 15.1-12-11.1 and reorganization bonus advanced payments pursuant to Section 15.1-12-11.2.
 - b. Any remaining amount as additional per student payments (House Bill No. 1153 (2005)).

HIGHER EDUCATION

1. Continues provisions approved by the 2003 Legislative Assembly allowing a **continuing appropriation** of higher education institutions' special revenue funds, including tuition (Senate Bill No. 2003 (2005)).

2. Continues authorization for the University System to **carry over** at the end of each biennium unspent general fund appropriations (Senate Bill No. 2003 (2005)).
3. Continues the requirement that the budget request for the University System include budget estimates for **block grants** for a base funding component and for an initiative funding component and a budget estimate for an asset funding component and the requirement that the appropriation for the University System include block grants for a base funding appropriation and for an initiative funding appropriation and an appropriation for asset funding. The executive budget appropriates funding for these components but consolidates the funding for all higher education institutions into one appropriation (Senate Bill No. 2003 (2005)).
4. Requires the University System **performance and accountability report** to include an executive summary and specific information regarding education excellence, economic development, student access, student affordability, and financial operations (Senate Bill No. 2003 (2005)).

HUMAN SERVICES

1. Changes the method of calculating **nursing facility payment limits** from the percentile method to a median-plus method and sets the limits for direct, other direct, and indirect costs at the median-plus 20 percent, 20 percent, and 10 percent, respectively (as of December 27, 2004, legislation to make this change has not been introduced).
2. Allows Medicaid recipients to set aside up to \$5,500 for **funeral expenses** rather than \$3,000 (as of December 27, 2004, legislation to make this change has not been introduced).
3. Provides a continuing appropriation for making **developmental disabilities loan fund payments** to the common schools trust fund (Section 8 of Senate Bill No. 2013). The 2003 Legislative Assembly appropriated \$3.3 million from the lands and minerals trust fund to the Department of Human Services for making these payments for the 2003-05 biennium.

VETERANS' BONUS

Establishes a new veterans' bonus program to provide bonuses to North Dakota veterans serving in active duty after September 11, 2001 (as of December 27, 2004, legislation to implement this recommendation has not been introduced).

CENTERS OF EXCELLENCE

Establishes a centers of excellence program in the Department of Commerce to award grants to research universities, university-related foundations, and public institutions in North Dakota for economic development activities (Senate Bill No. 2018). The bill also authorizes the department to borrow up to \$50 million from the Bank of North Dakota which is appropriated pursuant to a continuing appropriation for providing centers of excellence grants. The \$50 million of borrowing authority is in addition to the \$5 million from the general fund appropriated to the department for the 2005-07 biennium.

COUNCIL ON THE ARTS

Allows the Council on the Arts cultural endowment fund to be invested by the State Investment Board rather than at the Bank of North Dakota (Sections 5 and 7 of Senate Bill No. 2010 (2005)).

STATE WATER COMMISSION

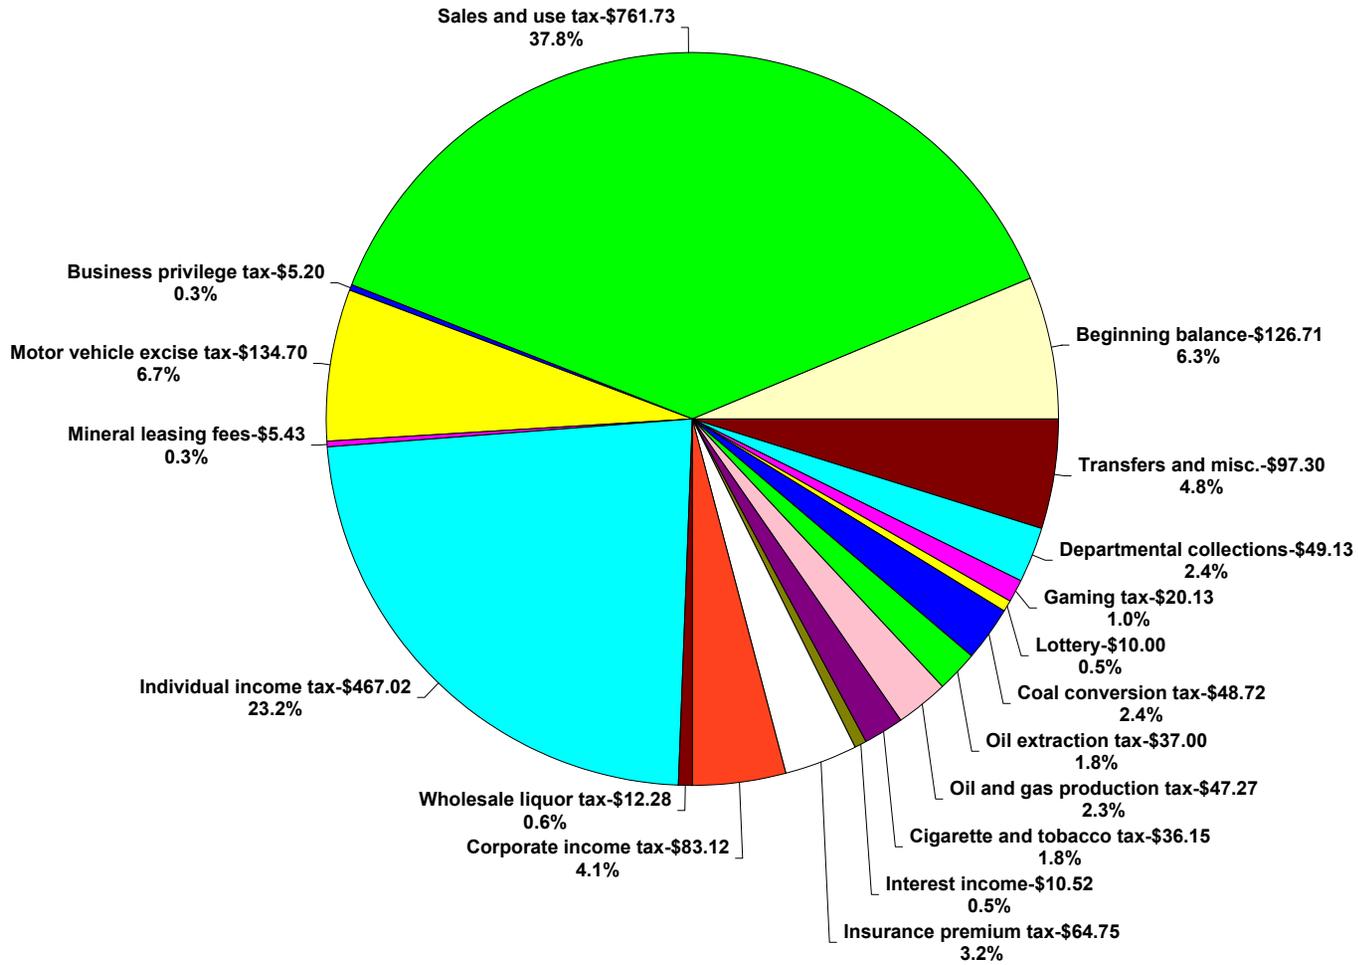

Authorizes the State Water Commission to sell its maintenance shop property in Bismarck and use the proceeds to purchase land and construct a new maintenance shop (Sections 6 and 7 of House Bill No. 1021 (2005)).

Makes the statutory changes necessary for the State Water Commission to sell by July 1, 2005, up to \$60 million of bonds previously authorized. The bond proceeds will be used to replenish the water development and resources trust funds for expenditures during the 2003-05 biennium in order to make available money in these funds for the 2005-07 biennium water projects (Senate Bill No. 2145 (2005)).

\1 Appropriation amounts are restated to reflect, where appropriate, deficiency appropriations provided by a subsequent Legislative Assembly and general fund allotments and reductions.

\2 The amount shown reflects the actual cash balance in the general fund on June 30 at the end of the biennium.

\3 The amount shown is the unobligated balance, which is the June 30 cash balance reduced by June obligations not paid until after the end of the biennium.

- \4 In addition to the amount shown, \$25.2 million was transferred to the budget stabilization fund pursuant to North Dakota Century Code (NDCC) Section 54-27.2-02, which provided that any amount in excess of \$40 million in the general fund on June 30, 1989, be transferred to the budget stabilization fund.
- \5 In addition to the amount shown, \$17.1 million was transferred to the budget stabilization fund pursuant to NDCC Section 54-27.2-02, which provided that any amount in excess of \$65 million in the general fund on June 30, 1997, be transferred to the budget stabilization fund. Subsequently, on July 1, 1997, that amount was transferred from the budget stabilization fund to the Bank of North Dakota.
- \6 The amount shown reflects original legislative appropriations of \$1,746.98 million increased by \$3.47 million of additional general fund money used to match federal Medicaid funding for intergovernmental transfer payments and decreased by \$18.17 million relating to the July 2002, 1.05 percent budget allotment and \$4.32 million for emergency clauses and other miscellaneous adjustments.
- \7 The amount shown is after a transfer of \$18,699,787 from the Bank of North Dakota pursuant to Section 12 of House Bill No. 1015 (2001).
- \8 The amount shown reflects recommended general fund appropriations for the 2005-07 biennium.

\1 Revised 2003-05 revenue forecast (December 2004).

\2 Executive budget revenue forecast for the 2005-07 biennium.

\3 From 1999 through 2003, North Dakota Century Code (NDCC) Section 57-51.1-07.2 provided that if, at the end of any biennium, oil and gas production and extraction tax collections during the biennium exceed \$62 million, the excess amount must be transferred from the general fund to the permanent oil tax trust fund. Interest on money in the fund is transferred to the general fund.

Total oil and gas tax collections were \$69.6 million during the 2001-03 biennium, resulting in \$7.6 million being transferred to the permanent oil tax trust fund at the end of that biennium. The July 1, 2003, balance in the permanent oil tax trust fund was \$12.8 million.

Section 26 of 2003 Senate Bill No. 2015 amended NDCC Section 57-51.1-07.2 so that all revenues deposited in the general fund during a biennium that are derived from the oil and gas gross production tax which exceed \$71 million are to be transferred into the permanent oil tax trust fund, instead of the prior \$62 million limit. In August 2003, \$11.91 million was transferred from the permanent oil tax trust fund to the general fund, pursuant to Section 6 of 2003 Senate Bill No. 2015.

Total oil and gas tax collections are estimated to be \$111.8 million during the 2003-05 biennium, resulting in \$40.8 million being transferred to the permanent oil tax trust fund at the end of that biennium.

The executive budget recommends that NDCC Section 57-51.1-07.2 be amended to raise the general fund limit from \$71 million to \$84.5 million. Total oil and gas tax collections are estimated to be \$84.3 million for the 2005-07 biennium. Based on an \$84.5 million general fund limit, there would be no transfer to the permanent oil tax trust fund during the 2005-07 biennium. In addition, see footnote No. 6 regarding a potential transfer from the permanent oil tax trust fund to the general fund during the 2005-07 biennium.

\4 The 2001 Legislative Assembly authorized that, at the request of the director of the Office of Management and Budget, the Department of Human Services sell the outstanding loans of the developmental disabilities revolving loan fund No. 1 to the Bank of North Dakota and deposit the proceeds in the general fund.

\5 In addition to the \$60 million transfer from the Bank of North Dakota, the 2001 Legislative Assembly provided for a contingent Bank of North Dakota transfer if actual general fund revenues were less than projected for the 2001-03 biennium. The amount transferred was limited to the lesser of \$25 million or the actual revenue shortfall and the Bank's capital structure may not be reduced below \$140 million.

\6 Section 12 of 2005 House Bill No. 1015 provides for up to a \$60 million transfer from the Bank of North Dakota's current earnings and accumulated undivided profits.

In addition to the \$60 million transfer from the Bank of North Dakota included in the executive revenue forecast, Section 13 of 2005 House Bill No. 1015 provides that if actual general fund revenues are less than the legislative forecast for the 2005-07 biennium, an amount equal to the shortfall may be transferred from the permanent oil tax trust fund to the general fund; if additional funds are required to provide for the shortfall, an amount, not to exceed \$10 million, may be transferred from the earnings and accumulated undivided profits of the Bank of North Dakota. Any transfer authorized may only be made to the extent the transfer does not reduce the Bank's capital structure below \$150 million. The director of the Office of Management and Budget may determine what portion of the shortfall will be covered by the transfers and what portion will be covered by allotment.

ECONOMIC ASSUMPTIONS AND CONDITIONS USED IN THE 2005-07 BIENNIUM EXECUTIVE BUDGET RECOMMENDATION

General fund revenue growth - General fund revenues, including transfers, for the 2005-07 biennium are anticipated to increase by 4.5 percent, or \$82 million, from the original 2003-05 legislative revenue forecast and by 1.8 percent, or \$33.3 million, from the revised 2003-05 revenue forecast. General fund revenues, **excluding transfers**, are anticipated to increase by 5.4 percent, or \$91.7 million, from the revised 2003-05 revenue forecast.

Taxable sales and purchases - Taxable sales and purchases are estimated to increase by 1.6 percent in fiscal year 2006 and 2.5 percent in fiscal year 2007, resulting in additional general fund revenues of \$46.5 million as compared to the revised 2003-05 forecast from sales and use tax and motor vehicle excise tax collections.

Lottery income - North Dakota voters approved an initiated measure in November 2002 to amend the constitution and allow North Dakota to join a multistate lottery. The 2003-05 revised revenue forecast anticipates \$6.2 million of general fund revenues from the lottery, an increase of \$4.8 million from the original 2003-05 legislative revenue forecast. The 2005-07 executive budget anticipates \$10 million of general fund revenues from the lottery.

Oil and gas tax collections - Oil and gas tax collections are expected to decrease from \$111.8 million in 2003-05 to \$84.3 million in 2005-07. North Dakota Century Code (NDCC) Section 57-51.1-07.2 provides that if, at the end of any biennium, oil and gas production and oil extraction tax collections

during the biennium exceed \$71 million, the excess amount must be transferred from the general fund to the permanent oil tax trust fund. An estimated \$40.8 million will be transferred to the permanent oil tax trust fund for the 2003-05 biennium. The executive budget recommendation proposes amending Section 57-51.1-07.2 to increase the general fund limit to \$84.5 million. Because oil and gas tax collections are projected to total \$84.3 million for the 2005-07 biennium, no transfer is anticipated to be made to the permanent oil tax trust fund during the 2005-07 biennium.

Oil prices - Oil prices are anticipated to average \$32 per barrel during the first year of the 2005-07 biennium and to decline to an average price of \$24 per barrel during the second year of the biennium. The average oil price in November 2004 for North Dakota crude oil was \$42.58 per barrel.

Oil production - Oil production is anticipated to average 89,500 barrels per day throughout the 2005-07 biennium. Oil production for September 2004 averaged 85,915 barrels per day.

Individual income tax - Adjusted gross income is projected to grow by 3.3 percent during the first year of the biennium and by 4.2 percent during the second year of the biennium, resulting in additional general fund revenue of \$31 million from individual income tax collections.

Corporate income tax - Corporate income tax collections are expected to increase by 2.9 percent or \$2.3 million, for an anticipated total of \$83.1 million of corporate income tax revenues during the 2005-07 biennium.

The following are definitions of the terms relating to the pricing of crude oil, specifically the definitions of posted field price, spot price, and futures price:

Posted field price is the price at which a crude oil purchaser will buy the oil of a certain quality from a particular field or area.

Spot price is the price for crude oil at which a one-time seller transaction is consummated.

Futures price is the price at which a contract for the future purchase or sale of oil is traded. The leading or benchmark price for crude oil futures is that paid for West Texas intermediate crude oil.

\1 The oil prices shown are the Tesoro posted field prices for North Dakota sweet crude, which includes the Montana counties of Sheridan, Roosevelt, and Richland. The prices at the beginning and end of the periods are the monthly average actual or estimated posted prices.

\1 The amounts shown are as included in the 2005-07 executive budget.

\2 North Dakota Century Code (NDCC) Section 57-51.1-07.2 (1997 Senate Bill No. 2366) establishes a permanent oil tax trust fund and provides that at the end of each biennium beginning after June 30, 1997, all revenues deposited in the general fund during that biennium and derived from taxes imposed on oil and gas under Chapters 57-51 (Oil and Gas Gross Production Tax) and 57-51.1 (Oil Extraction Tax) which exceed \$71 million are to be transferred by the State Treasurer to a special fund. The State Treasurer is to transfer the interest earnings on the fund to the general fund at the end of each fiscal year. The principal of the permanent oil tax trust fund may only be spent upon a two-thirds vote of the members elected to each house of the Legislative Assembly.

The revised revenue forecast for the 2003-05 biennium projects oil and gas production tax and oil extraction tax revenues deposited into the general fund to exceed \$71 million by \$40,756,397. Therefore, there is a projected transfer of \$40,756,397 to the permanent oil tax trust fund at the end of the 2003-05 biennium.

The executive budget recommends amending NDCC Section 57-51.1-07.2 (Section 18 of House Bill No. 1015) to increase from \$71 million to \$84.5 million the maximum amount of oil extraction tax and oil and gas gross production tax collections that may be deposited in the general fund before a transfer to the permanent oil tax trust fund occurs. The executive revenue forecast estimates that oil tax collections during the 2005-07 biennium will total \$84.3 million. Therefore, no transfers to the permanent oil tax trust fund are anticipated during the 2005-07 biennium.

\3 The 1993 Legislative Assembly passed Senate Concurrent Resolution No. 4011, which contained a constitutional amendment relating to the distribution of oil extraction tax revenues. The constitutional amendment was approved by the voters in the November 1994 general election. The constitutional amendment provides that 20 percent of the oil extraction tax revenues are to be allocated as follows:

- Fifty percent (of the 20 percent) to the common schools trust fund.
- Fifty percent (of the 20 percent) to a foundation aid stabilization fund.

\4 North Dakota Century Code Section 57-51.1-07.3 (2003 Senate Bill No. 2311) establishes an oil and gas research fund, and provides that two percent of the state's share of oil and gas gross production tax and oil extraction tax revenues, up to \$1.3 million per biennium, are to be deposited in the oil and gas research fund. All money deposited in the oil and gas research fund is appropriated as a continuing appropriation to the Oil and Gas Research Council.

\5 The oil extraction tax rate is 6.5 percent of the gross value at the well for wells drilled prior to April 27, 1987. For oil produced from wells drilled after April 27, 1987, there is no extraction tax levied for 15 months and thereafter the rate is 4 percent. The initial production of oil from a well is exempt from any oil extraction tax for a period of 60 months if it meets any of the following conditions: (1) is located within the boundaries of an Indian reservation; (2) is on lands held in trust for an Indian tribe or individual Indian; or (3) is on lands held by an Indian tribe as of August 1, 1997. For oil produced from any well drilled and completed as a horizontal well after April 27, 1987, there is no extraction tax levied for 24 months, and thereafter the rate is 4 percent. The oil extraction tax rate is 4 percent for qualifying secondary and tertiary recovery projects, and production from stripper wells and enhanced oil production methods is

exempt. If the average price of a barrel of oil exceeds the trigger price for each month in any consecutive five-month period, the oil extraction tax will become 6.5 percent. The tax rate reverts to 4 percent if the average price of a barrel of oil is less than the trigger price for each month in any consecutive five-month period. The trigger price is defined in statute as \$35.50 as indexed for inflation, and the Tax Commissioner computes the indexed trigger price by December 31 of each year to be applied for the following calendar year.

During the 2003-05 biennium, the average price per barrel of oil exceeded the trigger price for five consecutive months, resulting in an increase in the oil extraction tax rate from 4 percent to 6.5 percent as of October 1, 2004. The adjusted trigger price for 2004 is \$35.11.

The oil extraction tax is allocated 20 percent to the resources trust fund for water development projects, 10 percent to the common schools trust fund, 10 percent to the foundation aid stabilization fund, and 60 percent to the state general fund.

\6 The gross production tax on oil is 5 percent of the gross value at the well on oil produced. The gross production tax on gas is four cents times the gas base rate adjustment for each fiscal year as calculated by the Tax Department.

The oil and gas production tax is distributed per formula to the oil and gas impact grant fund (up to \$5 million per biennium), to the state general fund, and to political subdivisions within producing counties.

GENERAL FUND APPROPRIATIONS - MAJOR CHANGES AND KEY RECOMMENDATIONS

The following schedule compares general fund appropriations recommended in the 2005-07 executive budget to the 2003-05 appropriations approved by the 2003 Legislative Assembly and lists major changes:

	2003-05 Original Legislative Appropriations	Increase (Decrease) From 2003-05	2005-07 Executive Budget
General fund appropriations	\$1,803,661,161	\$203,340,108	\$2,007,001,269
Major changes include:			
Recommended salary and fringe benefits increase		\$23,851,554	
Department of Human Services		72,507,377	
Department of Public Instruction		29,188,237	
Higher education		26,696,649	
Department of Corrections and Rehabilitation		16,043,659	
Judicial branch		9,507,889	
State Water Commission		(7,402,320)	
Adjutant General		7,016,783	
Other net changes		25,930,280	
Total		\$203,340,108	

Major changes and key recommendations affecting 2005-07 general fund appropriations include:

- **Recommended salary and fringe benefits increase - \$23,851,554.** The executive budget recommends funding for state employee salary increases of 4 percent effective July 1, 2005, and 3 percent effective July 1, 2006. Agencies are authorized to provide an additional 1 percent increase on July 1, 2006, if funds can be generated through efficiencies in the budget. The general fund portion of the executive budget salary and fringe benefits increase package is \$23.9 million. See "State Employees" section for additional information on state employee salary increases.
- **Department of Human Services - \$72,507,377.** The executive budget increases the general fund share of medical assistance payments by \$32 million due to the reduction in the federal medical assistance percentage (FMAP), provides \$16.2 million for an anticipated caseload and utilization increase of the department's programs, adds \$12.2 million for funding increases required by statute for nursing and basic care facilities, adds \$6.1 million to allow a 2 percent annual inflationary increase for the department's other service providers, and adds \$3.7 million to rewrite the department's Medicaid management information computer system. See "Human Services" section for additional information.
- **Department of Public Instruction - \$29,188,237.** The executive budget provides a general fund appropriation of \$512,153,759 for state school aid, an increase of \$22,773,769 from the 2003-05 legislative appropriation of \$489,379,990 and provides a general fund appropriation of \$7.5 million for revenue supplemental payments, an increase of \$2.5 million from the 2003-05 legislative appropriation of \$5 million. The executive budget recommends increasing funding from the general fund for special education by \$2,601,305 from \$49,898,695 to \$52.5 million and provides funding of \$2 million from the general fund for joint powers agreement incentives. See "Elementary Education" section for additional information.
- **Higher education - \$26,696,649.** For higher education, the executive budget increases funding for campus operations by approximately \$24.8 million and provides a \$2 million general fund appropriation for a student financial assistance grant child care component.

- **Department of Corrections and Rehabilitation - \$16,043,659.** The executive budget increases funding from the general fund as follows:
 - \$2.2 million of additional funding for housing female inmates at the Dakota Women's Correctional Rehabilitation Center in New England.
 - \$1 million for a salary equity pool.
 - \$1.9 million of additional funding for housing male inmates.
 - \$3 million of additional funding for the department's bond payments for the 2005-07 biennium.
 - \$1.5 million of increased funding for the Tompkins Rehabilitation and Correction Center in Jamestown.
 - \$1.3 million for 31.10 new full-time equivalent (FTE) positions.
 - \$900,000 for male inmate transition beds.
 - \$1.1 million for transition centers.
 - \$500,000 for the Division of Juvenile Services intensive in-home program to replace federal funds no longer available.
- **Judicial branch - \$9,507,889.** The executive budget increases funding from the general fund for indigent defense costs by \$5.7 million, increases operating expenses by \$1.6 million, and provides \$800,000 for a 5.78 percent and 4 percent salary increase for justices and judges, and \$1.1 million for the judicial branch salary schedule, including funding for continuing step increases.
- **State Water Commission - (\$7,402,320).** The executive budget provides funding from the general fund for the administrative and support services program of \$2,036,357. The 2003-05 biennium legislative appropriation provided \$9.4 million from the general fund for administrative expenses, including the administrative expenses of the water and atmospheric resources program. Section 15 of Senate Bill No. 2022 (2003) provided for a corresponding transfer of \$10,070,373 from the water development trust fund to the general fund during the 2003-05 biennium. The 2005-07 executive budget recommendation does not provide for a corresponding transfer from the water development trust fund to the general fund.
- **Adjutant General - \$7,016,783.** The executive budget increases funding from the general fund for the tuition assistance program by \$1 million from \$1,007,500 to \$2,007,500 and provides \$5 million from the general fund for bonus payments to qualifying National Guard, reservists, and active duty North Dakota military personnel.

SPECIAL FUNDS APPROPRIATIONS - MAJOR CHANGES AND KEY RECOMMENDATIONS

¹The amounts shown reflect special funds appropriation authority reductions as provided for in Section 3 of House Bill No. 1505 (2003).

²The amount shown is the total federal funds appropriated by the Legislative Assembly as reported by state agencies on a survey for the Budget Section completed in October 2004.

Major changes and key recommendations affecting 2005-07 special funds appropriations include:

- **Federal funds - \$168,021,938.** The executive budget recommends a federal fund increase of \$168 million, including increases of \$86.2 million for the Department of Human Services, \$27.7 million for the Department of Public Instruction, \$25.9 million for the Department of Transportation, and \$20.1 million for the Division of Emergency Management.
- **Department of Commerce - \$50,961,758.** The executive budget authorizes the department to borrow up to \$50 million from the Bank of North Dakota for providing grants to centers of excellence.
- **State Water Commission - (\$27,512,697).** The 2003 Legislative Assembly authorized the State Water Commission to issue bonds in an amount not to exceed \$60 million for state water projects. The decrease of special funds authority of \$27.5 million represents anticipated 2003-05 biennium water project expenditures paid for from bond proceeds.

- **Department of Transportation - \$17,152,855.** The executive budget provides funding for an additional \$34.4 million of federal highway construction funds requiring \$8.6 million of additional state matching funds.
- **Bank of North Dakota - \$15,926,518.** The executive budget recommends providing \$11 million for the construction of a new Bank building, a funding source change from the general fund to special funds of \$2,375,000 for the Ag PACE fund (\$1,425,000) and beginning farmers (\$950,000), and increasing operating expenses by \$1,122,559 primarily due to information technology operating needs.
- **Higher education - \$9,082,333.** The executive budget recommends increasing major capital project funding from special funds by approximately \$8.1 million. See "Higher Education" section for additional information.
- **Office of Management and Budget - \$6,949,805.** The executive budget recommends providing special funds spending authority from state bonding proceeds in the amount of \$3,155,000 for a new fire suppression system in the Capitol tower and providing special funds spending authority in the amount of \$1,800,000 for entering into a performance contract for a Capitol complex energy savings program. The executive budget also provides \$2,500,000 of special funds spending authority for addressing statewide salary equity issues.
- **Main Research Center - \$6,942,890.** The executive budget provides special funds from bond proceeds of \$2 million and from gifts, grants, and contracts of \$500,000 for a research greenhouse complex and recommends increasing funding for operations from gifts, grants, and contracts by \$4.7 million.
- **Industrial Commission - \$6,399,009.** The executive budget recommends increasing funding from special funds for bond payments by \$7,461,422 and decreasing special funds for lignite research and development by \$1,070,000.
- **Department of Corrections and Rehabilitation - \$5,388,202.** The executive budget recommends increasing special funds for Roughrider Industries by approximately \$3,650,000, of which \$2,600,000 is for a general issue of license plates, \$320,000 is for an industries building located at the Missouri River Correctional Center, and \$668,000 is for equipment. The executive budget also recommends capital assets funding of \$3,586,510 from state bonding proceeds.
- **Attorney General - \$4,282,197.** The executive budget recommends issuing bonds to provide \$3,632,691 to remodel and expand the state crime laboratory.
- **Branch research centers - \$3,425,131.** The executive budget recommends \$440,000 of bond proceeds for a new agronomy laboratory and greenhouse for the North Central Research Center and increases special funds spending authority from gifts, grants, and contracts by \$2.5 million.
- **Children's Services Coordinating Committee - (\$2,514,600).** The executive budget does not include funding for the Children's Services Coordinating Committee due to the discontinuation of the "refinancing" system of generating funding for the agency resulting from a federal appeals board decision regarding eligible claims for reimbursement under the federal foster care program.

\1 2003-05 appropriation and 2003-05 current estimate - These amounts were reported by state agencies and institutions in response to a Legislative Council staff survey completed in October 2004 for the Budget Section of the Legislative Council.

\2 State Department of Health - \$5,279,583 decrease

The decrease is primarily attributable to anticipated decreases in funding for the following programs:

Centers for Disease Control and Prevention (CDC) and Health Resources and Services Administration (HRSA) bioterrorism grants (from \$20,072,798 in 2003-05 to \$15,533,228 in 2005-07)	(\$4,539,570)
Women, infant, and children (WIC) program (from \$24,285,729 in 2003-05 to \$22,552,367 in 2005-07)	(\$1,733,362)

\3 Department of Human Services - \$66,723,336 increase

The increase is primarily attributable to anticipated increases in funding for the following programs:

Food stamps (from \$84,285,729 in 2003-05 to \$105,840,659 in 2005-07)	\$21,554,930
Medical assistance (from \$726,442,269 in 2003-05 to \$747,004,566 in 2005-07)	\$20,562,297
Low-income home energy assistance program (\$28,930,945 in 2003-05 to \$37,496,837 in 2005-07)	\$8,565,892

\4 Aeronautics Commission - \$575,800 increase	
The increase is primarily attributable to anticipated increases in funding for the following programs:	
Master plan study update (from \$0 in 2003-05 to \$285,088 in 2005-07)	\$285,088
Multiple airport layout (from \$0 in 2003-05 to \$180,000 in 2005-07)	\$180,000
\5 Housing Finance Agency - \$2,507,965 decrease	
The decrease is primarily attributable to anticipated decreases in funding for the following programs:	
Rent supplements - Rental housing for lower-income families (from \$24,332,473 in 2003-05 to \$22,332,660 in 2005-07)	(\$1,999,813)
Lower-income housing assistance program (from \$2,844,593 in 2003-05 to \$2,438,620 in 2005-07)	(\$405,973)
\6 Division of Emergency Management - \$20,223,604 decrease	
The decrease is primarily attributable to the following program:	
Public assistance grants (from \$20,801,484 in 2003-05 to \$2,779,870 in 2005-07)	(\$18,021,614)
\7 Department of Corrections and Rehabilitation - \$5,566,501 decrease	
The decrease is primarily attributable to anticipated decreases in funding for the following programs:	
Violent offender incarceration and truth-in-sentencing incentive grants (from \$1,885,590 in 2003-05 to \$0 in 2005-07)	(\$1,885,590)
Juvenile accountability incentive block grants (from \$1,744,653 in 2003-05 to \$377,457 in 2005-07)	(\$1,367,196)
\8 Adjutant General - \$1,465,278 increase	
The increase is attributable to the following program:	
Air and Army Guard contracts (from \$29,483,716 in 2003-05 to \$30,948,994 in 2005-07)	\$1,465,278
\9 Department of Commerce - \$5,045,168 increase	
The increase is primarily attributable to anticipated increases in funding for the following programs:	
HOME investment partnerships program (from \$6,200,000 in 2003-05 to \$7,356,264 in 2005-07)	\$1,156,264
Community strategic planning (from \$11,436,464 in 2003-05 to \$12,470,941 in 2005-07)	\$1,034,477
Community services block grant (from \$6,400,000 in 2003-05 to \$6,976,148 in 2005-07)	\$576,148
\10 Game and Fish Department - \$3,332,844 increase	
The increase is primarily attributable to anticipated increases in funding for the following programs:	
Wildlife restoration (from \$5,738,500 in 2003-05 to \$7,063,058 in 2005-07)	\$1,324,558
Sportfish restoration (from \$5,725,000 in 2003-05 to \$6,395,398 in 2005-07)	\$670,398
Landowner incentive program (from \$0 in 2003-05 to \$500,000 in 2005-07)	\$500,000
\11 State Water Commission - \$12,336,283 decrease	
The decrease is primarily attributable to anticipated decreases in funding for the following programs:	
Southwest Pipeline Project (from \$6,950,000 in 2003-05 to \$20,000 in 2005-07)	(\$6,930,000)
Northwest Area Water Supply (NAWS) project (from \$20,125,212 in 2003-05 to \$15,000,000 in 2005-07)	(\$5,125,212)

ELEMENTARY AND SECONDARY EDUCATION - SUMMARY OF KEY RECOMMENDATIONS

STATE SCHOOL AID

The 2005-07 biennium executive budget recommendation provides a general fund appropriation of \$512,153,759 for state school aid, an increase of \$22,773,769, or 4.7 percent, from the 2003-05 appropriation of \$489,379,990. The recommended per student payment amounts are \$2,726 during the first year of the biennium and \$2,826 for the second year, which compares to past payment levels as follows:

Fiscal Year	Per Student Payment	Increase From Prior Year	Percentage Increase From Prior Year
1997-98 (appropriation)	\$1,954	\$92	4.9%
1998-99 (appropriation)	\$2,032	\$78	4.0%
1999-2000 (appropriation)	\$2,145	\$113	5.6%
2000-01 (appropriation)	\$2,230	\$85	4.0%
2001-02 (appropriation)	\$2,287	\$57	2.6%
2002-03 (appropriation)	\$2,347	\$60	2.6%
2003-04 (appropriation)	\$2,509	\$162	6.9%
2004-05 (appropriation)	\$2,623	\$114	4.5%
2005-06 (recommendation)	\$2,726	\$103	3.9%
2006-07 (recommendation)	\$2,826	\$100	3.7%

In relation, the executive budget recommendation provides for changes in the calculation of school district weighting factors used for the calculation of weighted student units and the distribution of state school aid, including the consolidation of school district-size categories and the increase of weighting factors so no factor is set below 1.0.

TEACHER COMPENSATION

The executive budget recommendation provides \$50,912,120 from the general fund for teacher compensation payments, a decrease of \$941,880, or 1.8 percent, from the 2003-05 appropriation of \$51,854,000. The funding continues the current level of teacher compensation payments of \$1,000 for first-year teachers and \$3,000 for second-year returning teachers. Section 5 of House Bill No. 1153 provides that each school district shall use an amount equal to at least 70 percent of all new money received for per student payments and tuition apportionment for the purpose of increasing the compensation paid to teachers.

SPECIAL EDUCATION

The executive budget recommendation provides \$52,500,000 from the general fund for special education grants, an increase of \$2,601,305, or 5.2 percent, from the 2003-05 appropriation of \$49,898,695. Section 6 of 2005 House Bill No. 1013 provides legislative intent that the special education appropriation be distributed as follows:

- \$15,500,000 to reimburse school districts or special education units for excess costs incurred relating to contracts for students with disabilities (\$2,500,000 more than the amount appropriated for the 2003-05 biennium).
- \$400,000 to reimburse school districts or special education units for gifted and talented programs (no change from the amount appropriated for the 2003-05 biennium).
- \$36,600,000 to distribute on a per student basis pursuant to North Dakota Century Code (NDCC) Section 15.1-27-10 (\$101,305 more than the amount appropriated for the 2003-05 biennium).

TUITION FUND

The executive budget recommendation includes tuition fund distributions of \$71,600,000, an increase of \$2,104,629, or 3 percent, from the 2003-05 appropriation of \$69,495,371. The recommended appropriation will provide payments of approximately \$351 per census unit, an increase of \$16, or 4.8 percent, from the 2003-04 and 2004-05 appropriated payment of \$335.

OTHER RECOMMENDATIONS

The executive budget recommendation also provides for:

- **Revenue supplemental payments** - The executive budget recommends **\$7.5 million** from the general fund for revenue supplemental payments to school districts pursuant to NDCC Section 15.1-27-11, an increase of \$2.5 million from the 2003-05 appropriation of \$5 million.
- **Reorganization bonuses** - The executive budget recommends including **\$500,000** from the general fund for reorganization bonus payments, the same level of funding provided in the 2003-05 biennium.
- **Joint powers incentives** - The executive budget includes a **\$2 million** general fund appropriation for incentives to school districts entering into joint powers agreements to encourage school district cooperation and efficiency.
- **Governor's school program** - The executive budget recommends increasing the general fund appropriation for support of the Governor's school program by **\$45,000**, from \$225,000 to \$270,000, for the creation of a Governor's school for the arts.
- **National writing projects** - The executive budget recommends increasing the general fund appropriations for the Red River Valley Writing Project and the Northern Plains Writing Project by **\$40,000**, from \$48,000 to \$88,000.
- **North Dakota Museum of Art** - The executive budget recommends increasing the general fund appropriation for support of the North Dakota Museum of Art educational outreach initiative by **\$125,000**, from \$125,000 to \$250,000.
- **North Dakota LEAD Center** - The executive budget recommends increasing the general fund appropriation for support of the North Dakota LEAD Center by **\$21,500**, from \$215,000 to \$236,500.
- **Other grants** - The executive budget recommends increasing federal funding for other grants by approximately **\$25.3 million**, or 14.1 percent, from the 2003-05 appropriation of \$179.2 million, including an increase of \$9.8 million for Title I basic grants, \$4.6 million for 21st century community learning centers, \$4.1 million for IDEA Part B special education grants, and \$3.8 million for Title II teacher and principal training and recruiting grants.
- **Contingent state school aid distributions** - The executive budget recommends that any state school aid funds remaining unspent at the end of the 2005-07 biennium will be distributed as follows:
 - The first \$900,000 as reorganization bonus payments to school districts pursuant to NDCC Section 15.1-12-11.1 and reorganization bonus advanced payments pursuant to Section 15.1-12-11.2.
 - Any remaining amount as additional per student payments.

\1 2003-05 appropriation - The 2003-05 appropriation amounts include \$40,000 appropriated from the general fund to the Education Standards and Practices Board for the purpose of procuring federal matching grants to provide for the national board certification of teachers.

The 2003-05 appropriation amounts do not include \$105,000 of general fund carryover authority from the 2001-03 biennium authorized by the 2003 Legislative Assembly to be used in conjunction with special funds received by the department for the purpose of providing a grant to fund the North Dakota Central Council of School Television licensing of educational television programs for classroom use by North Dakota elementary and secondary schools.

\2 The number of FTE positions for the 2003-05 biennium has been adjusted to reflect the reduction and transfer of a .5 FTE position relating to information technology services, including electronic mail, file and print server administration, data base administration, storage, application server, and hosting services from the Department of Public Instruction to the Information Technology Department as of November 1, 2003, provided for in Section 10 of House Bill No. 1505.

\3 2003-05 estimated expenditures - The 2003-05 estimated expenditures include \$40,000 appropriated from the general fund to the Education Standards and Practices Board for the purpose of procuring federal matching grants to provide for the national board certification of teachers.

The 2003-05 estimated expenditures do not include \$105,000 of general fund carryover authority from the 2001-03 biennium authorized by the 2003 Legislative Assembly to be used in conjunction with special funds received by the department for the purpose of providing a grant to fund the North Dakota Central Council of School Television licensing of educational television programs for classroom use by North Dakota elementary and secondary schools.

\4 Contingent state school aid distributions - Senate Bill No. 2421 (2003) provided that if any funds appropriated for per student and transportation aid payments remain unspent after all statutory obligations are met, the Department of Public Instruction shall distribute the funds as follows:

The first \$250,000 for providing reimbursements to the chief administrators of joint powers agreements.

The next \$1 million for providing reorganization bonuses, pursuant to North Dakota Century Code Section 15.1-12-11.1, to school districts having reorganizations effective after July 1, 2003, and before July 1, 2005.

Any remaining amounts as additional per student payments on a prorated basis according to the average daily membership of school districts during the 2004-05 school year.

\5 Contingent teacher compensation distributions - Senate Bill No. 2421 (2003) provided that if any funds appropriated for teacher compensation payments remain unspent after all statutory obligations are met, the Department of Public Instruction shall distribute "hold harmless" payments to school districts. The payments will be calculated as follows:

The department must calculate the difference between the following:

Option A - The total payments the district will receive during the 2003-05 biennium for per student payments at the rates of \$2,509 and \$2,623 and teacher compensation payments, as appropriated by the Legislative Assembly.

Option B - The total payments the district would have received during the 2003-05 biennium for per student payments if the rates had included the total amount appropriated for teacher compensation payments.

If the amount a district would have received under Option B above exceeds the amount a district is estimated to receive under Option A, the department must calculate the difference and pay that amount to the district on or before June 30, 2005. If insufficient funds are available to make all of the payments required by this section, the department shall prorate the available amount among the eligible districts.

If any money remains after completing the payment requirements of subsections 1 and 2, the department shall use the remaining money to provide additional per student payments on a prorated basis according to the average daily membership of school districts during the 2004-05 school year.

\6 Joint powers agreement incentives - The executive budget recommendation includes a \$2 million general fund appropriation for incentives to school districts entering into joint powers agreements to encourage school district cooperation and efficiency.

²The executive budget recommends changes in the calculation of school district weighting factors used for the calculation of weighted student units and the distribution of state school aid, including the consolidation of school district-size categories and the increase of weighting factors so no factor is set below 1.0. The changes result in an increase in the estimated number of weighted student units for the 2005-07 biennium. Based on existing school district-size categories and weighting factors, the estimated number of weighted student units for the 2005-07 biennium would be 105,306 for the first year and 103,950 for the second year.

HIGHER EDUCATION - SUMMARY OF KEY RECOMMENDATIONS

The 2005-07 executive budget recommends the following higher education funding changes compared to 2003-05 legislative appropriations for higher education:

- Increases **general fund** support by \$26,696,649, or 7.4 percent, due in part to increasing funding for campus operations by approximately \$24.8 million. Provides \$388.2 million, or 19.3 percent, of total general fund appropriations.
- Increases support from **special funds** by \$9,082,333, or 8.2 percent, due to increasing major capital projects funded from special funds by approximately \$8.1 million.
- Adjusts the authorized number of **FTE positions** from 2,400.38 to 2,196.67 to adjust the number of FTE positions to the level supported by the general fund.

Biennium	General Fund	Special Funds	Total
1999-2001	\$334,449,287	\$713,538,799	\$1,047,988,086
2001-03	\$366,953,836	\$80,367,201	\$447,321,037
2003-05	\$361,541,418	\$110,546,775	\$472,088,193
2005-07 - Executive budget	\$388,238,067	\$119,629,108	\$507,867,175

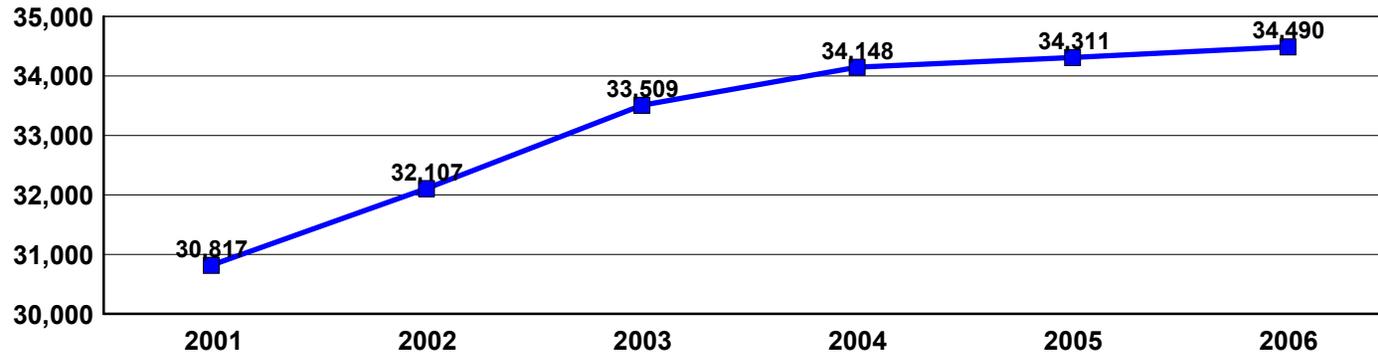

The special funds amounts prior to 2001-03 reflect the appropriation of tuition and local funds.

Key recommendations include:

- The consolidation of the **higher education institutions' operating and extraordinary repair budgets** into two line items in the University System office budget--campus operations and contingency, extraordinary repairs, and capital emergency.
- Funding of \$6,376,288, of which \$6,204,288 is from the general fund and \$172,000 is from federal funds for the **student financial assistance grant program**. The funding includes \$2 million from the general fund for a new student financial assistance grant child care component. This level of funding represents a total funds increase of \$3,446,073 from the 2003-05 legislative appropriation of \$2,930,215.
- Funding of \$7,114,339 from the general fund is recommended for **contingency, extraordinary repairs, and capital emergency funding**. This represents an increase of \$5,361,572 from the 2003-05 legislative appropriation of \$1,752,767, of which \$296,693 was from the general fund and \$1,456,074 was from the water development trust fund. The funding is to be used for campus extraordinary repairs and unforeseen operations or capital asset needs and opportunities as determined by the State Board of Higher Education.
- Funding of \$5,190,000 from the general fund is recommended for **competitive research** matching funding. This represents an increase in funding of \$440,000 from the 2003-05 legislative appropriation of \$4,750,000.
- Funding of \$915,940 from the general fund for **board initiatives** to support University System and statewide goals linked to the State Board of Higher Education strategic plan and the Higher Education Roundtable report. The funding includes \$449,798 for an economic enhancement initiative that would target out-of-state and out-of-country recruitment. This level of funding represents an increase of \$744,104 from the 2003-05 adjusted appropriation of \$171,836.
- A **common information services pool** of \$21,924,083 from the general fund is provided for support of the Higher Education Computer Network, the Interactive Video Network (IVN), the On-line Dakota Information Network (ODIN), and other related technology initiatives. The funding includes \$3,368,300 for information technology priorities, including parity (\$1,018,300), network growth

- (\$825,000), antivirus software licenses (\$175,000), an ODIN service librarian (\$100,000), a systemwide learning management system (\$950,000), and IVN equipment refurbishment (\$300,000). This represents an increase of \$3,368,300 from the 2003-05 adjusted appropriation of \$18,555,783.
7. Funding of \$1,350,000 from the general fund for **professional liability insurance**. This represents a decrease in funding of \$500,000 from the 2003-05 legislative appropriation of \$1,850,000.
 8. A **campus operations** line item of \$319,927,548 from the general fund is provided for support of the operations of the higher education institutions. No less than \$300,848,627 must be allocated to support base campus operations with the additional funds being available for parity and equity. This level of funding represents an increase in funding for campus operations of \$24.8 million from the 2003-05 legislative appropriations.
 9. Funding of \$131,290,485 is provided for **capital assets**, including:
 - \$14,278,141 for capital construction lease payments.
 - \$2,368,192 for campus extraordinary repairs.
 - \$114,644,152 for major capital projects.Of the \$131,290,485, \$13,693,904 is from the general fund, \$2,500,000 is from federal funds, \$106,760,024 is from special funds, including revenue bonds, and \$8,336,557 is from bond proceeds. Please refer to the schedules under the "Capital Construction" section for additional information regarding capital improvements.
 10. The **continuation of the following statutory provisions**:
 - The continuing appropriation authority for higher education institutions' special revenue funds, including tuition.
 - The requirement that the budget request for the North Dakota University System include budget estimates for block grants for a base funding component and for an initiative funding component and a budget estimate for an asset funding component and the requirement that the appropriation for the North Dakota University System include block grants for a base funding appropriation and for an initiative funding appropriation and an appropriation for asset funding.
 - The North Dakota University System's authority to carry over at the end of the biennium unspent general fund appropriations. Senate Bill Nos. 2034, 2035, and 2036 (2005) as recommended by the interim Higher Education Committee provide for the continuation of these statutory provisions through June 30, 2007. The executive budget recommendation provides for the continuation of the provisions without a sunset clause.

¹The State Board of Higher Education adopted a new enrollment reporting policy in April 2001. The policy, which is consistent with national Integrated Postsecondary Education Data Systems (IPEDS) reporting, provides for each higher education institution to report fall and spring semesters enrollments for degree-credit students based on the number of students enrolled on the 15th day of the fall and spring semesters. The information presented in this schedule reflects the enrollments for degree-credit students and was provided by the University System office.

HIGHER EDUCATION - TUITION RATES

The following is a schedule of tuition and fee rates at state institutions of higher education for the academic years 2001-02 through 2004-05. The 2001 Legislative Assembly removed tuition income from the appropriation process by providing a continuing appropriation for all special funds, including tuition. House Bill No. 1003 (2003) continues this authority through June 30, 2005. The State Board of Higher Education has the statutory responsibility for setting tuition rates.

¹For the 2002-03, 2003-04, and 2004-05 academic years, the State Board of Higher Education authorized each higher education institution president to set the final tuition rate for each campus within an approved range.

²Bismarck State College implemented a per credit tuition model beginning in the 2000-01 academic year. For academic years 2000-01 through 2003-04, the institution charged a per credit (part-time) tuition rate for all credit hours except for the 14th and 15th credits, which are at no charge. For the 2004-05 academic year, the institution charges a per credit (part-time) tuition rate for all credit hours. The tuition rates shown are based on a credit load of 15 credit hours per semester, which is the number of credit hours taken by an average full-time student.

³Under the current North Dakota/Minnesota reciprocity agreement, students pay the higher of the two states' rates, which allows North Dakota students attending Minnesota higher education institutions to pay the Minnesota resident rate while Minnesota students attending North Dakota higher education institutions generally pay the Minnesota rate, which is higher than the North Dakota rate.

⁴The contiguous states and provinces are South Dakota, Montana, Saskatchewan, and Manitoba.

⁵Minot State University instituted a tuition rate increase for both the fall and spring semesters of the 2002-03 academic year. The following is a summary of the fall and spring tuition costs per semester for the 2002-03 academic year:

	Fall 2002	Spring 2003

⁶Beginning with the 2002-03 academic year, Minot State University - Bottineau charges resident tuition rates to students from all Canadian provinces.

⁷For academic years 2002-03, 2003-04, and 2004-05, the State College of Science is offering special reduced tuition rates to contiguous state/province and other nonresident students who live on campus with a meal plan. The following is a summary of the special reduced tuition rates

⁸ State College of Science implemented a per credit tuition model beginning in the 2004-05 academic year. The institution charges a per credit (part-time) tuition rate for all credit hours except for the 17th and 18th credits, which are at no charge. The tuition rates shown are based on a credit load of 15 credit hours per semester, which is the number of credit hours taken by an average full-time student.				
⁹ Beginning with the 2001-02 academic year, the State College of Science charges resident tuition rates to students who are enrolled in a business and industry partnership program except for students from Minnesota who are assessed tuition as specified in the reciprocity agreement between North Dakota and Minnesota.				
¹⁰ Physical therapy students pay undergraduate tuition rates during the first two years. In the students' junior year, students enter the physical therapy program and start paying tuition based on the physical therapy program tuition rates.				
¹¹ Williston State College implemented a per credit tuition model beginning in the 2002-03 academic year. The institution charges a per credit (part-time) tuition rate for all credit hours except for the 14th, 15th, and 16th credits, which are at no charge. The tuition rates shown are based on a credit load of 15 credit hours per semester, which is the number of credit hours taken by an average full-time student.				

DEPARTMENT OF HUMAN SERVICES - SUMMARY OF KEY RECOMMENDATIONS

DEPARTMENTWIDE

- Adds \$32 million of additional state matching funds required due to changes in the state's **federal medical assistance percentage (FMAP)**. The FMAP determines the federal and state share of Medicaid expenditures. North Dakota's FMAP is decreasing from 67.49 percent in federal fiscal year 2005 to 65.85 percent in federal fiscal year 2006, to an estimated 63.23 in federal fiscal year 2007.
- Adds \$16.3 million, of which \$6.1 million is from the general fund for providing **inflationary increases** to the department's service providers of 2 percent for each year of the biennium.

MANAGEMENT

- Provides \$29.2 million, of which \$3.7 million is from the general fund for rewriting the **Medicaid management information system (MMIS)** computer application.
- Provides \$863,000, of which \$639,953 is from the general fund for **ConnectND fees** paid to the Information Technology Department.

ECONOMIC ASSISTANCE

- Reduces funding for **temporary assistance for needy families (TANF)** benefits by \$5 million of federal and special funds to provide a total of \$24.5 million for the 2005-07 biennium. The reduction is the result of an anticipated reduction in both the number of TANF recipients and average monthly payments.
- Adds \$1.2 million, of which \$600,000 is from the general fund for **payment error rate measurement (PERM) eligibility reviews** to comply with proposed federal Medicaid and children's health insurance program regulations that, **if approved**, will become effective October 1, 2005.
- Removes \$27.5 million, of which \$8.7 million is from the general fund, relating to **intergovernmental transfer payments** due to discontinuation of the program at the federal level.
- Provides \$107.9 million for **prescription drugs** in the medical assistance program, an increase of \$12.7 million, or 13.4 percent, compared to the 2003-05 biennium appropriation.
- Reduces funding for **outpatient hospital services** in the medical assistance program to \$33.8 million, a \$2.5 million, or 6.8 percent, reduction compared to the 2003-05 biennium appropriation.

- Adds \$1.3 million, of which \$446,000 is from the general fund to allow Medicaid recipients to set aside up to \$5,500 for **funeral expenses** rather than \$3,000.
- Provides \$348.8 million for **nursing facility care**, an increase of \$30.3 million compared to the 2003-05 biennium appropriation of \$318.4 million. The \$30.3 million increase includes \$24.5 million for **inflationary increases required by statute**, \$8.1 million for **rebasement** nursing home costs from 1999 to 2003, \$634,000 for **changing the method of calculating nursing facility payment limits** from the percentile method to a median-plus method, and a reduction of \$3 million relating to an anticipated reduction in **nursing facility residents** on Medicaid.
- Provides \$12.8 million for **basic care**, of which \$5.2 million is from the general fund, an increase of \$4.4 million, all of which is from the general fund compared to the 2003-05 biennium appropriation. The department is anticipating that federal funds available under the basic care personal care option will be decreasing due to certain basic care costs no longer being eligible for Medicaid reimbursement under North Dakota's basic care personal care option as approved by the federal government.
- Reduces funding for **aged and disabled waiver services** from the \$9.5 million appropriated for the 2003-05 biennium to \$2.6 million for the 2005-07 biennium. The general fund share is reduced by \$2.1 million, from \$3 million in 2003-05 to \$900,000 for 2005-07. The department anticipates serving a number of the individuals under the personal care option rather than the aged and disabled waiver during the 2005-07 biennium.
- Provides \$15.6 million for **service payments for elderly and disabled (SPED)** and expanded SPED programs, \$74,000 more than the \$15.5 million appropriated for the 2003-05 biennium. The department anticipates serving a number of SPED recipients under the personal care option during the 2005-07 biennium.
- Provides \$14.7 million for the Medicaid **personal care option**, \$11.9 million more than the \$2.8 million appropriated for the 2003-05 biennium. The general fund share of the 2005-07 biennium appropriation is \$5.2 million, \$4.3 million more than the \$900,000 appropriated for the 2003-05 biennium.

PROGRAM AND POLICY

- Increases funding for **foster care services** by \$10.1 million, of which \$2.4 million is from the general fund to provide a total of \$62.3 million, of which \$10.4 million is from the general fund for the 2005-07 biennium. Increases relate to anticipated caseload and cost increases and the 2 percent inflationary increases referred to above.
- Increases funding for **adoption services** by \$2 million, of which \$900,000 is from the general fund, to provide a total of \$12.9 million, of which \$5.4 million is from the general fund. Increases relate to anticipated caseload and cost increases and the 2 percent inflationary increases referred to above.
- Provides \$206.2 million for **developmental disabilities services grants**, of which \$73.2 million is from the general fund. Compared to the 2003-05 biennium, the 2005-07 biennium funding is an increase of \$15.7 million, of which \$11.3 million is from the general fund. The increase relates to caseload and cost increases of \$9.6 million, and the 2 percent inflationary increases referred to above of \$6.1 million.
- Provides \$31.1 million, of which \$14.5 million is from the general fund for **mental health services** in the central office and human service centers. Compared to the 2003-05 biennium adjusted appropriations, the funding recommended is an increase of \$450,000. The general fund is increasing by \$1.75 million and estimated income is decreasing by \$1.3 million.

STATE HOSPITAL

- Adds \$3.1 million from the general fund for increased costs and costs relating to **expanding the secure services unit** at the State Hospital from

a 22-bed to a 42-bed unit. The secure services unit provides sexual offender treatment services and services to individuals that are mentally ill and dangerous.

- Adds \$1.3 million from the general fund for State Hospital traditional services to replace an **anticipated reduction in third-party collections**.
- Anticipates general fund salaries and wages savings of \$657,288 from vacant positions and employee turnover.
- Authorizes the **issuance of bonds** to provide \$215,000 for replacing an electrical transformer, repairing a roof, and for repairing and painting the water tower at the State Hospital.

DEVELOPMENTAL CENTER

- Adds \$1 million from the general fund to **restore the \$1 million general fund reduction** made by the 2003 Legislative Assembly.
- Anticipates general fund salaries and wages savings of \$724,930 from vacant positions and employee turnover.
- Authorizes the **issuance of bonds** to provide \$240,000 for roof repairs on the Cedar Grove and Collette Gym buildings and for swimming pool filtration repairs at the Developmental Center.

HUMAN SERVICE CENTERS

- Removes \$250,000 from the general fund provided for the 2003-05 biennium as a **funding pool** to be distributed to human service centers for mental health and substance abuse services based on the needs of each region.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

The 2005-07 executive budget recommendation includes funding of \$24,480,000, \$5,027,940 less than the 2003-05 appropriation. The reduction is based on the number of temporary assistance for needy families (TANF) recipients and average monthly payments during the 2003-05 biennium, both of which have been lower than anticipated.

The 2005-07 executive budget recommendation includes funding to serve an estimated average monthly caseload of 3,000. The September 2004 caseload was 2,824.

The 2005-07 executive budget recommendation anticipates monthly assistance payments to average \$340 per case for the 2005-07 biennium. The average payment per case in September 2004 was \$330.

The following schedule compares the 2001-03 and 2003-05 biennium appropriations to the 2005-07 executive budget:

\2 The 2001-03 biennium legislative appropriation of \$25,626,056 was increased by \$3,130,404, of which \$2,463,544 was federal TANF block grant funds and \$666,860 was from projected additional child support collections.

MEDICAL SERVICES, LONG-TERM CARE SERVICES, AND HEALTHY STEPS

MEDICAL SERVICES FUNDING, EXCLUDING LONG-TERM CARE

The 2005-07 executive recommendation for medical services includes a total of \$587.4 million. Of this total, \$174.7 million is from the general fund.

The executive budget projects that 52,909 individuals will be eligible for the medical assistance program during the 2005-07 biennium, 1,377 more than the 51,532 originally projected by the department at the beginning of the 2003-05 biennium. The actual number of eligible individuals in September 2004 was 52,370.

The schedule below summarizes medical services funding, including funding for community-based developmental disabilities services but excluding funding for nursing facility care and other long-term care services, the Healthy Steps program, and intergovernmental transfer payments.

**HEALTHY STEPS FUNDING
(CHILDREN'S HEALTH INSURANCE PROGRAM)**

The 2005-07 executive recommendation for the Healthy Steps program includes a total of \$10.0 million, \$2.5 million of which is from the general fund. Compared to the 2003-05 projected expenditures, the executive budget is recommending an increase of \$1.4 million, \$575,000 of which is from the general fund.

The executive budget recommends continuing eligibility requirements for the program at 140 percent of poverty based on net income and serving an average caseload of 2,300 children each month of the 2005-07 biennium. In September 2004, 2,214 children were covered by the program. The executive budget includes funding for a monthly premium increase of \$27.09 or 17.5 percent, from \$154.78 to \$181.87.

CAPITAL CONSTRUCTION - SUMMARY OF KEY RECOMMENDATIONS

CAPITAL PROJECTS

The executive recommendation includes a total of \$747,153,830 for capital projects. As reflected in the following schedules, the total includes:

- \$162,193,588 for major capital projects.
- \$11,793,923 for extraordinary repairs.
- \$573,166,319 for other projects (including \$504,001,529 for the Department of Transportation and \$43,022,460 for the State Water Commission).

The funding sources for major capital projects and extraordinary repairs and other projects are as follows:

	General Fund	Special Funds
Major capital projects	\$1,841,255	\$160,352,333
Extraordinary repairs	3,329,159	8,464,764
Bond payments	18,249,556	2,146,611
Other projects	334,000	552,436,152
Total	\$23,753,970	\$723,399,860

STATE FACILITY ENERGY IMPROVEMENT PROGRAM

North Dakota Century Code Section 54-44.5-08 (1999 Senate Bill No. 2312) establishes the state facility energy improvement program and provides that all state agencies and institutions should, with the assistance of the Office of Management and Budget, identify capital improvements which may result in energy savings. Those capital improvement projects which are selected to be implemented are financed with the resulting savings in energy costs.

The executive recommendation includes a total of \$2,331,554 for state facility energy improvement program capital improvements at the University of

North Dakota. This total includes projects in nine separate buildings, and the average estimated payback period is seven years.

LEASE PAYMENTS

The executive recommendation includes a total of \$18,021,705 from the general fund for 2005-07 biennium lease payments for repayment of notes issued to finance capital projects. Funding is included in the budgets for the North Dakota University System, Department of Human Services, Department of Corrections and Rehabilitation, Adjutant General, State Department of Health, and Job Service North Dakota.

North Dakota Century Code Section 54-17.2-23 limits the amount of lease payments paid from the general fund for a biennium to 10 percent of an equivalent one-cent sales tax. This maximum for the 2005-07 biennium is estimated to be \$19,482,600 based on projected sales, use, and motor vehicle excise tax collections included in the 2005-07 executive budget.

The executive budget recommendation includes bonding for \$25,555,758 of capital projects during the 2005-07 biennium. The executive budget anticipates capitalizing the interest on these bonds for three years rather than two years, as previously done. By capitalizing the interest for three years, the first bond payment will be delayed until the second year of the 2007-09 biennium, which allows the state to bond for the recommended \$25,555,758 of capital projects during the 2005-07 biennium and still keep the bond payments for the 2007-09 biennium within the statutory limit of 10 percent of 1 percent of sales tax.

Please see the schedule on capital construction lease payments and outstanding principal balances for additional information.

1 The executive budget recommendation classifies the Capitol fire suppression system as an extraordinary repair.

2 Senate Bill No. 2023 provides \$4,500,000 of special funds from state bonding proceeds for the Main Research Center greenhouse complex; \$2,000,000 of federal funds and \$500,000 of special funds are to be used to repay the bonds.

3 Senate Bill No. 2023 provides \$1,100,000 of special funds from state bonding proceeds for the Historical Society Chateau Interpretive Center; \$300,000 of special funds are to be used to repay the bonds.

4 The executive budget recommendation also includes \$573,166,319 for other projects consisting of:
\$504,001,529 for contractor payments in the Department of Transportation (all from other funds).
\$43,022,460 for water projects and bond payments (all from other funds).
\$20,396,167 for bond payments (\$18,249,556 from the general fund, \$2,146,611 from other funds).
\$5,392,163 for ConnectND bond payments from Information Technology Department charges to agencies.
\$354,000 for other projects and payments (\$334,000 from the general fund, \$20,000 from other funds).

5 Represents the total appropriation for major new capital construction provided by the 2003 Legislative Assembly. Please refer to the Legislative Council's "Analysis of 58th Legislative Assembly's Changes to the Executive Budget for the 2003-05 Biennium" for details regarding the 2003-05 appropriations. The 2003 Legislative Assembly provided for \$12,260,102 of bonding; authorized the State Board of Higher Education to issue \$40,675,000 of revenue bonds; authorized the State Historical Society to issue \$2 million of bonds to be paid from federal, local, or donated funds collected by the State Historical Society; and authorized a state facility energy improvement program capital project for the Department of Corrections and Rehabilitation of \$105,326 to be repaid with resulting energy cost-savings.

¹ House Bill No. 1037 (1989) included a section stating that it was the intent of the Legislative Assembly that up to a total of \$4.4 million from non-general fund sources be used to assist in the retirement of the debt incurred to finance the construction projects. The non-general fund sources will be the college development foundation at the University of North Dakota, North Dakota State University, and State College of Science and an additional student fee at Minot State University. A listing of the \$4.4 million by each institution is as follows:

Institution	Type of Facility	Total Contributions	Contributions Made Through the 2003-05 Biennium	Remaining Contributions	
North Dakota State University	Computer technology transfer center	\$1,343,000	\$1,232,250	\$110,750	(Biennial contributions are \$55,375)
North Dakota State College of Science	Agricultural mechanics technology facility	300,000	237,500	62,500	(Biennial contributions are \$31,250)
University of North Dakota	Abbott Hall addition	825,000	768,750	56,250	(Biennial contributions are \$28,125)
Minot State University	Library facility	1,932,000	1,536,500	395,500	(Biennial contributions are \$197,750)
Total		<u>\$4,400,000</u>	<u>\$3,775,000</u>	<u>\$625,000</u>	

In addition to the \$5,375,000 appropriated from bond proceeds for the North Dakota State University computer center, House Bill No. 1037 also appropriated \$5,375,000 from federal or other funds. The total amount appropriated for the project was \$10,750,000.

House Bill No. 1669 (1989) appropriated up to \$6.2 million for State Penitentiary Phase III construction from loan notes less the insurance proceeds received in the Penitentiary's fire loss of \$1.2 million.

Senate Bill No. 2096 (1989) authorized the issuance of bonds in the amount of \$1,169,000 to match federal funds available to construct, modify, or alter the facilities at the Veterans Home. Bond payments are to be made from the Veterans Home improvement fund.

² House Bill No. 1020 (1993) included a section stating that up to a total of \$1,990,000 from non-general fund sources is to be used to assist in the retirement of the debt incurred to finance the construction projects. A listing of the \$1,990,000 by each institution is as follows:

Institution/Agency	Type of Facility	Total Contributions	Contributions Made Through the 2003-05 Biennium	Remaining Contributions	
Minot State University	Library renovation	\$255,000	\$255,000	\$0	(Biennial contributions were \$42,500)
Job Service North Dakota	Grand Forks office building	1,735,000			
Total		<u>\$1,990,000</u>	<u>\$255,000</u>	<u>\$0</u>	

In addition to the \$2,550,000 appropriated from bond proceeds for the Minot State University Memorial Library renovation, House Bill No. 1020 also appropriated \$4,800,000 from federal or other funds. The total amount appropriated for the library renovation was \$7,350,000.

Job Service North Dakota makes the entire bond payment, principal and interest, on the \$1,735,000 for the Grand Forks office building.

³ Senate Bill No. 2030 (1995) included a section stating that up to a total of \$2,206,769 from non-general fund sources is to be used to assist in the retirement of the debt incurred to finance the construction projects. A listing of the \$2,206,769 by each institution is as follows:

Institution	Type of Facility	Total Contributions	Contributions Made Through the 2003-05 Biennium	Remaining Contributions	
Bismarck State College	Science and Mathematics Center	\$1,060,000	\$1,060,000	\$0	(Biennial contributions were \$353,334)
University of North Dakota	Abbott Hall renovation	871,769	871,769	0	(Biennial contributions were \$290,590)
Dickinson State University	Klinefelter Hall renovation	275,000	275,000	0	(Biennial contributions were \$91,666)
Total		<u>\$2,206,769</u>	<u>\$2,206,769</u>	<u>\$0</u>	

In addition to the \$2,371,769 appropriated from bond proceeds for the University of North Dakota Abbott Hall renovation, Senate Bill No. 2030 also appropriated \$1,771,769 from federal or other funds. The total amount appropriated for the renovation of Abbott Hall was \$4,143,538.

⁴ Senate Bill No. 2003 (1997) included a section stating that up to a total of \$300,000 from non-general fund sources is to be used to assist in the retirement of the debt incurred to finance the renovation of Bute Gym. The bill also authorized an animal research facility at North Dakota State University and a renovation to the Ed James Wing of the medical school building at the University of North Dakota. The North Dakota State University project was delayed until the 1999 legislative session. The University of North Dakota project was handled through a separate bond issue (see 1998 Series C bond issue).

Institution	Type of Facility	Total Contributions	Contributions Made Through the 2003-05 Biennium	Remaining Contributions	
State College of Science	Bute Gym renovation	\$300,000	\$300,000	\$0	(Biennial contributions were \$100,000)

- ⁵ In addition to the \$3 million appropriated from bond proceeds for the University of North Dakota renovation to the Ed James Wing of the medical school building, Senate Bill No. 2003 also appropriated any available funds received from federal, public, or private sources.
- ⁶ House Bill No. 1022 (1999) authorized an animal research facility at North Dakota State University, renovation of Pine Cottage at the Youth Correctional Center, and a health and wellness center addition at Williston State College. The Williston State College project is to be handled through a separate bond issue (see 2001 Series A bond issue).
 In addition to the \$2,207,500 appropriated from bond proceeds for the North Dakota State University animal research facility, House Bill No. 1022 also appropriated \$2,207,500 of federal or other funds. The total amount appropriated for the animal research facility was \$4,415,000.
 In addition to the \$1,475,500 appropriated from bond proceeds for the Youth Correctional Center Pine Cottage project, House Bill No. 1022 also appropriated \$500,000 of federal or other funds. The total amount appropriated for the Pine Cottage project was \$1,975,000.
- ⁷ House Bill No. 1022 (1999) included a section stating that up to a total of \$3 million from non-general fund sources is to be used to assist in the retirement of the debt incurred to finance the Health and Wellness Center addition at Williston State College. Of the \$3 million, \$1.5 million is to be provided for the project before construction may begin, and the remaining \$1.5 million is to be paid in 10 annual payments of \$150,000. Because \$1.5 million was available prior to construction, the State Building Authority only bonded for \$3 million of the \$4.5 million project. Williston State College will have paid \$600,000 by the end of the 2003-05 biennium, with \$900,000 remaining.
 Senate Bill No. 2023 (2001) included a section stating that \$2,299,000 must be available from non-general fund sources to assist in the retirement of the debt incurred to finance the renovation of Old Main. Minot State University's local responsibility is to be paid in 10 annual payments with each of the first two annual payments being \$315,000 and each of the remaining eight annual payments being \$208,625.
- ⁸ Senate Bill No. 2023 (2001) included a section stating that \$2,302,000 (Job Service North Dakota) and \$1,755,000 (State Department of Health) must be available from non-general fund sources to assist in the retirement of the debt incurred to finance the two projects.
 The State Department of Health received authority from the Emergency Commission to receive and expend federal funds in the amount of \$823,878 in the capital improvements line item for the laboratory addition. The request was needed to cover the increase in the per square footage costs of \$338,817 and for the 1,700 square feet of additional space at \$485,061.
- ⁹ House Bill No. 1023 (2003) appropriated \$4,237,755 of special funds for the issuance of bonds for projects at the State Department of Health and the Department of Corrections and Rehabilitation. Of that amount, \$614,865 for the State Department of Health was paid by using bioterrorism program dollars rather than by bonding.
 House Bill No. 1003 (2003) appropriated \$8,022,347 of special funds for the issuance of bonds for three University System projects by the State Building Authority. In addition, \$830,000 of capital bond payments from the 2001-03 biennium was used for bond issuance buydown. Dickinson State University will also provide \$250,000 during the 2005-07 biennium to assist in the retirement of the bonds, which is included in the agency contribution total for the 2005-07 biennium.
- ¹⁰ The 2005-07 biennium payment on this bond issue is \$1,900,005. This bond issuance included funding for the 2003-05 biennium state facility energy improvement program capital project that was recommended to be funded with bond proceeds for the Department of Corrections and Rehabilitation in the amount of \$105,326. Bonds sold to finance the project under this program do not factor in the general fund lease payment limitation and will be repaid with resulting energy cost-savings.
 This bond issuance does not include the \$20 million of bonding for the Information Technology Department for ConnectND. These bonds will be repaid from charges collected by the Information Technology Department from higher education and other state agencies for the ConnectND Project. In September 2003, the Industrial Commission issued 2003 Series C bonds, totaling \$20 million, at an interest rate of 3.86 percent, for a period of 10 years with annual debt service of approximately \$2.7 million.
 This bond issuance does not include the bonding of \$2 million authorized in Senate Bill No. 2416 (2003) for two State Historical Society projects (Chateau de Mores and Fort Abercrombie interpretive centers), which are to be paid from federal, local, or donated funds collected by the State Historical Society. The State Historical Society does not anticipate issuing bonds for these projects because the agency does not have adequate funding for the debt services.
- ¹¹ The estimated 2007-09 biennium payment on this proposed bond issue, based on an estimated interest rate of 4.53 percent, is approximately \$1.3 million. The source of the \$1.3 million is not known at this time because the 2005-07 biennium executive budget recommendation has identified \$2.8 million from non-general fund sources to be used for bond payments. However, a schedule for the receipt of those dollars is not available at this time.
- ¹² North Dakota Century Code Section 54-17.2-23 provided that 10 percent of the equivalent of a 1 percent sales, use, and motor vehicle excise tax be deposited in the capital construction fund for lease payments associated with capital construction projects. The 1993 Legislative Assembly repealed the provisions of the capital construction fund and increased the maximum that lease payments can total for a biennium from 10 percent to 12.5 percent of the equivalent of a 1 percent sales, use, and motor vehicle excise tax. The 1995 Legislative Assembly decreased the maximum that lease payments can total for a biennium from 12.5 percent of the equivalent of a 1 percent sales, use, and motor vehicle excise tax to 11 percent of the equivalent of a 1 percent sales, use, and motor vehicle excise tax. The 1997 Legislative Assembly decreased the maximum that lease payments can total for a biennium from 11 percent of a 1 percent sales, use, and motor vehicle excise tax to 10 percent of the equivalent of a 1 percent sales, use, and motor vehicle excise tax. The 2001 Legislative Assembly clarified the statute to provide that the computation for the authorized general fund lease payments for a biennium must be based on the projected sales, use, and motor vehicle excise tax collections presented to the Legislative Assembly at the close of the most recently adjourned regular legislative session.

SALES TAX LIMITATION - BOND PAYMENTS

The following table shows the projected general fund portion of the bond payments for the 2005-07 through the 2013-15 bienniums and what the 10 percent of the equivalent of a 1 percent sales, use, and motor vehicle excise tax is projected to generate (using the December 2004 revenue forecast with a 4 percent growth in sales tax revenues for future bienniums and no prepayments of non-general fund amounts):

Biennium	Total Payments	Other Funds**	General Fund	10 Percent of Equivalent of 1 Percent	Estimated Excess General Fund Resources Available for Bond Payments
2005-07	\$20,675,422	\$2,653,717	\$18,021,705	\$19,482,600	\$1,460,895
2007-09	\$22,426,405 *	\$2,410,598	\$20,015,807	\$20,261,904	\$246,097
2009-11	\$19,947,513 *	\$1,831,652	\$18,115,861	\$21,072,380	\$2,956,519
2011-13	\$18,056,497 *	\$1,528,138	\$16,528,359	\$21,915,275	\$5,386,916
2013-15	\$16,765,277 *	\$956,213	\$15,809,064	\$22,791,886	\$6,982,822

* The future biennium bond payments reflect estimated payments related to the bonding recommended in the 2005-07 biennium executive budget but do not reflect any other future bond issues that may be authorized by future Legislative Assemblies. The bond payment schedule for the \$25.56 million of bonding included in the 2005-07 biennium executive budget capitalizes interest for three years, instead of two years which was done in previous bond issuances. Therefore, the first principal payment for the proposed 2005-07 biennium bonding would not be due until the second year of the 2007-09 biennium. The 1998 Series C bond issuance will be paid off during the 2007-09 biennium, and the 1998 Series B and 2003 Series A bond issuances will be paid off during the 2009-11 biennium.

** The \$2,800,000 identified in the 2005-07 biennium executive budget recommendation from non-general fund sources has not been included with other funds in the schedule above, because a schedule for the receipt of those dollars is not available at this time.

STATE EMPLOYEES - SUMMARY OF KEY RECOMMENDATIONS

SALARY INCREASE

The executive budget recommendation provides funding for state employee salary increases equal to 4 percent of salaries effective July 1, 2005, and 3 percent effective July 1, 2006. Agencies may provide an additional 1 percent salary increase on July 1, 2006, to the extent the increase can be paid with existing agency resources. Specific language regarding the salary increases is included in Section 7 of House Bill No. 1015, the appropriations bill for the Office of Management and Budget.

SPECIAL MARKET EQUITY ADJUSTMENTS

The 2005-07 executive budget recommendation includes a \$5 million statewide compensation plan line item in House Bill No. 1015, the appropriations bill for the Office of Management and Budget, to be used for market equity compensation adjustments for classified state employees. Of the \$5 million, \$2.5 million is from the general fund and \$2.5 million from special funds.

HIGHER EDUCATION

The executive budget recommendation authorizes the State Board of Higher Education to adjust full-time equivalent (FTE) positions as needed, subject to the availability of funds, for institutions under its control. The State Board of Higher Education is to report any adjustments to the Office of Management and Budget prior to the submission of the 2007-09 budget request.

The executive budget recommendation does not provide higher education institutions specific funding for salary or health insurance increases. The increases are to be provided from the total funding recommended for the University System.

ELECTED AND APPOINTED OFFICIALS

The executive budget recommendation provides funding for elected and appointed officials salary increases equal to 4 percent of salaries effective July 1, 2005, and 3 percent effective July 1, 2006, which is the same level as provided for other state employees. An additional 1 percent may be provided on July 1, 2006, to the extent the increase can be paid with existing agency resources. Specific language regarding the salary increases is included in Section 7 of House Bill No. 1015, the appropriations bill for the Office of Management and Budget.

JUDICIAL BRANCH

The judicial branch budget request includes funding to provide district court judges' salary increases of approximately 5.78 percent for the first year of the biennium and 4 percent for the second year of the biennium. Salary increases for Supreme Court judges are 5.78 percent the first year of the biennium and 4 percent the second year of the biennium. Salary increases for other employees of the judicial branch are included at the same level as provided for other state employees, or 4 percent of salaries effective July 1, 2005, and 3 percent of salaries effective July 1, 2006, with an additional 1 percent authorized on July 1, 2006, to the extent the increase can be paid from existing judicial branch resources. Additional increases may be provided to other employees of the judicial branch pursuant to the judicial branch salary schedule.

HEALTH INSURANCE

The executive budget recommendation continues funding for the cost of health insurance premiums for state employees. The executive budget provides \$559.15 per month for employee health insurance (an increase of \$70 compared to the 2003-05 premium). A recent history of monthly health insurance premiums provided for each employee is listed below:

1995-97	\$265
1997-99	\$301
1999-2001	\$350
2001-03	\$409
2003-05	\$489
2005-07 executive recommendation	\$559

EMPLOYEE ASSISTANCE PROGRAM

The monthly rate for the employee assistance program (EAP) increased from \$1.35 to \$1.42 per month. This is the first rate adjustment to EAP since the program began in 1997.

TOTAL COMPENSATION CHANGES COST

The schedule below provides the total cost of major compensation changes recommended in the 2005-07 executive budget. The executive budget recommendation does not provide higher education institutions specific funding for salary or health insurance increases.

	General Fund	Special Funds	Total

FULL-TIME EQUIVALENT POSITIONS

The executive budget recommendation for the 2005-07 biennium includes a total of 10,618.15 FTE positions, 167.78 FTE positions fewer than the 2003-05 authorized level. This includes a reduction of 203.71 higher education FTE positions to reflect institutional reductions and to report only the number of FTE positions funded from the general fund. The net increase, excluding the higher education positions, is 35.93 FTE positions. The recommendation includes the addition of 137.66 new FTE positions and the deletion of 101.73 FTE positions. The cost of the 137.66 new FTE positions totals \$12,917,785 for the 2005-07 biennium, including salary and health insurance increases. Of this amount, \$7,694,828 is from the general fund. Funding reductions relating to the 101.73 deleted positions totals \$4,393,378 for the 2005-07 biennium. Of this amount, \$2,277,162 is from the general fund.

\1 Section 10 of House Bill No. 1505 provides that on November 1, 2003, 24 FTE positions relating to information services, including electronic mail, file and print server administration, data base administration, storage, application server, and hosting services, must be reduced and transferred to the Information Technology Department. The project executive committee recommended the transfer of 8.5 FTE positions--7 full-time and .5 of five additional positions--to the Information Technology Department on November 1, 2003, and the exemption of the remaining 15.5 FTE positions. The 2003-05 FTE positions shown reflect the transfer of 8.5 FTE positions. The following is a summary of the project executive committee's recommendations:

	FTE Positions Identified in HB 1505	FTE Positions Recommended to Be Transferred	FTE Positions Exempted

Total	24.00	8.50	15.50

\2 The number of FTE positions for the 2003-05 biennium is reduced by .5 FTE position because funding for the position was from the veterans aid fund. The Attorney General determined that because the veterans aid fund is a revolving fund the department does not require appropriation authority for the position. An additional 1 FTE position of the department is funded from the veterans' postwar trust fund and has not been included as an FTE because it also was considered "off-budget." The executive recommendation provides general fund money for the 1.5 FTE positions, so that all 6 FTE positions will be "on-budget."

\3 The 2003-05 FTE positions for the Department of Human Services, Developmental Center, and State Hospital have been adjusted. Section 7 of Senate Bill No. 2012 (2003) authorizes the department to transfer appropriation authority among the department's programs during the 2003-05 biennium.

Position changes are as follows:

	2003-05 Legislative Authorized FTE	Adjustments	Adjusted 2003-05 Authorized FTE
Developmental Center	458.04		458.04
State Hospital	416.90	(2.00)	414.90
Human service centers	833.88	2.00 \a	835.88
Central office	348.60	(6.00)	342.60
Total	<u>2,057.42</u>	<u>(6.00)</u>	<u>2,051.42</u>

\a This reduction includes 4 FTE positions transferred to the Information Technology Department related to functional consolidation - See Footnote 1.

\4 The FTE positions listed for the following entities under the control of the State Board of Higher Education were adjusted in accordance with Section 4 of House Bill No. 1021 (2003):

	2003-05 Legislative Authorization	Adjusted FTE Level	Variance
Upper Great Plains Transportation Institute	31.50	41.50	10.00
NDSU Extension Service	270.57	266.10	(4.47)
Northern Crops Institute	8.17	7.62	(0.55)
Agronomy Seed Farm	2.87	2.97	0.10
Branch research centers	73.65	77.41	3.76
Main Research Center	349.19	337.05	(12.14)
Total	<u>735.95</u>	<u>732.65</u>	<u>(3.30)</u>

\5 The executive budget recommends decreasing the FTE positions for higher education from 3,070.58 to 2,382.41 to reflect institutional reductions and to report only the estimated number of FTE positions funded from the general fund.

2003	Up to 1% effective on January 1, 2004, for the executive and judicial branches to the extent that the increase can be provided from pooled savings realized from the eliminated full-time equivalent (FTE) positions and from accumulated savings from other vacant FTE positions. At least 70% of the funding for the increase provided must be from pooled savings of the eliminated FTE positions. No specific funding was provided to higher education institutions for salary increases, with the intent that any salary increases provided be from existing appropriation authority. The judicial branch eliminated four vacant FTE positions and provided a 1% salary increase to its employees effective January 1, 2004. The executive branch did not receive a salary increase.	2.3%

\1 In addition, the 2001 Legislative Assembly provided:

\$5 million, \$2.7 million of which is from the general fund, for market equity compensation adjustments for classified employees as approved by the Central Personnel Division.

\$4,628,824 from the general fund for equity and special needs for entities under the control of the State Board of Higher Education. A portion of this amount may be used for salary increases to address equity issues.

\$178,233, \$142,697 of which is from the general fund, for salary equity adjustments for elected and appointed officials.

\2 In addition, the 2005 executive budget recommends:

\$5 million, \$2.5 million of which is from the general fund and \$2.5 million of special funds for market equity salary adjustments based on market data for all classified employees. Those employees furthest from market will receive the largest increase. Employees at or above the midpoint of their salary range will not receive adjustments.

\$1 million to the Department of Corrections and Rehabilitation to provide market equity salary increases for correctional officers.

ANALYSIS OF ELECTED OFFICIALS' SALARIES

The executive budget recommendation for the 2005-07 biennium contains funding to provide salary increases of 4 percent effective July 1, 2005, and 3 percent effective July 1, 2006, for elected officials. An additional 1 percent is provided on July 1, 2006, paid from existing agency resources. The statutory changes proposed by the Office of Management and Budget in the appropriation bills for the respective elected officials provide a salary increase of 4 percent for the first year of the biennium and up to 4 percent for the second year, except for the Governor and Lieutenant Governor who are provided a 2 percent first-year increase and up to a 4 percent second-year increase and judges as noted below who are provided a 5.78 percent increase the first year and a 4 percent increase for the second year. The schedule below shows for each elected official the salary authorized by the 2003 Legislative Assembly and the salary being proposed in the executive budget.

State Official	Statutory Annual Salary Authorized by 2003 Legislative Assembly	Proposed Annual Salary Included in the 2005-07 Executive Budget Recommendation

The health care trust fund was established by the 1999 Legislative Assembly (Senate Bill No. 2168) for providing nursing alternative loans or grants. The 2001 Legislative Assembly in House Bill No. 1196 provided that money in the fund may be transferred to the long-term care facility loan fund for nursing facility renovation projects and used for other programs as authorized by the Legislative Assembly. Money is generated for the health care trust fund as a result of the Department of Human Services making government nursing facility funding pool payments to two government nursing facilities--McVille and Dunseith. Payments are made based on the average amount Medicare rates exceed Medicaid rates for all nursing care facilities in the state multiplied by the total of all Medicaid resident days of all nursing homes. Federal Medicaid funds are available for these payments and require a state match. Payments are made to the two government nursing facilities and are subsequently returned to the state, less a \$50,000 transaction fee retained by each of the two government nursing facilities. Once returned to the state, the state's matching share is returned to its source, and the federal funds are deposited in the health care trust fund. Money in the fund is invested by the State Investment Board and any investment earnings are retained in the fund. The federal government has eliminated this intergovernmental transfer program. As a result, North Dakota's final intergovernmental transfer payment was received in July 2004.

\1 The 2003-05 biennium appropriation in 2003 Senate Bill No. 2012 totals \$3,261,556.

\2 In previous bienniums this amount was appropriated in the Department of Human Services appropriations bill. The 2005-07 executive budget includes a recommendation to create a new section to North Dakota Century Code Chapter 15-08.1 providing a continuing appropriation from the lands and minerals trust fund for making these loan payments under DD loan fund Nos. 2 and 3 (Section 7 of Senate Bill No. 2013 (2005)).

NOTE: The lands and minerals trust fund originated in 1977 when the Legislative Assembly transferred to the Board of University and School Lands possessory interest in properties obtained by the Bank of North Dakota, including tracts of real property and reserved mineral interests. All income from the sale, lease, and management of the mineral interests relating to these properties is deposited in the lands and minerals trust fund, pursuant to North Dakota Century Code Section 15-08.1-08.

The principal and interest of the trust fund may be used only for purposes approved by the Legislative Assembly.

NOTE: North Dakota Century Code (NDCC) Section 57-51.1-07.2 (1997 Senate Bill No. 2366) establishes a permanent oil tax trust fund and provides that at the end of each biennium beginning after June 30, 1997, all revenues deposited in the general fund during that biennium and derived from taxes imposed on oil and gas under Chapters 57-51 (Oil and Gas Gross Production Tax) and 57-51.1 (Oil Extraction Tax) which exceed \$71 million are to be transferred into the permanent oil tax trust fund. The State Treasurer is to transfer the interest earned on the fund to the general fund at the end of each fiscal year. The principal may only be spent upon a two-thirds vote of the members elected to each house of the Legislative Assembly.

¹Estimated revenues - 2003-05 - The revised December 2004 revenue forecast for the 2003-05 biennium projects state oil and gas production tax and oil extraction tax revenues to exceed \$71 million by \$40.8 million; therefore, there is a projected transfer of \$40.8 million to the permanent oil tax trust fund at the end of the biennium.

²Estimated revenues - 2005-07 - The executive budget recommends amending NDCC Section 57-51.1-07.2 (in Section 18 of House Bill No. 1015 (2005)) to increase from \$71 million to \$84.5 million the general fund portion of oil extraction tax and oil and gas gross production tax. The executive revenue forecast estimates that oil tax collections during the 2005-07 biennium will total \$84.3 million. Therefore, the executive budget does not anticipate any transfers to the permanent oil tax trust fund during the 2005-07 biennium.

³Estimated expenditures - 2005-07 - The executive budget recommends a contingent transfer from the permanent oil tax trust fund and the Bank of North Dakota to the state general fund. Section 13 of House Bill No. 1015 (2005) provides that if during the 2005-07 biennium, the director of the Office of Management and Budget determines through revised projections that general fund revenue collections will not meet the revenues as forecast in the March 2005 legislative forecast, the director may transfer funds, up to the amount of the projected shortfall, from the permanent oil tax trust fund to the general fund, and if additional funds are required, the Industrial Commission shall transfer an additional amount of up to \$10 million from the earnings and accumulated and undivided profits of the Bank of North Dakota to the general fund.

NOTE: The resources trust fund was created pursuant to passage of measure No. 6 in the November 1980 general election. Measure No. 6 created a 6.5 percent oil extraction tax, 10 percent of which was to be allocated to the resources trust fund. In June 1990 the Constitution of North Dakota was amended to establish the resources trust fund as a constitutional trust fund and provide that the principal and income of the fund could be spent only upon legislative appropriations for:

- Constructing water-related projects, including rural water systems.
- Energy conservation programs.

In November 1994 the voters of North Dakota approved a constitutional amendment, which is now Article X, Section 24, of the Constitution of North Dakota, to provide that 20 percent of oil extraction taxes be allocated as follows:

- Fifty percent (of the 20 percent) to the common schools trust fund.
- Fifty percent (of the 20 percent) to the foundation aid stabilization fund.

North Dakota Century Code Section 57-51.1-07 provides that oil extraction tax revenues be distributed as follows:

- Twenty percent to the resources trust fund.
- Twenty percent allocated as provided in Article X, Section 24, of the Constitution of North Dakota.
- Sixty percent to the state general fund.

¹Estimated revenues - 2003-05 - The estimated revenues for the 2003-05 biennium reflect actual revenues through September 30, 2004, and estimated revenues for the remainder of the biennium. The current estimate of revenues for the biennium is \$6,074,202 more than the estimate of \$11,288,703 made at the close of the 2003 legislative session. The increase is attributable to the following changes:

Increase in oil extraction tax collections	\$6,026,109
Increase in repayments for previously funded water projects	4,296
Increase in investment income	43,797
Net increase from revenue amount previously estimated for 2003-05	\$6,074,202

²The 2003 Legislative Assembly appropriated \$13,650,000 from the resources trust fund to the State Water Commission for water development projects. Section 10 of Senate Bill No. 2022 provides that if 2003-05 biennium revenues are in excess of \$13,650,000, any excess is appropriated to the State Water Commission, subject to Emergency Commission approval. In January 2004 the Emergency Commission and Budget Section approved a transfer of \$14.5 million of spending authority within the special funds line item from the water development trust fund to the resources trust fund for water projects. The transfer of spending authority was requested to more accurately reflect the actual beginning balances of each of the funds. Actual expenditures during the 2001-03 biennium were higher than projected from the water development trust fund and less than projected from the resources trust fund (the July 1, 2003, beginning balance of the resources trust fund was estimated to be \$3.7 million at the close of the 2003 legislative session). In addition, the Emergency Commission and Budget Section approved an additional \$3 million of spending authority from the resources trust fund for water projects based on 2003-05 biennium estimated revenues. The adjusted spending authority for water projects is approximately \$13 million (excluding estimated bond payments) from the water development trust fund and \$31,150,000 from the resources trust fund.

³Based on the executive budget recommendation, the State Water Commission plans to reimburse the 2003-05 biennium expenditures incurred from the resources trust fund with bond proceeds prior to the end of the 2003-05 biennium. Actual expenditures of \$29.6 million have been incurred from the resources trust fund as of December 15, 2004.

⁴Section 4 of House Bill No. 1021 (2005) provides \$52,863,116, or any additional amount that becomes available, from the resources trust fund for the purpose of defraying the expenses of the State Water Commission.

NOTE: The amounts shown above reflect the revised 2003-05 revenue forecast (December 2004) and the executive budget revenue forecast for the 2005-07 biennium.

North Dakota Century Code (NDCC) Section 57-39.2-26.1 provided, prior to January 1, 1999, for a portion of sales, use, and motor vehicle excise tax collections equal to 60 percent of an equivalent one-cent sales tax to be deposited by the State Treasurer in the state aid distribution fund. The Tax Commissioner certified to the State Treasurer the portion of sales, use, and motor vehicle excise tax net revenues that were deposited in the state aid distribution fund. The state aid distribution fund had historically been allocated, subject to legislative appropriation, with 50 percent of revenues for state revenue sharing and 50 percent for personal property tax replacement.

The 1997 Legislative Assembly amended NDCC Section 57-39.2-26.1 to provide that, effective January 1, 1999, deposits into the state aid distribution fund are based on an amount equal to 40 percent of an equivalent one-cent sales tax instead of an amount equal to 60 percent of an equivalent one-cent sales tax. In addition, a continuing appropriation was added which appropriates all revenues deposited in the state aid distribution fund for payments to political subdivisions.

The 1997 Legislative Assembly also changed the allocation of the state aid distribution fund from 50 percent for personal property tax replacement and 50 percent for revenue sharing to 53.7 percent for counties and 46.3 percent for cities. The allocation for each county includes townships, rural fire protection districts, rural ambulance districts, soil conservation districts, county recreation service districts, county hospital districts, the Garrison Diversion Conservancy District, the Southwest Water Authority, and other taxing districts within the county, excluding school districts, cities, and taxing districts within the cities. The allocation for each city includes park districts and other taxing districts within the city, excluding school districts. The county allocation to townships must be based on the same percentage allocation that a township received in calendar year 1996.

House Bill No. 1025 (2003), which became effective on August 1, 2003, revised the state aid distribution formula for cities and counties to account for population changes resulting from the 2000 federal census. The bill provides for total distribution percentages to cities and counties to remain at 53.7 percent to counties and 46.3 percent to cities; however, the allocation formula to specific counties and cities is:

Population Category			
Counties	Percentage	Cities (Based on Population)	Percentage
17 counties with the largest population (allocated equally)	20.48%	80,000 or more	19.4%
17 counties with the largest population (allocated based on population)	43.52%	20,000 or more but less than 80,000	34.5%

- Section 12 of Senate Bill No. 2015 - \$11,000,000
- Section 19 of House Bill No. 1003 - \$14,258,969
- Section 6 of House Bill No. 1019 - \$1,000,000

³The 2005-07 executive budget recommends transferring \$9,000,000 from the student loan trust fund to the general fund.

FUND HISTORY

The 1971 Legislative Assembly authorized the Industrial Commission to acquire and hold all unpaid government-guaranteed or reinsured student loans and North Dakota student loans belonging to the state or any of its agencies. As a result, the student loan trust fund was created, which enabled the state to sell tax-exempt bonds and use the proceeds for purchasing student loans made or acquired by the Bank of North Dakota.

The student loan trust fund is not in the business of making loans to students or servicing loans which it acquires. The Bank of North Dakota continues to service those loans which the student loan trust fund holds.

The student loan trust is comprised of funds held under two general bond resolutions. The first general bond resolution includes funds from bonds issued in 1979, 1988, 1989, 1992, and 2004. The second general bond resolution referred to as the 1996 bond resolution includes funds from bonds issued in 1996, 1997, 1998, and 2000. All issuances prior to 2004 with bonds outstanding are insured by Ambac Assurance Corporation.

Under both of the bond resolutions, assets may only be used for:

- Purchase of student loans.
- Payment of debt service to bondholders.
- Providing financial assistance to the North Dakota Student Loan Guarantee Agency.
- Payment of any rebate liability to the federal government.
- Administration of the student loan trust fund.

In addition, North Dakota Century Code Section 6-09-40 provides that the Bank of North Dakota shall request from the Industrial Commission a transfer from the student loan trust fund to reimburse the Bank for any losses incurred from investments in North Dakota alternative and venture capital investments and early-stage capital funds. Section 10-30.5-04(3) provides that the maximum amount of funds that may be borrowed from the Bank of North Dakota for the purpose of investing in North Dakota alternative and venture capital investments and early-stage capital funds is \$5 million.

After all bonds in a general bond resolution have matured, been redeemed or defeased, and all expenses paid, any remaining assets held under the general bond resolution would be transferred to the Industrial Commission for use at its discretion. In order to use assets held under the general bond resolution for a purpose other than those stated in the general bond resolution, the administrator of the student loan trust fund must receive permission from the bond insurer, and the trustee of the bond (Bank of North Dakota) would have to certify that sufficient reserves remain for bond payments and other related program costs.

The 2003 Legislative Assembly with the passage of Senate Bill No. 2232 authorized the Industrial Commission to issue subordinate or residual bonds of up to \$23 million, and as a result the Industrial Commission issued \$23 million of subordinate bonds on December 1, 2004.

¹Four 2003-05 biennium tobacco settlement payments totaling \$23,238,627 have been received by the state as of December 1, 2004. Total tobacco settlement collections of \$129,775,774 have been received to date by North Dakota.

²Revenues - 1999 House Bill No. 1475 (North Dakota Century Code Section 54-27-25) provides that interest on the money in the tobacco settlement trust fund must be retained in the fund, and the principal and interest must be allocated 10 percent to the community health trust fund, 45 percent to the common schools trust fund, and 45 percent to the water development trust fund. The interest earned on the money in the tobacco settlement trust fund will increase the amount available for transfers to the other funds. However, because of uncertainty regarding the timing of the receipt of the tobacco settlement proceeds, interest earned on the balance of the tobacco settlement trust fund has not been included in this analysis. Tobacco settlement revenues collected to date have been transferred immediately to the proper trust funds; therefore, no interest has been earned by the tobacco settlement trust fund to date.

³The tobacco settlement proceeds for the 2003-05 biennium were estimated to be \$51,271,214 at the end of the 1999 legislative session. The decrease in the amount of tobacco settlement revenues collected for the biennium of \$5,060,520 is the result of volume adjustments made to payments received. A volume adjustment is an adjustment made to a settlement payment to reflect increases or decreases in tobacco manufacturers' operating income from cigarette sales. The original estimate was calculated before the anticipated effect of volume adjustments on tobacco settlement collections was determined. The total original estimated tobacco settlement collections made during the 1999 legislative session and the total estimated collections as revised by the Office of Management and Budget to reflect anticipated volume adjustments are:

	1999 Original Estimated Collections	Office of Management and Budget Revised Estimated Collections
1999-2001	\$57,593,770	\$52,900,784
2001-03	61,143,578	53,636,363
2003-05	51,271,214	46,210,694
2005-07	51,271,214	45,944,134
2007-17 (\$82,231,080/\$73,687,266 per biennium)	411,155,400	368,436,330
2017-25 (\$58,591,490/\$52,503,832 per biennium)	234,365,960	210,015,328
Total	\$866,801,136	\$777,143,633

FUND HISTORY

North Dakota Century Code Section 54-27-25 created by 1999 House Bill No. 1475 established a tobacco settlement trust fund for the deposit of all tobacco settlement money obtained by the state. Money in the fund, including interest, must be transferred as follows, within 30 days of its deposit in the fund:

- Ten percent to the community health trust fund.
- Forty-five percent to the common schools trust fund.
- Forty-five percent to the water development trust fund.

¹As of December 1, 2005, four transfers have been made from the tobacco settlement trust fund totaling \$2,323,863. Total transfers of \$12,977,577 have been made to date from the tobacco settlement trust fund to the community health trust fund.

²Revenues - Interest earned on the community health trust fund is deposited in the state general fund. The tobacco settlement revenues for the community health trust fund were estimated to be \$5,127,121 for the 2003-05 biennium at the end of the 1999 legislative session. The decrease in the amount of revenues collected from the tobacco settlement trust fund of \$506,051 is the result of volume adjustments made to payments received. A volume adjustment is an adjustment made to a settlement payment to reflect increases or decreases in tobacco manufacturers' operating income from cigarette sales. The original estimate was calculated before the anticipated effect of volume adjustments on tobacco settlement collections was determined. The revenues for the community health trust fund originally estimated during the 1999 legislative session and the estimated collections as revised by the Office of Management and Budget to reflect anticipated volume adjustments are:

³House Bill No. 1475 (1999) (North Dakota Century Code (NDCC) Section 54-27-25) provides that money in the community health trust fund may be used by the State Department of Health, subject to legislative appropriation, for community-based public health programs and other public health programs, including programs with emphasis on preventing or reducing tobacco usage. The executive budget recommendation provides an appropriation of \$4.7 million, the same as the 2003-05 biennium, to the State Department of Health for tobacco prevention and control programs.

⁴Senate Bill No. 2276 (2001) provided an appropriation to the State Health Council for a dentists' loan repayment program. Each year the State Health Council is to select up to three dentists who agree to provide dental services in the state. The dentists are eligible to receive funds for the repayment of their educational loans. The funds are payable over a four-year period and may not exceed \$80,000 per applicant. The 2001 Legislative Assembly added intent to Senate Bill No. 2276 (NDCC Chapter 43-28.1) that the 2003 Legislative Assembly provide sufficient funds for continuation of the program. The annual selection of the dentists is to be based on the size of the community that will be served as follows:

- One dentist serving a community with less than 2,500 residents.
- One dentist serving a community with less than 10,000 residents.
- One dentist serving a community with 10,000 or more residents.

Three dentists were accepted into the program during the 2001-03 biennium, serving communities over 10,000 residents (both Minot) and one serving a community with less than 2,500 residents (Larimore). The Legislative Assembly, as provided in 2003 Senate Bill No. 2378, changed the dental loan repayment program effective for the 2003-05 biennium from requiring one dentist from each of the community-size categories to providing the highest priority for acceptance into the program to dentists willing to serve the smallest and most underserved communities in North Dakota. As of December 2004 six dentists have been approved for the dental loan repayment program serving--the Fargo Community Health Center, New Rockford, Grand Forks, Fargo, Bismarck, and West Fargo.

⁵The community health grant program was established in 2001 Senate Bill No. 2380 (NDCC Section 23-38-01) with the intent to prevent or reduce tobacco usage. The Legislative Assembly, as provided in 2003 Senate Bill No. 2297, appropriated \$600,000 for funding the Community Health Grant Advisory Committee (\$100,000) and for providing for city, county, and state employee tobacco education and cessation programs (\$500,000). In addition, the Legislative Assembly authorized the total unexpended 2001-03 appropriated funds of \$204,052 for city and county tobacco cessation and education programs to be carried forward to the 2003-05 biennium. The State Department of Health, however, does not anticipate expenditures for cessation programs will exceed the original \$500,000 appropriation for the 2003-05 biennium. The grants to cities and counties for cessation programs are to be matched with \$1 of local funds for every \$3 of state funds. The 2005-07 biennium executive budget recommends \$495,000 for tobacco cessation grants (\$395,000) and for the Community Health Grant Advisory Committee (\$100,000).

⁶The 2003 Legislative Assembly appropriated \$680,000 for establishing a telephone tobacco "quit line." The executive recommendation includes \$884,000 to operate the "quit line" for the entire 2005-07 biennium.

⁷The executive recommendation adds one FTE tobacco prevention coordinator position and related funding for salaries and wages (\$95,666) and operations (\$15,334).

⁸The executive budget recommends an appropriation of \$254,356, an increase of \$139,601 from the 2003-05 biennium, to the Department of Human Services for providing medical assistance coverage for women screened and found to have breast and cervical cancer.

FUND HISTORY

The community health trust fund was created by the 1999 Legislative Assembly through passage of House Bill No. 1475. This bill creates a tobacco settlement trust fund for the deposit of all tobacco settlement money obtained by the state. Money in the fund must be transferred as follows, within 30 days of its deposit in the fund:

- Ten percent to the community health trust fund.
- Forty-five percent to the common schools trust fund.
- Forty-five percent to the water development trust fund.

¹As of December 2004, four transfers have been made from the tobacco settlement trust fund totaling \$10,457,382. Total transfers of \$58,399,098 have been made to date from the tobacco settlement trust fund to the water development trust fund.

²Revenues - Interest earned on the water development trust fund is deposited in the state general fund. The tobacco settlement revenues for the water development trust fund were estimated to be \$23,072,046 for the 2003-05 biennium at the end of the 1999 legislative session. The decrease in the amount of revenues collected from the tobacco settlement trust fund of \$2,277,234 is the result of volume adjustments made to payments received. A volume adjustment is an adjustment made to a settlement payment to reflect increases or decreases in tobacco manufacturers' operating income from cigarette sales. The original estimate was calculated before the anticipated effect of volume adjustments on tobacco settlement collections was determined. The revenues for the water development trust fund originally estimated during the 1999 legislative session and the estimated collections as revised by the Office of Management and Budget to reflect anticipated volume adjustments are:

Biennium	1999 Original Estimated Collections	Office of Management and Budget Revised Estimated Collections
1999-2001	\$25,917,197	\$23,805,353
2001-03	27,514,610	24,136,363

2017-25 (\$26,366,170/\$23,626,724 per biennium)	105,464,680	94,506,896
Total	\$390,060,509	\$349,714,634

³The 2003 Legislative Assembly authorized, in Section 15 of Senate Bill No. 2022 (2003), a transfer of \$10,070,373 from the water development trust fund to the general fund. As of December 2004, \$5,035,186 or one-half of the total has been transferred to the general fund. The 2003-05 biennium appropriation for the State Water Commission administrative expenses of \$9,385,396 is from the general fund.

⁴Senate Bill No. 2022 (2003) includes \$32,946,225 from the water development trust fund to the State Water Commission. The funding is for bond payments (approximately \$5.4 million), reimbursement to the State Department of Health for nonpoint sources of pollution control expenses (up to \$300,000), and other water control projects (approximately \$27.2 million). The Emergency Commission and Budget Section approved a transfer of \$14.5 million of spending authority within the special funds line item from the water development trust fund to the resources trust fund for water projects. The transfer of spending authority was requested to more accurately reflect the actual July 1, 2003, beginning balances and the corresponding 2003-05 biennium appropriation of each of the funds. Actual expenditures during the 2001-03 biennium were higher than projected from the water development trust fund and less than projected from the resources trust fund (the July 1, 2003, beginning balance of the water development trust fund was estimated to be \$23.3 million at the close of the 2003 legislative session). The adjusted spending authority from the water development trust fund for water development projects (\$13,021,452) and bond payments (\$5,424,773) is \$18,446,225.

⁵The State Water Commission plans to reimburse the water development trust fund for 2003-05 biennium expenditures from bond proceeds prior to the end of the 2003-05 biennium. Actual water project expenditures of \$7.6 million have been incurred from the water development trust fund as of December 15, 2004.

⁶The executive budget recommends that the administrative and support services division of the State Water Commission be funded from the general fund. The administrative expenses of the water and atmospheric resources division will be funded entirely from federal and special funds (primarily the water development trust fund). The administrative expenses included in the water and atmospheric resources division will be approximately \$7.9 million. The remaining spending authority of approximately \$470,000 will be available for water projects or if necessary costs associated with the shop building.

⁷Senate Bill No. 2188 (1999) (North Dakota Century Code (NDCC) Section 61-02.1-02) authorized the State Water Commission to borrow up to \$84.8 million for state water projects to be repaid from the water development trust fund. In March 2000 the State Water Commission issued bonds totaling \$27.5 million--\$23 million for Grand Forks flood control and \$4.5 million for the Southwest Pipeline Project. The 2003 Legislative Assembly authorized, in Senate Bill No. 2022, the State Water Commission to issue up to \$60 million in bonds during the 2003-05 biennium. Bond payments on the March 2000 issuance for the 2003-05 biennium will be approximately \$5.4 million. The total bond payments for the 2005-07 biennium, including anticipated principal and interest payments on the \$60 million bonds issued during the 2003-05 biennium, will be approximately \$14.3 million.

⁸The executive budget recommends two additional FTE positions and increases special funds spending authority for salaries and wages (\$160,924), temporary salaries (\$26,400), and operating expenses (\$1,904,400) for Devils Lake Outlet operations. The outlet is anticipated to be completed during the 2003-05 biennium and will require funding for staffing and operating costs during the 2005-07 biennium. The State Water Commission anticipates this project will be paid for from the water development trust fund.

⁹The executive budget recommends special funds spending authority for temporary wages of 10 seasonal intern pilot positions employed during the North Dakota cloud modification project. The State Water Commission anticipates this project will be paid for from the water development trust fund.

¹⁰Section 5 of House Bill No. 1021 (2005) provides a total of \$24,863,873, or any additional amount that becomes available, from the water development trust fund for the purpose of defraying the expenses of the State Water Commission.

FUND HISTORY

North Dakota Century Code Section 54-27-25, created by 1999 House Bill No. 1475, established a water development trust fund to be used for the long-term water development and management needs of the state. This section creates a tobacco settlement trust fund for the deposit of all tobacco settlement money obtained by the state. Money in the fund must be transferred as follows, within 30 days of its deposit in the fund:

- Ten percent to the community health trust fund.
- Forty-five percent to the common schools trust fund.
- Forty-five percent to the water development trust fund.

North Dakota Century Code Section 61-02.1-04, created by 1999 Senate Bill No. 2188, provides that the principal and interest on bonds issued for flood control projects, the Southwest Pipeline Project, and an outlet to Devils Lake must be repaid with money appropriated from the water development trust fund.
