Senate Judiciary Committee
Senate Bill 2034
January 15, 2003

Chairman Traynor and members of the Senate Judiciary Committee; my name is Julie Hoffman, Administrator of Adoption Services for the Department of Human Services. I am here today to present testimony regarding Senate Bill 2034. The Department supports the passage of Senate Bill 2034 related to NDCC 14-17, the Uniform Parentage Act.

This bill is a result of the Family Law Committee's Interim study of adoption law in North Dakota. An informal work group of adoption professionals collaborated on a review of adoption law and are recommending the changes proposed for this statute.

Simply stated, this bill advocates for the use of positive adoption language, specifically here in a statute that is used by adoption professionals as they work with birth parents. Adoption professionals prefer the term "birth" or "biological" in referring to a child's first set of parents, since the term "natural" then conveys that the adoption or the adoptive parents of the child are somehow "unnatural".

This may seem like a minor issue, however, the informal work group that assisted the Family Law Committee has sought to correct similar reference throughout the statutes we reviewed. Words do indeed engender emotion and change perspective, and for that reason we have recommended this change in language.

I would be happy to answer any questions you might have.

SENATE JUDICIARY COMMITTEE
Senate Bill Number 2034
January 15, 2003

1/15
Same testimony given
- to House

Chairman Traynor and members of the Senate Judiciary Committee, my name is Leanne Johnson. I am employed with Lutheran Social Services of North Dakota and serve as the A.A.S.K. Adoption Director. I am here today to present testimony in support of Senate Bill 2034 related to North Dakota Century Code 17-17, the Uniform Parentage Act.

The A.A.S.K. program is a collaborative effort between Lutheran Social Services of North Dakota, The Village Family Service Center, Catholic Family Service and the North Dakota Department of Human Services. Turtle Mountain Child Welfare and Family Services is affiliated with A.A.S.K. This program is responsible for the adoption of children with special needs who are in the custody of the Department of Human Services.

I have had the opportunity to be a part of the informal work group, referenced in Ms. Hoffman's testimony, charged with the task to examine adoption law in North Dakota. I recognize that it might seem that the changes proposed are minor and just a matter of words. However, there is little doubt that the words we use in our daily and written language speak volumes. This is especially the case when we realize the ramifications to those impacted by adoption. Adoptive parents certainly should never be referred to as "an unnatural parent." The clarifications proposed by this bill would be an opportunity to recognize the contributions of those impacted by adoption in a respectful, supportive and positive manner. It would also be an opportunity to bring the language consistent with proposed changes to NDCC 14-15 (as contained in HB 1035) as referenced in Section 2 of this bill.

In closing, I encourage the committee to give a "do-pass" recommendation to this bill. I am available to answer any questions you may have.

**House Judiciary Committee
Senate Bill 2034
February 26, 2003**

Chairman DeKrey and members of the House Judiciary Committee, my name is Becky Doll of the Village Family Service Center in Bismarck. I am here to present testimony for Julie Hoffman, Administrator of Adoption Services for the Department of Human Services. Ms. Hoffman is unable to be here today, since there are two other adoption related bills being heard in other committees at this same time. The Department supports the passage of Senate Bill 2034 related to NDCC 14-17, the Uniform Parentage Act.

This bill is a result of the Family Law Committee's Interim study of adoption law in North Dakota. An informal work group of adoption professionals collaborated on a review of adoption law and are recommending the changes proposed for this statute.

Simply stated, this bill advocates for the use of positive adoption language, specifically here in a statute that is used by adoption professionals as they work with birth parents. Adoption professionals prefer the term "birth" or "biological" in referring to a child's first set of parents, since the term "natural" then conveys that the adoption or the adoptive parents of the child are somehow "unnatural".

This may seem like a minor issue, however, the informal work group that assisted the Family Law Committee has sought to correct similar reference throughout the statutes we reviewed. Words do indeed engender emotion and change perspective, and for that reason we have recommended this change in language.

I would be happy to answer any questions you may have. I know Ms. Hoffman is also available at the request of the committee should you have questions for her. Ms. Hoffman's phone number is 328-4805.
