Roxanne Woeste: Legislative Compensation Commission Report

I'm not sure if everyone is aware of the Legislative compensation Commission (LCC). By statute they are required to determine appropriate levels of compensation to the members of the legislative assembly. This last term they met one term in July 2006 and made two recommendations, resulting in these next two bills. HB 1106 increases compensation by five dollars a day, from \$125 to \$130. This bill would be effective August 1, 2007, therefore it will change your compensation during the 2009 assembly.

Rep. Weiler: When was the last time there was an increase, and how much was it?

Roxanne Woeste: The last increase in the daily compensation was in 2001. The increase was \$111 to \$125.

Rep. Weiler: What did you say about the budget? It's included in the 2007, 2009 legislative session?

Roxanne Woeste: When the commission met in July, this was one of the recommendations. The council took the recommendation into consideration.

Rep. Kasper: Is there any public testimony against this?

Roxanne Woeste: No

Rep. Haas: Was there any discussion at all about the percentage increases that would be appropriate by the legislature?

Roxanne Woeste: Prior to the commission meeting, the legislative council staff did survey members of the legislative assembly to ask them questions about their pay. The results of that survey are included in that packet.

Rep. Amerman: This \$130 will take effect when we aren't in session, but it will affect committee meetings, etc.

Roxanne Woeste: This change is just for the regular session and organization meetings. Interim committees will remain at \$100. The council recommended no change for the interim committees.

Rep. Amerman: can you give me an example for special meetings where this \$130 will take place?

Roxanne Woeste: Organizational sessions, meetings, any meetings called by the governor.

Rep. Schneider: Never before in history have we had such a small increase as \$5. Why is this increase so small?

Roxanne Woeste: I don't remember the exact details on the discussion. We just decided on \$5.

Rep. Haas: Is there any other testimony in favor of 1106? Is there testimony against HB 1106? If not we will close hearing on HB 1106.

Minutes:

Rep. Haas: This is the legislation commission report that would increase the daily rate from \$120 to \$130 dollars. I'm going to pass out an amendment (attached). This amendment does two things. It would increase the reimbursement rate for legislators from \$135, a ten dollar increase. That increase for the session would be effective December 1, 2008. The reason for that effective date is that legislators on both side of the aisle we don't won't to have to face that issue in the next election. It would take place in the next legislative session. There is another section in the bill, section 2, which is actually taken out of Rep. Carlson's bill. We had to put that in here because it was the intent that you would also get paid the same rate during interim committees and other interim work that you get during the regular legislative session. That is still at \$125. That section will take place August 1 of this year. The effective date on here refers only to section 1 of the bill. Then you have to go back to the bill to see section 1. There is 2 effective dates on this bill. There are 2 changes. One change is you will start getting paid effective August 1, \$125/day for your interim work, and then \$135 work for legislative work beginning of December 1, 2008 and you will also get \$135 for interim work after the 2009 session.

Rep. Dahl: I move the amendment.

Rep. Potter: I second that.

Rep. Haas: Is there any discussion on the motion to amend HB 1106?

Rep. Weiler: I'm going to resist the motion. Ever since we began talking about this pay increase at the start of the session I felt that we should go to a \$15/day increase instead of \$5. This amendment has \$10, and I believe we should go \$15. The reasons are pretty simple. In 2001 they increased it \$14. I believe that publicly it happens. When people vote for their own pay raise, we are going to get hammered in the press. No matter if you voted or not you will get hammered. You voted for a \$5 or \$10 pay raise. I would rather get hammered just once for \$15 and that is not out of line so that is why I am going to oppose this amendment.

Rep. Froseth: I'm going to oppose it. This might not be much by 2009.

Rep. Schneider: Do you have any idea on a revised fiscal note?

Rep. Haas: No I don't, not yet.

Rep. Kasper: If you took some of these out of Rep. Carlson's bill, I wanted to know what the bill number was.

Rep. Haas: It was 1176.

Rep. Kasper: Did you act on it already?

Rep. Haas: No. Is there any other discussion on the amendment.

Rep. Kasper: I agree with Rep. Weiler to raise it to \$140.

Rep. Haas: Does anyone disagree with going to \$140.

Rep. Schneider: I am apparently the minority. I like Rep. Carlson's approach. The nice thing about Rep. Carlson's bill is that it is tied to public authority and rate. We won't have to think about this ever again. The better for us.

Rep. Weiler: I think that if we do Rep. Carlson's bill we are going to hear it every session. You guys are getting it because we would vote for employee's pay raise which would be our own. We are going to hear it every time.

Rep. Haas: We are going to hear self serving and conflict of interest, big time.

Rep. Amerman: I'm satisfied with the amendment right now.

Rep. Haas: Let me see a show of hands on how many want to make it \$140. We have a majority that want it to be \$140.

Rep. Haas: In my opinion based on my straw poll.

Rep. Weiler: Among those that you have talked to, how many were on appropriations? I guess what I'm getting at is if we go to \$140 and we send it to appropriations. If the majority think it should be lower, then they will change it.

Rep. Haas: Yes, if we believe it should be \$140 let's change it.

Rep. Weiler: We can take up the amendments. We are going to want to change it to \$140.

Rep. Haas: Rep. Dahl withdrew her motion to adopt the amendment so what we are going to do right now is change the amendment. Where it says \$35 we are going to put \$40.

Rep. Kasper: Will the amendment number change?

Rep. Haas: Yes it will be come .0102.

Rep. Dahl: Are we going to have to amend section 2 because after December 1 we have that discussion.

Rep. Haas: No it's not a discrepancy. Because right now you are getting \$125/day during the session. Section 2 says that beginning August 1 of this year you will get \$125 for your interim work.

Rep. Dahl: I know but the whole point of that was to indicate the interim and sessions. So now starting December 1, 2008 we are going to have that discrepancy again where if we go to an

interim committee meeting?

Rep. Haas: Well no because section 1 on the original bill becomes effective on December 1, 2008. Once that is effective then it will take precedent over section 2. So now we have an amendment before us that is going to raise the legislative pay to \$140/day beginning December 1, 2008. Do I hear a motion?

Rep. Kasper: I move the amendment.

Rep. Weiler: I second that.

Rep. Haas: Is there any further discussion? If not we will take a roll call vote. All in favor say 'aye' all opposed say 'no'.

Rep. Wolf: I move a do pass as amended and re refer to appropriations.

Rep. Meier: I second that.

Rep. Haas: Is there any further discussion? If not we will have a roll call vote on HB 1106. The do pass as amended and re refer to appropriations motion passes with a vote of 8-4-1. Is there a volunteer to carry this bill?

Rep. Kasper: I will.

Minutes:

Chm. Svedjan opened the hearing on HB 1106 which comes to House Appropriations from Government and Veteran's Affairs.

Rep. Haas spoke on HB 1106 which deals with the amount of pay legislators receive per day.

It raises legislative pay per day effective 12/1/08 to \$140 per day from \$125 per day. It also increases interim pay to be the same as what they receive during the session. The interim pay level would not increase to \$140 per day until 12/1/08.

Rep. Carlson: When was the last time there was a pay increase?

Rep. Kempenich: It will be eight years when this goes into effect.

Rep. Carlson motioned a Do Pass as Engrossed. **Rep. Thoreson** seconded the motion.

Rep. Carlisle made a substitute motion to make the date on lines 20 and 21 8/1/07. **Rep.**

Wald seconded the motion. The motion was withdrawn since changing the date by itself does no good.

Rep. Thoreson made a substitute motion to replace "twenty-five" with "forty" on line 16 of the bill. **Rep. Carlson** seconded the motion. The motion failed by a voice vote.

Allen Knudson, Legislative Council: Session pay goes to \$140 on 12/1/08. Interim pay stays at \$125 throughout unless it's changed by the next legislature.

The motion of a Do Pass as Engrossed carried by a roll call vote of 14 ayes, 10 nays, and 0 absent and not voting. Rep. Kasper was designated to carry the bill.

Minutes:

Chairman Holmberg opened the hearing on HB 1106 indicating Roxanne Westby would discuss the bill testifying neutrally on the bill.

Roxanne Westby, Legislative Council, introduced HB 1106. The bill comes from the Legislative Compensation Division. She indicated Section 1 increases legislative compensation from \$125 to \$140 daily effective December 1, 2008. Section increases interim pay for legislators from \$100 to \$125, which is effective August 1, 2007.

Senator Holmberg asked what percentage the \$140 is equal to because state employees were given a 4/4 percent increase. The response was lat the time the compensation committee met; the original \$5 increase was 4 percent.

Senator Holmberg indicated will have a subcommittee include Senators Holmberg, Christmann, and Seymour.

Senator Christmann questioned if Section 2 is the way the compensation committee recommended it. The response was that Section 2 was added by the House.

Senator Mathern asked if anyone was going to testify as to why the change was made. The response was they were not aware of anyone.

John Gosbee, Mandan, presented written testimony and testified in opposition to HB 1106. He discussed his opposition to the Legislature giving itself a raise. He suggested the possibility of

3-6-07

two amendments, to take away the free health insurance benefits for legislators, or to give every working North Dakota the same health insurance the legislators get.

Ralph Mickey, Gladstone, had written testimony distributed in opposition to HB 1106.

Senator Mathern indicated the second amendment proposal has been around for a long time and he asked Mr. Gosbee if he had gotten any information from PERS as to the costs.

Senator Bowman stated that when people find out what we get paid, they ask why we do it for that kind of money. Our costs are extremely high to represent the people. If you don't want legislators, don't give them any compensation and you won't have anyone representing the public.

Chairman Holmberg responded that we are the only body that can do anything with our compensation and pay. We get a recommendation from the citizens committee. One of the arguments that is always used which has validity is if we as a legislature decided let's eliminate the health insurance, let's hold down the pay increase. How do you reconcile having a citizen legislature when the only people who could serve would be those who could afford to serve which might be a different population than the working poor.

Mr. Gosbee stated that if high pay guarantees a citizen legislature, I guess congress qualifies as that.

Chairman Holmberg asked where North Dakota fits in pay in the 50 states. The response was we are maybe 49 or 50.

Chairman Holmberg indicated the legislature has participated in the health care coverage since 1989.

Senator Grindberg indicated this is his eight session and they have only voted on three pay increases. Why are you here this year, I have not seen you testifying on this issue before.

3-6-07

This makes it a balanced package so that people will run and this has been supported by both parties. The response was he didn't know it was happening.

Senator Mathern questioned line 9 regarding the Century code that is a tool for us, do you think we should not use that as a tool.

Chairman Holmberg indicated the Legislature has had health insurance since 1971.

Senator Christmann in your statement about how the house snuck this through the last few minutes of the session; I received a lot of messages who objected to this going through at mid session stating it should have been the last bill going through.

Loren Campbell, Bismarck, testified in opposition to HB 1106 indicating it would be a good measure to present this compensation issue to the voters. He indicated we look at you as leaders in the communities, you have success in business, you are looked up to so if you need a raise it should be presented to the voters.

Senator Seymour indicated when you look at the money we are talking about, what city benefits from all the dollars. The response was Bismarck.

Senator Krebsbach pointed out that we have a compensation committee that recommends this.

Senator Mathern you noted the issue of being business leaders. As legislators there is another issue I am concerned about and that is there are not enough people who are working, jobless, and in low paying jobs represented in the legislature. How do we get them here if we don't pay or they can't afford to run? The response was I don't see someone like that that would run.

Chairman Holmberg indicated that no matter what state you are this particular topic is one that each Legislator wrestles with.

Chairman Holmberg closed the hearing on HB 1106.

The second amendment changes the compensation package in HB 1006.

Senator Seymour distributed amendments for HB 1106 but the money for this is in HB 1001. This will increase daily pay by 4 and 3.85 percent in the second year. There will be no equity increase as the House didn't fund it.

HB 1107 is an increase for private air travel and that is out.

HB 1175 includes extra pay for the legislative council and we will recommend a do not pass.

HB 1006 is the compensation increase.

HB 1107 is the mileage increase.

HB 1106 is to be paid for legislative council.

Senator Seymour distributed the amendments 0203 for HB 1106, explaining the amendment.

Minutes:

Chairman Holmberg opened the hearing on HB 1106 indicating Senator Christmann has amendments to introduce.

Senator Christmann indicated since we had to wait for ENCOIL information it allows more time for feedback on HB 1106. The amendment would not change the cost but it would allow a few extra dollars in the holdover. The only change on amendment 0205 is in section 7 that if someone doesn't want the additional salary they would not have to take it. They basically sign up for it at Legislative Council and an affirmative vote on the bill is presumed to be authorization of acceptance of pay. If you vote for it and don't want it you can feel out a form that you don't want it.

Senator Tallackson indicated it lowers the pay from \$140 to \$130 right?

Senator Christmann indicated the \$140 is the House version and the \$130 for the first year which is a 4 % increase and the 2nd year goes up to \$140 which is another 3.85% and you don't have to take it.

Senator Christmann moved to reconsider our previous action whereby we adopt these amendments and pass the bill, Senator Seymour seconded. There was no discussion. An oral vote was taken resulting in a do pass.

Senator Christmann moved a do pass as amended 0205, Senator Grindberg seconded. Discussion followed.

Senator Mathern asked if this is before us because of the opt out portion of it?

Senator Christmann indicated it is only the opt out portion. The money is the same as before. The only reason I said it could alter the carry over is because before it presumed everyone took the raise.

Senator Mathern if someone does not take the raise it is exactly as it is in statute now. The response was that is correct.

Senator Grindberg asked if that is a one time decision if decide not to take it now and three months later you decide to take it you can?

Chairman Holmberg indicated there is no statement that says it is irrevocable.

Senator Christmann indicated you would continue to receive compensation at that rate until that member files with the Legislative Council a written request.

Senator Mather so you can go in and out anytime.

Senator Krauter does this meet the constitutionality of ND, this implies bribery. Have you check that constitutionality?

Senator Christmann indicated he doesn't see bribery about anything we are just not forcing people to take something that has been offered. No he has not check this out.

Chairman Holmberg indicated that everything we do is constitutional. Some of you may have gotten further communication from Mr. Gosbee. He had written two weeks ago saying he wanted a full public hearing and I indicated both of them got an opportunity to testify. He wants us to do other things; eliminate health insurance which we have had since 1971 eliminate health insurance and he wants a vote of the people.

Senator Mathern stated he will vote against this. In some ways I would like to vote for it but it bugs me that people vote against and increase and still get the same increase as I. I think this creates problem in that those people who have financial means to say no will have a political edge over those who don't

have the financial means. I wish everyone would take increase but don't think we should pile another problem on top of this.

Senator Krauter indicated he read that last sentence and it is pretty much black mail. We passed an affirmative vote as recorded. I think it is pretty clear.

Senator Bowman indicated it gives options.

Senator Seymour stated it creates a more efficient way of doing it.

A roll call vote was taken on HB 1106 for a do pass as amended resulting in 10 yes, 3 no and 1 absent. The motion passed. Senator Seymour will carry the bill.

Chairman Holmberg closed the hearing on HB 1106.

Minutes:

Rep. Grande: I would like to accede to the Senate amendments to further amend.

Rep. Potter: I second that.

Rep. Haas: Is there discussion? We understand exactly what the Senate did and the time lines involved, and the increase in the pay for legislators doesn't get quite to the level of what we had in our bill which was \$140 and this takes it to \$135. We are ok with section 1, 2, and 3 of the first engrossment. We don't have a problem with that. What we would like to do as far as further amending is in section 5 and 6. Simply change on line 14 an amendment would be to change 4 to 30 and on line 22 change 8 to 35. This would mean that legislators would be paid the same daily rate for interim committee work as they get paid doing the legislative session. We would like to further amend the bill. We will vote on this motion in a little bit. Our intent is to change line 14, the underlined 4 would be changed to 30. On line 22 the underlined 8 would be changed to 35. Essentially what it would do is that legislators would be paid the exact same amount during the interim committee work as they would be during the legislative session. The motion is to accede to the Senate amendments which means that we accede to all these amendments. Then we would have to have additional motions to further amend. Is there any

other discussion?

Sen. Holmberg: No because then we will talk about the other things.

Rep. Haas: Yes I just wanted to explain it so you knew what our intent was. One other item we would like to discuss has to do with HB 1175. This was passed out of the house but was killed in the Senate. Whether or not there would be any receptivity to taking the provisions of that and putting it in on this bill which said that legislators that attended the council meeting in November they would get paid. There was a lot of discussion and support in the house for saying that we think that if the legislators attend that they should also be paid salary for that. With that is there any discussion on the motion?

Sen. Christmann: I'm still not sure I understand the motion. Is it for the House to accede to the Senate amendments and make the change?

Rep. Haas: No just accede. We will have to have a further motion to make the change.

Rep. Grande: What I want to do is make the point that we want further discussion on this. That was my only point.

Rep. Haas: Is there any other discussion? If not we will take a roll call vote on the motion. It passes 6-0-0. At this time I am going to open the floor for pre-motion discussion on the other issues.

Sen. Seymour: What percentage increase is that which you are offering?

Rep. Haas: I'm not sure. When we looked at the legislative history on this, when the legislative pay was increased to \$125 when we look back this section was inadvertently omitted and ignored. From my understanding and talking to the people that were around at that time it was the intent to increase that. The one time legislators did get paid the same amount for the interim work as they did during the session. We are simply trying to get it back to that level. I can't answer that question.

Sen. Christmann: It would be 30% the first year. The second part of my question is when the pay is the same for the interim as during the session would a difference on how meal allowances be treated differently?

Rep. Haas: I don't know that.

Sen. Christmann: With the \$125 we buy our own meals. With the \$100 we get reimbursed with meals.

Rep. Haas: I understand what you are saying.

Rep. Grande: It is a good point but it is still kind of a wash in the whole thing. You still aren't being paid for the time you are putting in. You are giving up a days pay to come out. A lot of the times you are coming out for a half day meeting. You are missing a lot of time at home on an interim type thing. Here we are keeping things rolling so that the one day out and back is a little more cumbersome and difficult to leave your jobs at that point so I think reimbursement at an equal level can make up for that.

Sen. Christmann: I have a couple of things that I don't want to forget in this discussion but regarding what we are talking about now with this interim pay. A couple concerns that I have in doing that is the public perception with the big increase. I understand there are good points. It's not nearly as big of a deal as it looks when it comes out in the paper that we got a 30% increase. That public perception is a concern. Secondly I would worry that we make this switch and get the interim compensation the same as the session compensation. There will probably be an effort for us to pay for our meals out of this. I think getting rid of our meal allowance during the interim would be brought up. Thirdly anytime we do something with compensation needs to be a bipartisan effort. Sen. Seymour has been very supportive and a good partner to work with on this. The Senate was pretty split. I think we start adding to it. If this would pass it

is going to close to a party line vote. Our compensation votes should never be that way. There were a lot of democrats against this.

Rep. Haas: This isn't that large of an increase in dollars if you think about it. How many interim committees do you attend? I think I maybe attended six in the last interim on both committees that I served on. If you look at that, it is \$180 dollars difference.

Sen. Holmberg: And that is how you would explain it and that is absolutely correct. As your opponent I would explain it using percents saying you raised your pay 30%. That is just how it happens.

Rep. Haas: I have never thought of this issue in terms of politics. I don't think it should be brought up that way. I think we have the responsibility to do what is reasonable and prudent and I think this is reasonable and prudent.

Rep. Grande: I would hope that this would not be a partisan issue and that it would be come a political thing. We are all out here working. Does the minority party feel that they aren't worth anything? That their time isn't worth putting into interim pay? I guess I just ask. We are all out here working. I assumed you worked as hard as we did and felt like we had earned something. I don't see where there is partisan issue to that.

Rep. Potter: There wasn't a party issue in the House. There were some Democrats that voted for it and some that didn't. Just as some Republicans did and some didn't. I didn't see it a partisan issue in the slightest.

Sen. Seymour: I just will not vote myself a pay raise and that is the opponent's philosophy. I don't have that philosophy.

Rep. Haas: I have heard representatives say that same thing and they haven't voted for a pay raise. Immediately I ask them if they have taken the pay raise. Everyone of them has taken the pay raise. That is some sort of a hypocrisy that I find difficult to accept. I will have to relay to

you on something that happened to me when I went to a forum after the House action before this bill came over to the Senate. There was one person in that forum that attacked Rep. Meier and myself and Sen. Erlacher very vigorously for the pay raise issue. There were about 15-20 people there. I finally said to this person that I'm not going to apologize for the amount of money that I get doing my job as a legislator. I told them that I am usually here at 6:00. I don't leave the capitol until 5:30 or 6. Then there are evening functions, some of them social some not. I usually get back to my place of residence at 8 or 9. That is my schedule. Don't try to portray me as someone who is trying to take money that I don't deserve. I will never apologize for the funds that I get for being a legislator. When that forum was over I think at least six of the other people at the forum came up and said that they don't think we are overpaid. We would never think you are overpaid and they appreciate what we do here. I think sometimes that we are overly sensitive and apologetic for some of the things that we do here for our compensation levels. I can never accept that concept or criticism from anyone. Is there any further discussion?

Sen. Holmberg: In 2002 my opponent running against me used this pay raise against me. I've had that used against me.

Rep. Grande: One thing we want to remember is the idea that we vote our own pay raises. That is how it works. Nobody else does it for us. We are in charge of that. We don't have a choice any other way. This bill is very easy to explain. This isn't retro. It isn't going to go into effect until later. This isn't like we are voting ourselves some kind of pay raise for what we have already done. This is moving forward for future legislators. For some they won't even see this because they won't be back for another session.

Sen. Seymour: There was a question about the difference in taxpayer dollars between the two versions of the bill. They were quite close. One was \$291 and one was \$270.

Rep. Haas: Right, the house version was slightly larger. Sen. Christmann and I went over those numbers. The House version in it's original form was slightly higher. I would guess that we won't have a new fiscal note on what we are suggesting here. My estimate would be that the original house version would probably still be slightly higher if we do this amendment.

Rep. Potter: I visited briefly before this and we talked about the interim report situation. I think that it is worthwhile for everyone coming for the interim to hear the report to get paid. Whether it be the newly elected legislators or those that have served. If you are giving up your time at work and coming out to listen to these reports then I think it is important for everyone to be here and listen to the reports. I think to expect people to take time off for work this would have to happen. If we consider ourselves to be professional at all you would get paid to do that.

Obviously not everyone is going to be able to come to the interim report time whether they get paid or not. It just seems like a very logical thing to do. I can't imagine the public if we are going to do any kind of increases putting that in to this makes sense to me. Instead of doing this, this time and then dealing with that two years from now so we can have another issue. It just seems that we should put it all in one bundle and be done with it. It seems to me whether it is 4% or not, you have to look at the whole pot of money and how much it is going to cost. I guess it is whether we are going to say this is the right thing to do or not. The total dollars aren't that different. If it was a big sum of money then I would say that but it is so close.

Rep. Haas: Is there any more discussion?

Rep. Grande: I would still kind of like to know how much we are looking at. Is there a fiscal note that might match up with these amendments?

Rep. Haas: There is two things here. We could perhaps request council to draft these. We are talking about two separate issues. One is the payment for interim committee work. Number two is the possibility of having legislators get paid for the council report meeting in November.

Sen. Holmberg: There would be a fiscal note for that. It already exists.

Rep. Grande: It does exist for HB 1175.

Rep. Haas: Right, there would be.

Sen. Christmann: The fiscal note for HB 1175 was \$34,500.

Rep. Haas: Are we leaving today with the idea that we aren't prepared to make a decision on this at this time.

Sen. Holmberg: I am comfortable with what the Senate did at the 4% and 3.8. I focus in on the percentage change and I do not remember the Senate vote on HB 1175.

Sen. Christmann: The fiscal note on HB 1175 is \$34,556 but I don't remember the number of the votes.

Rep. Haas: We will try to get another fiscal note. We will reschedule for tomorrow morning.

Minutes:

Rep. Haas: We will note that all members of the conference committee are present. Yesterday we left our discussion talking about the .0400 version of the engrossed bill with the Senate amendments. We had agreed on section 1, 2, 3, and 4. We had a motion yesterday where we actually acceded to the Senate amendments. We were talking about the possibility of changing sections 5 and 6 to \$130 in section 5 and \$135 in section 6. Subsequent to that discussion we've had some conversation amongst ourselves in talking about some alternatives.

Sen. Christmann: One of the aspects of this is anything we do revolves around what happens in HB 1001 too because it all has to be funded. In recognition of trying to find some middle ground between the House and Senate proposals here, there was some discussion about this main sticking point of the interim pay and getting that started next biennium. The idea kind of was floated that we would follow the Senate provision here and go to 104 on July 1, 2007 and 108 on July 1, 2008 and set it at \$135 from July 1 of 2009 which is where the daily session will be then anyways. If the next legislative session makes changes to the salaries for the next biennium they would do anything off of the \$135. All of those things will have to be addressed in 1001 so that we can get out ahead of them. That is in fact what the proposal is that is

brought forward. In light of that I think we can probably complete our work here and allow 1001 to run it's course.

Rep. Haas: Are there any comments?

Rep. Potter: It seems like a reasonable compromise to me. I would be able to vote in favor of that.

Rep. Haas: What this would mean then is that we would not seek to put any additional amendments on this bill since we have already acceded to the Senate amendments. We would simply conclude our work on this bill. There is one other issue that is not really pertinent to this bill in the original form that I think we might want to talk about a little bit. If anything needs to be done on that I think it would be done on 1001.

Sen. Christmann: The leader's bill?

Rep. Haas: Yes.

Sen. Christmann: One of the things that we kind of neglected but I think was our intention when we did 1106 was the \$250 that they needed.

Rep. Haas: If you look at what I handed out to you yesterday 54-03-20. That points to the century code. You go to the second page it's section 7 subsection C if you could look at that.

Sen. Christmann: Do they get an additional \$250 for their work in organizing things. I think we should do like we are doing on our other salaries during this biennium and increase that by 4% on July 1, 2007. And another 3.85% on July 1, 2008. I have an amendment to that affect to add the money that equals about \$1,500.

Rep. Haas: If you are already thinking of that amendment for 1001 the only additional amendment we need is that amendment related to the interim pay committee of \$135 on July 1, 2009.

Sen. Christmann: That is correct as far as legislative confrontation. I think there are other amendments.

Rep. Haas: But as far as we are concerned on this issue. Do you understand what Sen. Christmann is saying?

Rep. Grande: I guess I would like to be clear with the conferees on HB 1001. I realized it's ok on that side of the table but I'm not sure if it is on this side. I guess I'm not comfortable finishing this today.

Rep. Haas: If it is alright with you we can conclude our work and I will not sign off on the conference committee report until we are assured that what we are talking about will happen. We can sit on the conference committee report until that takes place.

Rep. Grande: I will agree to that.

Rep. Haas: Is everyone clear on what we are doing here?

Rep. Potter: I believe that what we are talking about are the four leaders?

Rep. Haas: The minority and majority leaders in the House and Senate.

Rep. Potter: My question is that I'm not aware we have done anything for committee chairs. I don't know. I'm not going to be a chair. They do an awful lot of work for the little bit they get.

Rep. Haas: I know but 4% of \$5 is 20 cents. I'm not sure it's worth mumbling with.

Rep. Potter: I just wanted to bring it up. I still think that the work that the committee chairs do is a pretty small amount in my book. It's a ton of work.

Rep. Haas: Well I appreciate your comment. So everyone is clear on what we are doing? This bill will go on the House floor after we have made the determination that these other areas that we are talking about will be addressed in 1001. That will actually expedite things because we won't have to have legislative council develop an amendment for this bill. 1001 is in the process of being amended anyway. It will work out just fine.

Sen. Seymour: Just for your information 1001 meets today.

Rep. Haas: We have the motion from yesterday that the house accedes to the Senate amendments. Therefore we don't need any further motions. If there are no additional comments from any committee members we stand adjourned.

LEGISLATIVE COMPENSATION COMMISSION

The Legislative Compensation Commission was originally established by the 1969 Legislative Assembly. Consisting of five members appointed by the Governor, the commission was responsible for determining appropriate levels of expense allowance and compensation to be paid to members of the North Dakota Legislative Assembly. In 1979 after 10 years of existence, the law that created the original Legislative Compensation Commission was repealed.

The Legislative Compensation Commission was recreated by passage of 1983 Senate Bill No. 2360. The bill, codified as North Dakota Century Code (NDCC) Sections 54-03-19.1 and 54-03-19.2, once again established a Legislative Compensation Commission to determine appropriate levels of expense allowance and compensation to be paid to members of the Legislative Assembly.

In 1993 NDCC Section 54-03-19.1 was amended to direct the Legislative Compensation Commission to develop recommendations for a long-term policy on legislative compensation, expense allowance, and insurance benefits. In addition, the 1993 Legislative Assembly amended Section 54-03-19.2 to allow the

commission to file with the Legislative Council a bill incorporating its recommendations.

The membership of the Legislative Compensation Commission has traditionally been bipartisan. The 1995-96 Legislative Compensation Commission recommended a bill to make bipartisan membership a requirement of the commission. The 1997 Legislative Assembly adopted the commission's recommendation and amended NDCC Section 54-03-19.1 to provide that no more than three of the five appointees to the Legislative Compensation Commission can represent the same political party.

Commission members were Charles Axtman (Chairman), Chris Christopherson, Meyer Kinnoin, John Mahoney, and Terry Wanzek. The commission met on July 25, 2006.

BACKGROUND INFORMATION

2005	\$125			\$900 ⁶	\$350 ⁶	\$100.00 ⁷

¹Section 54-03-20 was amended in 1959 to provide that the \$1,200 payment was reimbursement for expenses incurred during the interim and during the session.

²Section 54-03-20 was amended in 1965 to provide that the \$1,200 payment was reimbursement for expenses incurred during the session only and to provide for payments of \$35 per month during each legislator's term of office for uncompensated expenses.

³Bismarck legislators received \$90 per day during session as compensation and did not receive any amount for daily expense reimbursement.

⁴Section 54-03-20 was amended to provide that legislators receive reimbursement for lodging or mileage at the rates provided for state employees to a maximum of \$600 per month.

⁵House Bill No. 1243 (1985) amended Section 54-03-20 to provide that the monthly amount paid to legislators during the interim was compensation, not reimbursement for expenses.

⁶The 2005 Legislative Assembly increased the maximum lodging expense reimbursement allowed during legislative sessions from \$650 to \$900 per month, effective January 1, 2005, and increased legislators' monthly compensation from \$250 to \$350, effective July 1, 2005.

⁷In addition to the compensation for each day attending interim meetings, legislators are entitled to receive up to \$25 per day for expense reimbursement for meals.

Previous Recommendations of the Legislative Compensation Commission

The commission reviewed previous recommendations of the Legislative Compensation Commission. The 1995-96 Legislative Compensation Commission recommended three bills for consideration by the 1997 Legislative Assembly:

1. Senate Bill No. 2051, as passed, included the commission's recommendation that monthly compensation be increased from \$180 to \$250 and the provision that at the legislator's option, this amount could be paid monthly rather than every six months. In addition, this bill was amended to increase the session compensation rate from \$90 to \$111 per day. The effective

date of the bill was changed to apply retroactively to January 1, 1997.

2. Senate Bill No. 2052, as passed, did not include provisions to allow the Legislative Compensation Commission to set rather than recommend the level of legislative compensation, as were included in the bill recommended by the commission. However, as included in the recommended bill, the statutory references to the amount of compensation provided pursuant to NDCC Section 54-35-10 were changed to the fixed dollar amount of \$62.50 per day so that changes to the amount of interim compensation provided to legislators would not affect members of boards and commissions paid at the same rate. The Legislative Assembly also adopted the

recommended provision that no more than three of the five members of the commission represent the same political party.

3. Senate Bill No. 2053, as passed, included the commission's recommended increase from \$600 to \$650 per month for lodging reimbursement but did not include the recommended increase from \$62.50 to \$90 per day for attending interim meetings.

The 1997-98 Legislative Compensation Commission recommended Senate Bill No. 2055, which provided that legislative compensation for attending interim Legislative Council committee meetings be increased from \$62.50 to \$75 per day. This bill was passed without change by the 1999 Legislative Assembly.

The 1999-2000 Legislative Compensation Commission recommended three bills, all of which were passed by the Legislative Assembly, as follows:

1. Senate Bill No. 2175 amended NDCC Section 54-03-20 to provide that the session compensation rate be increased from \$111 to \$125 per calendar day.
2. Senate Bill No. 2176 amended NDCC Section 54-35-10 to provide that the interim compensation rate be increased from \$75 to \$100 per day for each day spent in attendance at sessions of the Legislative Council and its committees.
3. House Bill No. 1197 amended NDCC Section 54-06-09 to provide that the state mileage reimbursement rate be increased from 25 to 31 cents per mile.

The 2001-02 Legislative Compensation Commission recommended, in its report to the 2003 Legislative Assembly, that legislative compensation and expense reimbursement remain at the current level.

The 2003-04 Legislative Compensation Commission recommended the compensation for regular, special, or organizational sessions; monthly compensation paid to

legislators during their term of office; and compensation for interim meetings remain at the current level. The commission also recommended two bills for consideration by the 2005 Legislative Assembly:

1. Senate Bill No. 2059, as passed, did not increase the maximum lodging expense reimbursement allowed during legislative sessions from \$650 to \$900 per month for licensed lodging establishments and \$750 per month for any other lodging as was recommended by the commission. Instead, the bill was amended to increase the maximum lodging expense reimbursement from \$650 to \$900 per month. The effective date of the bill was changed to apply retroactively to January 1, 2005.
2. Senate Bill No. 2058, as passed, included the commission's recommended increase for the state mileage reimbursement rate from 31 to 37.5 cents per mile.

Although the commission recommended monthly compensation paid to legislators during their term of office remain at the current level, the 2005 Legislative Assembly increased the monthly compensation from \$250 to \$350.

Interim daily compensation	\$100	\$138.21	\$123.59

- Information prepared by the National Conference of State Legislatures regarding legislative compensation levels in other states, including legislative compensation, expense reimbursements, and other benefits provided to legislators in each of the 50 states.

DISCUSSION AND COMMENTS

The following comments were made by members of the Legislative Compensation Commission:

- A portion of the differential between legislative pay during a legislative session and during the interim is attributable to the fact that during the interim legislators are allowed meal reimbursement of up to \$25 per day in addition to legislative compensation.

- Legislative compensation needs to be at a level that allows all individuals to run for the positions.
- The health insurance benefit provided by the state is a large benefit to members of the Legislative Assembly.
- The commission should consider increasing the compensation for regular, special, or organizational sessions by 4 percent, or \$5 per calendar day, from \$125 to \$130 per calendar day.
- The commission should consider increasing the state mileage reimbursement rate to reflect increased gas prices and other costs.

RECOMMENDATIONS

The Legislative Compensation Commission recommends:

1. House Bill No. 1106 to amend NDCC Section 54-03-20 to increase the compensation for regular, special, or organizational sessions from \$125 to \$130 per calendar day. The estimated cost of the bill is \$88,000 from the general fund for the 2007-09 biennium. This legislation would be effective August 1, 2007.
2. House Bill No. 1107 to amend NDCC Section 54-06-09 to increase the state mileage reimbursement rate from 37.5 to 42.5 cents per mile. The estimated cost of the bill for the Legislative Assembly and the Legislative Council is a total of approximately \$83,000 from the general fund for the 2007-09 biennium. The statutory change will also impact other agencies that reimburse employees for use of employees' vehicles in lieu of using Department of Transportation Fleet Services vehicles. This legislation would be effective August 1, 2007.
3. The other legislative compensation and reimbursement levels, including compensation during a term of office, compensation for interim meetings, additional compensation for committee chairmen and majority and minority leaders, and lodging expense reimbursement, remain at the current level.

TESTIMONY ON HOUSE BILL 1106
SENATE APPROPRIATIONS COMMITTEE
MARCH 7, 2007
JOHN GOSBEE, MANDAN

CHAIRMAN HOLMBERG AND MEMBERS OF THE SENATE APPROPRIATIONS COMMITTEE, I AM ANOTHER WORKING TAXPAYER ASKING THAT YOU RECOMMEND **DO NOT PASS** ON THIS BILL. OTHERS WILL DISCUSS THE OBVIOUS OBJECTIONS TO THE WHOLE IDEA OF THE LEGISLATURE VOTING ITSELF A PAY RAISE WITHOUT SUBMITTING IT TO THE PEOPLE. I HAVE ALSO FILED WRITTEN TESTIMONY FROM RALPH MUECKE OF GLADSTONE. HE IS OUT MAKING HIS LIVING TODAY AND COULDN'T COME HERE IN PERSON. HE'S GOT TO PAY HIS STATE TAXES SOMEHOW, YOU KNOW.

I'D LIKE THE COMMITTEE TO GIVE THOUGHT TO ANOTHER POINT THAT MAKES THIS SELF-GRANTED PAY RAISE ESPECIALLY HEARTLESS. AS YOU KNOW, THE LEGISLATURE IS ENTITLED TO THE SAME HEALTH INSURANCE THAT STATE WORKERS GENERALLY RECEIVE. NOT EVIDENT FROM THIS BILL IS THE FACT THAT THE LEGISLATURE IS ALREADY GETTING A 19% PAY RAISE. THAT'S BECAUSE THE STATE'S COST FOR THE HEALTH INSURANCE BENEFIT WILL BE \$658 A MONTH THIS SUMMER, UP FROM THE PRESENT \$554 A MONTH.

SO, WITH THE HEALTH INSURANCE, THE LEGISLATURE IS GETTING A 31% PAY RAISE DURING SESSION, AND A 44% PAY RAISE DURING THE INTERIM. DON'T YOU THINK THAT'S A LITTLE EXCESSIVE?

WITH MY WRITTEN TESTIMONY, I'VE INCLUDED A TABLE SHOWING LEGISLATIVE COMPENSATION. AS YOU'LL NOTE, IT WOULD TAKE A FULL TIME JOB PAYING BETWEEN \$95,000 AND \$103,000 A YEAR TO DUPLICATE THE COMPENSATION THE LEGISLATURE GETS.

IF THE COMMITTEE HAS A SENSE OF FAIRNESS, I SUGGEST IT DO ONE OF TWO THINGS -- EITHER ONE WILL MAKE THE LEGISLATURE LIVE A LOT MORE LIKE THE REST OF US IN NORTH DAKOTA DO.

THE FIRST ONE IS TO TAKE AWAY THE LEGISLATORS' FREE HEALTH INSURANCE BENEFITS.

THE SECOND ONE IS TO GIVE EVERY WORKING NORTH DAKOTAN THE SAME HEALTH INSURANCE LEGISLATORS GET NOW. IF THE LEGISLATURE IS BOUND AND DETERMINED TO SPEND THE \$500 MILLION SURPLUS, WHAT BETTER WAY TO DO SO?

I'VE INCLUDED TWO PROPOSED AMENDMENTS THAT WILL ACCOMPLISH THOSE RESULTS.

THANK YOU FOR THIS OPPORTUNITY TO ADDRESS THE COMMITTEE.

TESTIMONY IN OPPOSITION TO HB 1106

Ralph Muecke, Gladstone, ND 58630

March 7, 2007

Evidently we have a tax and spend legislature that is running totally out of control. It's just like turning a bunch of kids loose in a big toy store and letting them take anything they want. It's as if our legislators can't wait to see how fast they can spend the \$500 plus million surplus and then some.

Then to add insult to injury you want to give yourselves a 12% pay increase ... already for next session? Shame! Shame! The amount for health insurance for the legislators alone is staggering. This amount will go from over \$6,500 to almost \$8,000 per year. Very few people can afford to pay that for health insurance. This is especially asinine to a lot of people including me who can't afford health insurance at all. Also part of the raise takes place already this summer for interim meetings? I know of no business where the employees dictate what their employers will pay them. If they did there would be a lot of unemployed starving people.

I for one am getting sick and tired of comparing North Dakota to other states. Just because ND may rank 50th doesn't mean its people are necessarily underpaid. With a rating system as such, somebody has to be number one and somebody number 50, but it doesn't tell the whole story.

You say you are underpaid: compared to whom? Ball players? Enron executives?

There are getting to be a lot of irate people out there concerning this issue and the number is growing. I was approached a by some people a couple of years ago wanting to do an initiated measure for a law to require a majority vote approval of the people before our legislator's could receive a pay raise. Believe me that might happen.

You seem to forget who sent you down here in the first place and what is expected of you. The number of people losing respect for those they elect is increasing. This bill only pours gasoline on the fire. If this passes and there is a referral, you can be assured I will get the largest amount of signatures.

I ask you to give HB 1106 a DO NOT PASS recommendation.
