Committee Clerk Signature

#### Explanation or reason for introduction of bill/resolution:

To create a school district administrator compensation review commission; and to provide for a legislative management report.

Attachment # 1,2.

#### Minutes:

Chairman Nathe: opened the hearing on HB 1466.

**Vice Chairman Schatz:** introduced HB 1466. (2:00- 6:11) (See Attachment #1). This bill is for both K-12 and Higher Education and would review administrator compensation. The teachers are ranked as 47<sup>th</sup> in the nation for pay. The administrators are 19<sup>th</sup> in the nation for compensation. My feeling about schools is that the most important paid person there is the classroom teacher.

**Chairman Nathe:** This review commission would be looking at both school district administrators and administrators in Higher Education what would that all include?

**Vice Chairman Schatz**: When this was drawn up they wanted to cover all of administration and they felt that phrase would do that?

**Chairman Nathe:** We would know the compensation for both those because it is public knowledge correct?

**Vice Chairman Schatz**: We don't have an official number of comparison to the other 49 states and us. That is what I am searching for, a comparison, both college and K-12.

**Chairman Nathe:** The commission would find the comparison between us and the other 49 states?

**Vice Chairman Schatz**: Yes, but that is not the only comparison. The statistics I have given you. (See Attachment #1). It shows the current assistant superintendent average salary is \$172,000 dollars.

**Rep. Hunskor**: I understand about getting comparisons, but how will we use that information? Are you thinking of overpaid, underpaid and for future salaries?

**Vice Chairman Schatz**: It would be for the next legislative session, where we can say here is an area where we are overdoing it. Maybe we would increase the teacher's pay and decrease the administrative pay, or maybe we have too many administrators compared to number of students. There are many factors here not just the pay, it is also the numbers.

**Chairman Nathe:** The school board sets the pay, do you want to use this information to set wages?

**Vice Chairman Schatz**: Possibly, we are the legislature and we decide what money goes out and often times how and where it goes.

**Rep Dennis Johnson:** According to your comments you are assuming they are being paid too much before the study is done?

**Vice Chairman Schatz**: I am. (See Attachment #1, page 4) Shows teachers salaries and administrators. If it proves me wrong, ok. Do we need to study these things? I think we do.

**Rep Dennis Johnson:** On your bill concerning your legislative appointees, you talk about the majority leaders making appointments they can choose, one from each party or both from the same party. It doesn't specify?

Vice Chairman Schatz: It does not. I am assuming they will make it as fair as they can.

**Rep. Koppleman:** It would appear that the data of what the superintendents are making is part of your charts?

**Vice Chairman Schatz**: Yes, it came from DPI website and you can research this further and the website is listed there.

**Rep. Koppleman:** Do you think the average is a little deceiving, since the teachers have 27 steps between the lowest paid and highest pay and the steps for an administrator is only 10?

**Vice Chairman Schatz**: I believe administrative salaries are different district to district. We need some hard neutral facts on this that is why it would be good to have a commission.

**Rep. Rohr:** Would the report indicate their educational background and their responsibilities as well relative to their salary?

**Vice Chairman Schatz**: I guess it would, I am looking at administrators. I wanted some comparisons made and that is what I am looking for.

**Rep. Olson:** It looks like teachers had a 36% between 13 and 5, which is 4.5% per year, slightly higher that average inflation I am sure. Assistant superintendent was a 59% increase or 7.4% per year which does exceed inflation quite a bit. There may be some merit to this.

**Rep. Kelsh: W**ould this commission serve without compensation?

Vice Chairman Schatz: I am assuming there will be some pay.

Rep. Hunskor: Have other states done this?

Vice Chairman Schatz: No I have not checked with other states.

**Rep Meier**: This would be for assistant superintendents as well?

Vice Chairman Schatz: This would be for all administrative staff.

Chairman Nathe: Any other support for HB 1466? None. Any opposition for HB 1466?

**Aimee Copas**: Executive Director for NDCEL. In opposition to HB 1466. (18:00-22:00). (See Attachment #2).

**Rep. Kelsh:** Were you surprised that elementary principals were about \$6500 dollars higher than secondary principals?

**Aimee Copas:** There are a number of things that work into that, we have many class b schools, so some of our secondary principals are also functioning as secondary teachers with and additional salary piece on top of that. That rarely ever happens at the elementary level and it kind of skews that number.

**Rep. Kelsh:** Then on table 12, is there a superintendent with a bachelor's degree that would be at \$43,922 or is that including all school personal?

**Aimee Copas:** That actually on full time personal by salary level at the school. So it would include our teachers as well. We do have a number of doctorate level teachers that have a pretty nice salary, which they well deserve.

**Rep. Schreiber Beck:** When Representative Schatz was he looking was he looking at a national level? Is a comparison available?

**Aimee Copas**: I have to believe that information is out there. The national superintendents association does do a ranking by state of superintendents. I could dig into that and see what is out there.

**Rep Meier:** Do you know how many areas require the superintendents to have their doctorate?

**Aimee Copas**: Class A schools have it listed as a preferred requirement. It is difficult with the smaller schools to afford that.

**Rep Meier:** If they require a doctorate, if that superintendent does not have one, the school district could pay for them to get one.

**Aimee Copas**: That is a school boards decision to make that a part of the negotiated agreement.

**Rep. Rohr:** Do these charts come of the DPI website?

**Aimee Copas**: It is on the DPI website.

**Rep. Rohr:** My concern here is this is not pure data here. I don't know if we can make conclusions if the data is not identified, the outliers.

**Aimee Copas**: On this website you will find the exact survey they compiled. So all of these are aggregate information pulled together from the final sheet. It comes from the exact survey and the questions are there as well. Since they all come from the same survey there is some validity.

**Rep. Rohr:** The comparisons are not apples to apples because these have different job responsibilities. I do not trust this data.

**Aimee Copas**: We could certainly pull out, there are a number ways to manipulate data, but I don't believe it has been asked for DPI to pull those pieces out before. What we have is information from every school administrator with regard to what they do and what they get paid.

**Rep. Olson:** No degree is listed higher on page 6, than with a Bachelor's degree.

**Aimee Copas**: Full time personal can include anybody and you might know a janitor the most important person in your building, and many make very good pay which they deserve and do not have a degree.

**Rep. Olson:** Would NDCEL contract to do this or is there another way this could be done?

**Aimee Copas**: I could take it to the focus group. I don't know if they would have the time during the school year. I wouldn't have the time to do it. I would love to try to help.

Vice Chairman Schatz: You are a lobbyist, correct?

Aimee Copas: Yes I am for NDCEL.

**Vice Chairman Schatz**: In your lobby the organizations include superintendents, principals, athletic directors, what were the other ones?

**Aimee Copas**: Career and Tech Ed directors, technology coordinators, business managers, county superintendents, school secretaries.

**Vice Chairman Schatz**: Do they all have the same voting power? Do you have a board? Do you have a set of bylaws I can look at?

Aimee Copas: Absolutley.

Chairman Nathe: What does this have to do with the bill?

**Vice Chairman Schatz**: I am just trying to decide if she is a lobbyist and if this is a union representing the administrators, there is going to be decidedly slanted testimony.

Chairman Nathe: That is what it is when we get people up to the podium.

Vice Chairman Schatz: I just want to clarify this that is what we are.

**Aimee Copas**: I provided for you DPI information not NDCEL information. We are an association that supports professional development for administrators. This is a part of our job, but we don't represent any certain union. Our information is on our website NDCEL.org.

Chairman Nathe: Any other opposition to HB 1466? Closed the hearing on HB1466.

#### 2015 HOUSE STANDING COMMITTEE MINUTES

#### **Education Committee**

Pioneer Room, State Capitol

HB 1466 2/10/2015 23557

☐ Subcommittee☐ Conference Committee

Committee Clerk Signature

#### Explanation or reason for introduction of bill/resolution:

To create a school district administrator compensation review commission; and to provide for a legislative management report.

onna

#### Minutes:

**Chairman Nathe:** reopened HB 1466. This bill has a review commission looking at administrator compensation.

Rep. Mock: Have there been any amendments to this bill?

Vice Chairman Schatz: I have none.

Rep. Mock: For consistency purposes I would like the committee to amend line 7 and 9 where there are Two members of the house of representative appointed by "the majority leader" I would like that to be appointed by the "Chairman of the Legislative Management". I make a Motion to change line 7 and 9 and it would read "appointed by Chairman of Legislative management."

Rep. Kelsh: Seconded.

**Vice Chairman Schatz:** Are you then saying only members of the Legislative Management can be on this committee?

**Rep. Mock:** No. There are many commissions and boards whose members are selected by Legislative Management, but it is open to all 141 members of the House and the Senate. It is more for consistency purposes.

**Vice Chairman Schatz**: Don't the majority leaders appoint other people to commissions and boards. It is not just the Chairman.

**Rep. Mock**: There may be instances where the leaders do. I also believe a lot of those are chosen when they are selected by the majority and minority leader. When there is no party affiliation then it would be the Chairman Legislative Management. At least it would be up to the interim and for better balance of all standing and interim committees.

**Vice Chairman Schatz**: I am not quite sure how I feel about that. I am not totally opposed to it. I can go either way on it I guess.

Voice Vote to amend. Ayes. Motion Carried.

**Rep. Meier:** After looking at some of the salaries in my district I think this is a good idea. I **Moved Do Pass as amended on HB 1466.** 

Rep. Mock: seconded.

**Vice Chairman Schatz:** There are some things we haven't talked about in this committee. The retirement contributions and retirement benefits are very interesting in comparing teachers to administrators. Also fringe benefits you and I are not aware of. These are things we don't come in contact with every day and I think we should examine.

**Rep. Schreiber Beck:** You had earlier eluded to looking at this nationally. I am looking for that directive in the bill and I am not finding it.

**Vice Chairman Schatz**: Section 3 says a commission will provide a statewide comparative report. By that it will be comparing it between the states.

**Rep. Schreiber Beck:** But it should be nationwide because statewide will be within the state, on line fourteen.

Vice Chairman Schatz: I would be agreeable with adding nationwide to line fourteen.

Rep. Meier: withdrew Do Pass as Amended on HB 1466.

Rep. Mock: withdrew second.

Rep. Meier: I make a motion to amend line14 to include nationwide.

Vice Chairman Schatz: seconded.

Chairman Nathe: On line 14 to have statewide and nationwide comparative report.

Rep. Schreiber Beck: What cost would this bill entail?

**Chairman Nathe:** That is something that I think Legislative Management would decide on.

Voice vote: All ayes. Motion carried to amend.

Rep. Meier: Do Pass as Amended on HB 1466.

Rep. Mock: seconded

Rep. Kelsh: Just what kind of comparison, what do you hope to see come out of this

report?

**Vice Chairman Schatz:** I do want to compare us In a serious way to South Dakota. It is our sister state and we have a lot of similarities. I do want to have an independent doing it someone who is not affiliated with our administrative associations.

**Rep. D. Johnson:** What do we do with this study if we find we are lower, will we have to mandate to raise our salaries?

**Vice Chairman Schatz**: When you have a study you come up with some conclusions. We would make recommendations to school boards if we find that we are too high or too low. The point is to find out where we stand nationwide. We might not make any changes.

**Rep. D. Johnson:** I would think the marketplace would determine if you can get a superintendent. Would we have performance bonuses to attract superintendents in ND if we mandate their level of salaries?

**Vice Chairman Schatz:** One of the things is qualifications. Are we setting our bar too high as for how many classes you have to have. I think SD got rid of the education requirement for a time. Any business man could come in and manage the school. I don't know how that worked. I know every state has their qualifications. I also know any time we raise mill levy's I know the superintendents are involved with the budgets. Is there a correlation, are we spending too much?

Rep. Schreiber Beck: Does this remove local control.

Vice Chairman Schatz: I don't believe it does.

**Rep. Mock**: This just provides information. We would not set compensation rates. Would we have any say in what the compensation is?

**Vice Chairman Schatz**: I guess that is up to us once we find out the information. Currently we don't have anything.

**Chairman Nathe:** We had the Hay report, a couple of interims ago, that took a look at public employee salaries and compared us to 14 or 15 states. That came back to bite us because we were a lot lower. I would caution us to make sure we want to compare it. I think this is something that is left up to the districts. I appreciate what Vice Chairman Schatz wants to get too.

**Rep.** Hunskor: The school board wants the best people they can get, sometimes they have to pay more. Would the end result of this hamper those local negotiations between the board and the superintendent. That concerns me.

**Rep. Olson:** Do you want to include the qualifications as a line item because it is not in the bill?

**Chairman Nathe:** Legilative management could add that in the guidelines too, if they want to. But that is up to Vice Chairman Schatz.

**Vice Chairman Schatz**: I think it says comparative report and that should cover something.

**Rep. Kelsh**: When you say independent study does that mean we hire someone independently or do you consider Legislative Management to be an independent.

**Vice Chairman Schatz**: I consider Legislative council to be independent and they have analysis ability.

**Rep. Kelsh:** Would we get out of state people in that have knowledge in the area, because I can envision, the superintendents, the school boards, teachers will be there, who will stand up for the state of North Dakota if we say these people are making way too much money. Are we really going to learn much?

**Chairman Nathe:** It would be the Lieutenant Governor that would make sure the areas are covered.

**Rep. Meier:** When I look at this bill I see the benefits. It would be nice to know what other states are doing. This would be a tool in the tool box for the districts too.

**Rep. Kelsh**: If the Lieutenant Governor will be able to bring some people in will there be a fiscal note on this bill?

**Chairman Nathe:** That would be up to Legislative Management. They have the possibility to ask for some funds.

A Roll Call Vote was taken. Yes: 7 No: 6 Absent: 0. Motion Carried.

Rep. Mock: will carry the bill.

Explanation or reason for int	roduction of bill/re	solution:
INITIAL HEARING to create a school district admi legislative report	inistrator compensat	ion review commission and provide for a
Minutes:	3	Attachments

Chairman Flakoll called the committee to order at 10:15am with all committee members present.

Mike Schatz, District 36 Representative (see attachment #1)

**Representative Schatz:** The reason for this bill is for an independent investigation in the school and college administrators' compensation.

Section one talks about two members of the House appointed by the Chairman of Legislative Management, two members of the Senate with the Lieutenant Governor to serve as a chairman of this commission. Their objective would be to review the compensation paid to K12 and college administrators to make a state-wide and nation-wide comparison.

One of the reasons why I am introducing this is because I can never find this information and it frustrates me. This is something that could give us some information that would help the state. Some of the things they would look at would be the contract days, the number of days they were working, the base pay, bonuses, benefits, retirements, dues and fees and direct or indirect compensation.

I like to compare with South Dakota. South Dakota has a larger population which has more kids in school and I feel that they do not spend as much money as we do.

They didn't have the superintendents' information a month ago, and the last page is the updated version. This is basic information that the Department of Public Instruction provides.

I have never been an administrator, but to me the most important person in a school is an effective classroom teacher. Therefore we need to look at a comparison in salaries. I would like an independent study. That is why this commission would be an independent and unbiased. It would be research done by Legislative Council and the legislators themselves.

Senate Education Committee HB 1466 3/17/2015 Page 2

Vice Chairman Rust: You said South Dakota spends less than we do?

**Representative Schatz**: I thought they did but I have not done the research; I would like to retract that statement.

**Vice Chairman Rust:** If that is the case, I was wondering if that is a good or bad thing.

Representative Schatz: I suppose I was comparing the test scores to perhaps the per pupil payments, I'm not sure.

Chairman Flakoll: South Dakota also pays their legislators pretty poorly.

Vice Chairman Rust: I believe that they are below North Dakota in teacher salaries as well

Representative Schatz: Yes, I believe so.

**Senator Davison**: What are we looking for that we don't already know? Don't our boards have the ability to control those salaries?

**Representative Schatz**: I think we are going to have changes in our educational funding coming up in the next session. There may need to be some cuts and recommendations as to what the priorities are. I think a commission with some recommendations would be beneficial. There is quite a variety of things that could be studied.

**Senator Davison:** Give an example?

Representative Schatz: Retirement. The last time I had a bill up about retirement and administrators, it stated that you could be a teacher for 30 years and then an assistant superintendent. You have your degree and move up, then finish out your teaching career for 3 years. Then you would retire on the 3 year salary of an assistant superintendent, and as you can see from the chart it is quite high. You haven't paid into the fund at that rate, but you would be drawing out. That is something that they might investigate to find out if that is something that should be changed.

**Chairman Flakoll**: Big districts like Fargo and Bismarck skew the statistics because in some cases, you have principals who make more than administrators. How do we work through that?

Representative Schatz: Something that has baffled me about education is that no one will apply if you don't have enough money out there, and I do not believe that. If you have a position open, you will get plenty of applications. Some say they are not quality applications, but if they are qualified for the job, how do you know they are not quality until they are out there doing it? I think we are paying them too much.

(14:40) Larry Skogen, Interim Chancellor of the NDUS (see attachment #2)

**Vice Chairman Rust**: How did the state University presidents' rank compared to national? **Skogen**: I don't know if there is a 1-50 ranking. We used NACUBO (the National Association of College and University Business Officers) and they do a national study in order to rank colleges relative to the budgets with the number of students they have and whether they are multi-campus or single-campus. They take all of that information and provide a range. The board sets the ranges of salaries for presidents. We have 11 differing presidents, so I am not sure that would be easy to come up with a 1-50 rank.

Senate Education Committee HB 1466 3/17/2015 Page 3

**Senator Schaible**: If we look for a president and limit the salary to 80%, could you find candidates?

**Skogen**: Right now all of the presidents are not sitting at 100% of market. There are presidents at 80% and they were viable candidates when hired.

Senator Schaible: What is market based on?

**Skogen**: It is based on those factors that I just discussed- the size of the institution, the number of students, the size of the budget, whether it is a single or multi campus, whether it is research or liberal arts or whether it is a community college.

**Senator Schaible**: If we are looking for a president, you would have a market value?

**Skogen**: Absolutely and the board would approve the range within that market. All of this information is readily available such as how salaries are set and the surveys that are done.

Chairman Flakoll: Does the NDUS publish that?

**Skogen**: The board approves the ranges every year at a board meeting, so it is part of the agenda that goes out and available to everybody.

**Senator Marcellais**: The school boards have to report annually on salaries. Does the higher education require that in their policies, that salaries of all of the staff are published? **Skogen**: Yes, they are published. You can go to any one of the libraries in the institutions and go through the budget book that lists every employee by name.

#### (21:15) Bob Marthaller, Department of Public Instruction, called to the podium

**Chairman Flakoll**: Sometimes the school districts don't always apply their information in a timely fashion. Are we still having a challenge with that?

**Marthaller**: In general, yes there are always a small number of school districts that continue to be late. Eventually it all gets here, but it is still difficult.

**Senator Marcellais**: Is there some way we can penalize these districts that are not reporting on time in order to get them to report?

**Marthaller**: Certainly there is a way to do that, however it has been the position of the legislators not to impose reductions and foundation aid as an example because the people you are penalizing are generally the students.

**Senator Marcellais**: Why not penalize the superintendent or business manager as part of their evaluations and deduct their pay then?

**Marthaller**: I suspect that a local school district could make that part of their administrator evaluation process and in impact in some way their salary.

**Chairman Flakoll**: At one time we could go in and see by district all 364 teachers in Jamestown for example and their range of compensation, salary and benefits. Can you still do that with your data system?

**Marthaller**: I am not sure. I suspect that with the administrator compensation, we could do that. I don't know if we could do that by teacher. I haven't seen that as being readily available. We are trying to revise our website. I do believe that you can see the administrator by district information.

Senate Education Committee HB 1466 3/17/2015 Page 4

Vice Chairman Rust: Are most of your calls on teachers or administrator shortages?

**Marthaller**: Most if not all of the calls are related to teacher shortages particularly as we administer the unfillable positions that the state superintendent has to review and then approve.

**Vice Chairman Rust**: It is possible that it may be another organization that would get those calls.

**Senator Marcellais**: Are they elementary, middle or high school teachers that you get calls on the most?

Marthaller: I would say primarily secondary teachers, high school Science, Math, English as an example.

Chairman Flakoll closed the hearing on HB 1466.

Testimony in opposition from **Dr. Aimee Copas**, Executive Director for NDCEL, received separate from hearing (*See attachment #3*)

Explanation or reason for intr	oduction of bill/resolution:	
COMMITTEE ACTION		
Minutes:	No attachments	

**Senator Schaible** motions for a DO NOT PASS to engrossed HB 1466. **Senator Davison** seconds the motion.

Senator Schaible: I understand the frustration in the salaries but quite frankly, they are set by the local level and based on what you can afford and the competition you have with these positions. All of this information is already available. The frustration with this bill is that it believes that we are overpaying our administration compared to our instructors. Whether that is true or not, it is the situations that we have that dictate that with the local control. I do not see this as another commission; it's unnecessary and I will be voting against it.

**Chairman Flakoll**: There is some disaggregation of positions which makes these salary evaluations difficult to compare one to another.

**Senator Oban**: I would like to go on record as saying that if we were to establish some sort of commission to study pay, it should be figuring out how to bring our teachers up further instead of focusing on how to bring administration at schools down.

**Vice Chairman Rust**: I would wonder what we would do with the results of the study. I'm not sure there is an end in mind for this study.

Chairman Flakoll: I agree, it is vague.

A vote was taken: 6 yays, 0 nays, 0 absent The motions carries.

Senator Oban will carry the bill.

HB 1466 - Administrator Compensation Review

For the record, my name is Aimee Copas – Executive Director for NDCEL.

Chairman Nathe, members of the committee, I stand before you today in opposition to HB 1466. This opposition is in no way to diminish school district transparency. Rather, we believe that this is an unnecessary expenditure of public funds and time to conduct a study of data that is already readily available.

For K12 schools, this information is readily available and is updated annually by NDDPI. I've provided the most recent data for you today. Additionally it can be found at the following web link:

#### http://www.dpi.state.nd.us/finance/comp/index.shtm

Included in this information is information by district as well as state averages broken down in a number of different ways. We are confident that similar information should be available for the higher education institutions through the NDUS.

Further, for K12 schools, the decision for local administrator compensation is a decision of the locally elected school board and considering we are a state that at its core puts tremendous value on local decision making and local control, those local decisions should be respected.

For these reasons, we respectfully request that you recommend a DO NOT PASS of HB 1466.

Representative Schatz,

The "Statistical Profile" page of the South Dakota Department of Education appears to be the SD equivalent page to the link you sent. <a href="http://doe.sd.gov/ofm/statdigest.aspx">http://doe.sd.gov/ofm/statdigest.aspx</a>

Their website is less navigable than ours.

Average teacher salaries are found under "I. Statewide Date, Staff Information - Teaching Positions" <a href="http://doe.sd.gov/ofm/documents/14Teachin.pdf">http://doe.sd.gov/ofm/documents/14Teachin.pdf</a>

Average administrative salaries are under "I. Statewide Data, Staff Information - Administrative Positions" http://doe.sd.gov/ofm/documents/14StaffAd.pdf

Salaries and funding for all districts are listed in a few places, including:

- -Under the general " A Statistical Profile of Education in South Dakota" section (in 2014, Teacher salaries are column DY).
- "III. AVERAGE DISTRICT PROFILES" section, which also allows you to look at salaries based on district size.

Please let me know if this is what you are looking for, or if you require additional information.

Best, Richard

Dr. Richard Mikulski, MLS PhD Reference Librarian North Dakota Legislative Council Bismarck, ND 58505 mikulski@nd.gov (701) 328-4243

#### The executive branch

The Senate will be the first chamber to consider pay for the state's executive branch elected officials. North Dakotans elect 10 statewide officeholders, including the lieutenant governor, who campaigns on the same ticket as the governor. Their pay is addressed in a series of bills (SB2001 – 2010) that gives them an across-the-board 8.16 percent pay increase over the two years of the 2015-2017 biennium.

	Current	After June 2016	
Governor	\$125.331.00	\$135,556.00	8.16%
Lt. Governor	\$97,296.00	\$105,234.00	8.16%
Sec. of State	\$99,698.00	\$107.833 00	8.16%
Attomey General	\$147,996.00	\$160,072.00	8.16%
Auditor	\$99,698.00	\$107.833.00	8.16%
Treasurer	\$94,148.00	\$101.830.00	8.16%
Tax Commissioner	\$108,202.00	\$117,031.00	8.16%
Public Service Commission	\$102.418.00	\$110,775.00	8. 16%
Ag Commisioner	\$102.418.00	\$110,775 00	8.16%
Insurance Commissioner	\$99.698.00	\$107,833.00	8.16%

Currently five of 10 statewide elected officials enjoy a six-figure salary, but the proposed legislation would move all them into six-figure territory.

Attorney General Wayne Stenehjem is now the highest-paid elected official and would remain so in the new biennium with his salary moving above \$160,000 per year.

State Treasurer Kelly Schmidt would remain the lowest paid statewide official at \$101,830 per year after 2016.

THE NDUS EDGE

#### **HB 1466**

Senate Education March 17, 2015 Larry C. Skogen, Interim Chancellor 701.328.2974 | larry.skogen@ndus.edu

Chairman Flakoll and members of the Committee. I'm Larry Skogen, Interim Chancellor of the North Dakota University System, and I'm here to testify in opposition of HB 1466.

We oppose this commission because one wonders, "To what end?"

Clearly the constitutional authority of the State Board of Higher Education includes the hiring and firing of its employees, the setting of compensation and benefits, and establishing the conditions of employment. Regarding presidential salaries as an example, a few years ago the Board established its own study committee that reviewed such compensation on a national level and developed the current policy and procedures for these salaries. This process for setting salaries allows the Board to conduct national searches to bring the best-qualified individuals into our state to hold administration jobs.

Because filling these positions and setting the compensation and conditions of employment are clearly under the purview of the Board, I urge a Do Not Pass from this committee. Thank you for your time.

HB 1466 - Administrator Compensation Review

For the record, my name is Aimee Copas – Executive Director for NDCEL.

Chairman Nathe, members of the committee, I stand before you today in opposition to HB 1466. This opposition is in no way to diminish school district transparency. Rather, we believe that this is an unnecessary expenditure of public funds and time to conduct a study of data that is already readily available.

For K12 schools, this information is readily available and is updated annually by NDDPI. I've provided the most recent data for you today. Additionally it can be found at the following web link:

#### http://www.dpi.state.nd.us/finance/comp/index.shtm

Included in this information is information by district as well as state averages broken down in a number of different ways. We are confident that similar information should be available for the higher education institutions through the NDUS.

Further, for K12 schools, the decision for local administrator compensation is a decision of the locally elected school board and considering we are a state that at its core puts tremendous value on local decision making and local control, those local decisions should be respected.

For these reasons, we respectfully request that you recommend a DO NOT PASS of HB 1466.
