

2015-17 BIENNIUM STATE AID DISTRIBUTION FUND REVENUE - MAY 2015 LEGISLATIVE FORECAST COMPARED TO FEBRUARY 2016 REVISED REVENUE FORECAST

The schedule and chart below compare the May 2015 general fund legislative forecast to the Office of Management and Budget's February 2016 revised general fund revenue forecast for the 2015-17 biennium for the state aid distribution fund. The new revenue forecast reflects a reduction of \$906.1 million in total sales and use tax and motor vehicle excise tax collections for the state. The reduced forecasted revenue collections resulted in an estimated \$78.8 million or 26 percent reduction in collections available for distribution from the state aid distribution fund to counties (\$42.3 million reduction) and cities (\$36.5 million reduction).

2015-17 BIENNIUM ESTIMATED STATE AID DISTRIBUTIONS May 2015 Forecast Compared to the February 2016 Revised Forecast

2015-17 Biennium State Aid Distributions - County and City Share				
	May 2015 Forecast	February 2016 Revised Forecast	Variance	
			Amount	Percentage
County distributions	\$162,843,631	\$120,510,356	(\$42,333,275)	(26.0%)
City distributions	\$140,403,357	\$103,903,715	(\$36,499,642)	(26.0%)

STATE AID DISTRIBUTIONS - 2005-07 BIENNIUM THROUGH 2015-17 BIENNIUM
