**Status/Result**

The State College of Science's fall 2007 semester enrollment was 2,097, 24 less than estimated and 74 less than the fall 2006 semester.

The current estimate for tuition collections for the 2007-08 fiscal year is \$12,342,659, \$1,082,409 less than projected.

The State College of Science is using the \$350,000 provided for the Center for Nanoscience and Technology Training for purchasing equipment for the center. The college anticipates spending all the funds by the end of the 2007-09 biennium.

See the **Capital assets** section below for information regarding funding provided for extraordinary repairs.

The following is a summary of the status of State College of Science's capital assets funding:

Football stadium and track renovation	The project is on schedule to be completed in the summer of 2008. The total estimated cost for the project is \$1,502,527 and is being funded by donations from the State College of Science Foundation, the local school district, the community, and individuals.
Parking lot construction	The college has not begun the project because the college could not generate adequate revenue necessary to repay the revenue bonds proposed for the project. The college will again request authorization for the project in the 2009-11 biennium.
Robertson Hall renovation	The college has not begun the renovation of Robertson Hall. The college will again request funding for the project in the 2009-11 biennium.
Steamline distribution replacement	The college completed the project for a total cost of \$1,320,420. The college used the savings of \$350,000 for completing a sewerline replacement project.
Extraordinary repairs	The college anticipates using all the funds for completing extraordinary repairs during the 2007-09 biennium.

**Workforce training** - The Legislative Assembly appropriated \$3 million from the general fund to the Department of Career and Technical Education for workforce training grants to the institutions of higher education assigned primary responsibility for workforce training in the state.

The State College of Science was allocated \$1,207,298 of the \$3 million appropriation. The college received \$603,649 of state workforce training funds during fiscal year 2008, leaving \$603,649 for distribution during fiscal year 2009.
