CHAPTER 33-06-05.6
EDUCATION

Section
33-06-05.6-01 Education Concerning Significant Contagious Diseases Required

33-06-05.6-01. Education concerning significant contagious diseases required. Each institution shall adopt and implement a policy requiring the education of all students, employees, and independent contractors. The policy adopted must include information concerning the means of transmission of significant contagious diseases in an institutional setting, the means of protecting against contracting the disease in an institutional setting, and the use of universal precautions.

History: Effective January 1, 1991.
