71-02-04-02. Special retirement options - Application.

1. A member may elect a retirement option by filing an application with the office no less than thirty days prior to the beginning date of benefit payments. An application may be filed later than thirty days if approved by the executive director upon receiving sufficient evidence that the application was delayed by the member's employer.
2. A member may revoke the election of an optional benefit as provided in subsection 1 and make a new election, if such revocation is received in writing before the first retirement check is cashed but no later than fifteen days after the first retirement check has been issued. If the member changes the member's election less than fifteen days prior to the named beginning date of benefits, the first retirement payment may be delayed up to two months. Any delayed payment must be adjusted to include any deferred retirement payments. If the member's first retirement payment is paid by direct deposit and the member wishes to revoke the election of

the benefit, then the member must immediately notify the public employees retirement system of the member's election. The benefit will only be revoked if the public employees retirement system is able to reverse the direct deposit paid to the bank within the bank reversal window.

3. A member may not revoke the elected benefit after receiving and cashing the first benefit check or if paid by direct deposit, after the bank reversal window has expired, unless, the member can provide sufficient evidence to the executive director that the factual basis by which the election was made later proved to be incorrect and such was due in part to representation or misrepresentations made by the employer or the office.

A member may begin drawing retirement benefits from one fund and use the same years, and any additional years, for reaching retirement from the alternate fund if the service credit is earned at different times.

71-02-04-10. Erroneous payment of benefits - Overpayments.

1. An "overpayment" means a payment of money by the public employees retirement system that results in a person receiving a higher payment than the person is entitled to under the provision of the retirement plan of membership.
2. A person who receives an overpayment is liable to refund those payments upon receiving a written explanation and request for the amount to be refunded. All overpayments must be collected using the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in like capacity and familiar with such matters would use in the conduct of an enterprise of like character and with like gains. If the cost of recovering the amount of the overpayment is estimated to exceed the overpayment, the repayment is considered to be unrecoverable.
3. If the overpayment of benefits was not the result of any wrongdoing, negligence, misrepresentation, or omission by the recipient, the recipient may make repayment arrangements subject to the executive director's approval within sixty days of the written notice of overpayment with the minimum repayment amount no less than fifty dollars per month. If repayment arrangements are not in place within sixty days of the date of the written notice of overpayment, the executive director shall offset the amount of the overpayment from the amount of future retirement benefit payments so that the actuarial equivalent of the overpayment is spread over the benefit payment period.
4. If the overpayment of benefits was the result, in whole or in part, of the wrongdoing, negligence, misrepresentation, or omission of the recipient, the recipient is liable to pay simple interest charges at the rate of six percent on the outstanding balance to compensate the fund for lost earnings, from the time the erroneous benefit was paid through the time it has been refunded in full. Recovered funds are first applied to interest and, if any amount is left over, that amount is applied to principal. The recipient may make repayment arrangements, subject to the executive director's approval, within sixty days of the written request for refund with the minimum repayment amount no less than fifty dollars per month. If repayment arrangements are not in place within sixty days of the date of the written notice of overpayment, the executive director shall offset the amount of the overpayment from the amount of future retirement benefit payments so that the actuarial equivalent of the overpayment is spread over the benefit payment period.
5. If an individual dies prior to fully refunding an erroneous overpayment of benefits, the public employees retirement system must make application to the estate of the deceased to recover the remaining balance.

History: Effective June 1, 1996; amended effective April 1, 2002; July 1, 2006; April 1, 2008; July 1, 2010; April 1, 2022.

1. An "underpayment" means a payment of money by the public employees retirement system that results in a person receiving a lower payment than the person is entitled to under the provisions of the retirement plan of membership.

2. If an underpayment occurs, the amount of the lump sum payment must be paid within sixty days of the discovery of the error.
3. If the underpayment of benefits was not the result of any wrongdoing, negligence, misrepresentation, or omission by the employer or recipient, the underpayment of benefits is to include simple interest at the rate of six percent from the time the underpayment occurred.
4. If the underpayment of benefits was the result, in whole or in part, of the wrongdoing, negligence, misrepresentation, or omission of the employer or recipient, the underpayment of benefits will not include simple interest.
5. If an individual dies prior to receiving the underpayment of benefits, the public employees retirement system must pay the designated beneficiary on record or, in the absence of a designation of beneficiary, to the estate.

History: Effective June 1, 1996; amended effective May 1, 2004; April 1, 2008; April 1, 2022.

71-02-04-12. Erroneous payment of benefits - Appeals.

1. A person not satisfied with repayment arrangements made under section 71-02-04-10 may appeal the executive director's decision in writing to the board. The written request must explain the basis of the appeal and must be received in the office within sixty days of the executive director's written decision.
2. The board may release a person from liability to refund an overpayment, in whole or in part, if it determines:

71-02-04-13. Reduced benefit option.

A participating member may enter into an agreement with the retirement board to receive an actuarially adjusted monthly retirement benefit to accommodate the less than full payment for years of service credit necessary to meet the normal retirement date, if the following criteria are met:

1. The participating member is within seventy-two months of obtaining the normal retirement date.
2. The service cannot be purchased prior to the participating member drawing a retirement benefit because it would be in violation of 26 U.S.C. 415 or limits of purchasing additional service credit found under subsection 10 of North Dakota Century Code section 54-52-17.4.
3. The participating member must have completed all other types of purchases the participating member is eligible for prior to entering into the reduced benefit agreement.
4. The participating member's reduced benefit agreement must indicate a benefit option election. If a benefit election is an optional benefit under subsection 1 or 2 of section 71-02-04-04, the reduced benefit is payable over the lifetime of both the member and surviving spouse.
