75-04-07-01. Definitions.

In this chapter, unless the context or subject matter requires otherwise:

1. "Administrative reimbursement" means a flat fee intended for reimbursement toward administrative costs and management incentive.
2. "Ancillary services" means consultative services from a psychologist, physical therapist, nurse, audiologist, dietician, speech pathologist, or orthotic and prosthetic specialist. Consultative services must be necessary to provide training to staff for completion of behavioral or service objectives for a particular client, or necessary to maintain or restore functioning level for a client. This subsection may not be construed to allow the purchase of durable medical equipment. This definition of "ancillary services" applies only to the individualized supported living arrangements program.
3. "Clients" means eligible persons with developmental disabilities on whose behalf services are provided or purchased.
4. "Cost-effective" means a daily rate for residential support which is equal to or less than that of a residential program the client was in prior to being referred to an individualized supported living arrangements program. An assessment of cost effectiveness of a prospective contract may include environmental considerations for others that are affected by the client's current or proposed placement in the individualized supported living arrangements program.
5. "Department" means the department of human services.
6. "Division" means the developmental disabilities division of the department.
7. "Failure to cooperate" means refusal of a client in individualized supported living arrangements to participate in support, training, or therapeutic services designed to increase the client's capacity for independent functioning or perform self-care or activities of daily living which the client has been found to have the skills or adaptive methods to competently perform. A determination of the skills or adaptive methods to competently perform may be made based on assessments made by the individual plan program team.
8. "Family member" means relatives or a client to the second degree of kinship.
9. "Generic service" means services that are available to any member of the population and are not specific to meeting specialized needs of individuals with intellectual disabilities-developmental disabilities.
10. "Individual program plan team" means a multiagency, interdisciplinary team consisting of the client, significant others, advocates, direct contact workers, and others necessary to design a written plan of specific program intervention and action to meet the client's needs as identified

in the client's individual service plan. The individual program plan team must be developed in accord with the accreditation council standards pursuant to chapter 75-04-01.

11. "Individual service plan" means an individual plan which identifies services required by the eligible client and the services to be provided. The individual service plan is developed by the intellectual disabilities-developmental disabilities case manager and the client or that client's legal representative, or both, considering all relevant input.
12. "Individualized supported living arrangements" means residential support services options in which services are contracted for a client based on individualized needs resulting in an individualized ratesetting process and are provided to a client in a residence rented or owned by the client.
13. "Intellectual disability-development disability related condition" means a condition that results in the person being eligible pursuant to chapter 75-04-06.
14. "Less intrusive" means a residential situation for a client allowing levels of direct supervision or intervention lower than other residential service program arrangements, yet meets the client's basic needs.
15. "Less restrictive" means a residential situation allowing less control over a client's personal choices, movement, and activities, yet meets the person's basic needs.
16. "Personal independence development" means intervention strategies, supports, and adaptations which have the effect of reducing a client's dependence on external support and assistance to meet basic needs.
17. "Primary caregiver" means a person who has assumed responsibility for supervision and assistance in meeting the needs of the client and who is not employed by or working under contract of a provider licensed pursuant to chapter 75-04-01.
18. "Related organization" means an organization that a provider is, to a significant extent, controlled by, associated with, affiliated with, or able to control, and which furnishes services, facilities, or supplies to the provider. Control exists when an individual or an organization has the power, directly or indirectly, to significantly influence or direct the action or policies of an organization or institution.
19. "Similar benefits" means services, supports, or benefits a client may be eligible for through services other than a developmental disabilities division purchased service.
20. "Twenty-four-hour staffing" means continuous and ongoing direct staff supervision by paid staff for all hours of a day which may be inclusive of a day service or employment program.

After negotiations are completed, the department shall have no further participation in the costs or payment of the contract provisions.

75-04-07-04. Discontinuation, termination, and nonrenewal of individualized supported living arrangements contracts or services.

1. Individualized supported living arrangement services to a client must be discontinued at the expiration of an executed contract when:
 - a. A client with legal capacity fails to cooperate with the delivery of services;
 - b. Based on the assessment of available material, the continued provision of services to the client presents a threat to the health and safety of the client or others; or
 - c. Based on the assessment of available material, it is determined that the needs of the client are no longer being met by the individualized supported living arrangements program or that continued services will not bring satisfactory results.
2. Nonrenewal of a service contract with a provider for a client must be considered by the department for reasons that include:
 - a. The client exhibits a lack of progress, assessed by the developmental disabilities case management utilization review process, in development of independent functioning consistent with the client's potential, unless barriers to development of independent functioning exist that cannot reasonably be expected to be controlled or ameliorated through available services;
 - b. The provider fails to deliver the levels and types of services specified in the contract, to provide qualified staff, or to provide resources necessary to meet the individual's needs which have not decreased during the term of the contract;
 - c. The provider, regional developmental disabilities office, and the division fail to agree on contract renewal terms;
 - d. The provider fails to develop and activate an individual program plan within thirty days of admission or annual program plan development;
 - e. Misrepresentation of the client's needs;
 - f. The provider fails to give the client a reasonable opportunity to participate in selection of ancillary service providers and direct service staff; or

- g. The housing occupied by the client is owned or controlled by the provider of service and service to the client is contingent upon the client remaining in that housing or lease or rental agreement, which is less favorable to the renter than that normally used in the local real estate market.
3. Immediate termination of a current contract for a client with a specific provider, or termination of services through the individualized supported living arrangements program, must be considered by the department based on available information and assessments through its developmental disabilities division for reasons that include:
- a. An individual service plan has been completed, which would terminate individualized supported living arrangements services or authorize an alternative residential service;
 - b. Substantiated abuse, neglect, or exploitation of the client by an employee or agent of the provider;
 - c. Institutionalization, incarceration, or alternative placement of the client, except as provided in subdivision g of subsection 1 of section 75-04-07-05;
 - d. Death of the client with the contract terminating on the date of death;
 - e. The client establishes a residence out of state;
 - f. The client refuses to cooperate in the provision of services; or
 - g. Continued service to the client presents an immediate threat to the health or safety of the client or others.
