REMARKS OF REPRESENTATIVE STENEHJEM

Since 1981 the North Dakota Jaycees, at their Annual Awards Banquet, select five emerging leaders to receive their "Outstanding Young North Dakotan" award.

Nominations for this prestigious award are submitted by individuals, associations, companies, governmental units, and civic organizations from around the state.

To be nominated for this special award is evidence of an outstanding individual. It means that each nominee has worked within their community and has "gone the extra mile" to make it a better place in which to work and live. The individual strives to believe, achieve and succeed so consistently that someone else in the community has noticed.

Two of the five individuals selected to receive the North Dakota Jaycees' "Outstanding Young North Dakotan" award this year are members of this Legislative Assembly.

Mr. Speaker and Members of the Assembly: In recognition of their contributions to their communities, this special award was presented last Saturday to Representative Rick Berg and Representative Rae Ann Kelsch.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Subsection 3 of section 53-06.1-03 of the 1993 Supplement to the North Dakota Century Code is amended and reenacted as follows:

3. The attorney general shall license eligible organizations that conform to the requirements of this chapter by issuing licenses as follows:

a- A class A license to an eligible organization that is a fraternal, veterans, or civic and service organization.

b- A class B license to an eligible organization that is a charitable, religious, educational, public spirited, or public safety organization. The attorney general may deny a class B license to an otherwise eligible organization if the organization is connected, directly or indirectly, to the holder of a North Dakota retail alcoholic beverage license. An eligible organization that qualifies for a class A license may not also be issued a class B license.

c- The commission may establish by rule no more than two additional classes of licenses based on the frequency of gaming, the types of games of chance conducted by the licensed organization, and the adjusted gross proceeds collected or expected to be collected by the licensed organization.

SECTION 2. AMENDMENT. Section 53-06.1-06 of the 1993 Supplement to the North Dakota Century Code is amended and reenacted as follows:

53-06.1-06. Persons permitted to conduct games of chance - Gaming site - Equipment - Compensation.

1. No person, except a member or employee of a licensed organization or an organization that has been issued a local permit or a member of an organization auxiliary to a licensed organization or an organization that has been issued a local permit, may assist in the holding, operating, or conducting of any game of chance under this chapter. In the conduct of pull tabs through an electronic-mechanical dispensing device, the attorney general may allow employees of licensed alcoholic beverage establishments to provide limited assistance to a class B licensed organization whose adjusted gross proceeds does not exceed eighty thousand dollars per quarterly reporting period of operation or to any class A licensed organization organizations. However, a volunteer of an eligible organization may sell raffle tickets.

2. Except when authorized by the attorney general, no games of chance may be conducted with any gaming equipment other than
gaming equipment owned by an eligible organization or rented at a reasonable rate by an eligible organization from a licensed distributor.

3. The governing board of an eligible organization is primarily responsible and may be held accountable for the proper determination and distribution of the net proceeds of games of chance.

4. The gaming site where any game of chance is being held, operated, or conducted, or where it is intended that the game will be held, must be open to inspection by the attorney general and by law enforcement officials of this state.

5. When any merchandise prize is awarded in a game of chance, its value is its current retail price.

6. Equipment, prizes, and supplies for games of chance may not be purchased or sold at prices in excess of the usual price thereof.

7. A class A organization must devote the entire net proceeds derived from conducting games of chance within three months from the end of the quarter in which such proceeds were earned to eligible uses. A class A organization desiring to hold the net proceeds for a period longer than three months shall apply to the attorney general for special permission, and upon good cause shown, the attorney general may grant the request.

8. No person who has pled guilty to or been found guilty of a felony may sell or distribute equipment, or conduct or assist in games of chance under this chapter for five years from the date of the conviction or release from incarceration, parole, or probation, whichever is the latter. No person determined by the attorney general to have participated in organized crime or unlawful gambling, may be permitted to sell or distribute equipment, or conduct or assist in games of chance under this chapter for a period determined by the attorney general.

9. Any person involved with the conduct of games of chance must be:
   a. A person of good character, honesty, and integrity.
   b. A person whose prior activities, criminal record, reputation, habits, and associations do not pose a threat to the public interest of this state or to the effective regulation and control of gaming, or create or enhance the dangers of unsuitable, unfair, or illegal practices, methods, and activities in the conduct of gaming or the carrying on of the business and financial arrangements incidental to the conduct of gaming.

10. The attorney general or commission may prohibit a person from playing games of chance if the person violates this chapter or any rule adopted under this chapter.

11. The attorney general or commission may require a licensed organization to pay a bingo or raffle prize to a player based on a factual determination, after opportunity for the parties to be heard, by the attorney general or commission.
If bingo is the primary game of chance conducted at an authorized site, no licensed organization may pay bingo prizes in which the aggregate of the bingo prizes for a quarter exceeds the total bingo gross proceeds for the quarter at that site. However, a bingo prize that equals or exceeds ten thousand dollars is excluded from the computation of the aggregate of the bingo prizes.

SECTION 3. AMENDMENT. Subsection 3 of section 53-06.1-11 of the 1993 Supplement to the North Dakota Century Code is amended and reenacted as follows:

3. Subject to the limitations of this subsection, expenses incurred for games of chance may be deducted from adjusted gross proceeds, to the extent that total expenses for games of chance do not exceed fifty percent of the first two hundred thousand dollars of adjusted gross proceeds per quarter and forty-five percent of the adjusted gross proceeds in excess of two hundred thousand dollars per quarter. However, for an authorized site at which the game pull tabs is the only game of chance conducted and the conduct of pull tabs is through an electronic mechanical dispensing device, expenses incurred for this game of chance may be deducted from adjusted gross proceeds, based on the average adjusted gross proceeds of all of an organization's authorized sites at which the game of pull tabs is conducted through electronic mechanical dispensing devices, according to the following:

a. On average adjusted gross proceeds not exceeding eight thousand dollars per quarter, an expense limitation of fifty percent.

b. On average adjusted gross proceeds exceeding eight thousand dollars per quarter, but not exceeding twelve thousand dollars per quarter, an expense limitation of forty-five percent.

c. On average adjusted gross proceeds exceeding twelve thousand dollars per quarter, but not exceeding sixteen thousand dollars per quarter, an expense limitation of forty percent.

d. On average adjusted gross proceeds exceeding sixteen thousand dollars per quarter, an expense limitation of thirty-five percent.

Cash shorts incurred in games of chance are classified as expenses toward the expense limitation. Notwithstanding the limitations of this subsection, in addition to the expenses allowed to be deducted from adjusted gross proceeds, a licensed organization may deduct as an expense capital expenditures for security or video surveillance equipment used for controlling games of chance if the equipment is required by section 53-06.1-10 or rules adopted by the commission and the equipment is approved by the attorney general. The figure used for adjusted gross proceeds is as determined in subsection 1 of section 53-06.1-01 before any reduction for taxes. This subsection does not authorize violations of the rent limitations contained in this chapter.
