STATEMENT OF PURPOSE OF AMENDMENT:

DEPARTMENT 530 - DEPARTMENT OF CORRECTIONS AND REHABILITATION

HOUSE - This amendment removes risk management premiums of \$210,807 (\$198,159 general fund, \$12,648 other funds) from the Department of Corrections and Rehabilitation.

This amendment transfers \$90,150 general fund appropriation authority from salaries and wages to operating expenses for a .3 FTE physician position. The Senate transferred the authority for the .3 FTE position from the State Hospital to the Department of Corrections and Rehabilitation. However, the position will not be transferred. The Department of Corrections and Rehabilitation will contract for these services.

This amendment increases other fund appropriation authority for the Juvenile Services Division by \$350,000 and decreases general fund appropriation authority by the same amount to reflect tuition payments that the Youth Correctional Center will receive from school districts.

This amendment removes Sections 5 and 6 of the reengrossed bill. Section 5, which was effective on July 1, 1999, prohibited the transfer of foundation aid to the Youth Correctional Center. Section 6 provided that school districts were not liable for tuition for students at the Youth Correctional Center.

This amendment adds a new section which provides that school districts are responsible for the payment of tuition for students at the Youth Correctional Center. The tuition payment is equal to the statewide average foundation aid payment for high school districts, based on the number of days the student is at the Youth Correctional Center.

This amendment also reduces general fund appropriation authority for the Adult Services Division by \$500,000 (\$400,000 operating expenses, \$100,000 salaries and wages). The operating expenses reduction is for programmatic reductions to be determined by the Department of Corrections and Rehabilitation. The salaries and wages reduction is to encourage the department to postpone filling unspecified positions relating to the proposed medium security facility in Jamestown.

This amendment directs the Department of Corrections and Rehabilitation, the Department of Human Services, and the Department of Public Instruction to develop a delinquency prevention consortium. The consortium will study, develop, and implement programs to prevent crime and delinquency through early intervention methods and present results and recommendations to a Legislative Council committee. This amendment also appropriates \$100,000 of federal or other funds to the Department of Corrections and Rehabilitation for the delinquency prevention consortium.

This amendment clarifies the legislative intent contained in Section 7 of the reengrossed bill, relating to crime victims' grants. This section provides legislative intent that crime victims' grant recipients be provided a notice that the federal funds available for grants during the 1997-99 biennium may not be available during the 1999-2001 biennium and may not be replaced with state funds.

This amendment also adds a new section which allows the Department of Corrections and Rehabilitation to purchase, from the State Hospital, the buildings and land for the medium security facility and exempts the department from the provisions of Chapters 48-01.1 and 54-44.7, relating to bidding requirements and architect, engineer, and land surveying services.
