1 Provides that the respective funding sources for the pooled salaries and wages of the Agricultural Experiment Station be appropriated in the subdivision with the pooled salaries. The Senate version transferred the maximum amount of general fund appropriations to the pooled salaries subdivision.

The guidelines added by the Senate relating to the allocation of the pooled salaries to the entities of the Agricultural Experiment Station for the 1997-99 biennium provided that each entity must receive at least 95 percent of the salaries and wages funding it received during the 1995-97 biennium. The House version reduces this percentage to 90 percent.

2 Provides funding to support the activities of the Board of Agricultural Research, including per diem and expense reimbursement for board members. The board is being established by provisions of this bill. This funding is not to be spent until the \$8,800 provided in North Dakota State University's 1997-99 appropriation for paying per diem and travel expenses of Agriculture Consultation Board members is spent for paying expenses of the Board of Agricultural Research members during the 1997-99 biennium.

3 Removes one FTE undesignated position and \$100,000 from the general fund associated with the position.

4 Provides in a separate section, a \$2,000,000 appropriation from the agricultural research fund for agriculture research grants. Grant committees appointed by the Board of Agricultural Research will determine the distribution of the grants. See "Other Sections" below for additional information.

5 Reduces the capital improvements line item of the Main Research Station by \$35,000 from the general fund, from \$1,158,800 to \$1,123,800. A capital improvements line item of \$35,000 from the general fund is added to the Dickinson Research Center for providing sanitation and decontamination facilities at the ranch headquarters of the Dickinson Research Center.

The general fund moneys are contingent on the center raising at least \$100,000 of other funds for the project.

7 Funding added in the Senate of \$125,000 from the general fund for a bison research program at the Carrington Research Center is reduced by \$75,000, to the level requested by the Agricultural Experiment Station.

Other Sections:

Sections are added which:

- Continue the 1995-97 appropriation authority for capital improvement projects at the Northern Crops Institute of \$1,500,000 of special funds for the food processing pilot plant project and at the North Central Research Center of \$600,000, \$300,000 of which is from the general fund and \$300,000 of special funds for the headquarter building project.

- Establish a Board of Agricultural Research that is responsible for the budgeting, supervision, and policymaking of the Agricultural Experiment Station.
