57-15-01.1. (Effective for first four taxable years beginning after December 31, 1994) Protection of taxpayers and taxing districts. Each taxing district may levy the lesser of the amount in dollars as certified in the budget of the governing body, or the amount in dollars as allowed in this section, subject to the following:

1. No taxing district may levy more taxes expressed in dollars than the amounts allowed by this section.
2. For purposes of this section:
 - a. "Base year" means the taxing district's taxable year with the highest amount levied in dollars in property taxes of the three taxable years immediately preceding the budget year; and
 - b. "Budget year" means the taxing district's year for which the levy is being determined under this section.
3. A taxing district may elect to levy two percent more in taxable year 1995 ~~and, two percent more in taxable year 1996 than the amount levied in dollars in the base year and for taxable years, two percent more in taxable year 1997, and one percent more in taxable year 1998 may elect to levy than~~ the amount levied in dollars in the base year. Any levy under this section must be specifically approved by a resolution approved by the governing body of the taxing district. Before determining the levy limitation under this section, the dollar amount levied in the base year must be:
 - a. Reduced by an amount equal to the sum determined by application of the base year's mill rate for that taxing district to the final base year taxable valuation of any property that is not included in the assessment for the budget year but was included in the assessment for the base year. However, no reduction may be made under this section due to the exemption of the personal property of railroads by enactment of House Bill No. 1396 by the fifty-fourth legislative assembly.
 - b. Increased by an amount equal to the sum determined by the application of the base year's mill rate for that taxing district to the final budget year taxable valuation of any property that was not included in the assessment for the base year but which is included in the assessment for the budget year.
 - c. Reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district.
4. A taxing district may levy an amount in dollars equal to the amount levied in any of the previous three years reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district and increased by an amount equal to the sum determined by the application of any unused mill levy authority from that year, which was authorized by law or by the electors of that taxing district but not levied for that year, to the budget year taxable valuation of the taxable property in that taxing district. A taxing district electing to increase its levy under this subsection may not add any amount permitted by subsection 3 to the amount levied under this subsection.
5. In addition to any other levy limitation factor under this section, a taxing district may increase its levy in dollars to reflect new or increased mill levies authorized by the legislative assembly or authorized by the electors of the taxing district.
6. Under this section a taxing district may supersede any applicable mill levy limitations otherwise provided by law, or a taxing district may levy up to the mill levy limitations otherwise provided by law without reference to this section, but the provisions of this section do not apply to the following:

School district levies under any section other than section 57-15-14 may be made within applicable limitations but those levies are not subject to subsection 3.
 8. Optional levies under this section may be used by any city or county that has adopted a home rule charter unless the provisions of the charter supersede state laws related to property tax levy limitations.

(Effective for taxable years beginning after December 31, 1998) Protection of taxpayers and taxing districts. Each taxing district may levy the lesser of the amount in dollars as certified in the budget of the governing body, or the amount in dollars as allowed in this section, subject to the following:

3. A taxing district may elect to levy the amount levied in dollars in the base year. Any levy under this section must be specifically approved by a resolution approved by the governing body of the taxing district. Before determining the levy limitation under this section, the dollar amount levied in the base year must be:
 - a. Reduced by an amount equal to the sum determined by application of the base year's calculated mill rate for that taxing district to the final base year taxable valuation of any taxable and exempt property that is not included in the taxing district for the budget year but was included in the taxing district for the base year.
 - b. Increased by an amount equal to the sum determined by the application of the base year's calculated mill rate for that taxing district to the final budget year taxable valuation of any taxable or exempt property that was not included in the taxing district for the base year but which is included in the taxing district for the budget year.
 - c. Reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district.
4. A taxing district may levy an amount in dollars equal to the amount levied in any of the previous three years reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district and increased by an amount equal to the sum determined by the application of any unused mill levy authority from that year, which was authorized by law or by the electors of that taxing district but not levied for that year, to the budget year taxable valuation of the taxable property in that taxing district.

A taxing district electing to increase its levy under this subsection may not add any amount permitted by subsection 3 to the amount levied under this subsection.

5. In addition to any other levy limitation factor under this section, a taxing district may increase its levy in dollars to reflect new or increased mill levies authorized by the legislative assembly or authorized by the electors of the taxing district.
6. Under this section a taxing district may supersede any applicable mill levy limitations otherwise provided by law, or a taxing district may levy up to the mill levy limitations otherwise provided by law without reference to this section, but the provisions of this section do not apply to the following:

 - b. The one-mill levy for the state medical center authorized by section 10 of article X of the Constitution of North Dakota.
7. A school district choosing to determine its levy authority under this section may apply subsection 3 only to the amount in dollars levied for general fund purposes under section 57-15-14 or, if the levy in the base year included separate general fund and special fund levies under sections 57-15-14 and 57-15-14.2, the school district may apply subsection 3 to the total amount levied in dollars in the base year for both the general fund and special fund accounts. School district levies under any section other than section 57-15-14 may be made within applicable limitations but those levies are not subject to subsection 3.
8. Optional levies under this section may be used by any city or county that has adopted a home rule charter unless the provisions of the charter supersede state laws related to property tax levy limitations.

SECTION 6. LEGISLATIVE INTENT - TECHNOLOGY REIMBURSEMENT PAYMENTS. It is the intent of the fifty-fifth legislative assembly that the funds appropriated in subdivision 1 of section 1 of this Act for technology reimbursement payments be used for reimbursing school districts for technology-related expenditures. The educational telecommunications council shall determine the maximum amount to which each school district is entitled by dividing the number of elementary and secondary students in average daily membership in this state into the funds appropriated in subdivision 1 of section 1 of this Act for technology reimbursement

payments and then multiplying the result by the number of students in average daily membership in each district. Upon receiving substantiating documentation from a school district indicating the expenditure of funds on or after July 1, 1996, for the acquisition of computer technology for student uses or instructional purposes, interactive television, or teacher inservice programs related to the use of computer technology in classroom instruction, the educational telecommunications council shall provide reimbursement to the school district in an amount equal to that expended but not exceeding that to which the school district is entitled.

SECTION 7. LEGISLATIVE INTENT - MEAT IN SCHOOL LUNCH PROGRAMS. It is the intent of the fifty-fifth legislative assembly that the superintendent of public instruction encourage school boards operating or providing for the operation of child nutrition and food distribution programs in schools to not offer yogurt as a substitute for meat in school lunches served to students.

SECTION 8. LEGISLATIVE INTENT - DIVISION OF INDEPENDENT STUDY TUITION RATES. It is the intent of the fifty-fifth legislative assembly that during the 1997-99 biennium, the division of independent study review the tuition rates charged for resident and nonresident students enrolled in independent study courses and consider increasing the tuition rate charged nonresident students.

SECTION 9. LEGISLATIVE INTENT - POSITION TRANSFERS. It is the intent of the fifty-fifth legislative assembly that for the 1997-99 biennium, the department of public instruction be authorized to have no more than 135.45 full-time equivalent positions and that no more than 39.2 of these positions be in the division of independent study. It is the intent of the fifty-fifth legislative assembly that if, during the 1997-99 biennium, the superintendent of public instruction transfers any positions to the division of independent study from other divisions of the department of public instruction, the transfers be reported to the budget section of the legislative council at its next meeting.

SECTION 10. LEGISLATIVE INTENT - GRANT TO LEADERSHIP IN EDUCATION ADMINISTRATION CONSORTIUM - REPORT TO LEGISLATIVE COUNCIL COMMITTEE. It is the intent of the fifty-fifth legislative assembly that \$25,000 of the amount appropriated in the grants - other grants line item in subdivision 1 of section 1 of this Act be used to provide a grant to the leadership in education administration consortium to develop training programs in cooperation with teacher learning centers. It is the intent of the fifty-fifth legislative assembly that the leadership in education administration consortium and the teacher learning center work cooperatively to develop training programs for teachers and education administrators. The leadership in education administration consortium shall present, no later than September 30, 1998, a report to the legislative council or its designated committee on training programs for teachers and education administrators developed in cooperation with the teacher learning centers.

SECTION 11. PAYMENTS FOR LIMITED ENGLISH PROFICIENT STUDENTS. Notwithstanding section 2 of Senate Bill No. 2029 as passed by the fifty-fifth legislative assembly, payments to school districts educating limited English proficient students, as provided by that bill, shall be paid from up to \$300,000 of the amount appropriated in subdivision 1 of section 1 of this Act for grants - foundation aid and transportation.

SECTION 12. CREDENTIALING PROCESS FOR SPECIAL EDUCATION TEACHERS. The superintendent of public instruction may not change the credentialing process for special education teachers as it is in effect on March 1, 1997, without first convening a meeting to include representatives of the council of educational leaders, the council for exceptional children, the North Dakota education association, and the North Dakota school boards association. The purpose of the meeting is to receive comments regarding the proposed changes, including the scheduling and manner of implementation, associated costs, the applicability of the proposed changes, and the short-term and long-term effects of the proposed changes. If, within thirty days after the date of the meeting, any representative present at the meeting objects in writing to the proposed change, the superintendent may not implement the change prior to July 1, 1999.

SECTION 13. FEDERAL FUNDING FOR SPECIAL EDUCATION. The legislative assembly urges Congress to fund the education of children with disabilities at the level authorized in the Education for All Handicapped Children Act of 1975. In that legislation, now known as the Individuals with Disabilities Education Act, Congress included a graduated formula for determining state entitlement and provided that for the fiscal year ending September 30, 1982, and for each fiscal year thereafter, the federal

funding level was to be set at forty percent of the average per student expenditure in public elementary and secondary schools in the United States. Because the level of federal funding received by this state has never exceeded ten percent, this federal legislation constitutes an underfunded mandate. The secretary of state shall forward copies of this section to the secretary of the department of education, to the chairman of the senate labor and human resources committee, to the chairman of the house economic and educational opportunities committee, and to each member of the North Dakota congressional delegation."

On or before November first, February first, and May first of each school year, a parent providing home schooling to an autistic child under section 19 of this Act shall file with the superintendent of the child's school district of residence progress reports prepared by a licensed psychologist, an occupational therapist, a speech pathologist, and a certified teacher. If at any time the licensed psychologist, the occupational therapist, the speech pathologist, and the certified teacher agree that adequate progress is not being made, they shall notify the superintendent of the child's school district of residence and request that the child be evaluated by a multidisciplinary team.
2. The superintendent of the child's school district of residence shall forward copies of all documentation required by this section to the superintendent of public instruction. The superintendent of public instruction shall provide a report and recommendations regarding the home schooling of children with autism under this section and section 19 of this Act to the legislative council.

SECTION 21. AMENDMENT. Section 25-01-03 of the North Dakota Century Code is amended and reenacted as follows:

25-01-03. Supervising officer to appoint superintendent of institutions - Salaries - Removal.

1. The supervising officer shall appoint a superintendent for each of the institutions under its control, except for the state hospital, where the

supervising officer shall appoint a superintendent and a medical director in consultation with a state hospital governing body.

2. The tenure of office of each superintendent is two years from the date of the superintendent's appointment, and the superintendent must possess qualifications required by this title. Any superintendent may be removed by the supervising officer for misconduct, neglect of duty, incompetency, or other proper cause showing the superintendent's inability or refusal properly to perform the duties of office, but a removal at a time other than a termination of the superintendent's two-year tenure may be had only after an opportunity is given to the person to be heard before a board consisting of the governor, attorney general, and supervising officer of the institution on preferred written charges. A removal when made, however, is final. This subsection does not apply to the superintendent of the school for the blind or the superintendent of the school for the deaf, whose positions are included in the classified service as provided in section 54-44.3-20.
3. The supervising officer shall fix the compensation of each superintendent within the limits prescribed in this title and within the appropriations made by the legislative assembly for compensation.

SECTION 22. AMENDMENT. Section 54-24-01 of the North Dakota Century Code is amended and reenacted as follows:

54-24-01. State library - State librarian appointed by the superintendent of public instruction. The superintendent of public instruction shall appoint an executive officer to be known as the state librarian, who shall report to the superintendent and must receive a salary within the amount appropriated for salaries by the legislative assembly. STATEMENT OF PURPOSE OF AMENDMENT:

DEPARTMENT 201 - PUBLIC INSTRUCTION

SENATE - This amendment reduces operating expenses by \$42,732 (\$17,500 general fund, \$25,232 other funds) for risk management premiums. This amendment also reduces operating expenses by \$29,000 to reflect an anticipated reduction in the estimated cost of leases the Division of Independent Study will enter into for copiers and other equipment during the 1997-99 biennium. The amount included in the executive recommendation was approximately \$249,000 and the department estimates the cost will be approximately \$220,000. This amendment also reduces general fund appropriation authority by \$21,000 and increases other funds authority by the same amount to encourage the Division of Independent Study to consider increasing nonresident tuition rates to generate additional tuition revenue. This amendment also increases operating expenses by \$12,000 from the state general fund for a portion of the costs the department anticipates will be incurred relating to reissuing certain rules, as required by Senate Bill No. 2336. The fiscal note for Senate Bill No. 2336 indicates an anticipated cost of \$100,000 for the 1997-99 biennium.

This amendment adds the following grants, which the House included in Reengrossed House Bill No. 1034:

Technology reimbursement payments (Reengrossed House Bill No. 1034 included \$3.8 million for technology reimbursement	\$5,000,000
--	-------------

payments)	
Educational Telecommunications Council	1,000,000
SENDIT	876,000

This amendment adds legislative intent relating to grants to school districts for technology and the SENDIT network. These sections of intent were included by the House in Reengrossed House Bill No. 1034.

This amendment also adds legislative intent relating to school lunch programs, Division of Independent Study tuition rates, position transfers to the Division of Independent Study, and a grant to the Leadership in Education Administration (LEAD) Consortium to develop cooperative training programs with the teacher learning centers. This amendment also increases other grants by \$25,000 from the state general fund for a grant to the LEAD Consortium.

This amendment provides that up to \$300,000 of the amount appropriated for foundation aid is to be used for payments to school districts for limited English proficient students, as provided by Senate Bill No. 2029.

This amendment requires the Superintendent of Public Instruction to obtain, from certain educational related groups, prior approval of any proposed changes to the credentialing process for special education teachers.

"SECTION 5. LEGISLATIVE INTENT - GRANTS FOR SENDIT. It is the intent of the fifty-fifth legislative assembly that the funds appropriated in subdivision 1 of section 1 of this Act for grants to the SENDIT network be distributed by the educational telecommunications council to support the electronic connectivity and networking of schools through the SENDIT network.

SECTION 6. LEGISLATIVE INTENT - TECHNOLOGY REIMBURSEMENT PAYMENTS. It is the intent of the fifty-fifth legislative assembly that the funds appropriated in subdivision 1 of section 1 of this Act for technology reimbursement payments be used for reimbursing school districts for technology-related expenditures. The educational telecommunications council shall determine the maximum amount to which each school district is entitled by dividing the number of elementary and secondary students in average daily membership in this state into the funds appropriated in subdivision 1 of section 1 of this Act for technology reimbursement payments and then multiplying the result by the number of students in average daily membership in each district. Upon receiving substantiating documentation from a school district indicating the expenditure of funds on or after July 1, 1996, for the acquisition of computer technology for student uses or instructional purposes, interactive television, or teacher inservice programs related to the use of computer technology in classroom instruction, the educational telecommunications council shall provide reimbursement to the school district in an amount equal to that expended but not exceeding that to which the school district is entitled.

SECTION 7. LEGISLATIVE INTENT - MEAT IN SCHOOL LUNCH PROGRAMS. It is the intent of the fifty-fifth legislative assembly that the superintendent of public instruction encourage school boards operating or providing for the operation of child nutrition and food distribution programs in schools to not offer yogurt as a substitute for meat in school lunches served to students.

SECTION 8. LEGISLATIVE INTENT - DIVISION OF INDEPENDENT STUDY TUITION RATES. It is the intent of the fifty-fifth legislative assembly that during the 1997-99 biennium, the division of independent study review the tuition rates charged for resident and nonresident students enrolled in independent study courses and consider increasing the tuition rate charged nonresident students.

SECTION 9. LEGISLATIVE INTENT - POSITION TRANSFERS. It is the intent of the fifty-fifth legislative assembly that for the 1997-99 biennium, the department of public instruction be authorized to have no more than 135.45 full-time equivalent positions and that no more than 39.2 of these positions be in the division of independent study. It is the intent of the fifty-fifth legislative assembly that if, during the 1997-99 biennium, the superintendent of public instruction transfers any positions to the division of independent study from other divisions of the department of public instruction, the transfers be reported to the budget section of the legislative council at its next meeting.

SECTION 10. LEGISLATIVE INTENT - GRANT TO LEADERSHIP IN EDUCATION ADMINISTRATION CONSORTIUM - REPORT TO LEGISLATIVE COUNCIL COMMITTEE. It is the intent of the fifty-fifth legislative assembly that \$25,000 of the amount appropriated in the grants - other grants line item in subdivision 1 of section 1 of this Act be used to provide a grant to the leadership in education administration consortium to develop training programs in cooperation with teacher learning centers. It is the intent of the fifty-fifth legislative assembly that the

leadership in education administration consortium and the teacher learning center work cooperatively to develop training programs for teachers and education administrators. The leadership in education administration consortium shall present, no later than September 30, 1998, a report to the legislative council or its designated committee on training programs for teachers and education administrators developed in cooperation with the teacher learning centers.

SECTION 11. PAYMENTS FOR LIMITED ENGLISH PROFICIENT STUDENTS. Notwithstanding section 2 of Senate Bill No. 2029 as passed by the fifty-fifth legislative assembly, payments to school districts educating limited English proficient students, as provided by that bill, shall be paid from up to \$300,000 of the amount appropriated in subdivision 1 of section 1 of this Act for grants - foundation aid and transportation.

SECTION 12. CREDENTIALING PROCESS FOR SPECIAL EDUCATION TEACHERS. The superintendent of public instruction may not change the credentialing process for special education teachers as it is in effect on March 1, 1997, without first convening a meeting to include representatives of the council of educational leaders, the council for exceptional children, the North Dakota education association, and the North Dakota school boards association. The purpose of the meeting is to receive comments regarding the proposed changes, including the scheduling and manner of implementation, associated costs, the applicability of the proposed changes, and the short-term and long-term effects of the proposed changes. If, within thirty days after the date of the meeting, any representative present at the meeting objects in writing to the proposed change, the superintendent may not implement the change prior to July 1, 1999.

SECTION 13. FEDERAL FUNDING FOR SPECIAL EDUCATION. The legislative assembly urges Congress to fund the education of children with disabilities at the level authorized in the Education for All Handicapped Children Act of 1975. In that legislation, now known as the Individuals with Disabilities Education Act, Congress included a graduated formula for determining state entitlement and provided that for the fiscal year ending September 30, 1982, and for each fiscal year thereafter, the federal funding level was to be set at forty percent of the average per student expenditure in public elementary and secondary schools in the United States. Because the level of federal funding received by this state has never exceeded ten percent, this federal legislation constitutes an underfunded mandate. The secretary of state shall forward copies of this section to the secretary of the department of education, to the chairman of the senate labor and human resources committee, to the chairman of the house economic and educational opportunities committee, and to each member of the North Dakota congressional delegation."

SECTION 5. LEGISLATIVE INTENT - GRANTS FOR SENDIT. It is the intent of the fifty-fifth legislative assembly that the funds appropriated in subdivision 1 of section 1 of this Act for grants to the SENDIT network be distributed by the educational telecommunications council to support the electronic connectivity and networking of schools through the SENDIT network.

SECTION 6. LEGISLATIVE INTENT - TECHNOLOGY REIMBURSEMENT PAYMENTS. It is the intent of the fifty-fifth legislative assembly that the funds appropriated in subdivision 1 of section 1 of this Act for technology reimbursement payments be used for reimbursing school districts for technology-related expenditures.

The educational telecommunications council shall determine the maximum amount to which each school district is entitled by dividing the number of elementary and secondary students in average daily membership in this state into the funds appropriated in subdivision 1 of section 1 of this Act for technology reimbursement payments and then multiplying the result by the number of students in average daily membership in each district. Upon receiving substantiating documentation from a school district indicating the expenditure of funds on or after July 1, 1996, for the acquisition of computer technology for student uses or instructional purposes, interactive television, or teacher inservice programs related to the use of computer technology in classroom instruction, the educational telecommunications council shall provide reimbursement to the school district in an amount equal to that expended but not exceeding that to which the school district is entitled.

SECTION 7. LEGISLATIVE INTENT - DIVISION OF INDEPENDENT STUDY TUITION RATES. It is the intent of the fifty-fifth legislative assembly that during the 1997-99 biennium, the division of independent study review the tuition rates charged for resident and nonresident students enrolled in independent study courses and consider increasing the tuition rate charged nonresident students.

SECTION 8. LEGISLATIVE INTENT - POSITION TRANSFERS. It is the intent of the fifty-fifth legislative assembly that for the 1997-99 biennium, the department of public instruction be authorized to have no more than 135.45 full-time equivalent positions and that no more than 39.2 of these positions be in the division of independent study. It is the intent of the fifty-fifth legislative assembly that if, during the 1997-99 biennium, the superintendent of public instruction transfers any positions to the division of independent study from other divisions of the department of public instruction, the transfers be reported to the budget section of the legislative council at its next meeting.

SECTION 9. LEGISLATIVE INTENT - GRANT TO LEADERSHIP IN EDUCATION ADMINISTRATION CONSORTIUM - REPORT TO LEGISLATIVE COUNCIL COMMITTEE. It is the intent of the fifty-fifth legislative assembly that \$25,000 of the amount appropriated in the grants - other grants line item in subdivision 1 of section 1 of this Act be used to provide a grant to the leadership in education administration consortium to develop training programs in cooperation with teacher learning centers. It is the intent of the fifty-fifth legislative assembly that the leadership in education administration consortium and the teacher learning center work cooperatively to develop training programs for teachers and education administrators. The leadership in education administration consortium shall present, no later than September 30, 1998, a report to the legislative council or its designated committee on training programs for teachers and education administrators developed in cooperation with the teacher learning centers.

SECTION 10. PAYMENTS FOR LIMITED ENGLISH PROFICIENT STUDENTS. Notwithstanding section 2 of Senate Bill No. 2029 as passed by the fifty-fifth legislative assembly, payments to school districts educating limited English proficient students, as provided by that bill, shall be paid from up to \$300,000 of the amount appropriated in subdivision 1 of section 1 of this Act for grants - foundation aid and transportation.

SECTION 11. CREDENTIALING PROCESS FOR SPECIAL EDUCATION TEACHERS. The superintendent of public instruction may not change the credentialing process for special education teachers as it is in effect on March 1, 1997, without first convening a meeting to include representatives of the council of educational leaders, the council for exceptional children, the North Dakota education association, and the North Dakota school boards association. The purpose of the meeting is to receive comments regarding the proposed changes, including the scheduling and manner of implementation, associated costs, the applicability of the proposed changes, and the short-term and long-term effects of the proposed changes. If, within thirty days after the date of the meeting, any representative present at the meeting objects in writing to the proposed change, the superintendent may not implement the change prior to July 1, 1999.

SECTION 12. FEDERAL FUNDING FOR SPECIAL EDUCATION. The legislative assembly urges Congress to fund the education of children with disabilities at the level authorized in the Education for All Handicapped Children Act of 1975. In that legislation, now known as the Individuals with Disabilities Education Act, Congress included a graduated formula for determining state entitlement and provided that for the fiscal year ending September 30, 1982, and for each fiscal year thereafter, the federal funding level was to be set at forty percent of the average per student expenditure in public elementary and secondary schools in the United States. Because the level of

federal funding received by this state has never exceeded ten percent, this federal legislation constitutes an underfunded mandate. The secretary of state shall forward copies of this section to the secretary of the department of education, to the chairman of the senate labor and human resources committee, to the chairman of the house economic and educational opportunities committee, and to each member of the North Dakota congressional delegation."

2. The superintendent of the child's school district of residence shall forward copies of all documentation required by this section to the superintendent of public instruction. The superintendent of public instruction shall provide a report and recommendations regarding the home schooling of children with autism under this section and section 18 of this Act to the legislative council.

2. The tenure of office of each superintendent is two years from the date of the superintendent's appointment, and the superintendent must possess qualifications required by this title. Any superintendent may be removed by the supervising officer for misconduct, neglect of duty, incompetency, or other proper cause showing the superintendent's inability or refusal properly to perform the duties of office, but a removal at a time other than a termination of the superintendent's two-year tenure may be had only after an opportunity is given to the person to be heard before a board consisting of the governor, attorney general, and supervising officer of the institution on preferred written charges. A removal when made, however, is final. This subsection does not apply to the superintendent of the school for the blind or the superintendent of the school for the deaf, whose positions are included in the classified service as provided in section 54-44.3-20.
3. The supervising officer shall fix the compensation of each superintendent within the limits prescribed in this title and within the appropriations made by the legislative assembly for compensation.

SECTION 22. AMENDMENT. Section 54-24-01 of the North Dakota Century Code is amended and reenacted as follows:

COMMUNICATION FROM GOVERNOR EDWARD T. SCHAFER

April 3, 1997

I respectfully return unsigned and hereby veto SB 2385. This bill prohibits any nonprorit corporation from acquiring more than 16,000 acres of land in North Dakota. Today, the law requires all nonprofit corporations **as well as the US Fish and Wildlife Service** to receive approval from the governor for all land acquisitions. During the last four years, this acquisition process has worked well. I have approved several purchases including most recently the acquisition of the Davis Ranch by The Nature Conservancy. I have also rejected numerous proposals in the past four years. In reviewing these acquisitions, I have carefully weighed numerous concerns, including the economic impact to the local tax base, the long-term economics of removing land from the private sector, access, and the availability of the land for other buyers. I will continue to carefully review them in the future.

The issue that the bill seeks to address is a valid public policy concern. How much land should be owned by nonprofit corporations in this state? How does the ownership of such land affect our tax base, the economic vitality of the local area, and the state as a whole? These are concerns that I have expressed on numerous occasions, and they are questions we as a state need to answer.

I believe that this issue needs careful consideration and planning, for it has far-reaching impacts on the environment and economy of our state, particularly in our rural areas. As part of our recent discussions on the Garrison project, I have initiated this process. We are in the early stages of discussions with all the interest groups, including the Farm Bureau, Farmers Union,

National Wildlife Federation, Water Coalition, and others. We are taking an inventory of public and private ownership, including the number of acres of land owned by nonprofit corporations across North Dakota. One of our main objectives in this process is to develop agreement regarding "how much is enough" for entities such as The Nature Conservancy, North Dakota Wetlands Trust, US Fish & Wildlife, and others to own in North Dakota. This effort can be a constructive, positive process that will address the concerns of this bill and accommodate the needs and interests of all, including the proponents of SB 2385.

I support the intent of SB 2385 and have indicated to the sponsors of the bill that the issue is one we need to address. This bill, however, is premature.
