A new section is added providing an appropriation of \$109,000 of federal funds for the remainder of the 1995-97 biennium to provide grants of \$89,000 to the Transportation Institute for motor carrier research and \$20,000 for overtime speed enforcement in the field operations program of the Highway Patrol.

Section 6 of the bill is changed to provide that the \$585,000 provided for purchasing mobile data terminals may not be spent prior to completion of the mobile data communications plan rather than the comprehensive public communication plan.

Section 7 of the bill providing object code line item information is removed because the object code information is being shown in this purpose of amendment.
