7. The council, or its designee, shall perform information systems reviews and audits of information technology systems or applications of executive branch state agencies, institutions, and departments, institutions under the control of the state board of higher education, and agencies of the judicial and legislative branches, as determined necessary by the council, or its designee. The reviews and audits may include evaluating compliance with system or application requirements, data integrity, security, controls, audit trails, backup and recovery methods, and the effectiveness and appropriateness of the system in achieving its intended purpose, as applicable.
8. The council, or its designee, shall monitor the implementation of information technology systems development projects and application development projects for conformance with the agency's strategic plan and compliance with statewide policies and standards as determined necessary by the council, or its designee, and report any nonconformance or noncompliance discovered to the council or its designated committee.

9. As used in this section, "information technology" means computing and data communications systems and their supporting infrastructure used in the acquisition, processing, management, analysis, storage, and delivery of information.

**SECTION 6. AMENDMENT.** Section 54-44.2-00.1 of the North Dakota Century Code is amended and reenacted as follows:

**54-44.2-00.1. Definitions.** As used in this chapter:

1. ~~"Data processing" or "electronic data processing" means the systematic sequencing of operations performed by data processing equipment or programs, or both, upon data stored or entered in alphabetic, numeric, or alphanumeric format. "Information technology" means computing and data communications systems and their supporting infrastructure used in the acquisition, processing, management, analysis, storage, and delivery of information.~~
2. ~~"Data processing equipment" means an electronic device or associated devices, except calculators and stand alone noncommunicating word processors, which perform logical, arithmetic, and memory functions by the manipulation of electronic or magnetic impulses and includes all compiling and related input, output, and storage, equipment, programs and procedures, and data processing communications facilities. "Information technology services" means the equipment, software, and services necessary for the acquisition, processing, management, analysis, storage, and delivery of information.~~
3. ~~"Telecommunications" means the electronic exchange of voice, data, image, and video information. "Telephone services" means the equipment, software, and services necessary to transmit voice, data, or video through the public telephone network.~~
4. ~~"Transmission facilities" means terrestrial lines, and microwave, lightwave, and satellite facilities.~~
5. ~~"Word processing" means the textual formatting, correcting, editing, and rearranging of language elements, designed to convey full messages in English syntax, through manipulation of electronic or magnetic impulses. "Word processors" are devices on which word processing can be carried out.~~

**SECTION 7. AMENDMENT.** Section 54-44.2-01 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**54-44.2-01. Information services division - Creation.** The information services division is established in the office of management and budget. The director of the office of management and budget shall appoint a director of the information services division. ~~The director of the information services division shall supervise and regulate electronic data processing activities the information technology of all executive branch state agencies, institutions, departments, and boards, except the job service North Dakota and the office of the adjutant general excluding the institutions under the control of the board of higher education. The division shall establish an electronic data processing center which must, unless excepted by the director, be used by all executive branch state agencies, departments, and institutions except the institutions under the control of the board of higher education, the job service North Dakota, and the office of the adjutant general. The division shall provide data processing services to the legislative and judicial branches of government. If the division is unable to fulfill a request for service from the legislative or judicial branch of government, the service may be procured by the legislative or judicial branch within the limits of legislative appropriations.~~

The director of the information services division must be appointed upon the basis of education, experience, and other qualifications in data processing information technology and administration. ~~The position of director is not a classified position and the director, without reference to partisan politics, and must serve at the pleasure of the director of the office of management and budget.~~ The director of the information services division shall employ such other professional, technical, and clerical personnel as the director determines to be necessary to carry out the duties prescribed in this chapter and shall, within the limits of the legislative appropriation, shall fix the salaries

of all employees within the division. All personnel within the division must be allowed their actual and necessary travel expenses at the same rate as for other employees of the state.

**SECTION 8. AMENDMENT.** Section 54-44.2-02 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**54-44.2-02. Information services division - Powers and duties.** The information services division shall:

1. ~~Provide systems design, programming, and other data processing information technology services.~~
2. ~~Design, plan, justify, and implement all data processing systems within and between state agencies that utilize the services of the division. Provide telephone services.~~
3. Have the authority to purchase or lease ~~such additional~~ equipment or replace, including by trade or resale, present equipment as may be necessary to carry out this chapter. Each executive branch department, agency, or institution, except the institutions under the control of the board of higher education, ~~the job service North Dakota, and the office of adjutant general,~~ shall submit to the ~~director of the information services division for approval or disapproval and the legislative council, or its designee, in accordance with guidelines established by the division,~~ a written request for data processing services that require new data processing applications. ~~A request must also be submitted for modifications to existing data processing applications which are expected to increase the cost of operating such data processing applications by more than fifteen percent. The director may approve or disapprove the lease, purchase, or other contractual acquisition of additional or new electronic data processing information technology services or equipment by executive branch agencies, except the institutions under the control of the board of higher education, the job service North Dakota, and the office of adjutant general. The director may authorize a user agency to house and operate electronic data processing equipment. The information services division shall review requests for conformance with the requesting organization's strategic plan and compliance with statewide policies and standards. If the request is not in conformance or compliance, the information services division may disapprove the request or require justification for the departure from the strategic plan or statewide policy or standard. The division shall inform the legislative council, or its designee, of any requests disapproved or additional justification received relating to a request.~~
4. Provide ~~data processing information technology services, including assistance and advisory service to the legislative, executive, and judicial branches. If the division is unable to fulfill a request for service from the legislative or judicial branch, the service may be procured by the legislative or judicial branch within the limits of legislative appropriations.~~
5. ~~Establish and justify data processing activities and costs in order that effectiveness can be measured.~~
6. ~~Establish a data bank to eliminate the duplicate storage of common data and thereby develop more economical and efficient use of the data processing system. The data bank must consist of data, except where data is restricted from such use by law and such confidentiality cannot be reasonably maintained in the data bank, contained within the files of all agencies, departments, and institutions being provided services by the division. If the data bank contains data of use to other departments, agencies, and institutions, the data may be made available to such departments, agencies, and institutions after notice has been given to the agency, department, or institution from which the data was originally received.~~
7. ~~Analyze proposals for executive branch agency word processing equipment and facility acquisitions and make such comments and recommendations as it may believe necessary so that such equipment and facilities will be compatible with electronic data processing equipment and programs under the supervision of the division. The office of management~~

~~and budget may not approve vouchers for acquisition of word processing equipment and facilities by executive branch agencies unless the vouchers have attached to them the division's comments and recommendations.~~

- ~~8. Conduct conferences and meetings with various state agencies, departments, institutions, and political subdivisions to review proposals and provide information on improving telecommunications and transmission facilities in government and coordinate information technology services. The information services division shall report annually to the legislative council or its designated committee regarding the coordination of services with political subdivisions.~~
- ~~9. Implement improvements in the state telecommunications and transmission facilities as are feasible and within the limitations of appropriated funds.~~
- ~~10. Adopt any rules determined to be necessary to establish standard procedures and practices in the development and use of telecommunications and transmission facilities provided by the division.~~
- ~~11. Provide advice, general guidelines, and information to political subdivisions on the compatibility and interactive capacity of computers and other electronic information systems with the goal of developing a statewide compatible electronic communications network by 1996.~~
- ~~12. 6. Have authority to request information on or review information technology systems, applications, system development projects, and application development projects of executive branch departments, agencies, and institutions.~~
- 7. Perform all other duties necessary to carry out this chapter.

**SECTION 9.** Four new sections to chapter 54-44.2 of the North Dakota Century Code are created and enacted as follows:

**Information technology standards.** The information services division, based on information from state agencies, institutions, and departments, and in consultation with the legislative council, shall develop statewide information technology policies, standards, and guidelines. Unless an exception is granted by the information services division, each executive branch state agency, institution, or department, excluding the institutions under the control of the board of higher education, shall comply with the policies and standards developed by the information services division.

**Information technology planning.** Each executive branch state agency, institution, or department, including the institutions under the control of the board of higher education, shall prepare an information technology strategic plan, subject to approval by the information services division. The plan must be submitted to the information services division and the legislative council by January fifteenth of each even-numbered year. The plan must be prepared based on guidelines developed by the information services division in consultation with the legislative council; must provide the information technology goals, objectives, and activities of the organization for the next five years; and must include a detailed list of information technology assets owned, leased, or employed by the agency, institution, or department. Each agency, institution, or department shall provide interim updates to its plan if major information technology changes occur which affect its plan. The information services division shall review each agency's, institution's, or department's strategic plan for compliance with statewide information technology policies and standards and may require an agency, institution, or department to change its strategic plan to comply with statewide policies or standards or to resolve conflicting directions among plans. Agencies of the judicial and legislative branches shall file their information technology strategic plans with the information services division and the legislative council by January fifteenth of each even-numbered year. Each agency, institution, or department shall prepare its budget request for the next biennium based on its information technology strategic plan. Based on the plans prepared by agencies, institutions, and departments, the information services division shall prepare a statewide information technology strategic plan and distribute copies of that plan to members of the legislative assembly as requested by the legislative council or its designee.

**Information technology coordination - Report to legislative council.** The director of the information services division and the commissioner of the board of higher education shall meet at least twice each year to plan and coordinate their information

technology systems and services. The director and commissioner shall consider areas in which joint or coordinated information technology systems and services may result in more efficient and effective state government operations. The director and commissioner shall report their findings and recommendations to the legislative council or its designated committee before November of each year.

**Information technology management reviews - Report to legislative audit and fiscal review committee.** The information services division shall review the information technology management of executive branch state agencies, institutions, or departments, including the institutions under the control of the board of higher education, as determined by the director of the information services division. The review must include an evaluation of the organization's planning effectiveness, conformance to its strategic plan, compliance with statewide policies and standards, asset quality, and training methods, and for an organization that contracts for information technology services, an analysis of the organization's contract management system and the contractor's compliance with contract provisions. If an agency, institution, or department is found not to be in compliance with statewide policies and standards and does not agree to come into compliance, the information services division may report the issue to the legislative audit and fiscal review committee. The information services division shall report recurring issues of noncompliance to the legislative audit and fiscal review committee.
