VETO MEASURE

May 9, 2001

The Honorable LeRoy Bernstein
Speaker of the House
North Dakota House of Representatives
State Capitol
Bismarck, ND 58505

Dear Speaker Bernstein:

Pursuant to Article V, Section 9 of the North Dakota Constitution, I have vetoed Section 21 of House Bill 1012 and respectfully return it to the House.

Section 21 would require the Office of the Budget to submit a Department of Human Services appropriation bill for the 2003-05 biennium with the same funding line items and employee levels as authorized by the legislature for the 2001-03 biennium.

I object to this item in HB 1012 because it intrudes upon functions of the executive branch and violates the separation of governmental powers established by the North Dakota Constitution. Furthermore, it is inconsistent with existing statutory law and, finally, would be impractical in its application.

The North Dakota Supreme Court instructs us that the creation, within our constitution, of legislative, executive and judicial branches of government serves to apportion governmental powers. There is an implied exclusion of each branch from the functions of the others. **City of Carrington v. Foster County**, 166 N.W.2d. 377 (ND 1969).

The function of the executive branches to manage the affairs of the state and that includes the careful budgeting of resources appropriated by the Legislature. This budgeting process necessarily involves making recommendations to the Legislature that contain the executive branch's assessment of the amount and preferred allocation of resources needed to fulfill legislative policies. Section 54.44.1-06, NDCC, codifies these principles.

Section 21 of HB 1012 requires the executive branch to submit an appropriation bill that does not allow for the proper assessment of the needs of the Department of Human Services for the ensuing biennium. In doing this, it interferes with an important executive function.

Furthermore, I believe it is inconsistent with the longstanding procedure for submission of appropriation bills set forth by the Legislature in 54-44.1-06, NDCC. That procedure authorizes the executive branch to use its experience and expertise in submitting a meaningful budget recommendation to the Legislature for its consideration. This process has served North Dakota well for at least the last 18 legislative sessions, and there is no persuasive reason cited in the legislative history of HB 1012 to depart from it.

Finally, Section 21 promises to be impractical in its application. It does not accommodate the changes that occur in an agency as priorities shift and programs change over the course of a biennium.

For these reasons, I have vetoed section 21 of House Bill 1012.

Sincerely,

John Hoeven
Governor

VETO MEASURE

May 9, 2001

The Honorable LeRoy Bernstein
Speaker of the House
North Dakota House of Representatives
State Capitol
Bismarck, ND 58505

Dear Speaker Bernstein:

I have signed House Bill 1015, but respectfully veto section 20 of the bill, pursuant to Article V, Section 9 of the North Dakota Constitution.

Section 20 provides that the Legislature intends that appropriations measures for all agencies with less than 30 FTEs not include funding for deputy positions, and directs the Governor to submit legislation to eliminate the authority to appoint deputies in those agencies.

I cannot support the direction and effect of this legislation for several reasons.

First, it removes the flexibility of administrators to hire staff who serve in unclassified positions in an agency. Eliminating the funding will not necessarily reduce costs, but is likely to have the unintended effect of requiring an administrator to use classified staff, who were hired by previous management and may not share his or her management philosophy.

Second, deputies serve important functions in state government, are relied upon by administrators and elected officials, and often serve in their absence. Eliminating the deputy may impede the orderly and efficient operation of state government.

Third, the section impinges upon the Governor's ability to fashion a budget as directed by North Dakota law. The executive budget recommendation is based upon a careful examination of an agency's needs and funding requests. Section 20 dismisses that process and applies a universal rule without considering the needs and responsibilities of each agency, and approach that will not produce the desired effect.

Finally, I have strong concerns about the Legislature requiring the Governor to introduce legislation, a requirement I believe contravenes the separation of powers doctrine. The bill directs the executive branch to dutifully introduce legislation to meet a legislative objective, with which the Governor may not agree. The Legislature is free to introduce legislation to advance its own objectives without directing the executive branch to do so.

For these reasons, I have vetoed Section 20 of House Bill 1015.

Sincerely,

John Hoeven
Governor
