- "11. A qualifying taxpayer is entitled to a tax credit of up to twenty-five percent of the tax liability computed under subsection 2, not to exceed two hundred thirty dollars for any return filed under this section. The credit for married individuals filing separate state income tax returns is limited to one hundred fifteen dollars for each spouse, unless separate returns are required under subsection 2 of section 57-38-31 and one of the spouses is not required to file a return under this chapter. For purposes of this subsection, a "qualifying taxpayer" means a taxpayer who, during the taxable year:
 - a. Paid property taxes under chapter 57-02 on property in this state;
 - b. Leased and paid rent for real property in this state;
 - c. Paid mobile home tax under chapter 57-55 or lot rent for a mobile home in this state; or

- d. Occupied housing in this state as a primary residence, which was provided by the taxpayer's employer as part of the employment relationship.
12. a. A taxpayer is entitled to a credit against the tax imposed by this section for any unused federal credit for prior year minimum tax. "Unused federal credit for prior year minimum tax" means the amount of the federal credit for prior year minimum tax attributable to federal alternative minimum tax included in the taxpayer's federal income tax liability for purposes of this section for taxable years beginning before January 1, 2001, reduced by the total amount of the federal credit for prior year minimum tax claimed on the taxpayer's federal income tax return for all taxable years beginning after December 31, 2000.
- b. The credit under this subsection is equal to fourteen percent of the portion of the unused federal credit for prior year minimum tax claimed on the taxpayer's federal income tax return and may not exceed the taxpayer's tax liability under this section for the taxable year. For a nonresident taxpayer, the credit determined under this subsection must be multiplied by the percentage that the nonresident taxpayer's North Dakota adjusted gross income is of the nonresident's federal adjusted gross income.
 - c. The credit under this subsection is not allowed for taxable years beginning after December 31, 2004.
13. a. At the election of an individual taxpayer engaged in a farming business, the tax imposed by subsection 2 for the taxable year must be equal to the sum of the following:
- (1) The tax computed under subsection 2 on North Dakota taxable income reduced by elected farm income.
 - (2) The increase in tax imposed by subsection 2 which would result if North Dakota taxable income for each of the three prior taxable years were increased by an amount equal to one-third of the elected farm income. For purposes of applying this paragraph to taxable years beginning before January 1, 2001, the increase in tax must be determined by recomputing the tax in the manner prescribed by the tax commissioner.
- b. For purposes of this subsection, "elected farm income" means that portion of North Dakota taxable income for the taxable year which is elected farm income as defined in section 1301 of the Internal Revenue Code [26 U.S.C. 1301].
 - c. The reduction in North Dakota taxable income under this subsection must be taken into account for purposes of making an election under this subsection for any subsequent taxable year.
 - d. The tax commissioner may prescribe rules, procedures, or guidelines necessary to administer this subsection.
14. The tax commissioner may prescribe tax tables, to be used in computing the tax according to subsection 2, if the amounts of the tax tables are based on the tax rates set forth in subsection 2. If prescribed by the tax commissioner, the tables must be followed by every individual, estate, or trust electing to determine a tax under this section.

SECTION 2. A new subsection to section 57-38-31 of the North Dakota Century Code is created and enacted as follows:

The tax commissioner shall include on each individual income tax return a space for reporting use taxes on purchases by the taxpayer from out-of-state retailers during the taxable year. The commissioner shall include in the instructions with individual income tax returns instructions for reporting, computing, and remitting use tax liability under chapter 57-40.2. The commissioner shall keep separate records of use tax collections under this section and those collections must be allocated as provided in chapter

57-39.2. The provisions of chapter 57-39.2 govern the administration of this subsection.

SECTION 3. AMENDMENT. Section 57-38-31.1 of the North Dakota Century Code is amended and reenacted as follows:

57-38-31.1. Composite returns. Partnerships and subchapter S corporations may file a composite return on behalf of nonresidential individual partners or shareholders in the manner prescribed by the tax commissioner. Any amount of tax paid by the partnership or subchapter S corporation on the composite return on behalf of a nonresident partner or shareholder constitutes a credit on the North Dakota return of the nonresident individual on whose behalf the tax was paid by the partnership or subchapter S corporation. Any return filed by a partnership or subchapter S corporation under this section is considered as the return of the nonresident individual partner or shareholder on whose behalf the return is filed. The tax under this section must be computed by multiplying the aggregate of the shares of North Dakota taxable income reportable to North Dakota by the partners or shareholders included in the composite return by ~~the highest federal tax rate for individuals times the tax rate imposed under section 57-38-30.3~~ four and nine-tenths percent.

SECTION 4. REPEAL. Section 57-38-34.1 of the North Dakota Century Code is repealed."

- 1 The Conference Committee restored funding of \$56,817 from the general fund for the administrative assistant position but not the FTE. The department will need to designate an existing FTE position for the administrative assistant.
- 2 Provides the funding from the water development trust fund (\$33,252) that was removed from the one TMDL position be authorized to replace general fund moneys for operating (\$28,800) and equipment (\$4,452) associated with the TMDL program.
- 3 Reduce funding for computers by reducing the number of desktop computers funded by 31, at a cost of \$1,500 per computer and reducing the funding for laptops by two, at a cost of \$2,000 per machine. The funding for the computers is 25 percent general fund and 75 percent other funds.
- 4 Increases funding from the general fund for domestic violence grants by \$120,000, from \$90,000 to \$210,000.
- 5 Removes \$80,000 of funding from the community health trust fund under the grants line item, which was added by the Senate, and \$133,997 under the operating line item for food and formula relating to phenylketonuria (PKU). - 8 Creates a separate line item for funding from the Centers for Disease Control and Prevention for statewide tobacco prevention and control. This provides separate line items for the tobacco prevention moneys from the community health trust fund and the Centers for Disease Control and Prevention.
- 9 This amendment appropriates \$50,000 from the Attorney General refund fund for a grant to the North Dakota Stockmen's Association for developing and beginning to implement a plan to reduce the potential environmental impact from livestock operations and for matching federal Environmental Protection Agency 319 funds.

The Conference Committee allows \$35,000 funding for the donated dental services program that was removed in the House amendment. The funding is to come from federal funds, if available, not from the community health trust fund as in the original Senate amendment.

The Conference Committee allows the \$83,130 and one FTE, that was removed in the House amendment, to develop total maximum daily loads (TMDL) and pollution control plans. The restored position is to be funded with federal funds. The House amendment to use the \$33,252 from the water development trust fund that was associated with this position for operating and equipment costs for the TMDL program remains in the Conference Committee amendment.

The Conference Committee amended a section of intent added by the House relating to the uses of Centers for Disease Control and Prevention grant funds to prevent use of funds for lobbying purposes.

A section is added requiring the Office of Management and Budget to submit for introduction the State Department of Health appropriations bill for the 2003-05 biennium to the 58th Legislative Assembly at the same funding levels by line item and employee levels authorized by the 57th Legislative Assembly for the 2001-03 biennium. Any executive budget changes are to be submitted as a recommendation for change to the bill as introduced.

Engrossed SB 2004 was placed on the Seventh order of business on the calendar.

¹ The House version of House Bill No. 1013 included a general fund appropriation of \$1,289,643 for developing and administering standards-based assessments, as required for the state to be eligible to continue receiving federal Title I funding. The Department of Public Instruction has received a proposal to develop and administer the required tests at a cost of \$1,212,928 for the 2001-03 biennium. In addition, the department has indicated that the cost of reporting the results, as required by House Bill No. 1293, will be an additional \$5,000. The Senate version of House Bill No. 1013 provides \$1,217,928 to fully fund the federal Title I testing and the requirements of House Bill No. 1293.

- 2 The Senate amendment increases the appropriation for limited English proficiency payments from \$450,000 to \$650,000 to fund the payment levels specified in House Bill No. 1321, as passed by the Senate.
- 3 North Dakota Century Code (NDCC) Section 15-40.1-07.8 provides a formula for the distribution of supplemental payments to school districts. The formula limits the amount each district qualifies for and does not provide a mechanism to allow the distribution of any remaining funds. For the 1999-2001 biennium, the department estimates that \$420,838 will remain unspent and will be general fund turnback. For the 2001-03 biennium, the department estimates that the statutory formula will only allow the distribution of approximately \$2.2 million. The House amended NDCC Section 15-40.1-07.8 to allow the department to adjust the formula to distribute all supplemental payment funds appropriated for the 1999-2001 biennium and future bienniums. The Senate amendment removes this statutory change and reduces the appropriation accordingly.
- 4 The Senate amendment removes \$50,000 added by the House for geographic education, reducing the line item to \$50,000, as included in the Schafer and Hoeven budget recommendations.
- 5 The Schafer and Hoeven budget recommendations included \$33,000 for the teacher certification program. The House reduced the funding to \$20,000, which is the same as the amount appropriated for the 1999-2001 biennium. House Bill No. 1344, as amended by the Senate, includes \$83,000 for this program. Consequently, this amendment removes the funding from this bill.
- 6 The funding and FTE authority relating to the Division of Independent Study is removed from the Department of Public Instruction and is reflected in a separate subdivision of the bill.
- 7 The teacher compensation payments line item is removed and the foundation aid line item is increased to reflect per student payments of \$2,349 the first year of the biennium and \$2,411 the second year, as provided in House Bill No. 1344 with Senate amendments. In addition, House Bill No. 1344 with Senate amendments includes a general fund appropriation of \$20.8 million for teacher bonus payments.
- 8 House Bill No. 1344 with Senate amendments appropriates \$200,000 to the Department of Public Instruction for developing a school district employee compensation report. The appropriation provides salaries and related expenses for a new FTE position at the department.

This amendment changes Section 7 of the engrossed bill, which limits the number of FTE positions to be included in the department's 2003-05 biennium base budget request, to reflect the removal to the FTE positions relating to the Division of Independent Study. The base budget request for the 2003-05 biennium will be limited to 94.25 FTEs, one less than the Senate version for the 2001-03 biennium.

This amendment also adds new sections, as follows:

- Section 4 directs the Department of Public Instruction to use \$20,000 of the amount appropriated for operating expenses to fund the Red River Valley writing project. The Schafer and Hoeven executive recommendations and the House version included \$10,000 for this project. The Senate amendment directs the department to spend an additional \$10,000 for this project, but does not provide additional funding.
- Section 5 directs the department to spend \$1,217,928 of the amount appropriated for operating expenses to develop and administer student tests aligned with the state content standards and to report the results of the tests.
- Section 6 provides that, in addition to other salary increases appropriated by the Legislative Assembly, teachers at the Division of Independent Study, the School for the Blind, and the School for the Deaf will be provided salary increases of \$1,750 for the first year of the biennium and an additional \$1,750 for the second year of the biennium (total of \$5,250 per teacher for the biennium). The amounts included in the salaries and wages line items for the respective agencies are:

Division of Independent Study - \$95,550
 School for the Deaf - \$97,125
 School for the Blind - \$73,763

- Sections 15 and 17 increase the reimbursement rate from 25 cents to 35 cents per mile for in-city busing for schoolbuses with a capacity of 10 or more students.

¹ Funding for the Department of Commerce is combined into one subdivision as recommended by Governor Hoeven and included in the House version. The Senate appropriated funding separately to each of the divisions of the department.

² A transitional expenses line item is added providing funding for two FTE administrative positions currently employed by the Department of Economic Development and Finance, Division of Community Services, and the Tourism Department for one year of the 2001-03 biennium. The two FTE positions are authorized only for the first year of the biennium. Governor Hoeven's recommendation and the Senate version removed four FTE administrative positions. The House had provided funding and authorized four FTE administrative positions for the first year of the biennium.

³ Funding for the development fund is provided at \$2,350,000 from the general fund, \$100,000 more than the House version (\$2,250,000), \$734,000 more than the Senate version (\$1,616,000), \$266,000 less than Governor Hoeven's recommendation (\$2,616,000), and \$1,600,000 more than Governor Schafer's recommendation (\$750,000).

⁴ The grants line item is reduced by \$30,000 and the operating expenses line item is increased by \$30,000, the same as the House version. This grant was previously provided by the Tourism Department to the Greater North Dakota Association for publication of the North Dakota Horizons magazine.

⁵ Funding is added for providing a grant to the North Dakota Cowboy Hall of Fame in accordance with provisions of Senate Bill No. 2195. The House and Senate versions also included this funding.

⁶ The Lewis and Clark line item is increased by \$150,000 from the general fund for providing grants to reimburse political subdivisions for Lewis and Clark-related costs, the same as the House version. The funding is intended to be provided only for the 2001-03 biennium. A section of legislative intent is added providing that these funds be used to reimburse political subdivisions for extraordinary costs incurred in river rescues directly related to Lewis and Clark bicentennial activities.

⁷ Funding is added for additional marketing of the Lewis and Clark bicentennial, the same as the Senate version. The House removed this funding.

⁸ Funding of \$75,000 from the general fund is provided for a workforce development position; the House did not include this position and the Senate transferred a position from the Economic Development and Finance Division to the Workforce Development Division for this position.

Funding of \$75,000 of special funds from the agricultural fuel tax fund is added for an additional position for the Agricultural Products Utilization Commission.

⁹ Funding is added for the development of a public/private partnership statewide talent recruitment initiative. A section is added providing that the department and the Workforce Development Council establish criteria for the distribution of these grants and allows the department to require an applicant to provide local matching funds. The House did not include funding for this initiative. The Senate added a section providing that the Workforce Development Division allocate \$400,000 of its grants line item for this initiative.

This amendment:

- Adds a section of legislative intent that \$3,300,437 of the operating expenses line item be used for tourism-related activities, including tourism-related administrative costs as approved by the Tourism Division director, the same as the House version.
- Adds a section providing that the commissioner of the Department of Commerce report periodically to the Budget Section on the status of the establishment of the department and that the commissioner establish performance measures and report to the Budget Section on the department's progress in meeting its measures after the first year of the 2001-03 biennium. The House included the performance report and the Senate included a section that the department report to an interim Legislative Council committee on the status of the establishment of the department.
- Increases the total annual ethanol incentive payments that may be paid to an ethanol plant that produced 15 million gallons or more in the previous fiscal year and to a new ethanol plant from a total of \$400,000 to a total of \$500,000, the same as the House version.

- Reduces the total annual ethanol incentive payments that may be paid to an ethanol plant that has production capacity of fewer than 15 million gallons from \$850,000 to \$750,000, the same as the House version.
- Removes the provision that ethanol produced in North Dakota must be sold in North Dakota to qualify for an ethanol incentive payment, the same as the House version.
- Adds a section of legislative intent that the department allocate \$100,000 of its grants line item for expenses of the economic development foundation and for the development of a strategic plan. The House did not include these provisions. The Senate added \$100,000 from the general fund for the economic development foundation.
- Adds a section providing that the department develop a strategic plan. The Senate included a section providing for a strategic plan and the House did not.
- Changes the section added by the Senate providing that \$50,000 of the grants line item be used for grants for a pilot project for remodeling of abandoned school buildings. The changes restrict the grants to only approved projects and allow the director to use any unobligated moneys on October 1, 2002, for other purposes.
- Adds two sections providing for Legislative Council studies of venture capital and global markets.

This amendment makes the following additional funding changes to the engrossed bill:

- Removes \$40,000 from the general fund added to the Economic Development Division for marketing, the same as the House version.
- Removes \$50,000 from the general fund added to the Economic Development Division for grants, the same as the House version.
- Restores the \$40,000 from the general fund removed from the Community Services Division relating to renaissance zone program administration, the same as the House version.
- Returns the research position to the Division of Economic Development and Finance that the Senate had transferred to the Workforce Development Division.
- Removes \$50,000 from the general fund added for operating expenses of the Workforce Development Division, the same as the House version.
- Removes \$25,000 from the general fund added for equipment of the Workforce Development Division, the same as the House version.
- Removes \$675,000 from the general fund added for grants of the Workforce Development Division, the same as the House version.

This amendment removes the following sections from the engrossed bill:

- The section added by the Senate providing that \$250,000 of the funding provided for Economic Development Division marketing be spent for cooperative marketing grants involving local economic development corporations.
- The section providing that \$15,000 of the Economic Development Division grants line item be allocated for professional training grants to economic development professionals in communities with a population of less than 10,000.
- The section of legislative intent providing that the development fund continue its current mission and not become involved in the new markets initiative during the 2001-03 biennium.
- The section of legislative intent added by the Senate that the additional \$100,000 general fund appropriation for Lewis and Clark marketing not be considered part of the department's base budget for the purpose of submitting the budget request for the 2003-05 biennium.
- The section providing that \$200,000 of the Workforce Development Division grants line item be allocated for grants to local communities and regions for labor availability research and for identification of employer workforce needs.
