2. **Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

This bill allows the revenue from the sale of furs, skins, or specimens taken as a result of animal damage control activities to be used by USDA Wildlife Services for programs to benefit the state's livestock producers. Current law provides that if such sales occur that these funds must be deposited in the state general fund. No funds have been deposited in the general fund for several years as there has been no incentive for Wildlife Services to take the time to skin animals for their furs and skins.
