MOTION

REP. MONSON MOVED that a committee of two be appointed to escort Tom Cadmus, National Commander of the American Legion to the podium, which motion prevailed. The Speaker appointed Rep. Galvin and Rep. Metcalf to such committee.

REMARKS OF NATIONAL COMMANDER THOMAS P. CADMUS

House Speaker Klein, Majority Leader Berg, Minority Leader Boucher, Members of the North Dakota House of Representatives. . . Distinguished Guests, Ladies and Gentlemen. As I begin, let me take a moment to introduce members of the American Legion family who are with me today. The Commander of the North Dakota American Legion, Willis Pritchard. The American Legion Service Officer of the North Dakota American Legion, Jim Demero. The National Executive Committeeman for the American Legion of North Dakota, Curtis Twete.

I am honored to stand before you today. On behalf of the 23,000 Legionnaires here in North Dakota and the 2.7 million Legionnaires around the world, I want to thank each of you. The American Legion and the people of North Dakota have enjoyed a special camaraderie in working together to benefit communities around the state - particularly those programs that benefit North Dakota's youth. I don't know how many of you know it, but it was the American Legion that first offered the governor's job to John Hoeven. No, not state governor. Governor of American Legion Boy's State when he was a young high school student. Apparently he liked the opportunity.

Ever since, Governor Hoeven has been a strong supporter of the many programs of the American Legion and veterans of North Dakota. We are grateful to him for recording a public service announcement promoting the American Legion Boys State program to today's students across the state.

However, I am here today to personally thank each of you for your work in supporting veterans throughout the state. Caring for those who have gone in harms way on our own behalf is the least we can do. Terrorism remains alive and well. Its tentacles have reached out around the world. Bin Laden is still on our most wanted list. His people remain committed to kill as many of us as they can. Thank God there are brave young Americans stepping up to the plate, donning a military uniform, and willing to put all on the line to preserve our way of life, where ever necessary.

And sadly, almost daily, we learn that too many make the ultimate sacrifice for their country. For us. For freedom. For America. We must never forget them. We shall never forget them. But perhaps our most pressing responsibility is to make sure our warriors of today receive the benefits they earned and so richly deserve.

Recently, I visited Walter Reed Army Medical Center in Washington. I talked with young soldiers who had lost limbs in combat in Iraq. I was awestruck as each of them were proud to serve and wished only to return to their battle buddies in Iraq and Afghanistan. Sadly, many will be unable to continue their military careers. They will be discharged to return home. They will look to the Department of Veterans Affairs health care system to take up where the Department of Defense left off. The problem is, VA may not have the funding or resources to welcome them into the system. The current appropriations process is broken and not adequately funding VA medical care.

The American Legion and eight other veterans' organizations believe the answer lies in changing VA health care funding from discretionary to mandatory. We intend to devote all our efforts into working with the 109th Congress to bring this objective to fruition. Guaranteed full funding for the VA health care system is not about politics - it is a realization that taking care of America's sick and disabled veterans is a continuing cost of national defense.

I urge you to continue to ensure the North Dakota Department of Veterans Affairs will have the funding it needs to be there for those who have served in our armed forces. Since Company A, First Regiment of the North Dakota National Guard was organized in Bismarck, Dakota Territory, in 1883, North Dakotans have served with honor and distinction here at home and in each of our nation's armed conflicts. I am told that today, over half of North Dakota's National Guard have been activated and are continuing that legacy with courage and commitment. All of them are truly America's heroes. They are making North Dakota proud. They are making their fellow veterans of the American Legion very proud. And all of you are great Americans for your unwavering support of them and their families. I understand you are considering two bills for North Dakota National Guard veterans of military service in Iraq and Afghanistan. When young soldiers return home, they can really use two things: money and education.

In passing bills to authorize a cash bonus as well as a tuition offset for college, you are giving them a terrific tribute and a very tangible expression of appreciation for their service that they will never forget.

The American Legion applauds you for this action. These are important benefits that will be appreciated by the troops and will enable all North Dakotans to show their thanks to these outstanding citizen soldiers. Your support for all the veterans of North Dakota, of years past and present, has been a hallmark of this body. You have staunchly provided for North Dakota's veterans' cemeteries, a last tribute to their commitment to service. It is sincerely appreciated by those left behind to honor their memories.

Lastly, as you know, SJR 4, the flag protection amendment, was regrettably never brought to the floor of the United States Senate in the closing hours of the 108th Congress. I just wanted to let you know the American Legion will be back with the 109th Congress to finally get the measure passed into law. Why? Because it's the right thing to do. North Dakota was one of the first states to pass a "Memorializing Resolution" supporting an amendment to the U.S. Constitution to restore to Congress the right to protect the U.S. Flag from physical acts of desecration.

I am aware that you are ready to act once again when the U.S. House and U.S. Senate pass it in the 109th Congress and send it here for ratification. It is my belief that once the proposal finally gets to the states, it will become the quickest amendment ever ratified, and rightfully so.

And finally, if any of you are wartime veterans, I just happen to have American Legion application forms in my pocket. We'd love to have you join us. I thank you for all that you do for North Dakota, its veterans and their families. May God bless you as you continue the work of the people during this 59th legislative assembly.

MOTION

REP. MONSON MOVED that the remarks of Thomas P. Cadmus be printed in the Journal, which motion prevailed.
