

**Sixty-first Legislative Assembly of North Dakota
In Regular Session Commencing Tuesday, January 6, 2009**

HOUSE BILL NO. 1071
(Representatives Drovdal, S. Meyer, Froseth)
(Senator Lyson)

AN ACT to amend and reenact subsection 1 of section 38-08-08 and section 47-16-39.1 of the North Dakota Century Code, relating to the provisions of pooling orders and the failure to pay royalties to unleased mineral interest owners.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Subsection 1 of section 38-08-08 of the North Dakota Century Code is amended and reenacted as follows:

1. When two or more separately owned tracts are embraced within a spacing unit, or when there are separately owned interests in all or a part of the spacing unit, then the owners and royalty owners thereof may pool their interests for the development and operation of the spacing unit. In the absence of voluntary pooling, the commission upon the application of any interested person shall enter an order pooling all interests in the spacing unit for the development and operations thereof. Each such pooling order must be made after notice and hearing, and must be upon terms and conditions that are just and reasonable, and that afford to the owner of each tract or interest in the spacing unit the opportunity to recover or receive, without unnecessary expense, that owner's just and equitable share. Operations incident to the drilling of a well upon any portion of a spacing unit covered by a pooling order must be deemed, for all purposes, the conduct of such operations upon each separately owned tract in the drilling unit by the several owners thereof. That portion of the production allocated to each tract included in a spacing unit covered by a pooling order must, when produced, be deemed for all purposes to have been produced from such tract by a well drilled thereon. For the purposes of this section and section 38-08-10, any unleased mineral interest pooled by virtue of this section before August 1, 2009, is entitled to a cost-free royalty interest equal to the acreage weighted average royalty interest of the leased tracts within the spacing unit, but in no event may the royalty interest of an unleased tract be less than a one-eighth interest. An unleased mineral interest pooled after July 31, 2009, is entitled to a cost-free royalty interest equal to the acreage weighted average royalty interest of the leased tracts within the spacing unit or, at the operator's election, a cost-free royalty interest of sixteen percent. The remainder of the unleased interest must be treated as a lessee or cost-bearing interest. ~~Any unleased mineral interest pooled prior to July 1, 1983, is entitled to the cost free royalty interest and working interest as provided in this section from and after July 1, 1983.~~

SECTION 2. AMENDMENT. Section 47-16-39.1 of the North Dakota Century Code is amended and reenacted as follows:

47-16-39.1. Obligation to pay royalties - Breach. The obligation arising under an oil and gas lease to pay oil or gas royalties to the mineral owner or the mineral owner's assignee, or to deliver oil or gas to a purchaser to the credit of the mineral owner or the mineral owner's assignee, or to pay the market value thereof is of the essence in the lease contract, and breach of the obligation may constitute grounds for the cancellation of the lease in cases where it is determined by the court that the equities of the case require cancellation. If the operator under an oil and gas lease fails to pay oil or gas royalties to the mineral owner or the mineral owner's assignee within one hundred fifty days after oil or gas produced under the lease is marketed and cancellation of the lease is not sought or if the operator fails to pay oil or gas royalties to an unleased mineral interest owner within one hundred fifty days from initial oil or gas production from the unleased mineral interest owner's mineral interest, the operator shall pay

interest on the unpaid royalties at the rate of eighteen percent per annum until paid, except that the commissioner of university and school lands may negotiate a rate to be no less than the prime rate as established by the Bank of North Dakota plus four percent per annum with a maximum of eighteen percent per annum, for unpaid royalties on minerals owned or managed by the board of university and school lands. Provided, that the operator may remit semiannually to a person entitled to royalties the aggregate of six months' monthly royalties where the aggregate amount is less than fifty dollars. The district court for the county in which the oil or gas well is located has jurisdiction over all proceedings brought pursuant to this section. The prevailing party in any proceeding brought pursuant to this section is entitled to recover any court costs and reasonable attorney's fees. This section does not apply when mineral owners or their assignees elect to take their proportionate share of production in kind or, in the event of a dispute of title existing that would affect distribution of royalty payments, or when a mineral owner cannot be located after reasonable inquiry by the operator; however, the operator shall make royalty payments to those mineral owners whose title and ownership interest is not in dispute.

Speaker of the House

President of the Senate

Chief Clerk of the House

Secretary of the Senate

This certifies that the within bill originated in the House of Representatives of the Sixty-first Legislative Assembly of North Dakota and is known on the records of that body as House Bill No. 1071.
