16 building is located if the land is used for a nursery or other purpose associated with  
17 the operation of the greenhouse. The time limitations contained in this section may  
18 not be construed to prevent property that was assessed as other than agricultural  
19 property from being assessed as agricultural property if the property otherwise  
20 qualifies under this subsection. Property platted on or after March 30, 1981, is not  
21 agricultural property when any four of the following conditions exist:

- 22 a. The land is platted by the owner.

16 property to be assessed. This must include, for purposes of arriving at the  
17 assessed valuation of property used for agricultural purposes, farm rentals, soil  
18 capability, soil productivity, and soils analysis. However, for purposes of section 15  
19 of article X of the Constitution of North Dakota, "assessed valuation" means fifty  
20 percent of the amount determined for all other purposes.

7                    the present use, the adaptability to use, and how similar type properties in the  
8                    immediate area are classified for tax purposes.

9                    **SECTION 2. AMENDMENT.** Section 57-02-27 of the North Dakota Century Code is  
10 amended and reenacted as follows:

11                    **57-02-27. Property to be valued at a percentage of assessed value - Classification**  
12 **of property— Limitation on valuation of annexed agricultural lands.** All property subject to  
13 ad valorem taxation ~~based on the value thereof must be valued as follows:~~

- 14                    ~~1.~~ All residential property to be valued at nine percent of assessed value. If any  
15                    property is used for both residential and nonresidential purposes, the valuation  
16                    must be prorated accordingly.
- 17                    ~~2.~~ All agricultural property to be valued at ten percent of assessed value as  
18                    determined pursuant to section 57-02-27.2.
- 19                    ~~3.~~ All commercial property to be valued at ten percent of assessed value.
- 20                    ~~4.~~ All centrally assessed property to be valued at ten percent of assessed value  
21                    except as provided in section 57-06-14.1 must be valued for that purpose at its  
22                    assessed valuation, except residential property, for which the assessed valuation  
23                    as determined through the assessment and equalization process must be reduced  
24                    by ten percent for purposes of taxation.

25 ~~The resulting amounts must be known as the taxable valuation.~~ In determining the assessed  
26 value of real and personal property, except agricultural property, the assessor may not adopt a  
27 lower or different standard of value because the same is to serve as a basis of taxation, nor  
28 may the assessor adopt as a criterion of value the price at which said property would sell at  
29 auction, or at forced sale, or in the aggregate with all the property in the town or district, but the  
30 assessor shall value each article or description by itself, and at such sum or price as the  
31 assessor believes the same to be fairly worth in money. In assessing any tract or lot of real

1 property, there must be determined the value of the land, exclusive of improvements, and the  
2 value of all taxable improvements and structures thereon, and the aggregate value of the  
3 property, including all taxable structures and other improvements, excluding the value of crops  
4 growing upon cultivated lands. In valuing any real property upon which there is a coal or other  
5 mine, or stone or other quarry, the same must be valued at such a price as such property,  
6 including the mine or quarry, would sell for at a fair voluntary sale for cash. Agricultural lands  
7 within the corporate limits of a city which are not platted constitute agricultural property and  
8 must be so classified and valued for ad valorem property tax purposes until such lands are put  
9 to another use. Agricultural lands, whether within the corporate limits of a city or not, which  
10 were platted and assessed as agricultural property prior to March 30, 1981, must be assessed  
11 as agricultural property for ad valorem property tax purposes until put to another use. Such  
12 valuation must be uniform with the valuation of adjoining unannexed agricultural land.

13 **SECTION 3. AMENDMENT.** Section 57-02-27.1 of the North Dakota Century Code is  
14 amended and reenacted as follows:

15 **57-02-27.1. Property to be valued at ~~true and full value~~ assessed valuation.**

16 Beginning with the year ~~1984~~ 2010, all assessors and boards of equalization shall place the  
17 values of all items of taxable property at the ~~true and full value~~ assessed valuation of the  
18 property except as otherwise specifically provided by law, ~~and the amount of taxes that may be~~  
19 ~~levied on such property for the year 1981 and each year thereafter must be limited as provided~~  
20 ~~in this chapter. For the purposes of sections 57-02-27, 57-02-27.1, 57-02-27.2, and 57-55-04,~~  
21 ~~the term "true and full value" has the same meaning as provided in subsection 15 of section~~  
22 ~~57-02-01, except that "true and full value" of agricultural lands must be as determined pursuant~~  
23 ~~to section 57-02-27.2.~~

24 The governing body of the city may establish valuations that recognize the supply of  
25 vacant lots available for sale.

26 **SECTION 4. LEGISLATIVE COUNCIL STATUTORY REVISIONS FOR**

27 **CONFORMITY.** The Legislative Council shall replace statutory references to "true and full"  
28 value or valuation with references to "assessed" value or valuation, as appropriate, in  
29 conformity with the changes in this Act. The legislative council shall replace references to mills,  
30 in relation to property tax levies, with equivalent references to percentages of assessed  
31 valuation and shall express those percentages in numerical form, rather than in words.

1           **SECTION 5. EFFECTIVE DATE.** This Act is effective for taxable years beginning after  
2   December 31, 2009.
