2. The superintendent of public instruction shall use the latest available student enrollment count in each school district in applying the provisions of the transportation formula as it existed on June 30, 2001.
3. If any moneys provided for transportation payments in the grants - transportation line item in the appropriation bill for the superintendent of public instruction, as approved by the sixty-first legislative assembly, remain after application of the formula provided in this section, the superintendent of public instruction shall prorate the remaining amounts according to the percentage of the total transportation formula amount to which each school district is entitled.

4. This section does not authorize the reimbursement of any costs incurred in providing transportation for student attendance at extracurricular activities or events.

SECTION 55. SCHOOL DISTRICT REORGANIZATION PLANNING GRANTS. The superintendent of public instruction may expend up to $100,000 from the grants - state school aid line item in the appropriation bill for the superintendent of public instruction, as approved by the sixty-first legislative assembly, for the purpose of providing planning grants to school districts participating in reorganizations under chapter 15.1-12, for the biennium beginning July 1, 2009, and ending June 30, 2011. A grant provided under this section may not exceed $25,000 and may not be awarded unless the student enrollment of the participating districts exceeds three hundred sixty. If a grant is provided and the recipient districts vote not to reorganize, the superintendent of public instruction shall withhold the grant amount that each district received under this section from any state aid payable to the district.

SECTION 56. REGIONAL EDUCATION ASSOCIATIONS - GRANTS. During each year of the 2009-11 biennium, the superintendent of public instruction shall expend up to $200,000 from the grants - state school aid line item in the appropriation bill for the superintendent of public instruction, as approved by the sixty-first legislative assembly, for the purpose of providing grants in the amount of $25,000, to each group of school districts which has been designated as a regional education association under section 15.1-09.1-02. SECTION 57. FEDERAL IMPACT AID - BASELINE RECALCULATION - GRANT.

a. Adding together the amount of state aid that the district would have received during the 2006-07 school year if in determining the district's ending fund balance the average amount of federal impact aid received by the district during the 2005-06 and 2006-07 school years had been used, rather than the actual amount received during the 2006-07 school year;

b. Subtracting the amount received by the district during the 2006-07 school year for transportation aid, special education excess reimbursements, special education contracts, prior year funding adjustments, and per student payments for participation in regional education associations; and

c. Dividing the amount determined under subdivision b by the district's 2007-08 weighted student units.

2. On or before August 1, 2009, the superintendent of public instruction shall use up to $300,000 from moneys appropriated in the grants - state school aid line item in the appropriation bill for the superintendent of public instruction, as approved by the legislative assembly, to provide to a school district a grant equaling the difference in the 2007-09 biennium state aid
payments that resulted from the baseline recalculation required by this
section.

2. If any money that was appropriated to the superintendent of public instruction for state aid payments to school districts or added to the grants - state school aid line item in accordance with subsection 1 remains after the superintendent complies with all statutory payment obligations imposed for the biennium beginning July 1, 2007, and ending June 30, 2009, the superintendent shall:

1. a. Use the first $1,000,000, or so much of that amount as may be necessary, to pay any state obligations in excess of the amount appropriated for special education contract charges;

1. In determining the availability of contingent money under this section, the superintendent of public instruction shall first add to the money in the grants - state school aid line item in the appropriation bill for the superintendent of public instruction, as approved by the sixty-first legislative assembly, any money that was appropriated to the superintendent for special education contracts and which remains after the superintendent complied with all statutory special education contract payment obligations imposed for the biennium beginning July 1, 2009, and ending June 30, 2011.

2. If any money that was appropriated to the superintendent of public instruction for grants - state aid payments to school districts or added to the grants - state school aid line item in accordance with subsection 1 remains after the superintendent complies with all statutory payment obligations imposed for the biennium beginning July 1, 2009, and ending June 30, 2011, the superintendent shall use the money to provide additional per student payments on a prorated basis according to the latest available average daily membership of each school district.

SECTION 60. CONTINGENT TRANSFER BY BANK OF NORTH DAKOTA FOR SPECIAL EDUCATION. If during the
biennium beginning July 1, 2009, and ending June 30, 2011, the superintendent of public instruction determines that, using all available sources, there are insufficient funds with which to fully reimburse school districts for the excess costs of serving the one percent of special education students statewide who require the greatest school district expenditures in order to be provided with special education and related services, the industrial commission shall transfer from the earnings and accumulated and undivided profits of the Bank of North Dakota the amount the superintendent of public instruction certifies is necessary to provide the statutorily required level of reimbursement. The superintendent of public instruction shall file for introduction legislation requesting that the sixty-second legislative assembly return any amount transferred under this section to the Bank of North Dakota.

The study should address the coordination of plans to accommodate displaced students, examine responsibility for payment obligations to districts that are not able to provide services, examine responsibility for compensating districts that have accepted displaced students, and specifically examine the expenses incurred by school districts that provided services to displaced students during the 2009 floods. The legislative council shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-second legislative assembly.
