Sixty-second
Legislative Assembly
of North Dakota

Introduced by

Representatives Kasper, Headland, Keiser, Ruby

Senators Klein, Wardner

A concurrent resolution to create and enact a new section to article XI of the Constitution of North Dakota, relating to freedom of choice in health care.

STATEMENT OF INTENT

This measure would prohibit any law from compelling any individual to purchase health insurance or compelling any individual, employer, or health care provider to participate in any health care system, would allow an individual or employer to pay directly for health care service, and would allow a health care provider to accept direct payment for health care services.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the following proposed new section to article XI of the Constitution of North Dakota is agreed to and must be submitted to the qualified electors of North Dakota at the primary election in 2012, in accordance with section 16 of article IV of the Constitution of North Dakota.

SECTION 1. A new section to article XI of the Constitution of North Dakota is created and enacted as follows:

1. A law or rule may not compel any individual to purchase any individual or group health insurance policy or product or compel any individual, employer, or health care provider to participate in any health care system. An individual or an employer may pay directly for lawful health care services and may not be required to pay a penalty or fine for paying directly for lawful health care services. A health care provider may accept direct payment for lawful health care services and may not be required to pay a penalty or fine for accepting direct payment from an individual or employer for lawful health care services. Subject to reasonable and necessary rules that do not substantially limit options, the purchase or sale of health insurance in a private health care system may not be prohibited by law.

2. This section does not:
a. Affect which health care services a health care provider is required to perform or provide.

b. Affect which health care services are permitted by law.

c. Prohibit care provided under the workers' compensation laws of this state.

d. Affect law or rules in place on the effective date of this measure.

e. Affect the terms or conditions of any health care system to the extent those terms or conditions do not have the effect of punishing an individual or employer for paying directly for lawful health care services or a health care provider for accepting direct payment from an individual or employer for lawful health care services.

3. For the purposes of this section:

a. "Compel" includes imposing a penalty or fine.

b. "Direct payment" or "pay directly" means payment for lawful health care services without a public or private third party, not including an employer, paying for any portion of the service.

c. "Health care system" means any public or private entity that has the function or purpose of managing, processing, or enrolling individuals for or payment for health care services, data, or information for its participants.

d. "Lawful health care services" means any health-related service or treatment to the extent the service or treatment is permitted or not prohibited by law which may be provided by individuals or health care providers authorized to provide the service or treatment.

e. "Penalty or fine" means any civil or criminal penalty or fine, tax, salary or wage withholding or surcharge, or any other fee with a similar effect which is established by law or rule by a government agency and which is used to punish or discourage the exercise of rights protected under this section.
