Increases for classified state employees are not to be the same percentage increase for each employee. Probationary employees are not entitled to the market and performance increases. However, probationary employees may be given all or a portion of the increases upon completion of probation, at the discretion of the appointing authority. Employees whose overall documented performance level does not meet standards are not eligible for any salary increase.

Each agency appropriation is increased to provide additional funding of \$95 per month for each eligible employee to maintain existing health insurance benefits. As a percentage of the average state employee monthly salary, this amount represents a 2.35 percent increase.
