1. The owner of taxable property is entitled to a credit against property taxes levied against the total amount of property or mobile home taxes in

- dollars levied against the taxable value of the property. The credit is equal to seventeen percent of property or mobile home taxes levied in dollars against that property.
2. The owner, operator, or lessee of railroad property assessed by the state board of equalization under chapter 57-05 or public utility operative property assessed by the state board of equalization under chapter 57-06 is entitled to a credit against property taxes levied within each county against that property in the amount provided in subsection 1 against property taxes levied in dollars against that property in that county.
 3. The owner, operator, or lessee of operative property of an air carrier transportation company assessed and taxed under chapter 57-32 is entitled to a credit in the amount provided in subsection 1 against property taxes in dollars levied against that property. The tax commissioner shall determine the total amount of credits under this subsection and certify the amount to the state treasurer for transfer from the general fund to the air transportation fund. The credit for each air transportation company must be allocated to each city or municipal airport authority where that company makes regularly scheduled landings, in the same manner as the tax collected from that company is allocated.
 4. The tax commissioner shall determine the total amount of credits under this section for each county from the abstract of the tax list filed by the county auditor under section 57-20-04, as audited and corrected by the tax commissioner. The tax commissioner shall certify to the state treasurer for payment, by June first following receipt of the abstract of the tax list, the amount determined for each county under this subsection. No penalty or interest applies to any state payment under this section, regardless of when the payment is made.
 5. Upon receipt of the payment from the state treasurer under subsection 4, the county treasurer shall apportion and distribute it to the county and the taxing districts in the county on the basis on which the general real estate tax for the preceding year is apportioned and distributed.
 6. After payments to counties under subsection 4 have been made, the tax commissioner shall certify to the state treasurer as necessary any supplemental amounts payable to counties or the air transportation fund or any amounts that must be returned by counties or returned from the air transportation fund for deposit in the state general fund to correct any errors in payments or reflect any abatement or compromise of taxes, court-ordered tax reduction or increase, or levy of taxes against omitted property. The county auditor shall provide any supplemental information requested by the tax commissioner after submission of the abstract of the tax list. The county treasurer shall apply to the tax commissioner for any supplemental payments to which the county treasurer believes the county is entitled.
 7. Notwithstanding any other provision of law, for any property other than mobile homes, the property tax credit under this section does not apply to any property subject to payments or taxes that are stated by law to be in lieu of personal or real property taxes.

Such discount applies, after deduction of any credit allowed under section 57-20-07.2, to the net remaining amount of all

general real estate taxes levied for state, county, city, township, school district, fire district, park district, and any other taxing districts but does not apply to personal property taxes or special assessment installments. Whenever the board of county commissioners, by resolution, determines that an emergency exists in the county by virtue of weather or other catastrophe, it may extend the discount period for an additional thirty days.

SECTION 3. AMENDMENT. Section 57-20-21.1 of the North Dakota Century Code is amended and reenacted as follows:

57-20-21.1. Priority for delinquent taxes.

The discounts applicable to payment of taxes set out in section 57-20-09 do not apply to payment of taxes made on property upon which tax payments are delinquent."

Page 4, after line 22, insert:

Infrastructure improvement credit enhancement for political subdivisions.

1. If the public finance authority or a paying agent notifies the director of the office of management and budget, in writing, that a political subdivision has failed to pay when due the principal or interest on any evidences of indebtedness issued for infrastructure improvements issued by the political subdivision after July 31, 2013, or that the public finance authority, political subdivision, or the paying agent has reason to believe a political subdivision will not be able to make a full payment of the principal and interest when the payment is due, the director of the office of management and budget shall authorize a draw from funds in the strategic investment and improvements fund until the payment of the principal or interest has been made to the public finance authority or the paying agent, or until the public finance authority or the paying agent notifies the director of the office of management and budget that arrangements satisfactory to the public finance authority or the paying agent have been made for the payment of the principal and interest then due and owing. The notification must include information required by the director of the office of management and budget. State funds available to a political subdivision under any provision of law are subject to withholding under this section to repay funds drawn from the strategic investment and improvements fund under this section if the withholding is authorized by resolution of the governing body of the political subdivision. The director of the office of management and budget may not authorize a draw that would bring the amount drawn from the strategic investment and improvements fund to more than twenty-five million dollars under this section.
2. The director of the office of management and budget shall make available any funds drawn from the strategic investment and improvements fund under subsection 1 to the public finance authority or the paying agent. The public finance authority or the paying agent shall

apply the funds to payments that the political subdivision is required to make to the public finance authority or the paying agent.

3. If funds are received by the political subdivision during the fiscal year and are deposited in the political subdivision's sinking fund established in accordance with section 21-03-42, the political subdivision, with the consent of the public finance authority or the paying agent, may withdraw from its sinking fund an amount to apply against the repayment of the amount drawn from the strategic investment and improvements fund and made available to the public finance authority or a paying agent under this section.
4. The director of the office of management and budget shall develop detailed procedures for political subdivisions to notify the director of the office of management and budget that they have obligated themselves to be bound by the provisions of this section; procedures for political subdivisions, paying agents, and the public finance authority to notify the director of the office of management and budget of potential defaults and to request payment under this section; and procedures for the state to expedite payments to prevent defaults.
5. For purposes of this section, "political subdivision" means any county or a city with a population not exceeding ten thousand.

SECTION 3. APPROPRIATION. There is appropriated out of any moneys in the strategic investment and improvements fund in the state treasury, not otherwise appropriated, the sum of \$25,000,000, or so much of the sum as may be necessary, to the Bank of North Dakota for the purpose of participation loans under section 1 of this Act, for the biennium beginning July 1, 2013, and ending June 30, 2015.

SECTION 4. APPROPRIATION. There is appropriated out of any moneys in the strategic investment and improvements fund in the state treasury, not otherwise appropriated, the sum of \$25,000,000, or so much of the sum as may be necessary, to the office of management and budget for the purpose of infrastructure improvement credit enhancement for political subdivisions under section 2 of this Act, for the biennium beginning July 1, 2013, and ending June 30, 2015."
